MILITARY DEPARTMENT, 27TH MARCH 1895, No. 1897.

GOVERNMENT OF MADRAS.

MILITARY DEPARTMENT.

Sanitary—Cantonment Hospitals.

Read the following papers :—

No. 283. From Surgeon-Lieut.-Col. G. F. BEVAN, for Principal Medical Officer, Madras Army, to Colonel D. J. S. McLEOD, Officiating Secretary to Government, Military Department; dated Fort St. George, 11th January 1895, No. 24.

With reference to the marginal extract from para. 4 (3) of Proceedings of Madras Government, dated 15th October 1894, No. 1454-M., Local and Municipal, copy

"There was a decline of 1,433 in the total number of patients treated at the Municipal hospital which is ascribed by the Civil Surgeon to the location of the cantonment hospital in close proximity to the institution."

of which was communicated to me by the Surgeon-General with the Government of Madras, I am directed by His Excellency the Commander-in-Chief to address you on the question of maintaining a cantonment hospital at Cannanore.

2. This hospital is no doubt doing good work considering the number of patients who attend it; but, as the decrease in the number of patients in the civil dispensary at the station is attributed to the maintenance of the cantonment hospital there, it is only fair to conclude that the latter institution is not supplying a want, the civil patients attending it being drawn from the number, who, prior to its establishment, received medical advice and treatment from the civil dispensary. Before the cantonment hospital was established all military followers and details were treated at the Native regimental hospital and there seems to be no reason why this arrangement should not be reverted to.

3. During my recent inspection of Cannanore, I was convinced that there was a waste of power in maintaining a cantonment hospital at that station, and, having regard to the present financial difficulties of Government, I placed my views before the Commander-in-Chief with the result that His Excellency has directed me to recommend that the hospital may be closed.

No. 284. From Major J. FORDYCE, for Controller of Military Accounts, to Colonel D. J. S. McLEOD, Officiating Secretary to Government, Military Department; dated Madras, 11th February 1895, No. 103-G.

Forwarded.

2. In case the cantonment hospital at Cannanore is closed, the saving to the State will be Rs. 132 per mensem or Rs. 1,584 per annum as shown in the margin.

Charge allowance for the Medical officer (exclusive of exchange compensation allowance) ...	50
Allowance for the hospital assistant ...	25
Contingent expenses (including cost of medicines, &c.) ...	57
Total per mensem ...	132
Total per annum ...	1,584

3. Prior to the opening of the cantonment hospital at Cannanore the hospital assistant attached to the Native regiment stationed there was allowed a charge allowance of Rs. 5 per mensem for the medical charge of the military followers and details in addition to his own duties; and, should the cantonment hospital be closed, this allowance would

again be granted if the strength of the followers and details is within the authorized limit in article 35, Army Regulations, India, Volume I., Part II.

No. 285. ORDER THEREON, 27th March 1895, No. 1897.

On the recommendation of His Excellency the Commander-in-Chief, the closure of the cantonment hospital at Cannanore is sanctioned.

2. A copy of these Proceedings will be forwarded for the information of the Government of India.

No. 286. To the Secretary to the Government of India, Military Department; dated 27th March 1895, No. 1898.
