Office note

To

The President, District Board,
Malabar

With reference to your Endorsement Report on
C. 1966 of 1895 dated 1st August 1895 and subsequent
reminders on the subject, I have the honor to state
that the late acting District Engineer Mr. Underwood
suggested the transfer of the Edappal toll gate from
its present position at $\frac{45}{2}$ mile on road no. 7 to $\frac{47}{2}$
mile on the same road nearer to Ponani with
the view of obtaining an increase in the receipts
from tolls with the stipulation that the increase
thus effected under this head may be transferred
to the Taluk Board for the proper upkeep of the
Kuthiuram Railway feeder road which is always
in a state of disrepair owing to the meagre allotment
for its maintenance. But although this arrangement
benefits the Board in a financial point of view
it would subject the carts passing to and from Kuthi-
uram railway station on the railway feeder road, to
payment of toll dues which is a procedure contrary
to the policy of Government as pointed out in the Pro-
ceedings of the Madras Government (Local & Municipal)
dated 13th July 1895 No. 1222. L. mis. As the transfer
of

If the toll gate to any other place than this
would not in any way enhance the present
receipts in tolls I propose that the present
toll gate be left intact. A detailed plan is
herewith submitted.
