FINANCIAL DEPARTMENT.

READ—the following paper:—

From the Surgeon-General, dated 23rd November 1894, No. 625.

ORDER—dated 12th December 1894, No. 1096, Financial.

The estimates of the Surgeon-General for 1895–96 were not originally submitted in proper form. They were accordingly recast and returned to him for revision.

2. The revised estimate of receipts in the current year is placed at nearly ·20 lakh over the actuals of 1893–94. A large portion of this increase appears under *Contributions* towards the cost of the Sanitary Engineer's establishment. Arrangements should be made in the Local and Municipal Department for ensuring the prompt recovery of these contributions before the close of the year.

3. A falling off is anticipated under *Medical College fees* in 1895–96, owing to the raising of the standard of admission to the L.M.S. section and the Hospital Assistants' department.

4. The estimate of charges for 1895–96 was originally placed by the Surgeon-General at 13·37 lakhs, or half-a-lakh above the sanctioned grant for the current year. The excess has been reduced in the estimates finally revised by him, which stand at 13·13 lakhs; but, even thus, the charges are placed too high. The cost of *Diets of patients* and of *Medicines supplied to hospitals and dispensaries* show a tendency to steady increase, and the Surgeon-General will pay special attention to the matter, in order to bring the expenditure under these items well under control.

5. The following reductions will be made in the Surgeon-General's estimate:—

6. The provision under *Grants to hospitals and dispensaries* will require revision with reference to the orders to be passed on the rates of charge and special allowances to Hospital Assistants.

7. The Surgeon-General has not provided for the grant of *Compensation in lieu of quarters* to Hospital Assistants sanctioned in G.O., dated 14th November 1894, No. 865, Public; but it is believed that the amount required for this purpose will be comparatively small.

8. Allowance has been made for the temporary increase to the Surgeon-General's establishment sanctioned in G.O., dated 17th November 1894, No. 877, Public.

9. A provision of ·01 has, in accordance with the decision in G.O., dated 10th December 1894, No. 1914 M., been added under *Medical School and College* for the training of Sanitary Inspectors.

10. The estimates modified with reference to the foregoing remarks are printed as an appendix to these Proceedings.

	(c) G. O., dated 22nd October 1889, No. 842, Public.
	(d) G. O., dated 21st February 1893, No. 186, Financial.
	(e) G. O., dated 8th February 1893, No. 143, Financial.
	(a) The saving of Rs. 700 due to the acting incumbent having drawn lower rate of pay for four months.
	(b) Increase over budget allotment due to the permanent incumbent having taken privilege leave and to the addition of Rs. 3,490 odd being permanent incumbent's furlough pay according to the Accountant-General's ruling.
	(c) Saving of Rs. 10,500 expected in consequence of change with regard to the chairs of Physiology, Midwifery, Surgery, Pathology and Hygiene which were or are being held by officers on lower rates of pay owing to the retirement, or absence on leave of permanent incumbents.
	(d) Increased provision has been made with reference to the expected return from leave of some of the permanent Professors.
	(e) Increase over budget estimate due to increase of pay at Rs. 25 per month to the Assistant to the Professor of Anatomy from 29th June 1894.
	(f) Includes provision for an increase of Rs. 100 per month to the pay of Assistant to the Professor of Materia Medica on promotion to the grade of Senior Assistant Surgeon from 1st July 1895, and for an increment of Rs. 10 per month to the Assistant Professor of Hygiene whose scale of pay is Rs. 100—10—150.
	(g) Includes provision at Rs. 50 each for six months for two extra Assistant Demonstrators of Anatomy for the Hospital Assistant Department to be engaged during 1894-95 and the charge incurred on their account in March 1894 but paid in the following month. There was only one Asistant Demonstrator for the College Department in March last and therefore Rs. 50 only was disbursed in April 1894. Hence Rs. 1,150. The excess over the budget allotment will be met during 1894-95 also from savings under "rents, rates and taxes."

	(n) Provides for an extra house-rent of Rs. 30 a month to the Assistant to the Professor of Materia Medica from 1st July 1895.
	(o) This is the first time that provision under this head is made in the budget and therefore a sum of Rs. 5,000 is put down with reference to the average for the last three years.
	(p) Includes scholarships of Rs. 7,470 and library allowance of Rs. 1,000—.

(q) The Accountant-General includes under the single head "contingencies" charge on account of Library books, purchase of furniture and office expenses and miscellaneous. The total allotment for these three items for 1893-94 was Rs. 5,200, whereas the expenditure was only Rs. 5,185; so the charges under contingencies during 1893-94 were within the budget allotment.

(r) The total remuneration to the Board of Examiners is put down at Rs. 1,800 both in the revised estimate for 1894-95 and in the budget estimate for 1895-96 with reference to the Acting Director's Proceedings, No. 470, dated 22nd January 1894, refusing with the approval of the Surgeon-General to recommend an increase to the President of the Board.

(s) In this is included a sum of Rs. 15,940 odd paid by the Burma Government as fees to the college and stipends to their students attending the college, but debited by the Accountant-General against the college.
