of the residence of the D. S. Medical
& Sanitary Officer, D. Arcot
in consideration of his services
performing his office work in his
building, there being no accommoda-
tion for him for this purpose To
in the hospital itself.

To
The President, District Board
South Arcot
Dated 18/1/96

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following paper:-

From the Surgeon General with the Government of Madras,
No.532, dated 3rd December 1895, requesting sanction for
payment from Provincial Funds of one third of the rent of
of the residence of the District Medical and Sanitary
officer, South Arcot, in consideration of his performing
his office work in the building, there being no accom-
modation for him for this purpose in the hospital itself.

Order No.12 dated 7th January 1896.

The Government considers that inducements should
not be given to medical officers to spend, during working
hours, more time than is necessary at their houses.
The surgical work of a Medical Officer is much more im-
portant than his office work and the latter should always
give way to the former. The District Medical and Sani-
tary officer will have to get through his office work
whether he does it in his own house or at the hospital
and it is preferable that the places at which he has to
perform his surgical and his office work should, if pos-
sible, be in one building. As regards the question of
accommodation it would be better for the Local Board to
build a separate office room at the hospital than to
move the office into the District Medical officer's
private house. The practice advocated by the Surgeon
General is not one which should be encouraged.
