PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following

From the Executive Engineer, Regapatam
Division, to the Superintending Engineer, Circle,
dated Regapatam, 1st November 1895, No. 422 SE.

I have the honour to bring to your notice
that an estimate for forming a village road
along the Korayar Right bank from
Kummittithidal Head sluice to Appore
limits was sanctioned for Rs 1417 in
Superintending Engineer's Register No. 188 of
1890-91. The work has to be partly met from
Local Fund contribution. The Government
share of Rs 327 was spent last year. The
balance Rs 1090 remained to be worked
from Local funds. An allotment for the
same was applied for last year, and it
was not granted. Again an application
was made this year for the funds. In
reply Copy of G. O. No. 2524 W communicating
the unwillingness of the ¹⁴⁻¹⁰⁻⁹⁵ President District
Board to contribute was received with your
No. 295 N.G. dated 18. October 1895. The
work was continued this year in anticipation
of the grant of funds, and an outlay of
Rs.

Rs 264-9-5 has been incurred up to date.

2. Since the District Board declined to sanction their share of contribution, I request you will be good enough to address the Board so as to induce them to reconsider their decisions and sanction at least an allotment to the extent of the outlay already incurred by this Department.
3. I have issued orders to the Sub-Divisional officer to stop the work now.

Endorsement thereon by the Supty. Engineer No 420 W, dated 13-11-95.

Submitted to the Chief Engineer P.W.D with reference to G.O. No. 2524 W, dated 14th October 1895.

2. It is requested, that in the circumstances explained by the Executive Engineer, an allotment of Rs 265 may be obtained to cover the outlay incurred on the work during the current year.

Memo to the Supty. Engineer I Circle No. 3587 C dated 21st November 1895.

With reference to his endorsement No 420 W dated 13th November 1895, Requesting an allotment of Rs 265 for forming

a

a village road along the Korayar right bank from Kummattithidal head sluice to Appore limits in the Regapattam Division, the Superintending Engineer I Circle is requested to be so good as to explain the circumstances in which outlay without allotment has been incurred on the road, in spite of the report of the Taluk Board that the work was not an important one and should be postponed till funds could become available, vide G.O. No 3156 W. dated 6th December 1893.

From the Executive Engineer, Regapattam Division, to the Supty. Engineer I Circle, No 459 S.E. dated 10th Decr. 1895.

Referring to your No 322 N.G. dated 30th November 1895, calling for an explanation as to the circumstances which led to the execution of the improvements to the Kummattithidal village road along the Korayar right bank, I beg to inform you that traffic was allowed on the bank of the Korayar in this section and since the opening of the Mayavaram Multiple Railway and a station at Thillaiyilagam,

the

the traffic has been increasing, cutting up the bank badly.

2. In November floods of 1893, the road breached and the bank required attention. Last year funds were asked for and work was started with the allotment that was given as Government share of the work.

3. If improvements for safety of the bank alone were carried out, cart traffic will be obstructed, and so work progressed on in anticipation of funds being allotted as per requisition conveyed in G.O. No. 1243 L. Mis., Local and Municipal, dated 15th July 1895, embodied in G.O. No. 1914 W, dated 1st August 1895.

4. I regret that I was not aware of the opinion of the Taluk Board that they considered the road as an unimportant one, or I would have repaired the bank so as to only secure the irrigation work.

5. Now that the work has been nearly completed, I request you will kindly move the Board again, under the circumstances,

Circumstances, to reconsider with a view to an allotment being made to liquidate contractors dues.

Endorsement thereon by the Superintending Engineer, P. Cich, No. 477 W, dated 20th December 1895.

Adverting to your Memo No. 3587 C, dated 31st November 1895, I have the honour to forward herewith copy of the ^{letter} No. 459 S.E. dated 10th December 1895, from the Executive Engineer Negapatam, explaining the circumstances under which outlay without allotment was incurred in forming the village road from Kummittitthal to Appore limits.

2. In the circumstances ~~stated~~ reported by the Executive Engineer, the formation of the road is now necessary, and if the ~~work is not~~ ^{work is} carried out, the traffic must be stopped to prevent damage to the irrigation

irrigation work.

3. I therefore request that the Board may be asked to make an allotment of Rs 265 to cover the outlay already incurred, if it is not prepared to carry out the work to completion.
