SIR,

With reference to grant III of the Budget estimate of the Tirupati municipality for the year 1895-96, I have the honor to state that the amount of Rs 30 provided for Cholera Charges appears to be a very small one for a place like Tirupati if there is any prospect of any number of Cholera Cases being treated.

I have the honour to be,

2. With regard to the proposal of the Chairman to raise the pay of the vaccinator to Rs 14, I think it desirable this should be allowed; but it would be inappropriate that the man should be styled a first class vaccinator, the range of pay of that rank being usually from Rs 15 to Rs 20.

can well be allowed to wait, till more urgent matters are attended to. The local hut possesses a range of buildings on an open and public spot that would with very little modification promised by the late Mahant before the Collector, the Chairman and myself suffice for the needs of Tirupatti for sometime to come, and would subserve sanitary requirements quite as well as the imperfect site selected by the Council. The objection of the Council to grant the reasonable request of the Mahant to use this site as a private vegetable market, is not apparent. The allotment of Rs 200 for the great Brahmotsavam festival is far too small. Under the above circumstances, I consider the sum of Rs 2000 allotted for the vegetable market would be employed with far greater advantage to the Town, by placing Rs 800 additional under "fairs and festivals," and the remainder to the erection of correct forms of iron latrines, and the purchase of rubbish and night-soil depot, under the Land Acquisition Act, instead

SIR,

With reference to the Tirupathi Municipal budget for 1895-96, I have the honor to state that the grant for Conservancy is 27 percent of the estimated receipts. I am glad to report that the suggestions made by the Deputy Sanitary Commissioner and myself have received creditable attention at the hands of the Council and have, as far as funds at disposal will permit, been acted upon. I have, however, to state with reference to the site purchased for the vegetable market, that it appears to me to possess far too small an area to prove a satisfactory investment unless the Council be prepared to purchase neighbouring houses. Indeed, I consider the building of a vegetable market a matter that can
