9th January 1896

From

M. Rdy. E. Srinivasa Chariangal
Treasury of Collector
Madura.

To: The President District Board
Madura

I have the honor to state
that Palamedu market road and
Tunnel near Sukkappatti tank were
repaired in 1890 by the Taluk Board
Madura with an imprint from the
Engineer. In October 1892, Rs 352 was
adjusted in the Engineer's account
and included in the amount charged
in the account current of that month.
As no voucher was then received, the
whole amount was placed under
objection. Subsequently the following
document

documents were received and of
Rs 1834 (Rs 2, 3, & 4) was adjusted.

1. Contractors receipt 156-5--

2. Mistry receipt 12--

3. Bill for Rs 91--

4. do 80--

340--

5. Covering work voucher.

Since the above adjustment was
made a voucher for another Rs 12--

Certificate of payment for pay of
Mistry was received. All these

documents furnish only details for
work to the value of Rs 226-- and

even the work so done does not appear
to have been inspected and measured

by the responsible officers. Details
for the remaining work are not

available. The President of the
Salub Board reports that details

of Dalambu works were not entered
in the measurement book and

requests that arrangements may
be

be made for the adjustment of
the amount. In supporting this request,
the District Board Engineer says that
the charges may be admitted in
consideration of the fact that a long
interval has passed since the
completion of the work and that
no measurement books were maintained.

In connection with this subject
a reference was made to the Inspector
of L. & accounts and he is of
opinion that sanction of Government
should be obtained for the adjust-
ment of the whole amount. I therefore
request that you will be good enough
to obtain the necessary sanction
for the adjustment of the whole
amount of Rs 352--.

The records of the case are sent
herewith for information and return.

I have the honor to be,
Yours most obedt servant,
