District Board's Office,
ANANTAPUR.

No. 67

Dated 18th January 1896.

From

J. A. Nicholson Esq.
The President,
District Board,
ANANTAPUR.

To

The Chief Secretary to Government,
MADRAS.

SIR,

Referring to Government memorandum
No 1361, dated 23rd September 1895, I have
the honor to explain the discrepancies
therein pointed out as follows:—

- 1 Taxa 1 (2) Rs 63 shown against a
manuscript tab head "stipends" under
Grant II (d) i Salary System Schools
in Statement IB, is the expenditure
incurred by the Benakonda Salary
Board for training a teacher of the
Lower Secondary School at Benakonda
in the Teachers College, Madras. There
being no separate column for such
charges the amount was shown in
column 15 of Statement IX.
- 3 Taxa 1 (3) The Sooty Salary Board

has incurred an expenditure of Rs 47-6-0
in sending a teacher from the Anglo
vernacular school Sadpatri for
training in the Teacher's College, Madras.
For want of separate Column the amount
was shown against a manuscript lab
head "Depends" under Grant II (E) II
Salary Results System in Statement
IB in Column 17 of Statement IX against
Sadpatri Salary.

4. Para 1 (4) Rs 40. 5-1 shown in
Column 20 of IB against "other fees
and fines" is the amount of process
fees realized in all the unions in the
District.

5. Para 1 (6) The proportionate cost of
supervision of tools & plant debitable
to the Endowment funds in Column
12 of Statement VI amounts to Rs 1015
Calculated at 22.9 per cent of the
outlay.

6. Para 1 (7) The difference of Rs 26
therein referred to is due to the
inclusion of the amount spent for
water ponds also in markets in Column 14
of Statement II. This sum is shown
against 3 (iv) miscellaneous under Grant
III in Statement IB

This is evidently
the percentage of the
cost of the L & S to
the total outlay on
works

7 Para 1 (8) A revised statement showing
the details of arrears balance under
house tax is herewith submitted.
The President, Salary Board, Bonakonda
reports that the discrepancy therein
noticed arose by wrongly omitting
Rs 93.7-0 from the arrears balance
of the "Sharanavaram" union, the
omission having been supplied in
this office in the absence of details
for the amount.

8 Para 1 (9) The D.C. Rs of market rents
is herewith submitted.

9 Para 1 (10) The Secondary school at
Bonakonda and Sharanavaram worked
on the Salary System & Salary Results
System respectively.

10 Para 1 (11) The Bonakonda Salary Board
President reports that according to
the Annual Statements submitted by
the Head master of the Board Lower
Secondary school Bonakonda the
strength of the Secondary department
was 41 and that of the Upper Primary
Department 18; and the strength of the
Sharanavaram school was 9 Secondary

Department & 13 Upper Primary Department.

The strength of the upper primary department of the Dharmavaram school is included in 42 shown in Column 6 of Statement ~~IX~~ against Dharmavaram Taluk.

The receipts and charges of the Secondary & Upper Primary departments of the Lower Secondary School, Tenkonda, along system are entered in Statement ~~IX~~ separately and the receipts of the Secondary School on Salary Results System in Dharmavaram shown as detailed below.

(1) The receipts and charges of the Secondary departments were shown separately.

(2) and the receipts and charges of the upper primary department of the school are included in the receipts and charges of other salary results schools in the Dharmavaram Taluk.

11 Para 1 (14) Revised figures were adopted in Column 2 of Statement ~~X~~ against Tenkonda and Gundupur and Madakam Taluks.

12 Para 1 (15) The difference of Rs 87-14-6 under Bangalore is due to the omission of the amount in Column 12 of Statement ~~XI~~ which was spent for sinking a well

The figures reported in 1893-94 were therefore incorrect.

appostate III it is only Rs 87-14-6

in the traveller Bangalore at Anandapur and the difference of Rs 41-12-6 is the amount spent for repairing the Chattram at Yeradenimarazuchewu, an omission which has to be included in Column 12 of Statement ~~XI~~.

13 Para 1 (17) See Column 2 of Statement ~~XVIII~~ the general Local Fund receipts under the District Board were shown including the amount allotted to Taluk Boards instead of excluding the same.

14 Para 1 (18) The total number of Local Fund schools prepared for examinations by the Inspecting School Masters is 64. The Assistant Inspector of Schools explains that the discrepancy therein noticed arose out of the fact that there were two inspecting school masters in charge of the Gundupur Range in succession, & that one of them prepared for examination a few schools previously prepared by the other officer along with fresh schools, instead of letting alone the schools already prepared by his predecessor and confining himself to schools

not so prepared.

I have the honor to be,
Sir,
your most obedient servant
