Subject.

Stating that there is no provision made in the Act or in the rules framed under it for the grant of advances of pay to District Board Engineer on transfer and there are no directions to apply Civil Service Regulations or Civil account code to a case of the kind under reference, and that in the absence of any rules it may perhaps be held that the Local Board can take its own course but that, on this point, the opinion of the Accountant General as an account Officer is of no value.

note. Nos. 76 and 77 of the Local Fund Rules may, it is thought, be held to apply by analogy to the cases of advances also. However, Article 137(a) of the Civil account Code gives the Government full powers in the matter. It seems necessary to order the recovery of the advance in three instalments as in the case of an advance under Article 137(b).

137(a) & (b) the case has been 137(a) & (b) in the case of a transfer was "transferred" he was made one to take a share 10

President, District Board, Salem.

To

The Chief Secretary to Government,

Local and Municipal Department,

Madras.

Sir,

I have the honor to state that
Messrs J. B. Macfarlane who took charge
of the District as Local Fund Engineer
on the 31st October 1895, applied for
permission to draw an advance
of a month's pay on account of his
heavy expenditure in transfer to
Salem from Mangalore. I have
accordingly permitted him to draw
the advance applied for Subj

to the sanction of Government.

If Mr. Macfarlane had made his application before leaving Mangalore he would have been given the advance under Article 137(a) of the Civil Account Code. But as he has joined the District, this article becomes inapplicable in his case.

I therefore request that Government will be pleased to sanction the advance as a special case under Article 137(a) of the Code. The advance will be recovered from him in equal monthly instalments.

I have the honor to be

TO THE GOVERNMENT OF MADRAS,

To

THE Chief Secretary to Government,
Local and Municipal Department,
Fort St. George.

SIR,

With reference to the acting Assistant Secretary's endorsement no. 1666 dated 21st November 1895 referring to me for remarks an application from the President of the Salem District Board for sanction to the grant of an advance of a month's pay to the Board Engineer, I have the honor to observe that Government has power to make rules on such matters as they come within the purview of Clause VII of Section 95 of the Local Boards Act, but that no provision for questions of the kind here raised appears to have been made in the rules framed under Section 144 of the Act. Rules 76 and 79 of these rules refer only to leave, actual allowances, and travelling allowances and there are no directions to apply the Civil Service Regulations or the Civil Account Code to a case of the kind referred to.

It

to. It may perhaps be held that in the absence of any
rules the Local Board can under Section 95 take its
own course, but on this point my opinion as an accountant
an officer is of no value.

I have the honor to be,

Sir,

Your most obedient servant,
