ENCLOSURES. (1)

From

M. R. Ry. H. Gopalachari, Secy,
Rao Sahib,
CHAIRMAN, MUNICIPAL COUNCIL.

TIRUPATI.

To

THE Chief Secretary to Government,
Local and Municipal Department,
Madras,
thru the divisional office.

Sir,

In forwarding herewith an
extract from the minutes of proceedings
of the Municipal Council, Tirupati,
passed at its general meeting held on
the 24th January last, I have the honor
to report as follows.

2. The gross receipts from tolls in
this Municipality have considerably
fallen from Rs 6700 in 1886-87 to Rs 2500
in 1894-95 since the opening of the
Villupuram Bellary State Railway
which led to the abandonment of all
cart traffic to this place. The outlay

outlay in the maintenance of the town roads varies from Rs 1000 to Rs 1500 which is undoubtedly far above the prescribed minimum, viz, Rs 50 per cent of the net income from tolls, and which the Council has to provide with a good deal of difficulty. Considering the limited funds at its disposal. The peculiarity of the roads in this town is such that they are often subject to well currents which wash them away during the rainy season, and this is why the state of the roads has become liable to be frequently remarked by the Divisional Officer as unsatisfactory. To make amends in this direction, the Council desires that the Government be moved in the matter of reducing the share of toll Contribution due to the District Board from $\frac{1}{2}$ to $\frac{1}{3}$, so that the difference accruing therefrom be applied exclusively for the upkeep of the roads. This Municipality with

with its present state of finance apprehends that it may not be in a position to allot more money than what it has usually been doing every year. The water supply scheme is impending over it and the Council has to make necessary provision for the liquidation of the loan to be taken from Government for the purpose. The Brahmotsavam festival at Elffer Tirupati has become one of vital importance, and much expenditure has thus to be incurred for the upkeep of sanitation, water supply etc as the influx of pilgrims from different parts of India is inordinately on the increase year after year. Unlike other Municipalities, this Municipality has to meet all these extra charges for the benefit of the outcomers at large. So much so that the Government will have to take into their favourable consideration all the facts above alluded

alluded to and should be pleased
to grant the Concession applied for.
It may be observed that the proposed
reduction may not much affect the income
of the District Board as the difference
being, about Rs 400 and odd is nothing
but a trifle. In this Connection the
Council begs respectfully to point out
that big and long standing Municipalities
such as Bellary, Trichinopoly, Tanjore,
Madurai and Coimbatore, are reported
to contribute only a third of their toll
income, while Kellose and Salem are
stated to pay only a fourth and a fifth
of the same, respectively.

In Conclusion the Council believes
that the Divisional and District authorities
who are fully Cognizant of the Condition
of this town will have no hesitation
to support its views in the matter.

I have the honor to be,

Sir,

Your most obedient Servant,

W. L. S. S. S.
Chairman

I agree with the
Head Assistant Collector.
The circumstances are
exceptional, and I think
the Tirupathi Municipality
should be relieved, as proposed
of a portion of the toll
contribution. The loss to the
Local Fund Board will be
trifling, the advantage to
the Municipality will be
substantial.

4. I believe that Government
fully recognize the fact that
greater concessions than that
which is now applied for
will be needed, if the
Council can accomplish the
sanitary reforms which are
considered necessary not merely
for the health of the town
but that of the whole Presidency.
