Kurnool 10th Decr/94.

From

Surgeon Major A. L. Patch M.B.
Dist. Med. & Sanitary Officer
Kurnool.

To.

The President, Taluk Board
Cumbum.

Sir,

In forwarding a copy of my remarks in the visitors book of the Yerragunda poligum Dispensary, I have the honor to state on good authority that the Village Reddy is the Cause of the unpopularity of this Dispensary.

It must have been as well as to have been the cause of the unpopularity of this Dispensary.

I was told at Markapur and also at another village that this Reddy's father was dismissed from Yerragunda poligum some years ago, where he was Reddy, and it was then ruled that the Reddyship should not be given to the same family. But by some means the present man, the son of the former Reddy, was appointed, and losing control over the Sanitary establishment of the village and any perquisites to be gained therefrom ever since the dispensary was established in the village, he has worked against

A. L. Patch
Surgeon Major

the Hospital Assistant by using his influence in preventing the inhabitants going to the dispensary for medicines as far as lies in his power. He also is very disobliging and does not make matters very comfortable for the Hospital Assistant, I believe.

What result
subsequent

Under these Circumstances I think either the Dispensary should be removed or the Reddy be transferred. I am inclined to recommend the former, for really I do not think Yerragunda-poligum is a suitable village for a dispensary in the Taluk of Markapur. It is situated at the remote end of the District and is by no means in a Central position to the other villages in that neighbourhood. If you should concur with me in this opinion I would suggest the Dispensary being shifted to the village of Dnpad, which you will find is more central, more accessible and more desirable in every way.

I observe from the Visitors book of the Dispensary that you are also of the same opinion that the Dispensary should be removed from this village.

I have &c

True extract from the Visitors book of the Taluk Board Disp. Yerragundapoligum.

Inspected Dispensary. Books kept carefully and up to date. The Stock book which was lately kept by the late Hospital Assistant, is now correct. I checked some of the entries in the Stock and found them to tally. There is sufficient medicines in Stock for the requirements of this village. The average daily Sick is about 15 and of a very trivial nature. I quite concur with the President, Taluk Board, Cumbum that a dispensary is not needed at this village. The attendance has not improved since 1890 when Dr. Stanney the then District Surgeon remarked (vide 1st report in this book) that "the average daily attendance 15.37 is very small". The inhabitants of this village consist of Brahmins and other classes, so superstitious that they will not avail themselves of medical treatment, as they dare not accept anything from the hands of a low caste man, as they consider the Hospital Assistant in charge. The cultivators prefer the treatment of the Brahmin quacks, so do not patronize the hospital except for trivial complaints. So the Hospital Assistant has very little professional work to keep him employed.

The

Surgeon Major

The Dispensary building is most unsuitable in every way. Small, dark, low, damp, very old and with no ventilation. The owner refuses to do anything to it, as he wants the dispensary removed from this locality, which is the Bonahum part of the town. He has been petitioning the President, Taluk Board to have his house vacated, but no other house is available.

If it is considered necessary to have a dispensary here I would suggest a proper one being built. The roof and rafters of the present building are covered with white ants. The roof leaks badly. Whenever there is rain the Hospital Assistant is put to great inconvenience and the records are in danger of being spoiled unless immediate steps are taken to rectify these defects. The Hospital Assistant takes the Hospital books to his house every night to keep them from damp and white ants.

Through the Surgeon General with the
Government of Madras
No. 106
KURNOOL,
District Board's Office,
Camp. Nandyal.
dated 5th February 1895.

Enclosure 1

FROM

C. M. Muttaly Esqr
PRESIDENT, DISTRICT BOARD,
KURNOOL.

TO

THE CHIEF SECRETARY TO GOVERNMENT,
LOCAL AND MUNICIPAL DEPARTMENT,
FORT SAINT GEORGE.

SIR,

The District Medical and Sanitary Officer remarked on his inspection of the Yerragundapolemm Dispensary Sanctioned in G.O. No. 143 dated 8th March 1887, that the Village was neither suitable for a dispensary being situated in the remote end of the Taluk nor had the dispensary been popular, and recommended either its abolition or its transfer to Dupad. The Taluk Board of Cumbum also in its meeting held on 15th December 1894 considered a dispensary at Yerragundapolemm quite unnecessary while at the same time considered that there was no necessity even for one at Dupad as the Markapur Taluk is generally healthy, and accordingly urged on the District Board the abolition of the Dispensary. The District Board also is of the same opinion (please vide Copy of Resolution attached).

I have therefore the honor to request that Government will be pleased to accord its sanction for the abolition of the dispensary at Yerragundapolemm.

I have the honor to be

Madras.

Kurnool 22nd Febry/95.

Sir,

With reference to your No. 1227 of 15th instal (minute No II) I have the honor to forward a true copy of my letter No. 558 dated 10th December to the President, Ig M^d Cumbern, and an extract from the remarks in the visitor's book of the dispensary at Yerragundapoli from which you will see my reasons for recommending the transfer of this dispensary to Dupad. But, as both the Taluk and District Boards do not see the necessity for a dispensary at Dupad in lieu of that at Yerragundapoli, I do not press the matter. I merely recommended Dupad, as I thought another dispensary in the taluk would be necessary if the one at Yerragundapoli were abolished and after consultation with some of the old residents and officials I decide that Dupad would be the most suitable village in the Taluk.

Local & Municipal Dept.

SURGEON-GENERAL WITH THE

GOVERNMENT OF MADRAS,

Madras,

To

THE HONORABLE THE CHIEF SECRETARY TO GOVERNMENT,

Local & Municipal DEPARTMENT.

SIR,

I have the honor to transmit the accompanying letter No: 106 dated the 5th February 1895, from the President District Board Kurnool requesting sanction for the abolition of the dispensary at Gerragundapoliem owing to the village being situated in the remotest end of the Talug and unsuitable for a dispensary.

2. I also enclose No: 394 dated the 22nd February 1895. from the District Medical and Sanitary Officer Kurnool together with a copy of his letter to the President Talug Board Cumbum on the subject.

3. I concur with the District Medical and Sanitary officer that the Dispensary at ~ Gerragundapoliem should be transferred to Dupad which is reported to be more Central more accessible, & more desirable in everyway

4. Gerragundapoliem is about 25 miles from Markapur, the nearest dispensary to

13
to it in the District, but Dupad lies midway
between these two places and it is necessary
that a dispensary should be opened there
as otherwise the people of Yerragundapolim
will have to travel a distance of 25 miles
when they require a Medical aid.

I have the honor to be

Sir

Your most obedient Servant

C. B. Thorpe

Surgeon. Major. General

Surgeon-General & Govt of
Madras.

14
It does seem rather a pity
to close a dispensary. But at
the same time I am rather
glad at the moment to reduce
the number of such institu-
tions because we seem to me
to be running the risk of
running difficulty by having
more of them than we have
subordinates for. Let
us dispose of the pending
questions about the Subordinate
Med. Estts & we can then
reconsider the question of the
number of Hospitals & Dispens-
aries. We can arrange to
run — or rather we can con-
sider it, for I don't think it
has as yet been taken up in
a systematic manner —

SUBJECT.

Forwards letter from the P.D.B.
Kurnool requesting to
Sanction the abolition of
the dispensary at Terragunda-
poliem.

(with order)

Handwritten initials and notes

order 25/4/95

The abolition of the dispensary
at Terragundapoliem is approved.
2. The Govt is not prepared to
adopt the recommendation of
the Surgeon-General for the
establishment of a dispensary
at Dupad.

Handwritten initials and date

It seems rather a pity to
be the face of the recommendation
of the medical advisers of
20.11. Govt sanction the abolition

Handwritten initials and date

of the dispensary entirely.
Kurnool as a district is none too
healthy and the expenses deniable
to afford a much medical relief
as one can: still 47.40 of its revenue
is a very large proportion of outlay for
a salary but to incur such grant III

Handwritten note

From the statement of receipts

and charges on the several
Services received from the
Govt with the Budget, it is
noticed that the Commission
29.12.1894 proposes to incur 47.40
p.c on medical relief while the
expenditures on other 29.12.1894 range
from 16 to 24 p.c.
