Sir,

Referring to your footnote No 871  
to the Under Secretary's Memo No 667  
29.9.93, I have the honor to state that Puduk is only a portion of Ksilaupatti, that there is no water pandal at the so-called Puduk and that the above said watershed is situated in Vadapilangi a few miles off Puduk. But this is maintained from the funds of the Sundradoss Chattram at Sivumangalam and the funds for the Puduk water pandal were allowed to accumulate year after year without any amount being spent out of it on account of the water pandal. As Puduk is virtually Ksilaupatti and as its funds have accumulated, it was proposed to appropriate the same for the Chattram at Ksilaupatti, which was in no way an evasion of the object of charity. The terms of the grant were not communicated to this office, when the same was put in charge of the Saluk Board as per D.O. No 1662  
7-10-86 and will be submitted to you on receipt of information from the Vice President of the Sivumangalam Saluk Board, to whom a reference has been made.

From L. C. Miller Esquire,  
President, District Board,  
Madura.

To The Chief Secretary to Government,  
Local and Municipal Dept.,  
Madras.

Sir,

With reference to Memorandum of Government No. 667, 20.9.93, I have the honor to forward herewith copies of letters from the President of the Tirumangalam Saluk Board and the Collector of Madura. The terms of the original grant to the Pudur watershed cannot be ascertained now; but the President of the Saluk Board reports that the so-called Pudur watershed is not at Pudur which is a portion of Desilampatti, but is in Vadapalanji a few miles off and is maintained by the funds of the Sundrados Chattram. Its own funds are therefore accumulated, and as Pudur & Desilampatti are the same place he proposes to appropriate the accumulated fund to the Chattram at Desilampatti.

2. The appropriation of the Desilampatti market funds to the Chattram at the place has, on previous occasions, not been objected to by Government (vide G.O. 1684-28ms 17.10.91 & 1748-28ms 1.8.92).

I have the honor to be

Yours most obedient servant

The President, Dist Board,

Sir,

Referring to your footnote to 99 to Government Memorandum to 24-6-94, calling on me to report whether the terms of the original grant of endowment to the Sundaradoss Choultry at Tirumangalam warrant the appropriation of the funds of that institution towards the maintenance of the water shed at Puttur or the choultry at Usilampatti, I have the honor to submit the following report:

2. The Sahoildar of Tirumangalam reports that the original grant is not forthcoming from among the records of his office. The Hakkdar of the Sundaradoss Chattram, who as the seventh lineal descendant of the original donor ought to be in possession of a copy of the grant, has made a statement before the Sahoildar that he has no copy of the grant. In the absence of that document I will not, I think, be justified to reply to the reference one way or the other. It would, however, appear according to the Hakkdar's statement that the terms of the original grant of the endowment to Sundaradoss Choultry were that the income of Rs 11,000 derived from the 10 villages endowed for the institution should be utilised only for feeding the bonafide travellers and for the proper upkeep of the Chattram building.

If what the Hackdar says be correct the terms of the endowment to the Sundraddos Choultry at Sirumangalam do not warrant the appropriation of the funds of that institution towards the maintenance of the watershed at Pudur. But this statement of the Hackdar is not borne out by facts and records since discovered.

3. The watershed at Pudur or rather at Vadapalanji Idayandharman has an endowment of its own amounting to about Rs 27-5-6 annually. This amount has continued to accumulate some years since, that is before the Saluk Boards were brought into existence and the annual cost of Rs 13-11- for the watershed is being met from the funds of the Sundraddos Chattram. The reason for this is not now ascertainable. From an order No 348 signed by the then Principal collector Mr J. Blackburn to the Sahnildar of Sirumangalam, I learn that the endowment for watersheds in the Saluk were being enjoyed by the village officers without being put to their legitimate use. The order directs the attachment of all such Simans and their revenue brought to deposit in view to its being utilised for watersheds in proper and desirable places. The Sahnildar has been asked to make proposals. In 1846 the cost of the repair of the Chattram at Cheekannurani or Kokolam (10 miles from Sundraddos Chattram at Sirumangalam) has been ordered to be met from the Sundraddos Chattram funds; and on this account the daily expenditure at the Sundraddos Chattram was reduced. Vide collector's order to Sirumangalam Sahnildar No 550 15.12.46

In the year 1852, the salary &c of the Cheekannur Chattram Kavalgar was ordered to be paid out of the Sundraddos Chattram funds. In 1862 proposals for utilizing the endowment of the Pudur or Vadapalanji Idayandharman watershed for both Cheekannurani Chattram establishment and for Idayandharman watershed were sanctioned (vide collector's order to Sahnildar No 462 5.5.62). These papers distinctly show that the funds of the Sundraddos Chattram have on various occasions been utilised for the repairs of another Chattram and for the maintenance of the establishments in that other Chattram. If the terms of the endowment of Sundraddos Chattram did not permit the utilisation of the Chattram funds for other charitable institutions, there could have been no such precedents as were detailed above. The then Hackdars are sure to have objected to such use. The collector himself is not likely to have so ordered.

4. It has already been reported in this office letter No 293 13.10.93 that the original grant of endowment to the watershed at Pudur was not forthcoming and that there was no watershed at Pudur. The Pudur watershed is situated in Vadapalanji Idayandharman and it is being maintained from the funds of the Sirumangalam Sundraddos Chattram according to the statement showing the details of the establishment of the Sundraddos Chattram at Sirumangalam that accompanied the Budget for 1886-87. This Budget was prepared in the D to Board office and forwarded to this office with the President's circular No 527 2.9.86

5. In the absence of the original grant or its copy, a thorough search of the records became necessary, and although the papers now discovered do not fully explain the terms of the grant to the Sundradoss Chattram, yet they contain enough of information as regards the use of the funds of that Chattram for other Charitable institutions. From the above it will be seen that the Saluk Board only followed the above precedents. I much regret the delay and have only to plead pressure of work on all sides on the already overworked Saluk and this office establishment.

From

The Chief Secretary to Government,  
Local and Municipal Department,  
Madras.

Sir,

In reference to Memorandum of Government No. <sup>488</sup>/<sub>22-6-94</sub> enquiring whether the terms of the original grant of endowment to the Sundradoss Chattram at Tirumangalam warrant the application of its funds towards the maintenance of the water shed at Padur or the Chattram at Avilaimpatti, I have the honor to forward herewith copy of letter from the President of the Tirumangalam Saluk Board justifying the application of funds by quoting previous instances of the diversion of the funds of the endowment.

2. The original grant is not available for reference in the Kuzur record; but there are 3 Soddiks dated respectively 19-9-1813, 31-7-1823, and 2-5-1835, framed by the then Collectors apparently agreeably to the terms of the original grant and all of them besides specifying the items of expenditure that have to be incurred from the Chattram funds for feeding, establishment and miscellaneous purposes, contain also a clause of which

15  
 I append below a true translation.  
 "This procedure (scale & fixed) has been  
 laid down for being followed year after  
 year. Beyond this such orders as may  
 be issued by circar from time to time  
 should be followed." This clause appears  
 to leave the matter of expenditure to  
 the discretion of the circar, and the  
 instances of the diversion quoted by  
 the Laluk Board President have probably  
 occurred in reference to this.

3. The delay in replying to the reference  
 is explained by the Laluk Board President  
 to be due to pressure of work.

I have the honor to be  
 Sir  
 Your most obedient servt  
 D. Sarker  
 Laluk President.
