CHIEF SECRETARY
30 MAY 1895
GOVERNMENT OF MADRAS

SIR, In returning your endorsement No. 386 of 13th March last, with enclosures, referring for remarks an application from the Honorary Secretary "Madras United Club" to extend the building on the Esplanade, Madras, at present occupied by that Club, I have the honor to point out that the proposed additions do not conform to the type of building sanctioned by the Government of India in its letter No. 1751 M.D. dated 20th June 1892. Viz. "a structure of the lightest possible kind," seeing that the walls are for the most part 1 1/2 feet thick and 14 feet to 16 beams, while the floors are flagged on a raised plinth and the roof is of Mangalore tiles with plank ceilings.

I therefore request that the applicant be called upon to submit a fresh design of the proposed additions to the Club of such a nature as can be easily and readily demolished, should necessity arise.

I have the honor to be,

Sir

Your obedient servant

Madras.

Sir,

I am desired by the Committee of the Madras United Club to submit to you the accompanying plan for the extension of the building now occupied by the Club and to request that you will be pleased to obtain the sanction of Government for the extension being made by the Club.

2. I am to state that the Club was established in 1888 under the title and designation of "The Madras Native United Club". In the early part of 1891 it obtained through your recommendation permission from Government to erect the present building, subject to certain restrictions which are detailed in G.O. No. 766 D. dated 23rd May 1891.

3. In May last it was found

that

that the existence of the word "Native" in the designation of the Club led to the undesirable exclusion of certain respectable classes of persons and the members in a body resolved to eliminate the word "Native". The Club is, therefore, now known as "The Dundas Limited Club" and as a result of this change, it may be mentioned some European gentlemen have joined the Club.

4. Owing partly to the above change but mainly to the fact of the situation of the Club in a healthy and central locality and also to the fact that it provides various recreations, the Club is daily growing in popularity and attracting fresh members to participate in its advantages.

5. In the midst of so many favorable circumstances the members feel much the want of sufficient accommodation. The present building consists in the main of a hall which can be, and is, as a matter of fact, being utilized only as a Billiard room. The books are stowed away in a corner and the only place available for reading purposes is the entrance & exan-don. The members

are

are in consequence put to considerable inconvenience. The Club has in fact no room available for holding meetings of a literary kind and the present accommodation is quite insufficient for the various purposes which the Club is intended to fulfil.

6 Under these circumstances I beg to request that you will, with your wonted kindness, place the above facts before the Government and obtain its sanction for extending the building as requested subject doubtless to the same conditions under which the construction of the present building was sanctioned.

I beg to remain

Sir,

Your most obedt & humble servt
