Sir,

In a corner of the Polur Town, there is a square pond known as "Pettaikolam" which is dry almost throughout the year. The suppl received into it is chiefly the drainage of a part of th town & its bed during nights resorted to in the neighbourhood as a latrine & the water of the pond is not therefore useful to the Public.

2. Next to this pond and adjoining wet fields lies a piece of land, which is now used as the weekly market ground. The ground is low and unsuitable for the purpose.

3. Polur is a rising town & especially after t opening of the Villupuram - Guntakal Railway there is great demand for house-sites in the to

The Chairman of the union in consultation with the Tahsildar proposes the sale of both the pond and the present market sites in small lots as house-sites and considers that the lands are likely to fetch good prices.

4. The present market ground situated as it is, at one extremity of the town, the Chairman proposes the purchase of a piece of ground in a prominent part of the town at a cost of Rs 100.

5. The Taluk Board at their meeting held on the 26th ultimo agreed to the proposals of the Chairman and resolved to solicit the sanction of Government for the sale of the lands. Copy of the Board's resolution no $\frac{20}{26.7.95}$ is enclosed.

6. I have the honor, therefore, to request you will be good enough to obtain the sanction of Government for the sale & purchase of the above sites.

Sir,

14 10
With reference to your footnote No 1609 / Dept 27 of 1895 dated 12th September last, I beg to submit herewith a Sketch of the whole town of Polur showing the pond, the market site, Railway line and the proposed site for market site.

2. The report of the village officers of Polur dated 1st Instant was forwarded to the Tahsildar of Polur for verification of their statements in it, with the Pymash accounts of this Taluk and the Tahsildar has in his letter No 635 dated 11th Instant communicated to me that he verified the statements with

the statement of the

with the Pymash accounts. From the report of the village officers and from copy of the Pymash account received from *the Tahsildar, it will be observed that Pettaykolam was entered as Kolam for amboke in the Pymash account there having been no owners for it. It is also observed that parapet wall was constructed for the pond some twenty years ago by the Local Fund Department. The silt of the pond also appears to have been removed and its surface also appears to have been levelled by the Local fund department.

3. The site occupied by the weekly market was known by the name of Balathenagiri Byragi Mutum but this land is shown to have been transferred to ayan in the Pymash accounts, there having been no heir. Out of this site, land measuring 15 yard square is in the possession of one Venkatachella Chetty

1895

Chetty and he appears to have got it in possession from one Veeranna Pandaram by purchase.

4. The full site occupied by the pond and the full site occupied by the weekly market ~~site~~ excepting the 15 yards square of land, are therefore public tank and place respectively and they are therefore under the control and direction of the Panchayat under Section 139 of the Madras Act V of 1884

5. There are 8 tamarind trees standing on the weekly market site and out of which one is not productive and the remaining 7 trees are held on treepatta and the treetax revenue is collected by the Union department and credited to Union fund. All these 8 trees belong to the Union

6. The delay in replying to this reference was due to some difficulty experienced in getting the sketch of the town prepared by the present Sanitary Inspector

Sir,

With reference to Government Memorandum dated 2d September 1895 No. 1236, I have the honor to submit herewith a sketch of the town of Polur, marking the position of the lands proposed to be sold as also the new site for the market which has to be acquired.

2. It appears from the accompanying letter No. $\frac{377}{11\cdot10\cdot95}$ received from the union

Chairman Polur, that Pettai Kolam measuring about an acre is entered as Kolam Poramboke in the Paimash account, it being ownerless. It is also reported that a parapet wall was constructed round the pond about 20 years ago by the Local Fund Department, and that the charges of removing silt therefrom and levelling its bed were subsequently met from Local funds.

3. The site now occupied by the weekly market next to the pond measuring about 25 cents was known by the name of Balathanagiri Byragi Matam, and this is shown in the Paimash accounts of Fasli 1236 to have been attached because of absence of owners. There are seven tamarind trees on the site held on pattah and the tree tax is being credited to Union funds. These pattah trees as also a small space ~~forming~~ measuring 15 yards square and forming portion of the site are now in the possession of the heirs of one Venkatachala Chetti of Polur who is said to have purchased them from one Viranna Pandaram some years ago.

4. The pond and the market site under reference now form portions of village site Poramboke as per Settlement accounts, and the whole site occupied by them, with the exception of a piece of land measuring 15 yards square, being public property are under the control and direction of the Panchayat under S. 139 of the Madras Act V of 1884. But I am unable to trace out any notification under Sec 48 or 52 of the Local Boards Act to show that the property under reference vests in the Taluk Board. It appears to me therefore that steps have to be taken in the Revenue Department for the sale of the pond and the market site under reference.
