Office of the President, Dist. Board,
Malabar,
Camp Malapuram, 13th June 1895.

H. Moberly Esq.,
President, Dist. Board,
Malabar.

The Chief Secretary to Government,
Local and Municipal Dept.,
Madras.

Sir,

In forwarding herewith copy of Dist. Board's resolution no. 9 passed at its meeting held on the 11th May 1895, I have the honor to request that Government will be pleased to accord its sanction for writing off the accounts the irrecoverable value amounting to Rs 57-4-8 of the tools therein specified which were lent to the Contractors named in the margin by the Enamad Overseer in the years 1889-90 and 1893-94. The Engineer reports that attempts were made by the Overseer appointed to that Taluk from time to time to recover the tools, but in vain, the Contractors having ceased their connection with his Department. He requests therefore that sanction may be obtained for their being written off the tool return.

I have the honor to be,
Sir,

Office note

To,

The President District Board,
malabar.

In reply to your endorsement on Cal. 2837
27
of 95 of 28th December 95 herewith returned, I
have the honor to state that in my Ref. on Cal. 2397
81328
of 25th September 95, I have already expressed
my views in the matter that owing to constant
changes of overseers in Ernad Taluk the res-
ponsibilities descended from one officer to the
other. I now beg to point out that on the
occasion of transfer of an overseer, it is
customary in the Department to hand over to
the relieving officer the receipts of the party con-
cerned for the tools outstanding instead of
the tools themselves for they would be in use
at the different work spots, the party concerned
whether master or contractors who received
the tools being made responsible for them. But
these men at the cessation of their connection with
the Department sometimes fail to return the articles
etc.

from the Cooly labourers employed under them or having lost them somewhere. The overseer for the time being whose duty it is to recover the tools thus outstanding tries to effect it but to no avail, he being suddenly ordered off to another Taluk. The matter now under inquiry is one of such cases. The tools under dispute were given on account of local fund works, but could not be recovered and it would not, I think, be fair to demand any body to make good their value now. I would therefore beg that orders may be obtained to strike them off the 'tools return'. I will issue stringent orders to Sub Divisions to the effect that in future that great care should be taken in the recovery of any tools outstanding on the occasion of transfer of each overseer instead of merely transferring the receipts of the parties as has hitherto been the case.

No. 149

From

The L. J. Overseer

District Taluk

To,

The District Engineer, No. 13

Malabar

Thru

The Assistant Engineer

District Sub Div.

Sir,

With reference to your endorsement of dated 27th September 1895 No. 760, on copy of letter No. 267 from the L. J. Overseer, District Taluk calling on me to explain as to certain alleged omission on my part to recover the cost of certain tools given to one C. Paroo. I beg to submit the following. When I took charge of that Taluk there was none to hand over charge to me as Mr. Anderson was sick nor was I aware that any tools were due from C. Paroo, since they were not in my time. Besides it is well known to your honor that, when I was in charge of that Taluk I had to work very hard as the temporary Bridge work was in progress. It is true that I issued the cheque to C. Paroo.

But if any tools were due from him the Taluk writer who was in entire charge of the Stock account should if I am not mistaken, have brought it to my notice, and he having failed to do this, I beg to state that he should be held responsible for this omission.

If, as stated by Mr. Anderson, I had received a fresh receipt on the 28th March/94 which I could not recollect at all at this distant period, I would not have failed to remember this in writing so short a period i.e. on or about the 6th April 94 the date on which I might have issued the cheque.

In conclusion I beg also to state that, without the aid of the records it is impossible for me to submit a full explanation as I am called on to do this after the lapse of one year and six months. Should your honours consider that the above explanation is unsatisfactory which is submitted under bona-fide belief, I have no other alternative than to beg for pardon.

Ref. no. 3148 of 95
To D.B. 2d / True Copy /
15/7/95 J.D. Francis

The President Dist. of Malabar in continuation of
of Ref. no. 2779 of 95 of 23rd October/95

Pillichery, 5th October 97

From,

The Officer

Kottayam Taluk

To,

The District Engineer

District Board, Malabar

Through

The Assistant Engineer

Pillichery Range.

Sir,

With reference to your endorsement of
encus. 2399 of 95 of 25th 9-95 on copy of our
Mr. Anderson's letter no. 267 I beg to state that
handed over charge of Ernad Taluk to our
Mr. Krishna Row in August/90; at the time
all the tools were at work site and could not be
received back from the Maistries whose receipt
for the tools given both by me and my predecessor
were formerly given over to the relieving officer
and it was his duty when the works were closed
at the end of the official year to have received
the outstanding tools. Under the circumstances
you will be kind enough to see that I am not responsible
for the tools as they ought to have been recovered
by our Mr. Krishna Row or his successors.

I beg to

Yours faithfully

L. 4. Officer

The C. F. Oursar

Ernest Salazar

The District Engineer

District Board Malabar

Referring to your Memo No. 1696
of 20-8-95, I beg to inform you that the tools due
from Mr. Anan, I understand from the receipt
were given by Supervisor Mr. Rodan and those from
P. Lyappen by Supervisor Mr. Paul and it is owing
to their neglect they were omitted to be recovered.
About the tools due from C. Paroo, I beg
to state that they were given by me but they
were omitted to be recovered by Supervisor Mr. Francis
who was in charge of this Salazar while I was
on leave in 94. It is I see as per receipt on
the 28 March 94 that Mr. Francis has received
a fresh receipt for the balance tools due from
him after returning home to the Store as per original
receipt. Mr. Francis could have very well
received all the tools before handing over Cheques
to the Contractor at the close of that Official
year as recoveries of outstanding tools were
ordered then. Hence it is owing to his
neglect that these tools were omitted to be
recovered.

I beg to - te

Malabar with reference to his Enud Ref. on Enud 1921 of 94 July 1995. It would appear from

2. This that Overseers Mr. Paul and Francis who are now in Kottayam and Palghat Taluqs respectively are responsible for the tools due from Syappan and C. Raro. There were

Constant Changes of the Overseers in Enud Taluq so that the responsibilities descended from one Overseer to the other. I have however called upon them to show cause why the value thereof should not be recovered from them. Their replies will be communicated.

Calicut 25 September 1895

Further report submitted 26/9/95

Malabar District Board's Office

Calicut 23rd January 1896

From,

A. F. Puley Esq. J.C.S.

282

President District Board, Malabar

To,

The Chief Secretary to Government

Local and Municipal Dept.

Madras

Sir,

In Continuation of my letter dated 10th September last Refor. 2357 of 95, I have the honor to submit herewith for the information of Government the explanation of the present overseer of the Enud Taluk from which it will be observed that the officers responsible for the value of the tools in question are

- (1) Supervisor Kelan
- (2) overseer Paul of Kottayam Taluk
- (3) overseer Francis of Palghat.

Supervisor Kelan is no more and the explanation furnished by the other two overseers are herewith forwarded. Mr. Paul's explanation is that he handed over charge of the Taluk to overseer Krishna Rao in August 1895 at a time when all the tools were at work site and could not therefore be recovered from the maistries

and that it was therefore his successor's
 duty when the works were closed at the end
 of the official year to have recovered the out-
 standing tools. Mr. Krishna Rao is now out
 of the Department, and there is therefore no use
 of proceeding against him. Mr. Francis's explanation
 is that the charge of the Taluk was not formally
 handed over to him by anybody and that he
 was therefore not aware that any tools were
 due from the Contractors. The explanation of
 the two overseers was forwarded for remarks
 to the Engineer who in his Office note re: for
 C.O. 4046
 D.B.E.D. of 95 stated 14th instant a copy
 of which, herewith submitted, states that it
 would not be fair to make anybody res-
 ponsible now for the value of the tools in
 question - In these circumstances therefore
 I request that their value amounting to Rs. 57-4-8
 may be written off the accounts.

I have the honor to be,
 Sir,

Your most obedt Servant
