Budget.

Reviewing the Trichinopoly District Board --- for 1896-97.

No. 287 L., 12th February 1896.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

Read—the following papers :—

From J. ANDREW, Esq., President, District Board, Trichinopoly, to the Chief Secretary to Government, dated Trichinopoly, 14th December 1895, Dis. No. 498.

I have the honour to forward herewith the district consolidated budget estimate for 1896–97 passed by the district board at a meeting held on the 12th instant. I enclose a copy of the resolution.

2. The subsidiary statements and the road map are under preparation and will follow.

Revised Estimate for the official year 1895–96.

A.—Receipts.

Balance on 1st April 1895.—The balance advised by the Accountant-General after audit of the last year's expenditure has been adopted. It exceeds the budget figure by Rs. 10,340. The increase was due to larger receipts, mainly under land cess, during the year 1894–95 and to short expenditure under grants III and IV during the same year.

2. (1) *Rates and Taxes*—(*a*) *Cess on Land.*—The income under this head is estimated at Rs. 1,54,270 against Rs. 1,33,200 anticipated in the budget. A statement showing the demand, collection and balance of this cess is attached. The revised demand, including arrears, amounts to Rs. 1,94,700 against Rs. 1,49,370 in the budget, being Rs. 45,330 in excess. The increase is mainly due to calculation of the cess at re-settlement rates.

3. *Tolls under Act V of* 1884.—Only Rs. 46,500 are expected to be realised under this head against the budget estimate of Rs. 54,400. The decrease is due to receipts from the gates opened in November 1894 having fallen below the estimate and also to a considerable decline in the rent of the other gates. As it was not possible to repair several of the roads damaged by the floods of November 1893 until the close of the last year, the contractor's income suffered in the meanwhile and consequently the bidders being frightened there was low bidding at the last auction sale of the gates. It is, however, expected that next year will show an increase.

4. (*c*) *House-tax.*—A decrease of Rs. 200 is expected under this head. The decrease occurs under the Musiri taluk board which proposes to exempt some of the hamlets in the Kulittalai union from the operation of the tax.

5. (5) (*c*) *Market rents.*—An increase of Rs. 1,000 is expected under this head. The increase occurs under the Musiri taluk board, whose markets fetched in the last sale more than what was estimated in the budget.

6. (*h*) *Fishery rents.*—A decrease of Rs. 2,500 occurs under the Trichinopoly taluk board and is attributed to loss sustained by renters in previous years which resulted in want of competition at the last lease.

Budget.

Reviewing the Trichinopoly District Board — for 1896–97.

No. 287 L., 12TH FEBRUARY 1896.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following papers :—

From J. ANDREW, Esq., President, District Board, Trichinopoly, to the Chief Secretary to Government, dated Trichinopoly, 14th December 1895, Dis. No. 498.

I have the honour to forward herewith the district consolidated budget estimate for 1896–97 passed by the district board at a meeting held on the 12th instant. I enclose a copy of the resolution.

2. The subsidiary statements and the road map are under preparation and will follow.

REVISED ESTIMATE FOR THE OFFICIAL YEAR 1895–96.

A.—Receipts.

Balance on 1st April 1895.—The balance advised by the Accountant-General after audit of the last year's expenditure has been adopted. It exceeds the budget figure by Rs. 10,340. The increase was due to larger receipts, mainly under land cess, during the year 1894–95 and to short expenditure under grants III and IV during the same year.

2. (1) *Rates and Taxes*—(*a*) *Cess on Land.*—The income under this head is estimated at Rs. 1,54,270 against Rs. 1,33,200 anticipated in the budget. A statement showing the demand, collection and balance of this cess is attached. The revised demand, including arrears, amounts to Rs. 1,94,700 against Rs. 1,49,370 in the budget, being Rs. 45,330 in excess. The increase is mainly due to calculation of the cess at re-settlement rates.

3. *Tolls under Act V of* 1884.—Only Rs. 46,500 are expected to be realised under this head against the budget estimate of Rs. 54,400. The decrease is due to receipts from the gates opened in November 1894 having fallen below the estimate and also to a considerable decline in the rent of the other gates. As it was not possible to repair several of the roads damaged by the floods of November 1893 until the close of the last year, the contractor's income suffered in the meanwhile and consequently the bidders being frightened there was low bidding at the last auction sale of the gates. It is, however, expected that next year will show an increase.

4. (*c*) *House-tax.*—A decrease of Rs. 200 is expected under this head. The decrease occurs under the Musiri taluk board which proposes to exempt some of the hamlets in the Kulittalai union from the operation of the tax.

5. (5) (*c*) *Market rents.*—An increase of Rs. 1,000 is expected under this head. The increase occurs under the Musiri taluk board, whose markets fetched in the last sale more than what was estimated in the budget.

6. (*h*) *Fishery rents.*—A decrease of Rs. 2,500 occurs under the Trichinopoly taluk board and is attributed to loss sustained by renters in previous years which resulted in want of competition at the last lease.

7. (6) *Public Works*—(*d*) (3) *Contribution from Private Individuals.*—The decrease under this head is mainly due to the inhabitants of Kuttapur village, Trichinopoly taluk, having declined to pay the contribution promised by them for the purpose of sinking a well in their village. In consequence, the above work for which provision was made in the current year's budget has been abandoned.

8. (*f*) *Miscellaneous.*—The amount entered against this item represents the recovery from Local Fund Public Works contractors on account of fines and forfeitures of deposits.

9. (9) *Allotments from the District Funds.*—Of the sum of Rs. 15,360 entered against this item Rs. 11,510 were sanctioned in the current year's budget and Rs. 3,850 subsequently in G.O., Mis., No. 1405 L., dated 10th August 1895, on account of special repairs to road No. 18, Lower anicut to Vellar anicut belonging to the Ariyalúr taluk board.

10. The total receipts of the year including the opening balance and receipts under debt heads amount to Rs. 3,24,950 as against Rs. 2,98,940 anticipated in the budget and Rs. 3,15,092, the actuals of the previous year, which latter includes a sum of Rs. 20,576 being receipts under "Miscellaneous Debt Accounts."

B.—Expenditure.

11. *Grant I, Public Works*—(*a*) *New Works*—(1) *Communications—District Board.*—The work of constructing a bridge (Kuttuvari bridge) across a stream on road No. 11 (Trichinopoly-Karúr) provided for at a cost of Rs. 9,300 in the current year's budget is proposed to be carried out next year, and provision has been made for it in the next year's budget. An estimate for this work was forwarded to the Superintending Engineer, VI Circle, in May last for the purpose of obtaining the sanction of Government. The estimate is still undergoing revision in the Superintending Engineer's office, and as it will probably take some time before the sanction of Government is received, even if the estimate requires no further alteration, there is little possiblity of the work being undertaken during the year. It is, however, proposed to utilise the allotment on account of this work in making special repairs to roads Nos. 7 and 11, Trichinopoly-Tanjore and Trichinopoly-Karúr respectively during the current year.

12. (2) *Civil Buildings.*—Rs. 900 were subsequently allotted under this head mainly on account of the incomplete works of last year.

13. (3) *Miscellaneous Public Improvements.*—The taluk boards subsequently allotted Rs. 2,993 for making improvements to markets. The Trichinopoly taluk board expects a short expenditure of Rs. 500 as the work of sinking a well in the village of Kuttappar will not be taken up for reasons explained in paragraph 7 *supra.*

14. (*b*) (1) *Repairs, Communications.*—Subsequent allotments amounting to Rs. 15,904 were sanctioned chiefly on account of the incomplete works of last year, and for special repairs to roads Nos. 7, 11 and 18, Trichinopoly-Tanjore, Trichinopoly-Karúr and Lower anicut to Vellár anicut respectively.

15. (3) *Miscellaneous Public Improvements.*—Rs. 2,958 were subsequently allotted on account of avenues and Rs. 1,039 for repairs to markets.

16. (*c*) (3) *Establishment—Tolls and Ferries.*—The amount entered against this item represents the cost of the departmental management of three of the toll-gates recently opened in the district.

17. (*f*) (3) *Contributions to Municipalities for tolls.*—The decrease is due to fall in the rent of the toll-gates—*vide* paragraph 3 *supra.*

18. *Grant II, Education*—(*d*) *Elementary Schools, Salary-result System—Salaries of Masters, fixed.*—The Trichinopoly taluk board expects a decrease of Rs. 330 under this head. This is due to revision in the pay of the establishment made in the course of the year.

19. *Grant III, Medical*—(*a*) *Hospitals and Dispensaries*—(7) *Medical Pupils.*—The increased allotment of Rs. 150 under this head is due to the district board having founded a scholarship of Rs. 25 per mensem since 1st October last in connection with the Countess of Dufferin's Fund, Madras.

20. (*c*) (5) *Sanitation—Other Sanitary Outlay.*—The amount of Rs. 360 entered against the district board under this head represents the cost of the employment of two Sanitary Inspectors sanctioned in G.O., Mis. No. 2163 L., dated 16th November 1895.

21. (*e*) (2) *and* (3) *Choultries—Feeding Travellers and Contingencies.*—The Ariyalúr taluk board expects a decrease under these heads apparently owing to the improved state of season and consequently to a decline in the number fed.

22. The total expenditure as per revised estimate exclusive of allotments from the district funds amounts to Rs. 2,82,110. The year closes with a balance of Rupees 42,840 against Rs. 24,080 anticipated in the budget.

BUDGET ESTIMATE FOR THE OFFICIAL YEAR 1896–97.

A.—Receipts.

23. (1) *Rates and Taxes*—(*a*) *Cess on Land.*—A statement showing the demand, collection and balance for 1896–97 furnished by the Collector is appended. The increase is mainly due to re-settlement of land revenue in the district which is now in progress.

24. (*b*) *Tolls.*—As the amount of receipts from the new toll-gates was over-estimated in the current year's budget, credit has been taken only for a sum of Rupees 50,450 for the next year. This exceeds the current year's receipts as per revised estimate by Rs. 3,950.

25. (*c*) *House-tax.*—There is an increase as compared with the budget and revised estimates of the current year. The increase occurs under the Ariyalúr taluk board, which has the largest number of unions in the district.

26. (2) (*a*) *Education—School-fees.*—A small increase is expected by each taluk board.

27. (3) (*b*) *Contribution from Private Individuals and* (*e*) *Miscellaneous.*—The Musiri taluk board has, as usual, taken credit for Rs. 300, subscription on account of the reading-rooms attached to the Kulittalai school, and Rs. 10, realization anticipated from the sale of newspapers received for the reading-rooms.

28. (5) (*c*) *Miscellaneous—Market Rents.*—The increase as compared with the budget figure occurs under the Musiri taluk board. The want of competition in the sale of the markets under the latter board referred to in the current year's budget report has to some extent diminished.

29. (*f*) *Fees and Fines.*—The amount estimated is slightly in excess of the figure adopted in the current year's revised estimate.

30. (*h*) *Fishery Rents.*—The decrease occurs under the Trichinopoly taluk board and is due to the cause stated in paragraph 6 *supra.*

31. (*i*) *Avenues.*—Both the Trichinopoly and Ariyalúr taluk boards expect a small increase under this head.

32. (6) *Public Works*—(*d* (3) *Contributions from Private Individuals.*—The district board has taken credit for a sum of Rs. 8,000 being the probable cost of the formation of a road from Marungápuri to Puttanattam on road No. 14, Manapparai to Tuvarankurichi. The proposed road will benefit the Marungápuri zemindari, an estate under the management of the Court of Wards in this district. The Collector and Agent to the Court of Wards has recommended the formation of the road from the funds of the estate and the Court has called for an estimate of the work which will shortly be prepared. As the Court is likely to sanction the work, and as the road will, after its formation, be maintained from local funds, the Collector has proposed that the execution of the work be undertaken by the district board to which the money will be made over. The district board accedes to the request and has made provision for the work accordingly.

The Trichinopoly taluk board has taken credit for a sum of Rs. 600 being the contribution promised by certain villagers for the formation of a road along the Murugarai bank.

33. (*f*) *Miscellaneous.*—The source of income under this head is explained in paragraph 8 *supra.*

34. (7) *Contributions from Provincial Funds*—(*a*) *Education.*—The figures advised by the Educational department have been adopted.

35. (9) *Allotments from the District Fund.*—In addition to Rs. 2,190 usually placed at the disposal of taluk boards for education as per G.O., No. 2055 L., dated 25th August 1891, a contribution of Rs. 1,000 has been made to the Ariyalúr taluk board to enable it to make some progress with the construction of the Turaiyur-Perambalúr road, and a further contribution of Rs. 800 has been made to the Trichinopoly and Ariyalúr taluk boards—Rs. 400 to each—to raise the provision made by them on sanitation.

36. *Total Receipts.*—The total receipts of the year, excluding the allotments from the district to taluk funds, are estimated at Rs. 2,98,830, which, together with the opening balance, amounts to Rs. 3,41,670 as follows:—

	Rs.
District Board	1,82,950
Trichinopoly taluk board	43,080
Musiri " "	63,580
Ariyalúr " "	52,060
Total ..	3,41,670

B.—Expenditure.

37. *Grant I, Public Works*—(*a*) *New Works*—(1) *Communications.*—Provision has been made for the construction of the Kattuvari bridge on road No. 11, Trichinopoly-Karúr, referred to in paragraph 11, as well as for the formation of Marungápuri-Puttanattam road referred to in paragraph 32. It is also proposed to gravel a portion of ferry road No. 15, Ariyalúr-Tirumanur, and to covert a road dam into an Irish bridge in the first mile of the same road. Provision is also made for the construction of a village road from Settikulam to road No. 3, Trichinopoly-Madras. The above are all district board roads.

The Trichinopoly taluk board has made provision for the formation of a road along the Murugarai bank towards which a contribution of Rs. 600 is expected—*vide* paragraph 32. The Musiri taluk board has provided Rs. 3,000 towards the incomplete road from Turaiyúr to Perambalúr. The Ariyalúr taluk board intends to spend Rs. 1,000 towards the same road. It also proposes to improve certain feeder roads from market funds.

38. (2) *Civil Buildings.*—It has been considered desirable to recommend the conversion of the Kulittalai dispensary into a primary school and to build a new dispensary, Rs. 2,000 having been collected for the purpose. The taluk board president and the district board members present, who are also members of the Musiri taluk board, express their opinion that the dispensary should be constructed in 1896–97, as sufficient funds will be available out of taluk board reserve and balance. The district board thinks it better not to make provision in the budget now under consideration as the matter has not been considered by the taluk board as a body, but resolves to recommend the matter to the consideration of the taluk board.

39. (3) *Miscellaneous Public Improvements.*—The Musiri taluk board proposes to construct tiled sheds in some of its markets at a cost of Rs. 5,600. From the endowment statement it will be seen that funds are available to the credit of the markets concerned, except the market at Tuvarankurichi, to which the taluk board proposes to transfer Rs. 445 from the balance to the credit of the market at Manapparai situated in the same taluk. The Ariyalúr taluk board has provided Rs. 1,100 for making certain improvements to the markets at Ariyalur and Andimadam and for the cost of acquiring a site for the market at Jayankondasólapuram. The markets concerned have sufficient funds for the respective purposes.

40. (*b*) (1) *Repairs, Communications.*—The district board has raised the maintenance allotments of some of its important roads by Rs. 2,210. It also proposes to spend Rs. 15,000 in making special repairs to roads Nos. 4, 5, 7 and 11, Trichinopoly-Mannárgudi, Trichinopoly-Grand anicut, Trichinopoly-Tanjore and Trichinopoly-Karúr, respectively. Of the above roads the last three were considerably damaged by the floods of November 1893 and the repairs proposed are necessary.

There is an increase in the maintenance allotments of roads under all the taluk boards. The Ariyalúr taluk board proposes to meet Rs. 1,315 of the maintenance cost from market funds as some of the roads are market feeder roads. The markets concerned have sufficient funds. The Trichinopoly taluk board proposes to spend Rs. 2,000 in making special repairs to road No. 23, Trichinopoly-Mullikarumbur.

In G.O., No. 1686 L., dated 14th September 1895, Government has ordered that not less than one-half of the estimated income from land-cess *plus* the anticipated net receipts from tolls should be allotted for communications in local fund budgets. If to the sum of Rs. 89,410, which is one-half of the estimated income from land-cess in this district, be added Rs. 38,700, which is the amount of net receipts from tolls, the total is Rs. 1,28,110. The amount allotted in the budget for communications under "New works" and "Repairs" is Rs. 1,32,780. Further, a sum of Rs. 2,110 will, as usual, be paid as contributions to the Pudukkóttai State and to the Trichinopoly municipality for the maintenance of roads, from local funds, and this together with the above sum makes a total of Rs. 1,34,890. Though the latter figure includes a sum of Rs. 13,800 being the amount proposed to be spent on constructions and repairs of bridges, still, as the bridges may be regarded as forming part of roads, the whole amount of Rs. 1,34,890 may be taken as representing outlay on communications. In addition to the above sum a considerable portion of the reserve will be spent on roads. It will thus be seen that full allotment has been made for communications. Taking the district as a whole it is proposed to spend Rs. 80,770 on ordinary maintenance repairs as against Rs. 75,480 provided in the budget for the current year.

41. (3) *Miscellaneous Public Improvements.*—Rs. 5,850 have been provided on account of maintenance of avenues and the rearing of young plants. The Musiri and Ariyalúr taluk boards intend spending Rs. 550 and Rs. 1,150, respectively, towards repairs to markets.

42. (*c*) *Establishment*—(2) *Scrutiny of Plans and Estimates.*—The sum of Rupees 300 provided under this head represents the charge for scrutiny of the estimate for the Marungápuri-Puttanattam road referred to in paragraph 32.

43. (3) *Local Fund Engineering Establishment.*—The Local Fund Engineer reports that the work in Trichinopoly taluk is too heavy for one overseer, and recommends the employment of two overseers for the same taluk. I agree with him. The present sanctioned pay for the post of overseer of this taluk is Rs. 80 *plus* a fixed allowance of Rs. 30 per mensem. The Engineer proposes the employment of two overseers on a pay of Rs. 40 *plus* an allowance of Rs. 15 per mensem for each. The proposal will therefore involve no extra cost in the pay and allowance of overseers. It will, however, necessitate the appointment of a clerk on Rs. 15 per mensem and a lascar on Rs. 6 per mensem for the office of the additional overseer proposed. The district board supports the Engineer's proposal and has made provision for it in the budget. It also proposes to raise the pay of the Accountant in the Engineer's office from Rs. 30 to Rs. 35 as he has responsible duties to perform and has had an experience of twelve years in the department, of which during the last four years he has held his present post on the same pay. Last month the Assistant Inspector of Local Fund Accounts, Mr. Brito, spoke to me in favourable terms of his work.

44. (*d*) *Tools and Plant and* (*e*) *Contingencies.*—Increased provision has been made against each. As large plantations of avenues have been made on roads, additional water-carts are needed. It is also proposed to repair the existing ones. The Engineer reports that the allotment of Rs. 1,500 under contingencies is inadequate and requests that it be raised to Rs. 1,700. It is proposed to purchase an estimating book for the use of the office of the Engineer.

The provision against these items as well as that against "Local Fund Engineering Establishment" has been distributed among the local boards in accordance with the instructions given in G.O., No. 1942 L., dated 5th August 1890.

45. (*f*) (3) *Contributions to Municipalities.*—Provision has been made for the usual contributions to the Trichinopoly and Srírangam municipalities for tolls and to the Trichinopoly municipality for the maintenance of the race-course road.

46. (4) *Private Individuals.*—The amount entered against this item represents the contribution usually paid to the Pudukkóttai State by the district and Trichinopoly taluk boards for the maintenance of the British portions of the Trichinopoly-Pudukkóttai and Iluppúr-Viralimalai roads respectively.

47. *Grant II, Education*—(*a*) *Inspection.*—The budget provision of the current year has been repeated for the next year. It is proposed to furnish each inspecting schoolmaster with a copy of the "Census of 1891, Taluk and Village Statistics."

48. (*c*) *Sessional Schools.*—Rs. 990 have been provided under this head as recommended by the Director of Public Instruction. The following are the details:—

		Rs.
A teacher on Rs. 20 per mensem for twelve months	.. ..	240
Twelve stipends of Rs. 5 each for three schools for four months $12 \times 5 \times 3 \times 4$	.. ..	720
Contingencies	.. ..	30
	Total ..	990

The school will be worked at three centres for four months at each centre.

49. (*d*) *Elementary Schools, Salary-result System* — (1) *Salaries of Masters, fixed.*—Rs. 11,160 are provided against Rs. 11,100 entered in the current year's budget. There is a decrease in the Trichinopoly taluk owing to revision in the pay of teachers—*vide* paragraph 18. There is some increase in the provisions made by the other taluk boards. The Musiri taluk board proposes to raise the pay of the headmaster of the Board school at Manapparai by Rs. 2 as the average daily attendance of the school has improved. The increase is also recommended by the educational officers. The Ariyalúr taluk board has abolished the school at Agalur on the ground of poor attendance and has started a girls' school at Jayankondasólapuram. Provision has been made for the pay of a mistress on Rs. 10 and of a second master on Rs. 5. On the recommendation of the Inspectress of Girls' schools provision has also been made to raise the pay of the third mistress of the girls' school at Perambalúr from Rs. 3 to Rs. 5. An additional teacher on Rs. 3 is proposed to be appointed for the school at Tirumanur as the strength of the school has increased.

50. (2) *Clerks and Servants.*—The Trichinopoly taluk board has made provision to raise the pay of the peon of the Primary school at Lalgudi by Re. 1 apparently on the ground that his present pay of Rs. 3 per mensem is low. A similar increase of one rupee is recommended by the Musiri taluk board in the pay of the peon of the Primary school at Kulittalai whose present pay is also Rs. 3 per mensem. The Ariyalúr taluk board has made provision for a conductress to the girls' school at Jayankondasólapuram on Rs. 2 per mensem.

51. (3) *Miscellaneous.*—The increase under this item is due to provision having been made for the supply of furniture to some of the schools under Musiri and Ariyalúr taluk boards. The latter board has also made provision for the purchase of two copies of *Vivakachintamani* for the use of its girls' schools and for payment of house-rent to the schools at Palaiyam and Tirumalavadi.

52. (*f*) *Grants-in-aid*—(2) *Results Grants.*—The Musiri and Ariyalúr taluk boards have made increased provision under this head as recommended by Educational officers.

53. (4) *Miscellaneous Grants.*—Only the Musiri taluk board has made a provision of Rs. 50 under this head. The other taluk boards have not been able to make any provision for want of funds.

54. (*h*) *Miscellaneous*—(1) *Purchase of books.*—As a large stock of books remains yet unsold with the inspecting schoolmasters and as these officers will soon be furnished with an additional supply, a provision of Rs. 300 for the purchase of books is sufficient.

55. The assignment for Grant II amounts to Rs. 32,190 against Rs. 31,580 in 1895–96 and Rs. 31,110 in 1894–95.

56. *Grant III,* (*a*) *Hospitals and Dispensaries*—(3) *Clerks and Servants.*—There is an increase under all the taluk boards. Two compounders under the Trichinopoly taluk board having put in five years' service, they are eligible for an increase of pay of Rs. 3 each, and as the District Surgeon recommends the increase, provision has been made accordingly. The Ariyalúr taluk board has made provision to raise the pay of the compounder of the Udaiyárpálaiyam dispensary from Rs. 12 to Rs. 15 as he has put in a service of eleven years. The Trichinopoly taluk board proposed to raise the pay of the surgery cooly of the Iluppúr dispensary from Rs. 5 to Rs. 6, but this was disallowed by the district board as he gets now as much pay as the surgery coolies in the other dispensaries in the district, and the District Medical and Sanitary Officer did not recommend any increase for this particular man. The pay of the sweeper of the Lalgudi dispensary is proposed to be raised from Rs. 3 to Rs. 4 as he has to look after the dispensary garden. Provision has also been made to raise the pay of the sweeper of the Kulittalai dispensary from Rs. 3 to Rs. 4 as no competent sweeper can be had for Rs. 3.

57. (4) *Diet of patients.*—Rs. 300 have been provided by the Ariyalúr taluk board with reference to actual requirements.

58. (5) *Medicines and Surgical instruments.*—At the instance of the District Medical Officer, all the taluk boards have increased their provision under this head.

59. (7) *Midwives and Midwifery pupils.*—The increase under this head is due to larger provision having been made for the remuneration of midwives for cases of labour.

60. (8) *Medical pupils.*—The increase of Rs. 300 is due to expenditure on account of the Dufferin's Fund scholarship referred to in paragraph 19.

61. (10) *District Medical and Sanitary Officer's Establishment, &c.*—The increase is partly due to payment of a house-rent of Rs. 9 per mensem for the office of the District Medical and Sanitary Officer. It is also proposed to increase the pay of the District Medical Officer's clerk from Rs. 25 to Rs. 30, as the present clerk has twelve years' service, and he has had no increase of pay since April 1890, and the work tends to increase from year to year.

62. *Itinerating Medical Establishment.*—A sum of Rs. 350 has been provided with reference to actual requirements.

63. (13) *Contingencies.*—Provision has been made by all the taluk boards to furnish each dispensary with a copy of the following books:—

(1) Falconer's Manual for Pupil Midwives (V edition).
(2) Waring's Bazaar Medicines.
(3) Madras Nursing Manual.

64. (*b*) *Vaccination*—(1) *Fixed Charges.*—The district board has made provision to raise the pay of the peon of the deputy inspector of vaccination from Rs. 6 to Rs. 7 as the peon has to be constantly on circuit with the deputy inspector, who has to superintend the vaccine operations of the whole district.

65. (*c*) *Sanitation.*—Rs. 22,510 have been provided under this head against Rs. 18,620 in 1895–96. The increase is mainly due to the proposal of the Ariyalúr taluk board to purchase dust-bins, night-soil carts and zinc latrines for their unions and to provision having been made by the district board for the employment of two sanitary inspectors on Rs. 45 each throughout the year. The district board has also allotted further grants to the Trichinopoly and Ariyalúr taluk boards, in which the sanitary inspectors will be employed in order that they may have some funds

with which to carry out sanitary improvements recommended in order to make the scheme a success if possible. The Ariyalúr taluk board proposes to abolish the conservancy establishment in the villages of Andimadam and Siruvachur as there is nobody to supervise them and to employ two sweepers on Rs. 3 each for the village of Arumbavur which is very dirty. The unions under the Ariyalúr taluk board propose to revise the conservancy establishments maintained by them with a view to increase the number of scavengers by reducing the number of sweepers.

The Trichinopoly taluk board proposes to raise the number of scavengers and night-soil carts in its unions, to appoint a scavenger on Rs. 4 for Iluppur, and to construct a latrine in each of its unions. It also proposed to abolish the sweepers employed in Kannanur and seven other villages on the ground that there was nobody to supervise them. The district board has, however, vetoed the proposal as one of the sanitary inspectors that will soon be employed will be directed to supervise their work.

In G.O., No. 1791 L., dated 30th September 1895, Government has called for information as to whether the "Scavenging and sweeping establishments" in unions and other villages are employed in merely removing ordinary rubbish from village-sites or whether any of them are specially maintained to clear away fœcal matter. From the reports received from the presidents of taluk boards, it appears that in all unions scavengers have been specially maintained to clear away fœcal matter and that elsewhere the establishment is employed in removing rubbish only from village-sites. The district board, whose attention was drawn to the matter some time ago, is of opinion that the number of the existing sweepers may be considerably reduced and scavengers appointed in their stead as the latter may be employed in removing rubbish as well as fœcal matter. It has since received proposals to that effect from the District Medical and Sanitary Officer; but as it is desirable to give the taluk boards an opportunity for discussion, the question will be referred to them and it is hoped that more energetic action in the matter will soon be taken.

66. (*d*) *Markets*—(2) *Contingencies.*—The decrease mainly occurs under the Ariyalúr taluk board owing to the absence of provision for watering and rearing the young trees planted by it in the Ariyalúr market as they no longer require special establishment on that account.

67. (*e*) *Choultries*—(1) *Establishment.*—The slight increase is due to provision having been made by the Musiri taluk board to pay the temporary water-carriers of the Kallupatti and Tirumalai Pillai chattrams at Rs. 6 each per mensem. These men are paid Rs. 5 at present, and they are entertained only for four months a year during the hot season.

68. (*f*) *Public Bungalows.*—The Musiri taluk board proposes to employ a watcher on Rs. 2 per mensem for the bungalow at Manáppárai and has made provision accordingly.

69. (*g*) (3) *Contributions to Municipalities.*—The decrease is due to the absence of arrear contributions, it having been originally intended to reduce the contributions to the two municipalities, which were accordingly not fully paid during the previous year (1894–95). During the current year, however, the Trichinopoly taluk board resolved to give the full contributions with arrears. The Trichinopoly taluk board has raised the contribution to the Srírangam municipality for the annual festival by Rs. 50 in view of the improved sanitary arrangements at the festival.

70. (*h*) (3) *Miscellaneous.*—The Musiri taluk board has reduced its provision with reference to the remark made by Government in the current year's budget that provision for lighting should be made with caution. The Ariyalúr taluk board proposed to increase the number of lights in the Kurumbalur and Perambalúr unions and for replacing the wooden lantern posts which have become rotten in the Ariyalúr union by stone ones. In the face of the Government Order just referred to, the district board has resolved not to sanction the increased number of lights in Kurumbalur and Perambalúr unions. It is true that increased receipts have come in with increased house-tax, raised to full rates, but it is considered that increased income will be best spent on improved sanitation.

71. *Grant IV, Miscellaneous*—(*a*) (1) *Controlling Establishment at the Presidency.*—The amount entered against this item has been calculated at the rate advised in G.O., No. 2190 L., dated 19th November 1895.

72. (2) *Printing work done at the Government Press.*—The provision made against this item has been calculated on the actuals of the last year.

73. (*b*) *Establishment in the Collector's Office, &c.*—The increase is due to provision having been made for raising the pay of the second local fund accountant in the Collector's office from Rs. 15 to Rs. 20. The Treasury Deputy Collector, Trichinopoly, under whom the accountant works, recommends the increase, and as the pay of the second accountant in adjoining districts is not less than Rs. 20, the district board has sanctioned the increase. Provision has also been made for the entertainment of special local fund gumastahs as permitted by G.O., Mis. No. 1374 L., dated 6th August 1895, in the Trichinopoly, Musiri and Udaiyarpalaiyam taluk offices, one at each. The work in the above taluks is heavier than in the other of the taluks, and an extra gumastah is considered desirable to allow of local fund works being promptly attended to.

74. (*c*) *Local Board's office establishments.*—The district board has made provision to raise the pay of its head clerk from Rs. 60 to Rs. 70. Government raised the pay of the head clerk to Rs. 70 in G.O., Mis. No. 4 L.F., dated 9th April 1885, but the district board has been paying only Rs. 60 since January 1890, *vide* paragraph 59 of the local fund budget report for 1890–91 reviewed in G.O., No. 413 L., dated 26th February 1890. The work in the district board's office has considerably increased since that time, and is likely to increase further as the re-settlement of the district will bring larger receipts to local funds and with that greater expenditure. In view, therefore, of the increase in, and responsibility of, the work, the district board is of opinion that the pay should be Rs. 70 as before and has made provision accordingly. The Trichinopoly and Ariyalúr taluk boards propose to increase the pay of their peons who get no pension from Rs. 6 to Rs. 7. It is desirable to place these peons somewhat on a level with those in the Collector's and Divisional offices where they are paid not less than Rs. 7. The Trichinopoly taluk board also proposes to raise the pay of its clerk from Rs. 20 to Rs. 25, but this was disallowed by the district board on the ground that work is not so heavy in this taluk board as in the other taluk boards in the district and the present clerk has had less than two years' service. Provision has been made to raise the pay of the attender of the Ariyalúr taluk board's office from Rs. 7 to Rs. 8, which is the pay the attenders in the other taluk boards get. The Ariyalúr taluk board has also made provision to raise the pay of the Jayankondasolapuram union clerk from Rs. 8 to Rs. 10. The Musiri taluk board has made provision for the employment of bill collectors on Rs. 6 in its unions —temporarily for six months in the Kulitalai and Musiri and permanently in the remaining unions. As house-tax has been levied at the maximum rates since the beginning of the current year, the amount to be collected has increased, and the chairmen of the unions concerned find it difficult to collect them without the aid of a special agency for the purpose. Bill collectors are specially employed in the unions under the Trichinopoly taluk board, but they are not allowed any fixed pay, a commission of 5 per cent. being allowed on the amount collected. The cost of the proposed staff under the Musiri taluk board slightly exceeds 5 per cent. of the estimated receipts under house-tax, but there will be full-timed bill collectors at the disposal of the unions concerned. In the unions under the Ariyalúr taluk board, the union clerks and sanitary maistries are employed in collecting the tax, but it is a matter for consideration whether this does not seriously interfere with their duties. It is in any case desirable to have some uniformity in the matter and steps will soon be taken towards this end. As the work of collection, if properly done, will only take up their time for a small portion of the year, they should be available for other purposes connected with the sanitation, &c., of the unions.

75. (*d*) *Contingencies*—(6) *Miscellaneous.*—The district board has made provision for the purchase, as usual, of the *Journal of Education*, the *Indian Medical Gazette*, and *Maharani*. The Musiri taluk board has made provision for the purchase of two copies of the "Census of 1891, Taluk and Village Statistics," five copies of the

"Local Boards Act V of 1884," and five copies of "Gopal Das's Tables." The Ariyalúr taluk board has made provision for the purchase of the *Journal of Education*, the *Maharani* and a copy of the "Madras Educational Rules."

76. *General Remarks.*—The year is expected to close with a balance of Rupees 16,680, of which Rs. 9,290 will be available for general purposes. There will be a reserve of 10 per cent. of the estimated receipts under each board, but it has been found impossible to have a balance of 5 per cent. except under the Musiri taluk board.

From J. ANDREW, Esq., President, District Board, Trichinopoly, to the Chief Secretary to Government, dated 30th December 1895, Dis. No. 514.

In continuation of my letter, dated 14th instant, Dis. No. 498 of 1895, I have the honour to submit herewith the road map and the subsidiary statements.

2. In the abstract of the budget estimate for 1896–97 sent with the above letter a sum of Rs. 1,430, being the contribution from the general revenues of the Musiri Taluk Board to the marginally noted endowed institutions under its control, was omitted to be shown under endowment receipts. I submit herewith a revised abstract in which the above omission has been supplied and request that this abstract be ordered to be substituted for the one already sent. According to the revised abstract, the closing balance under endowments against the Musiri Taluk Board is Rs. 3,160 and the general balance is Rs. 4,100, against Rs. 1,730 and Rs. 5,530, respectively, shown in Statement I-B. I request that the necessary corrections be ordered to be made in the latter statement.

		Rs.
* Kulittalai Reading-room	.. ..	30
" Dispensary	.. ..	1,400
Total	..	1,430

From the Hon'ble Mr. D. DUNCAN, M.A., D.Sc., Director of Public Instruction, to the Chief Secretary to Government, dated Madras, 15th January 1896, No. 300.

With reference to the educational portion of the budget estimate of the Trichinopoly District Board for 1896–97, I have the honour to state that I approve of the proposals of the board subject to the following remarks.

2. *Receipts.*—(i) Credit is taken for Rs. 100 as building grant from Provincial funds, but it is not clear whether any corresponding provision has been made under Grant I.

(ii) The grant for education is given in Statement I-A as Rs. 3,180 and in Statement IV-A as Rs. 3,160.

3. *Charges.*—(i) Rs. 50 are provided for miscellaneous grants. I would strongly recommend that Rs. 300 be allotted for building and Rs. 250 for furniture grants, or an addition of Rs. 500 under grants-in-aid.

(ii) The net expenditure on education will be Rs. 22,210 (32,690—10,480), which is only 12·4 per cent. of the estimated income from the land-cess. I think that the board ought to devote a larger percentage of its revenues from land-cess to educational purposes, and, if approved by Government, would recommend that the allotment for results grants be increased to Rs. 8,000, so as to allow of a larger percentage of the net cost being assigned to each school for the ensuing year than was found possible during the year 1894–95.

(iii) It is observed that, while the Trichinopoly and Musiri Taluk Boards provide results stipends at the standard rates for the Panchama and other backward classes, the Ariyalúr Taluk Board proposes only 75 per cent. I would strongly recommend that the standard rates be adopted by this board also.

From Surgeon-Lieutenant-Colonel W. G. KING, M.B., C.M., D.P.H., Sanitary Commissioner for Madras, to the Chief Secretary to Government, dated Fort St. George, 28th January 1896, No. 174-S.

With reference to the budget estimate of the Trichinopoly District Board for 1896–97, I have the honour to offer the following remarks:—

(1) The increase proposed in paragraph 64 of the President's letter to the salary of the peon of the Deputy Inspector of Vaccination has my approval.

(2) The proportion of the sanitary grant to total available receipts cannot be stated, as the latter are nowhere shown.

(3) As I see no works proposed under Grant I for giving the rural populations the benefits of a protected water-supply, I would advise that the allotment made for the "Improvement of water-supply" under Grant III (Rs. 3,550) be raised, and that the District Sanitary Officer be consulted in regard to the selection of works.

(4) Statement VI does not detail the scavenging establishments to be employed in the villages proposed to be conserved. I am therefore unable to judge of their suitability, or otherwise. Where night-soil conservancy is attempted, I would recommend that toties be employed in the proportion of two for every 1,000 of the living, and that night-soil carts of 100 gallon capacity be provided at one for every 3,000.

(5) The efforts of the board in the matter of conservancy, as shown by the President's remarks, are in the correct direction, and betoken a considerable improvement on the state of affairs hitherto existing. The experiment of appointing certificated sanitary inspectors is an important step, that has already received the approval of Government.

ORDER—No. 287 L., dated 12th February 1896.

The estimated local fund receipts and charges of the Trichinopoly district for 1896–97, as passed by Government, are compared below with the budget and revised estimates for 1895–96 and the actuals of 1894–95:—

REVISED ESTIMATE FOR 1895–96.

2. The current receipts and charges are now estimated at Rs. 2,63,710 and Rs. 2,82,110, respectively, against Rs. 2,48,040 and Rs. 2,74,860 anticipated in the sanctioned budget. The increase in the receipts occurs chiefly under land-cess and miscellaneous debt accounts, being partly counterbalanced by a decline under tolls, while the increase in the charges appears mainly under Grant I and miscellaneous debt accounts, being partially met by a decrease under the reserve. The sanction of Government should be obtained for the exemption of some of the hamlets in the Kulittalai Union from the payment of house-tax. The entertainment of a tank watcher on Rs. 2 per mensem in the Tachankurichi village, which is shown in the proposition statement for 1895–96, but not referred to in the President's first letter, is sanctioned.

BUDGET ESTIMATE FOR 1896–97.

3. *Receipts.*—The receipts for the ensuing year are estimated at Rs. 2,98,830 against Rs. 2,63,710 in the revised estimate for the current year, the increase appearing chiefly under land-cess, tolls and public works. Notwithstanding the remark in paragraph 3 of G.O., No. 345 L., dated 25th February 1895, enhanced provision has been made under allotments from taluk to union funds. Efforts should be made in the course of the year either to increase the receipts in unions or to reduce the expenditure in them, so that the contributions, which will otherwise have to be made from taluk funds, may be available for expenditure in non-union areas. The President will be requested to explain the discrepancies noticed by the Director of Public Instruction in paragraph 2 of his letter read above.

4. *Charges.*—(1) The probable charges are put down at Rs. 3,26,210 against Rs. 2,82,110 in the revised estimate, the increase occurring mainly under Grant I and the reserve.

(2) *Grant I.*—No expenditure should be incurred on any of the new works for which provision has been made in the budget until the plans and estimates are sanctioned by competent authority. The alterations in, and additions to, the local fund engineering establishment proposed in paragraph 43 of the President's first letter are sanctioned.

(3) *Grant II.*—The entertainment of a teacher on Rs. 20 per mensem for the sessional school is sanctioned. The recommendations of the Director of Public Instruction in clauses (i) and (ii) of paragraph 3 of his letter must be disallowed for want of funds, but his suggestion in clause (iii) will be referred to the Ariyalúr Taluk Board for consideration.

(4) *Grant III.*—The remarks of the Surgeon-General on the allotment for medical services will be awaited. The alterations in the vaccine and conservancy establishments proposed in paragraphs 64 and 65, respectively, of the President's first letter, are sanctioned. The President's attention will be drawn to the omissions noticed by the Sanitary Commissioner in clauses (2) and (4) of his letter read above. The suggestion made by Dr. King in clause (3) must be disallowed for want of funds and his recommendation in clause (4) will be referred to the taluk boards for consideration. The entertainment of a watchman on Rs. 2 for the bungalow at Manappárai is sanctioned. There is an increase in the proposed expenditure on lighting in several of the unions in spite of the remark in paragraph 41 of G.O., No. 2323 L., dated 29th November 1895, with reference to which it will be disallowed, except the cost of replacing the decayed lantern-posts in Ariyalúr, the budget figures for 1895–96 being substituted. Thus there will be a reduction of Rs. 320 in the contribution from taluk board funds, which will now be available for general purposes.

(5) *Grant IV.*—The alterations in, and additions to, the office establishments, proposed in paragraphs 73 and 74 of the President's first letter, are sanctioned, except the entertainment of special local fund gumastahs in certain taluk offices, in regard to which a separate communication should be submitted clearly indicating the amount of work which would fall upon each of them, in order to satisfy Government that there is sufficient employment to occupy the whole time of a clerk.

5. *Reserve and Balance.*—The reserve will be reduced from Rs. 28,500 to Rupees 26,900 (Rs. 16,370 under the district and Rs. 10,530 under taluk funds), being 10 per cent. of the estimated receipts, excluding those of the unions and endowed institutions. The budget, as revised by Government, closes with a balance of Rs. 17,380,

No. 287 I., 12TH FEBRUARY 1896.

of which Rs. 370 appertain to unions and Rs. 8,450 to endowed institutions, leaving Rs. 5,560, or only 3 per cent. of the receipts, available for general purposes.

Revised Estimate for 1895-96

2. The Current receipts and Charges are now estimated at Rs 263.710 and Rs 282.110, respectively, against Rs 248040 and Rs 274860 anticipated in the Sanctioned budget. The increase in the receipts occurs chiefly under Land Cess, and Miscellaneous Debt Accounts, being partly Counterbalanced by a decline under tolls, While the increase in the Charges appears mainly under Grant I and Miscellaneous Debt Accounts, being partially met by a decrease under the Reserve. The sanction of Government should be obtained for the exemption of some of the hamlets in the Kulittalai Union from the payment of house tax. The entertainment of a tank watcher on Rs 2 per mensem in the Lachankurichi village to which is shown in the proposition statement for 1895-96 but not referred to in the President's first letter, is sanctioned.

Budget Estimate for 1896-97

3. Receipts The receipts for the ensuing year are estimated at Rs 298.830 against Rs 263,710 in the revised estimate for the current year, the increase appearing chiefly under land cess, tolls and Public Works. ~~It is deemed that~~ Notwithstanding the remark in para 3 of G.O. No 345 L dated 25th Febry 1895, enhanced provision has been made under allotments from Taluk to Union funds. Efforts should be made in the course of the year either to increase the receipts from the Unions Boards or to reduce the expenditure in them, so that the contributions which will otherwise have to be made from Taluk funds, may be available for expenditure in non-Union areas. The President will be requested to explain the discrepancies noticed by the Director of Public Instruction in

Grant III

* There is an increase in the proposed expenditure on repairing boats ~~increased~~ in spite of the remark in para 41 of G.O. No 2323 of 29.11.95, with reference to which it will be disallowed, leaving the budget figures for 95-96 being substituted. Thus there will be a reduction of Rs 575 in the contribution from Tk. Bd funds, which will thus be available for general purposes.

except the cost of replacing the deceased Canteen Peons in Circulars

in para 2 of his letter read above.

4 Charges (1) The probable Charges are put down at Rs 326,210 against Rs 252,110 in the revised estimate, the increase occurring mainly under Grant I and the Reserve.

(2) Grant I. No expenditure should be incurred on any of the new works for which provision has been made in the budget, until the plans and estimates are sanctioned by Competent Authority. The alterations in and additions to the Local Fund Engineering Establishment proposed in para 43 of the President's first letter are sanctioned.

(3) Grant II. The entertainment of a teacher on Rs 20 per mensem for the Sessional School is sanctioned. The recommendations of the Director of Public Instruction in Clauses (i) and (ii) of para 3 of his letter must be disallowed for want of funds.

that his suggestion in clause (iii) will be referred to the Srivaikuntam Taluk Board for Consideration.

(5) Grant IV. The alterations in and additions to the office establishments proposed in paras 73 and 74 of the President's first letter are sanctioned, except as regards the entertainment of special Local Fund Jamadars in certain Taluk offices, and the increase of pay to the Head Clerk of the District Boards in regard to which a separate communication should be submitted, clearly indicating the amount of work which would fall upon each of them Jamadars when it is proposed to employ at the cost of Local Funds, which should be submitted, in order to satisfy Government that there is sufficient employment enough work to occupy the whole time of a clerk. and as regards the Head Clerk of the District

(4) Grant III. The remarks of the Surgeon General and the Sanitary Commissioner on the allotments for Medical services, vaccination and sanitation will be awaited. The entertainment of a watchman on Rs 2 for the bungalow at Manappárai is sanctioned.

The alterations in the vaccine and conservancy establishments proposed in paras 64 and 65, respectively, of the President's first letter are sanctioned. The President's attention will be drawn to the omissions noticed by the Sanitary Commissioner in clauses (2) and (4) of the letter read above. The suggestion made by Dr King in clause (3) must be disallowed for want of funds and his recommendation in clause (4) will be referred to the Taluk Boards for Consideration.

Board's office the Government is of opinion that he is already well paid when compared with the Head Clerks of other District Board's offices.

5. Reserve and Balance. The reserve of Rs 28,500 has been provided but this will be reduced from Rs 28,500 to Rs 26,900 — Rs 16,370 under the District and Rs 10,530 under Taluk funds — being 10 per cent of the estimated receipts, excluding those of pensions and endowed institutions. The budget, as revised by Government, closes with a balance of Rs 17,387, of which Rs 370 appertain to pensions and Rs 8450 to endowed institutions, leaving Rs 8,580 or only 3 per cent of the receipts available for general purposes —
