Civil Works.

READ—the following paper :—

From H. W. LEEMING, Esq., Honorary Secretary, Shevaroy Planters' Association (through the Collector of Salem), to the Chief Secretary to Government, dated Yercaud, 21st October 1895.

I have the honour to inform you that I am directed by the Shevaroy Planters' Association to bring to your notice the following resolution passed at its last meeting on the 7th instant, viz :—

"That a letter be addressed to the Chief Secretary, Madras Government, pointing out that the association, through Mr. A. G. Nicholson, has been in correspondence with Mr. S. D. Pears of the Periyar Project as to purchase of stock of wire ropeway in use there, provided it could be adapted to the Shevaroy, and requesting to know if Government would so far help the planters of these hills by detailing an Engineer for preliminary survey."

I am also requested to point out that "means of communication" on the Shevaroy leave much to be desired. Even those which do exist are unable to be kept in proper order owing to the utter insufficiency of the grants for the purpose. His Excellency Lord Wenlock, on his visit to the Hills some years ago, agreed that the amount allotted for the upkeep of roads here was inadequate.

It is becoming, year by year, increasingly difficult to receive or despatch produce at certain seasons owing to the steady growth of traffic. The only means of ghât transport being by coolies or bullocks, of which there is but a limited supply.

On consideration of the above, it will be seen that it is imperative for planters to try and surmount the difficulties complained of; and this association, therefore, respectfully begs that you will be good enough to second its efforts by kindly giving the matter your best support with the Madras Government.

No. 4593.

Submitted to Government.
