endorsement by the Surgeon-General with the Government of Madras No 8572 dated 21st December 1894^{on the letter no: 2218 of 11th Decr 94} from the Accountant General Madras, forwarded to me for my reply thereto, I beg to state that the Resolution of the Government of India No 2132 dated 3rd August 1881 embodied in G. O. No 1719 dated 14th September 1881. Financial, says nothing about Hospitals and Dispensaries. I was not holding a Government post at the time I was appointed as Sanitary Inspector. I was then already in Municipal employment being attached to the Native Infirmary and my appointment as Sanitary Inspector, was only a change of post and, no new appointment under the Municipality; this was further done with the previous consent and sanction of the Surgeon-General. Such being the case it is rather hard that I should forfeit my past services under Government for any technicalities in the rules referred to by the Accountant General, with which I was not acquainted and for which I cannot be held responsible. I further respectfully request that the Surgeon-General will be pleased to see that under the circumstances represented above I am exempted from the operations of the rules quoted by the Accountant General

To

The Surgeon-General with the Government
of Madras,

Sir,

With reference to your endorsement
No 7724 dated the 26th November 1894 I have the
honor to state that the services of Civil Apothecary
M. Govindarajulu Naider during the period of
his employment as sanitary Inspector under the
Madras Municipality, will not count for pension
and, as his transfer was not formally
sanctioned by Government, the period will
constitute an interruption entailing forfeiture
of his past services under Government.

2. The Resolution of the Government of India
No 2132 dated 3rd August 1881, embodied in G. O.
No 1719 dated 14th September 1881 Financial, quoted
by the Health Officer of the Madras Municipality
in his letter No 1310 dated 17th November 1894
applies only to Medical Officers, whose service
is lent to Dispensaries or Hospitals maintained
by Municipalities or Local Funds and not to
one like Govindarajulu Naider, who is employed
as a sanitary Inspector in the Municipal office

SURGEON MAJOR-GENERAL C. SIBTHORPE, F.R.C.P.S.

SURGEON-GENERAL WITH THE

GOVERNMENT OF MADRAS,

Madras,

To

THE HONORABLE THE CHIEF SECRETARY TO GOVERNMENT,

Local and Municipal DEPARTMENT.

SIR,

I have the honor to request the orders of Government in the case of Civil Apothecary M. Govindaragulu Naidu of the Madras Subordinate Medical Department now employed as a Sanitary Inspector for the Town of Madras under the Madras Municipality.

2. This Apothecary was originally attached to the Native Infirmary Madras and as such was at the disposal and under the orders of the President. In 1890 when the appointment of a Sanitary Inspector became vacant he was selected by the President for the same and appointed to it with the approval of my predecessor.

3. There was no question raised at the time either by the President or by the Accountant General regarding his liability to pay pensionary contribution.

4. In November last when forwarding his Service Book which was till then inadvertently kept in the custody

Custody of the Surgeon, District to the President, this office enquired if any contribution was being paid by the Apothecary towards leave and pensionary rights and in reply was informed that under G.O. No 1719 Financial dated 14 September 81 his service in the Municipality counted as Government Service for pension without any pensionary contribution.

5. As I was doubtful regarding the correctness of this interpretation of the G.O. I referred the matter to the Accountant General who now says that the G.O. is not applicable to the case and that as the Apothecary did not pay the necessary contribution and his transfer was not formally sanctioned by Government, the period of his service as Sanitary Inspector will constitute an interruption entailing forfeiture of his past services under Government.

6. I enclose copies of the whole correspondence on the subject for the information of Government together with a further explanation from the Apothecary dated the 21st January 1895.

7. Government will observe from the papers that the non-payment of pensionary contribution was entirely due to a misconception on the part of the Apothecary and of the Municipal Authorities in as much as they were under the impression that the case

was

was governed by the G.O. of 1881 quoted above.

8. Under these circumstances it will go very hard with the Apothecary that he should be deprived of his former Service under Government a punishment not compatible with his offence of misreading a G.O.
9. I therefore strongly recommend that Government will be pleased to sanction as a Special case that he be allowed now to pay contribution by instalments with effect from the date of his appointment as Sanitary Inspector and thereby exempt him from losing his previous Service.

I have the honor to be

Requesting the orders of Govt.

Sanitary Inspector of Madras.

Local & Municipal De.
No 942

CURRENT
17 March 1895

Submitted. M. Govindarajulu Nayudu
whose pensionable service as Civil
Apothecary commenced in June 1888
was for some time employed in the
Native Infirmary, an establishment
under the control of the Municipal
President. In 1890, he was transferred
from that establishment and appointed
to the post of Sanitary Inspector which
had then become vacant and which he
still continues to hold. Under Government
Order No. 1719 dated 14th September 1881
Financial, his service in the Native
Infirmary came towards pension with-
out the payment of contribution. But
when he was appointed Sanitary Inspector,
this order ceased to apply to his case and
arrangements should therefore have
been made for the payment of contri-
bution on his behalf for the period of
his employment in the new appoint-
ment. The payment of contribution
with retrospective effect cannot now
be sanctioned by Government since the
procedure is opposed to the rules. Besides,
his transfer to the Municipality as
Sanitary Inspector which took place
in 1890 is not permissible, since he
had not completed 10 years qualifying
service under Government at the time
as required by Article 806 Civil Service
Regulations. But as it will be a great
hardship to the Apothecary to be made
to lose his service under the Municipality,
Government is competent, if it chooses,
to submit his case to the Government
of India for its favourable consideration
and orders.

ing his pensionable service

Mem.

For orders

The facts of the case are briefly & clearly stated
in the Accountant General's endorsement, & it seems
to be one for special consideration. Orders are
solicited as to whether the post of India should be
addressed to sanction the apothecary's transfer
to municipal service in 1890 & the payment of
pensionary contribution with retrospective effect.

Moreover, his transfer to the Sanitary Inspector's post ^{took place} in 1890, when he had not completed ten years' qualifying service, as required by Art. 806 of the Civil Service Regulations. He is now compelled to sacrifice some twelve years' service in consequence of them. I am accordingly directed to submit the matter for favourable consideration, and to request that His Excellency the Governor-General-in-Council may be pleased to sanction as a special case the transfer of the Apothecary to the post of Sanitary Inspector in the Madras Municipality, and the payment of pensionary Contribution on his behalf with retrospective effect.
