Report on the Inspection of the Local Fund Accounts of the
Vellore District.

COLLECTOR

Camp, Madras

Dated 6th December 1895.

To
THE Inspector of Local Fund Accounts,
Madras.

SIR,

I have the honour to submit the following report on my recent inspection of the Local Fund Accounts of the Vellore District for the period extending from August 1894 to August 1895.

2. The accounts were examined generally for the whole period (in accordance with the instructions given in the enclosure to Accountant-General's letter to Government, No. ^{L. F. D.} 522, dated the 29th February 1892, as modified by subsequent Government orders) and in detail for the months of March and August 1895.

3. All the defects found in connection with the accounts have been separately communicated to the President, District Board; the following points, however, deserve to be brought to the notice of Government.

Road Metal Rate Book. Notwithstanding the remarks in para 17 of the last report, the Road Metal Rate Book was not satisfactorily maintained during the period under inspection also. It appeared to have been prepared with reference to Overseers' Road Maintenance, &c., estimates submitted so far back as 1888-89. The corrections that became necessary, as old quarries were exhausted, new ones opened or as other circumstances affected the rates, were not inserted in the book, as required

The President
said that the
Engineer
attention to the
defects pointed
out

by

by the Assistant Inspector of the Local
Fund Accounts for the period
extending from August 1894 to August
1895.

Resolution.

Will be submitted to Government.
