Dated 17th December 1894.

No. 583
Despatched 22d — do —

Enclosure 1

From
M. R. Ry S. Ramu Iyer avl B.A
chairman, Municipal Council
Adoni.

To
The Deputy Collector
Adoni Division
Adoni.

Sir,

With reference to your footnote Ref No 2244 on official Memorandum from Government office No 1390 of 4th December 1894, requesting to report the necessity for acquiring such a large extent as 10.64 acres of lands for the construction of a municipal office building at Adoni, I have the honor to report as follows:-

2. As I have explained to the Collector of Bellary in person during his recent visit to Adoni, it is proposed to allot a considerable portion of the area for building houses, of course on payment. That the town is overcrowded and in most

parts congested, goes without saying. There is much room for the extension of the Town in the direction of the Railway station. It would be a step in the right direction to encourage houses to be built on a proper plan on both sides of the road which passes to the east of the proposed site for the municipal office and the taluk Cutchery on to the Railway station.

3. We require land not only for the municipal office proper but also for a cattle shed, a kerosine oil store room, a store for tools and plants, lanterns &c and also for latrine and urinal. The cattle shed will have to be a large one as it is understood that the Sanitary Commissioner objects to the system of having street sweepings removed on contract and this would involve the maintenance

of a

of a large number of bullocks, 3 acres of land will be required for all these purposes. The western portion of the proposed site about 1.12 acre in extent is comparatively low-lying ground which could only be used as a garden.

4. The land proposed to be acquired is bounded on three sides by roads and on the fourth side by the Taluk Cutchery Compound. And it is undesirable to allow any portion of it to remain in private occupation and to be cultivated with food crops. A large open space is also required for private carts to stand while they are being registered and numbered, otherwise they will have to be left on the road to the obstruction of traffic.

5. It is proposed to continue the new road called "Kumbardidy street road" right through

the land to be acquired up to the taluk Cutchery, as indicated in the plan.

6. Under these circumstances the Council trusts that the Government will be pleased to accord its sanction to the proposed acquisition of the area in question

7. A copy of the Council's Resolution on the subject is enclosed.

To
The Deputy Collector
Adoni Division
Adoni.

Sir,

Enclosures of this reference are returned herewith

With reference to your A. D. Ref No $\frac{\times \; C.99}{7.2.95}$ on Collector's Endorsement No $\frac{377}{4-2-95}$, I have the honor to report as follows:—

2. The accompanying plan shows the land which it is proposed to ~~th~~ acquire, and its neighbourhood. The land required for the Municipal office and its out houses is the portion of No $49\frac{A}{3}$ marked I containing approximately 2.67 acres bounded on the south by the Taluk Cutchery compound, on the east by the road leading to railway station, on the north by a portion of Survey No $49\frac{A}{3}$ and on the west by the proposed road leading direct from the town to the taluk Cutchery compound marked IV. It will be also necessary to acquire the pieces marked II and III, for the road in question, amounting to 29 cents. The Municipal road will

of course, stop short at the taluk cutchery compound. It is left to the Revenue authorities to continue the road within the compound, if they so choose and to put up a carriage gate there, answering to the present on the south side of the compound. There need be no fear that the road would be used by the public otherwise than as a road to the public offices in-as-much as the compound will be secured by a gate.

3. If the Government be pleased to sanction the acquisition of the whole block as already proposed in my letter no $\frac{583}{17-12-94}$, it may not be necessary to utilize exactly the piece marked A for the municipal office and out houses. The land on which these buildings are to be erected may be so selected as to admit of the remaining areas being laid out for the house sites to the best advantage in consultation with the Collector.

4. I have shown in the plan a large block of land to the east of the Railway feeder road which is now used for dry cultivation, except small bits occupied by wells and a temple. It runs along the northern or town side boundary of the Railway compound as far as the Nalla called the Mandigiri Vanka on the farther side of which are Messrs Dymes Co's premises. If it is found that the people are willing to take up sites on the land now proposed to be acquired and that there is likely to be demand for more land in its vicinity for building purposes, we may go on gradually acquiring land to the east of the railway feeder road, out of the block above referred to.

5. So far as I have consulted the wishes of the people of the town I believe that they will be willing to build houses in the locality in

question, if sites of convenient sizes be offered to them.

6. In this connection I beg to invite attention to the remarks of the Sanitary Commissioner in his Inspection notes on this Municipality dated 2d February 1895 wherein he points out as one of the marked insanitary features "of this town the constant succession of narrow lanes and crowded houses." He has suggested, as a remedy, the systematic opening up of broad roads through them and yearly provision in the budgets of say Rs 2000, for the purpose. I think that side by side with this remedy, it is necessary to provide people whose houses may be either taken up entirely or may become so severed as to be no longer fit for residence, fresh sites to build upon. It is also desirable to encourage those who wish to build new houses to

construct

construct them away from the crowded locality of the town. Care of course should be taken to prevent miserable buildings springing up in the vicinity of the Railway station and Public offices. It will not do to allow the poorest classes to build there. For these, there is plenty of land in other directions particularly in the direction of the Fort and to the south west of the town.

7. I beg to suggest that two alternative draft declarations may be submitted from your office.—

8. After the notifications shall have been published with the sanction of Government, the land actually sanctioned for acquisition will be duly demarcated ~~out~~ and subdivided before it is acquired.

9. A copy of the Council's resolution approving the alternative proposal is submitted herewith.

10. The delay in the submission of this reply is due to the fact that the municipality has been without ~~been~~ an overseer at present, the late overseer having had to be removed for incompetency and there has consequently been difficulty in having the land surveyed and the plan prepared.

I have the honor to be
Sir
Your most obedient servant
(signed) S. Ramu Iyer

abstract

Submitting to Government Adoni Dy. Collector's reply regarding the necessity for the acquisition of acres 10.64 of land for the municipal office at Adoni

4/5 a/4/5

9.

LOCAL AND MUNICIPAL DEPARTMENT.

Current No. 2949 M/94 and 1345 M/95.

From the Collector of Bellary.

FOR ORDERS.

With the first of the letters read above, the Collector of Bellary submitted a draft notification for the acquisition of 10.64 acres of land for the construction of a municipal office and out-houses at Adoni. On this, he was asked to report the necessity for acquiring such a large extent of land for a municipal office & the second letter contains his reply to the reference.

2. The municipal council now makes two alternative proposals viz:—

(1) to acquire the plots of

land marked I, II & III in the plan & measuring 2.96 acres, which will be sufficient for the construction of the municipal office & the out-houses, or

(2) to take up the whole block measuring 10.64 acres, so that a portion of it may be utilized for the municipal office, and the rest may be laid out as housesites for the extension of the town as suggested by the Sanitary Commissioner in para. 1 of his inspection notes (G.O. 1st May 1895, No. 732 M.).

3. The Collector considers that the acquisition of the plots marked I, II & III is essential ~~but he~~ and states that this will be an excellent opportunity for taking up the rest of the land in order that the Systematic spread of the town may be provided for. Orders are solicited.

VR
6/5/95

The Sanitary Commissioner did not advise the Council to acquire fresh land for extensions but to open up and improve existing narrow roads. At the same time the present cost of the land is not great - Rs 1223 - and if the Council can ~~fall~~ induce people to fall in with it's scheme it will undoubtedly have it's advantages.

Submitted that the original proposal may be approved

Gt
10.V.

The proposal to take up the whole plot appears under the circumstances to be unobjectionable

22/5/95.

4/6/95

Why do these people in the office fold the plan before rolling it ~~do that~~ it took me 3 tries before I could get it to roll straight & go into the case?

Office.

See to this. I think the plan was flattened out in the post. It should have been sent in a case.

Sir,

In returning herewith the papers received with your reference No 3936 dated 1st August last, I have the honor to forward herewith a statement showing the particulars of lands to be acquired for the Adoni Municipal Office.

2. The council having since resolved not to take up the twenty cents of land No 49 A/1 which is situated on the Eastern side of the road, it has not been included in the statement now submitted. A copy of the Council's resolution on the subject is enclosed.

3. The total extent of land to be acquired is acres 10.64. The Estimated

value is put down at the rate of Rs 10.0 an acre – the rate at which compensation was paid for the lands in the vicinity acquired for the public offices. The statements taken from the marginally noted individuals are sent herewith.

To The Government of Her Majesty the Queen.

27th September 1894.

Statement made by Shermasab son of Sheikkhan Naddimulla aged 50 rept of Adoni.

Survey No 50 of Vengalapur measuring acres 3.8.
assessed at Rs 4-10- for which patta stands in
the name of Jafta Sarabakka was bought by
my brother Abdul Rahiman Sab in a court
auction. I and Abdul Rahiman Sab live
separately. When the Municipality took for the Construction
of a road the land adjoining to this piece,
they took depositions from me and my younger brother
and paid both of us compensation. When you
sent for me some time back I did not appear
thinking it was useless that I alone should
come as my brother was not then in the town.
My brother is not in the town. He has gone to Madras
for trading. He will not come back till 15 or 20
days hence. There is crop on the land now
I shall depose after my brother comes about
giving over the land to Municipality. Till then I
will not depose.

(Sd/) Sheikkhan Shermasab.

(Sd), S. Bheemacharlu
Revenue Inspector

7/2946 M of 94

To
The Government of Her Majesty the Quee

Dated 20th September 1894, Adoni.

Statement made by Bahadur Jahagirdar Syed Hy Khadare resident of Adoni. There is inam land measuring acres 4.74 assessed at Rs 11-4 bearing a quit of Rs 3 in the name of my grandmother (mother's mother) Fathma Beebee in the fields of Vengalapur. This land is in the enjoyment of Fathma Beebee and one Shajaree Beebee alias Chodabeebee. I have obtain Power of Attorney from these two persons. I am willin to give these lands to Municipality. I am willin to give the land to Municipality but not at Rs per acre as hitherto. The people of the town are asking at the rate of 4 annas a yard or at leas at 2 annas a yard. Therefore at the rate of anna per yard the price per acre comes to 605 Rs. The owners of adjoining lands have sold their lands to build houses at this rate. Compensation should be paid to me at this rate. I am not willing to quit the land at the rate of Rs 160 as hitherto. At leas half the rate at what the people have bought i.e. 1 anna per yard if paid to me I am willing to quit the land with consent. After this land has been given up we have no other land. We are Fakir and therefore we request that without injustic at least half the current rate should be paid to u

Again deposed on 6' October 1894 by Syed Hyder Khad Some have been asking this land to build houses at the rate of 2 annas per yard or 200 Rs per acre. Therefore at least if Rs 150 per acre is paid I am willing to quit the land or else I am not willing.

Taluk Head Accounta

4

Statement made before the Tahsildar of Adoni on 6th October 1894 by Abdul Rahiman Sahib aged 45 son of Sheikhan Naddimulla a ryot of Adoni.

Survey No 50 of Vengalapur measuring acres 3-8 and assessed at Rs 4-10-0 for which patta stands in the name of Jaftee Sarabakkha was bought by me in a civil Court auction about 25 years ago and I am since in possession of it. I am willing to give this land at Rs 150 per acre for building Municipal office. The land being very near to houses and adjoining the Taluk office some people have been asking me to give it at the rate of 4 yards per Rupee to build houses. Therefore I am not willing to give it for less than Rs 150 per acre.
