Sir,

In forwarding herewith copy of Resolution No. 49 of the Municipal Council passed on the 5th February 1895, regarding a veterinary Hospital, I have the honor to request that Government be pleased to accord sanction to the grant of the proposed site for constructing an infirmary thereon and to the payment of a lump contribution of Rs 2,000 towards the same.

2. The object of the Society for

preventing cruelty to animals is laudable and the advantages derivable from an institution of the kind cannot be overestimated. The construction of the building will cost about Rs 10,000 and as it will eventually become Municipal property, the Municipality will be a gainer by payment of the proposed contribution.

3. The Council can find no better and suitable place for the purpose on the Southern side of the river and I am informed that a portion of the Park was once used, though on a small scale, for such a purpose by the Farmers' Club; and the assignment of 2 acres out of 70 acres of waste land constituting the Park cannot materially diminish its extent or utility.

Sir,

C.no 818 M/95

In continuation of my letter No. 7 dated the 11th February 1895, I have the honor to state that the cost of Rs 10,000 therein noted of the proposed Infirmary had, I now find, been overestimated in the absence of the necessary data, and that according to information since furnished

it will cost only about Rs 5,000-
The Subscriptions raised by the
Society (Madura S. P. C. A) come
to nearly Rs 3,000 and it is hoped
that with this and with the
amount sanctioned by the Council,
the Society will be able to complete
the building.

FOR ORDERS.

The Municipal Council's pr
-posal to grant a site for the Construct
of the Veterinary hospital may * perhaps be san
-ctioned on the conditions specif
in the Collector's endorsement; bu
the payment of a contribution on thi
account does not appear to be a legi
-timate charge on Municipal fund
under Sec 113 of the District
Municipalities Act.

It is probable that if the

condition suggested by the Collector — that before the site be granted the Society be required to raise enough money to render the maintenance of the infirmary independent of voluntary subscriptions, be insisted upon, the infirmary will never be built. The Society was started by Mrs. Dumergue, & it never appeared to have a very real hold upon the affections of the natives in Madura, though some of them, possibly thinking it politic to do so, subscribed; the European population there is hardly constant or large enough to keep such an ambitious scheme afloat. Should the Dumergues be transferred it seems very probable that the Society would soon collapse. The Municipality would then be saddled with the Infirmary, & probably be expected to keep up the scheme of which it is a part.

Mr. Fisher, Chairman of the Council, and a vakil in the District Court, is, or was, the Secretary to the S.P.C.A.

It seems to me that the grant of land is practically much the same thing as the grant of money. I would not sanction either.

8/4/95

Govt. might perhaps say that it does not consider that a contribution from Municipal funds for the purpose proposed is permissible under sec. 113 of the Dist. Municipalities Act, & that ~~though there~~ it further is of opinion that no portion of ~~a~~ the public park should be granted for the erection of ~~a~~ the building unless sufficient funds to render its independent maintenance assured are first collected.

20.3.95

I submit that luxuries of this sort are not for Municipalities to indulge in unless they have ample funds to waste. The reply suggested by the M.S. appears to be appropriate.
