GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following papers:—

From A. E. CASTLE STUART STUART, Esq., President, District Board, South Arcot, to the Chief Secretary to Government, dated Cuddalore, 13th December 1895, Dis. No. 293–D.B.

I have the honour to submit herewith the Local Fund budget estimate of this district for the official year 1896–97, together with the prescribed statements.

REVISED ESTIMATE FOR 1895–96.

2. The actual opening balance is Rs. 1,00,232 against the budget estimate of Rs. 48,820. The increase is due to increased collections and to short expenditure under the several grants during the previous year. The receipts of the year are estimated to come to Rs. 5,21,340 against the budget estimate of Rs. 4,43,440.

3. *Land-cess.*—The income from this source is estimated at Rs. 2,78,681, or Rs. 941 over the budget estimate, viz., Rs. 2,77,740.

4. *Tolls under Act V of* 1884.—The current year's lease amount of Rs. 41,090 has been adopted.

5. The anticipated expenditure under the several grants is compared below with the budget estimate:—

	Budget estimate. Rs.	Revised estimate. Rs.
Grant I	1,76,250	2,40,875
„ II	79,720	76,650
„ III	1,01,410	1,10,695
„ IV	19,760	19,400
Unallotted Reserve	..	7,030
Total ..	3,77,140	4,54,650

6. As usual, the largest increase occurs under Grant I which is due to subsequent allotments for works sanctioned by the local boards. The expenditure under this grant up to September last was only 14 per cent.* of the total allotment for works. This is mainly due to the fact that tenders had to be invited for the A system contract of the roads and that orders had to be passed on the tenders received only in May last, after correspondence with the District Board Engineer. The instalments due to some of the contractors have been withheld for unsatisfactory work. But there is no reason to apprehend a lapse of funds. If necessary, the contracts of defaulting contractors will be cancelled and suitable arrangements made for utilizing the allotments *fully* before the close of the official year.

* According to the District Board Engineer's Progress report for September 1895.

Budget Estimate of 1896-97.

7. An abstract of the receipts and charges for the year is given below :—

Total ..	20,545	4,300	7,455	32,300

8. *Land-cess.*—A sum of Rs. 2,78,700 is expected under this head. About 99 per cent. of the total demand is expected to be realized during the year, having regard to the favourable character of the season.

9. *Tolls.*—The current year's lease amount has been adopted.

10. *House-tax.*—The amount expected under this head is Rs. 23,015 against the current year's budget estimate of Rs. 19,460. The increase is chiefly due to the proposal to levy maximum rates in the proposed Ulundúrpéttai, Kallakurchi and Valavanur unions.

11. (ii) *Education.*—The district board expects to realize Rs. 56 from the lease of the land belonging to the Panruti Middle school and Rs. 4 from the sale of unserviceable articles belonging to the middle schools.

12. (iii) *Medical—From private individuals.*—The amount (Rs. 500) shown against this head is the usual contribution expected from Messrs. Parry & Co. towards the maintenance of the local fund dispensary at Nellikuppam.

13. (iii) *Medical—Income from Endowments.*—The Chidambaram taluk board expects to realize Rs. 25 from the lease of Mr. Thomas' tope at Vriddhachalam.

14. (iii) *Medical—Miscellaneous.*—The taluk boards expect to realize Rs. 89 from the sale of unserviceable dispensary articles.

15. (v) *Miscellaneous—From private individuals.*—The Tindivanam taluk board expects a contribution of Rs. 200 from the dharmakartha of the Tiruvannámalai temple and Rs. 10 from the dharmakartha of the Oyamatam at Tiruvannámalai for carrying out sanitary arrangements during the Karthigai festival. The same taluk board and the taluk board of Chidambaram expect Rs. 90 and Rs. 500, respectively, as contribution from ryots towards the repair of drinking-water ponds and the sinking of wells.

16. (c) *Market rents.*—An income of Rs. 1,400 is expected by the taluk boards under this head.

17. (e) *Fees and fines.*—The amount of Rs. 5,120 shown against this head is the amount expected from the fees usually collected at Tiruvannámalai Karthigai festival from fees levied for the erection of pandals in unions and from the fines imposed under the Police Act.

18. (f) *Ferry rents.*—The Chidambaram taluk board expects to realize Rs. 2,300 under this head. It contemplates the establishment of a ferry at Kosavanpett in the course of the year.

19. *Avenues.*—An income of Rs. 13,450 is expected under this head against the current year's budget estimate of Rs. 13,150, with reference to the current year's lease amounts.

20. (l) *Sundry receipts.*—The figure (Rs. 1,356) shown against this head is the amount expected from the sale of cart-stand and street sweepings and of cart-stand manure.

21. (vi) *Public works — (d) Contributions (i) From Municipalities.* — The usual contribution of Rs. 50 is expected by the Cuddalore taluk board from the Cuddalore Municipality towards the upkeep of the Gaddilam river embankment.

22. (f) *Miscellaneous.*—The Tindivanam taluk board expects to receive a rental of Rs. 144 on account of the Police ward at Tiruvannámalai. The district board expects to receive Rs. 240 and Rs. 60 from the rent payable by the Cuddalore Municipality for the portion of the Local Fund Engineer's office building occupied by it and by the Tindivanam section local fund overseer for the local fund building at Tindivanam occupied by him.

23. *Contributions from Provincial funds—(a) Education*—Rs. 7,800 are expected under this head against the current year's budget figure of Rs. 9,090. The district board expects only Rs. 3,050 for the reasons given in paragraph 32 *infra*.

24. *Allotments from the District fund.*—The amounts shown against this head are the contributions proposed to be made to the taluk boards by the district board.

25. *Allotments to the District fund.*—No figures are entered against this head, as the receipts in the shape of fees, grants from Government, &c., from the middle schools are expected to cover the expenditure on account of their maintenance.

Expenditure.

26. *Grant I.*—The following are among the more important works provided for :—

	Rs.
(1) Construction of hospital assistant's quarters at Merkanam ..	1,475
(2) Do. do. at Mannárgudi ..	1,685
(3) Construction of a bridge over the Gaddilam on the Asanur road ..	3,000
(4) Construction of a road from Manampoondy to the Tirukkóyilúr railway station and of a bridge across the Thurinjalar ..	2,000

The first two works are proposed with reference to the recent orders of Government that hospital assistants should be provided with quarters wherever possible. Nos. 3 and 4 are proposed by the Tirukkóyilúr taluk board. As regards No. 3, the taluk board President states that the "want of a bridge across the Gaddilam has long been seriously felt. Though the width of the river is short, its depth and the rapidity of the stream and the extreme unevenness of the bed render the river quite unfordable after a few inches of rain on the surrounding heights. When the river is in floods even postal communication is cut off. Considering the depth of the river

the construction of a cause-way is useless. The opening of a bridge will prove of immense public benefit. The estimated expenditure is only about Rs. 7,000. . . . . A lump provision of Rs. 3,000 is made for the year in question."

No. 4 is proposed with reference to the fact that there is at present no road leading to the railway station from Manampoondy, a village on the other side of the Pennar at Tirukkóyilúr. People from Manampoondy and adjacent villages have now to cross over to Tirukkóyilúr and thence reach the Arakandanallore (Tirukkóyilúr) railway station by recrossing the Pennar at the Keelur ford. The Thurinjalar crosses the proposed railway feeder road, and the taluk board proposes to span it as it is deep and its current is rapid and to allot Rs. 2,000 for the year.

27. Serious public inconvenience is caused by the absence of a bridge across the Oopanar on the way to Cuddalore Old Town. The cost of a girder bridge is estimated at Rs. 26,000. The district board has undertaken to pay one-third of the cost and trusts that Government will be pleased to contribute one-third, the balance being paid by the Cuddalore Municipality. The matter will shortly be referred separately to Government.

28. The provision for the Local Fund Engineering Department comes to Rupees 27,620 as detailed below:—

	Rs.
Establishment, including travelling allowance	24,800
Contingencies	2,820
Total ..	27,620

In addition to the existing establishment, the district board has sanctioned the entertainment of a record-keeper on Rs. 15 and a masalchi on Rs. 5 for the Local Fund Engineer's office. The state of records in that office is far from satisfactory and the necessity for a record-keeper is urgent. The masalchi's work is at present being done by a servant who goes by the name of "avenue cooly." This man has practically nothing to do as an avenue cooly, as there is little for him to look after in the compound of the Local Fund Engineer's office. It is proposed to abolish him as an avenue cooly and to re-entertain him as a masalchi. The district board proposes to transfer one of the clerkships on Rs. 20 in the Local Fund Engineer's office to the Assistant Engineer's office, so that there may be a head clerk on Rs. 20 and a second clerk on Rs. 15 for the latter office, one of the clerks on Rs. 15 in the latter office being transferred to the former. This proposal costs nothing extra and has much to recommend it. The district board has not sanctioned the District Board Engineer's request that one of the four lascars attached to the Assistant Engineer's office be transferred to his office and promoted to Rs. 7 and that the pay of the 2nd, 3rd and 5th clerks and of the muchi of his office be increased. It proposes to pay travelling allowance to the clerks attached to the offices of the Assistant Engineer and of the overseers and has also provided at Rs. 5 per mensem for the travelling allowance of the clerks, &c., of the District Board Engineer's office. The latter, particularly the accountant, head clerk and the draughtsman, are frequently required by the Engineer in camp. There is often considerable delay in the matter of correspondence on the part of the overseers, the plea generally urged being that their clerks were left at head-quarters. The proposed arrangement will secure prompt despatch of office work and will not really cause much additional expenditure. The sanction of Government is requested to these proposals which cost only Rs. 690 per annum more than the budget provision for the current year.

29. The total cost of the Local Fund Engineering establishment comes to 18 per cent. of the total allotment for works. With reference to G.O., No. 1686 L., dated 14th September 1895, the taluk boards were advised to frame their budgets so as to meet the wishes of Government in the matter of allotments for communications as far as possible. Only the district board has been able to reach the standard. I compare below the provision that ought to be made with the expenditure proposed for the year:—

Name of Board.	Amount that ought to be provided for communications.	Amount provided in the budget.	Percentage (roughly).
	Rs.	Rs.	Rs.
District Board	90,220	91,000	100
Tindivanam taluk board	34,073	17,495	50
Chidambaram ,, ...	26,335	20,630	75
Cuddalore ,, ...	13,160	8,595	65
Tirukkóyilúr ,, ...	16,652	12,645	75
Total ..	1,80,440	1,50,365	83

The taluk board of Cuddalore allotted only Rs. 6,095 for communications. This provision was increased by a contribution of Rs. 2,500 from the district fund for certain important works at the request of the taluk board which pleaded poverty. The various establishments under all the taluk boards in general and the Cuddalore board in particular, require revision in the light of the Government order above quoted. But this is almost impossible to accomplish suddenly, as most of the institutions are of long standing and were originally established to meet the necessity for them which still continues to exist. Thus the medical institutions cannot be closed for obvious reasons. Some savings could be effected by the abolition of some of the primary schools maintained, but this would be a very retrograde measure and cannot be done in the face of repeated Government orders requiring more attention to be paid to the development of primary education amongst the ignorant masses. Further, even if a retrenchment were made in this direction it would help the taluk boards very little in making allotments for communications. Every endeavour will, however, be made to reach the minimum fixed by Government in the course of a few years, and the taluk boards will be advised to utilize the reserve and balance that may be at their disposal next year for the benefit of the rate-payers in the direction of improved communications.

30. *Grant II—(a) Inspection.*—No material alterations are proposed under this head.

31. *(b) Sessional schools.*—The district board has proposed to abolish one of the three sessional schools now maintained, the funds thus set free being devoted partly to the improvement of communications and partly to the development of primary education. There is still a large number of untrained teachers in this district, and it is therefore desirable that at least two of these schools should continue to be maintained for at least another year.

32. *(c) Secondary schools.*—The district board has resolved to curtail the expenditure on account of these schools to the extent of the receipts in the shape of school-fees, grants from Government, &c., that may be expected from them. This has been done with reference to the repeated orders of Government requiring these schools to be self-supporting. There was much discussion on this subject at the budget meeting held on the 7th instant, and the above resolution was arrived at after mature consideration on the part of the district board which was of decided opinion that the time had come for these middle schools to be made self-supporting. They have cost the local funds over Rs. 10,000 in the last three years, and having regard to the class of boys being educated therein, the district board is strongly of opinion that henceforth primary education should be the main object of its attention and that middle schools must either be made to pay their way or be abolished. Revised proposals have been called for from the educational officers, but in order that the submission of the budget to Government may not be delayed, the amount of receipts from the schools has been shown as the proposed expenditure on their account. A grant of Rs. 3,750 from Government was entered on the receipt side of statement IV-A by the educational officers, but this figure has been altered into Rs. 3,050 with reference to the fact that salary grants from Government will decrease in proportion to the proposed curtailment of the pay of the teachers. Half the net cost of these schools hitherto met from taluk funds will be devoted to communications and the other half to the increase of Panchama and Muhammadan education. Statement IV-A, so far as the district board is concerned, will be submitted after revised proposals are received from the educational officers.

33. The district board has resolved to abolish the carpentry and the Sanscrit classes now attached to the Villupuram Middle school, as these classes have not been doing well. The opening of a commercial class in this school was recommended by the educational officers, but this has not been sanctioned by the district board.

34. During the current year the appointment of an additional teacher on Rs. 12 for the Kallakurichi Middle school was sanctioned by the district board in consideration of the increased strength of the lower classes of that school.

35. The total abolition of these secondary schools is considered by the district board to be unnecessary for the present considering the backward state of education in general in this district. But the district board is prepared to close such of them as cannot be made self-supporting.

36. *Elementary schools.*—The Tindivanam taluk board has proposed the following classification of the primary schools. The district board has approved of it for the whole district and proposes to give effect to it from 1st March 1896. Necessary notices will be issued to the teachers of the schools prior to the introduction of the scheme for which the sanction of Government is solicited.

(1) Schools having a strength of not less than 100 pupils to be ranked as first-class and to have three teachers on Rs. 12, Rs. 8 and Rs. 6.

(2) Those having a strength of 70 to 99 pupils to be ranked as second-class and to have two teachers on Rs. 8 and Rs. 6.

(3) Those having a strength of 50 to 69 pupils to be ranked as third-class and to have two teachers on Rs. 7 and Rs. 5.

(4) Those having a strength of 30 to 49 pupils to be ranked as fourth-class and to have one teacher on Rs. 6.

(5) Those having a strength of 15 to 29 pupils to be ranked as fifth-class and to have one teacher on Rs. 5.

No schools with a strength below 15 pupils is to be maintained. In the case of Panchama and Muhammadan schools, first-class schools will consist of not less than 70 pupils and second-class schools not less than 50, the staff of teachers to be maintained for them being the same as for the first two classes of the other schools. Third-class schools will consist of not less than 25 pupils and fourth-class schools not less than 15 and they will have one teacher on Rs. 6 and Rs. 5, respectively. But in the latter case the district board is of opinion that the minimum pay of a Panchama school teacher should be Rs. 6. It is believed that the adoption of these proposals will tend to stimulate primary education to lead to economy. The local boards cannot afford to make further contributions towards the educational grant, and they desire to make their money go as far as possible in the direction of primary education for the poorer ryots who are the chief tax-payers, full consideration being given to the claims of Pariahs (who form the great majority of the population) and of Muhammadans. They hold that parents who require the luxury of higher education for their children should be required to pay for it, and it is significant that a large number of boys in the existing middle schools of this district are sons of well-to-do persons, whose contributions to the taxes are of microscopic proportions. The local boards have no objection to any amount of "higher education" institutions being established provided those who use them pay for them, but they object to devote funds collected from the masses to such education at the expense of primary education, communications and sanitation. This policy is, I submit, sound and must before long be the policy of the State in all districts.

37. The proposal of the Tindivanam taluk board to abolish the gymnastic teacher of the Valavanur and Kolianur schools has been sanctioned by the district board. Under existing arrangements the gymnastic teacher attached to the Normal school, Villupuarm, ought to teach gymnastics to the pupils of the above schools at stated times. But as this is not being satisfactorily done by the gymnast and as the teachers of the above schools themselves teach gymnastics, the abolition in question is proposed. The district board has not sanctioned the discontinuance of the supply of the *Maharani* and *Vivekachintamani* magazines to the primary schools.

38. The Chidambaram taluk board proposes the reduction of the number of teachers attached to the Pennadam school from 3 to 2, the abolition of the head-master of the Valayamadevi school and the reduction of the pay of the teachers of Lalpet, Seplanatham and Kavanur schools from Rs. 8 to Rs. 6. But the district board is of opinion that the necessary revision should be made with reference to the classification mentioned in paragraph 36. The taluk board proposes to transfer the school now at Komaramangalam to Nakkaravanthangudi, the head master of the school being transferred to Puliangudi where the strength of the existing school has increased. As the strength of the Mangalore school has fallen, the provision for the pay of the head master of the school is proposed to be utilized for the establishment of a Pariah school at Veppur. The taluk board further proposes to transfer the school now at Mathur to Kilimangalam and the Hindustani school at Vriddhachalam to Mangalampet, as it believes that these localities are better suited for the establishment of schools. The district board has approved of these changes and the abolition of the peon of the Bhuvanagiri school, the entertainment of a sweeper on 8 annas for the same school and the purchase of the *Vivekachintamani* magazine for the primary schools. It has not sanctioned the taluk board's proposal to increase the pay of Panchama school teachers from Rs. 6 to Rs. 8, being of opinion that the rates of pay should be regulated with reference to the classification detailed in paragraph 36.

39. The Cuddalore taluk board has proposed no material alterations.

40. In the case of the Tirukkóyilúr taluk board, the district Board has sanctioned the opening of a Muhammadan school at Sankarapuram and the transfer of the school now at Veerasholapuram to cusba Karanai to be maintained as a Pariah school. As regards the taluk board's proposal to increase the pay of the teacher of the latter school from Rs. 6 to Rs. 7 and the pay of the head masters of Kandachipuram and Kalamaruthur schools from Rs. 6 to Rs. 8 and to transfer to these schools the second master of the Perangiyur and Sembaramput schools, the district board is of opinion that the taluk board's action should be regulated by the classification referred to in paragraph 36.

41. The Cuddalore taluk board will, as usual, purchase six copies of the *Vivekachintamani* magazine and three copies of the *Maharani* magazine. The Tirukkóyilúr board also proposes to purchase both these magazines. The district board will continue to purchase three copies of the *Indian Journal of Education.*

42. *Results Grants.*—The taluk boards have not been able, for want of funds, to allot more than Rs. 13,700 under this head.

43. The taluk boards have provided Rs. 400 for building grants and Rs. 300 for furniture grants. The taluk board Presidents state that more funds cannot be allotted for these purposes considering the state of the boards' finances and the actuals of previous years.

44. *Grant III—Hospitals and Dispensaries.*—The Tindivanam board has proposed to increase the pay of the Tindivanam hospital toty by Re. 1. The Chidambaram taluk board proposes the abolition of the Porto Novo dispensary waterman. For want of funds it has not provided for midwives for the Srimushnam and Tittagudi dispensaries as recommended by the District Medical officer. The Cuddalore taluk board has proposed to abolish the peon of the Kurinjipadi dispensary and to convert the ward-coolies attached to the Panrutti and Nellikuppam dispensaries into watermen on the same pay. The Tirukkóyilúr board has proposed the abolition of the assistant surgery cooly of the Sankarapuram dispensary. All these proposals have been approved by the district board and are recommended for the favour of the sanction of Government.

45. The Tirukkóyilúr board further proposed to appoint second-class hospital assistants to the Kallakurichi and Tirukkóyilúr hospitals in place of the existing civil apothecaries. But the district board negatived the proposal, being unwilling to sanction any alterations in the existing arrangements. The taluk board's provision for these hospitals has accordingly been revised. The present hospital assistant at Ulundúrpéttai belongs to the third class; hence the decrease in the provision for medical subordinates. The Tindivanam board has provided for increased pay of the

Villupuram civil apothecary and the Gingee hospital assistant (a first-class man) and for increments to the pay of the Chengam dispensary compounder. The Chidambaram board has provided for increments to the pay of the Vriddhachalam civil apothecary and the Srimushnam hospital assistant and of the compounders of Tittagudi and Srimushnam dispensaries. No other items under this head require special mention.

46. All the taluk boards have proposed to pay extra remuneration to midwives.

47. All the taluk boards except the Tirukkóyilúr board have provided for the establishment of a small library of medical books in their hospitals and dispensaries for ready reference of medical subordinates. This has been done on the recommendation of the District Medical officer which has been generally approved.

48. At the instance of the Cuddalore Municipality the district board has resolved to contribute half the cost (estimated at Rs. 3,850) of maintaining an hospital for women and children at Cuddalore. The district board understands that Raja Sir Savalay Ramaswami Mudaliyar, *Kt.*, C.I.E., with his wonted munificence is prepared to construct the necessary buildings at his own cost, estimated roughly at Rs. 20,000. Such an institution is badly needed and its establishment would confer incalculable benefits on the women and children of the district. The question is before the municipal council of Cuddalore, by whom Government will shortly be addressed.

49. In consideration of the fact that the Cuddalore vaccine range (consisting of five taluks) is too large for one Deputy Inspector, the district board has resolved to abolish the present Deputy Inspector on Rs. 70 and to entertain two Deputy Inspectors—one on Rs. 40 and the other on Rs. 30, in his stead. The clerk attached to the present Deputy Inspector may then be abolished and a peon on Rs. 7 entertained in his stead and attached to the new Deputy Inspector on Rs. 30. This arrangement will secure more effective supervision, while it will cost the district board very little more than what it now spends. The eight taluks of the district will be distributed among the three Deputy Inspectors in the course of the year in consultation with the District Medical and Sanitary officer. No other alterations are proposed under this head. The provision for the vaccine department is detailed below —

Item.	Amount. Rs.	Remarks.
(*a*) Fixed charges—		
3 Deputy Inspectors	1,320	
5 First-class vaccinators on Rs. 18	1,080	
7 Do. do. on „ 15	1,260

50. *Sanitary Inspectors.*—The Cuddalore taluk board has proposed to entertain a trained sanitary inspector for the Cuddalore taluk on Rs. 30 + 15 with reference to the recommendation of the Sanitary Commissioner. But the district board has struck out this provision, being of opinion that, considering the financial position of the taluk board, the entertainment may well be postponed, and having regard to the fact that Government last year disapproved of the proposal of the Tindivanam taluk board to entertain itinerating sanitary inspectors.

51. *Improvement of water-supply.*—The Tindivanam taluk board proposes to fix the pay of the tank watchmen in all its unions at Rs. 5, and that of those in other places at Rs. 3. This proposal has been sanctioned by the district board. The Chidambaram board proposes to fix the maximum pay of these servants at Rs. 3, but to retain those now on Rs. 2–8–0 on the same pay. But the district board is of opinion that they should be uniformly paid at Rs. 3. The same taluk board has proposed to abolish the present sanitary maistry on Rs. 25 and the lascar on Rs. 5, and to entertain two maistries on Rs. 15, one for each taluk, instead. This has been approved by the district board. The Cuddalore taluk board makes no proposals under this head. The Tirukkóyilúr board proposes to increase the pay of tank watchmen to Rs. 4 throughout. But the district board sees no necessity for the proposal and has accordingly reduced the provision to Rs. 3 per head.

52. The Tindivanam taluk board proposes the reduction of the number of sweepers in the Tindivanam, Villupuram and Tiruvannámalai unions from 12, 12, and 13 to 8, 8, and 10, respectively; to employ four toties in all in each of these places; to reduce the number of sweepers in Valavanur from 8 to 6, and to employ two toties in their stead; to reduce the number of sweepers at Gingee, Vanur and Chengam from 4 to 2 and to employ two toties in each of these places instead, and to abolish the scavengering maistry at Vanur. The Chidambaram taluk board proposes to entertain two additional sweepers for the Tittagudi union; two additional sweepers and one toty for the Pennadam union; four additional sweepers, one toty and assistant maistry and bill collector on Rs. 7 for the Mannárgudi union; one additional sweeper and an assistant maistry and bill collector for the Porto Novo union; one additional toty and a maistry and bill collector for the Bhuvanagiri union; and two additional sweepers for the Srimushnam union. The Cuddalore taluk board has proposed to entertain a toty for the Kurinjipadi union, and the Tirukkóyilúr board three additional toties for the Tirukkóyilúr union. The district board has approved of these proposals, but is of opinion that scavengers—*i.e.*, persons willing to deal with fœcal matters—and not sweepers—*i.e.*, persons only willing to remove ordinary rubbish should, as far as possible, be in all cases employed. No other important alterations are proposed under this head.

53. *Markets.*—The Cuddalore taluk board proposes to fence five acres of land for a fair in the Kurinjipadi union at a cost of Rs. 155. No other proposals are made under this head.

54. *Choultries.*—The Tindivanam taluk board proposes to reduce the pay of the Gingee choultry servant from Rs. 3–8–0 to Rs. 3 as he has very little to do. The Chidambaram board has resolved to abolish the monigars of Mangalam and Shatiatope choultries and to reduce the pay of the sweepers of the Vriddhachalam, Mangalam and Shatiatope choultries from Rs. 3–8–0 to Rs. 2–8–0. These proposals have been approved by the district board. No other changes are proposed under this head.

55. *Bungalows.*—The reduction of pay of the butler at Tindivanam from Rs. 7 to Rs. 6 and of watchman at Valudavur from Rs. 4 to Rs. 3–8–0 is the only alteration proposed under this head. It has been sanctioned by the district board.

56. *Grant IV.*—The proposals of the Cuddalore and Tirukkóyilúr taluk boards to increase the pay of the clerks and attenders attached to the Taluk Board's office have not been sanctioned by the district board, in whose opinion no necessity has been shown for such increase. The increased provision has accordingly been struck out. The proposal of the Treasury Deputy Collector to increase the pay of the accountants

attached to the Local Fund Account department and to entertain an additional attender for the Local Account and Audit departments has also not been sanctioned by the district board.

57. The district board has, however, resolved to raise the pay of the head clerk of the District Board's office from Rs. 60 to 70. This increase was proposed in the budget for 1891–92, but Government did not then sanction the proposal. After the introduction of the pensionary scheme this clerk has been drawing only Rs. 54 and the work has considerably increased. The district board is of opinion that it is time to raise his pay to Rs. 70 (inclusive of pensionary contribution) and I beg to strongly support this opinion. The present head clerk is an exceptionally able, industrious and honest man and fully deserves the concession which the district board is most willing to make in his favour. I trust that Government will be pleased to sanction this proposal made not only on grounds of personal merit but of public policy.

58. The Tindivanam taluk board proposes to constitute Valavanur an union. The district board strongly recommends the proposal for the sanction of Government. The house-tax will be levied at maximum rates as in all the existing unions. Valavanur is a large, important and flourishing village on the Pondicherry branch of the South Indian Railway, the centre of the oil-trade of the district with a population of nearly 10,000 inhabitants. Necessary proposals are being separately submitted.

59. The Tirukkóyilúr Board proposes to purchase the following books for the use of the Taluk Board's office. The district board has approved of the purchase—(1) Civil Account Code, (2) Civil Service Regulations.

60. The budget estimate has been very carefully considered by the district board with reference to the recent orders of Government on the subject of allotments for communications and other recent orders. The district board begs, therefore, to strongly recommend all its proposals for the favour of sanction by Government.

From Surgeon-Lieutenant-Colonel W. G. KING, M.B., C.M., D.P.H., Sanitary Commissioner for Madras, to the Chief Secretary to Government, dated Fort St. George, 20th February 1896, No. 371-S.

With reference to the budget estimate of the South Arcot district board for 1896–97, I have the honour to state that the board's proposal contained in paragraph 49 of the President's letter regarding the abolition of the present Deputy Inspector on Rs. 70, and the entertainment of two Deputy Inspectors (one on Rs. 40 and the other on Rs. 30) in his stead does not commend itself to me. This proposal ignores the organization approved by, and orders of, Government, as contained in the Vaccination Code. There should be at least one first-class Deputy Inspector for each district, and in districts divided into two or more circles, there should be a first-class Deputy Inspector for the circle in which the Collector's head-quarters are fixed (*vide* Section II, paragraph 3 of the Vaccination Code). Irrespective of these orders, there has accumulated experience of the most positive nature that even the rate of pay now offered to Deputy Inspectors is not sufficient to secure a satisfactory class of men. The loss of one first-class appointment, and the creation of another on so low a pay as Rs. 30, could but produce unsatisfactory effect in the vaccination department. I would therefore advise that the district be divided into three circles for purposes of vaccination inspection, and that one first-class and two second-class Deputy Inspectors be appointed. The pay of the first-class Deputy Inspector may be fixed at Rs. 60 (the minimum permissible according to the Vaccination Code) instead of at Rs. 70 as at present. The additional deputy to be newly employed should get a salary of Rs. 40, as laid down in the Code above referred to. The allotment for sanitation is 11·2 per cent. of the estimated receipts.

2. With reference to the remarks of the district board as to failure of the itinerating gang of scavengers, and the consequent refusal to entertain a Sanitary Inspector, I would point out that the mere fact of the possession of that subordinate would obviate the chances of failure, and that the failure ought not therefore to be allowed to weigh in the argument.

From the Hon'ble Mr. D. DUNCAN, M.A., D.Sc., Director of Public Instruction, to the Chief Secretary to Government, dated Madras, 21st February 1896, No. 1763.

With reference to the educational portion of the budget estimate of the South Arcot district board for 1896–97, I have the honour to state that the provision made under Grant II may be accepted.

2. The classification of primary schools, proposed by the board, may be sanctioned as it will induce the teachers to improve the strength of their schools.

3. The reduction of over Rs. 2,000 in the allotment for result grants is heavy. The board would have done better if it has recommended the abolition of a few schools under its direct management and retained the provision for result grants. An addition of at least Rs. 500 for the Chidambaram taluk is absolutely necessary.

4. The net expenditure proposed under Grant II is 16·5 of the estimated income from land-cess.

From Surgeon-Major-General C. SIBTHORPE, F.R.C.P.I., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Madras, 5th March 1896, No. 171.

With reference to Grant III of the budget estimate of the District Board, South Arcot, for the year 1896–97, I have the honour to state that I approve of the proposal of the board (1) to increase the pay of the toty attached to the Tindivanam hospital, (2) to abolish the appointments of the waterman and the peon attached to the dispensaries at Porto Novo and Kurinjipadi, respectively, (3) to contribute half the estimated cost of maintaining a hospital for women and children, which Raja Sir S. Ramaswami Mudaliyar, *Kt.*, C.I.E., is prepared to construct at his own cost.

2. The estimate contains no provision for midwives for the dispensaries at Srimushnam and Titagudi for want of funds. It is most desirable that the order in G.O., No. 64, Financial, dated 10th January 1880, should be carried out.

3. The necessity for watermen for the dispensaries at Panruti and Nellikuppam is not evident.

4. Provision is made for the establishment of a small library for medical books for all the hospitals and dispensaries, as suggested by the District Medical and Sanitary Officer with the exception of those at Tirukkóyilúr, Kullakurchi, Shankerapuram and Ulundurpet, for which necessary allotments should now be provided.

5. The other recommendations of the District Medical and Sanitary Officer regarding the construction of the buildings for hospitals and dispensaries, which are at present located in rented buildings and of quarters for hospital assistants on the standard plan, have not been provided for, except the construction of quarters for the hospital assistants attached to the dispensaries at Merkanám and Mannárgudi. It is most desirable that these recommendations should be acted upon.

ORDER—No. 512 L., dated 17th March 1896.

The estimated local fund receipts and charges of the South Arcot district for 1896–97, as passed by Government, are compared below with the budget and revised estimates for 1895–96 and the actuals of 1894–95.

Revised Estimate for 1895–96.

2. The current receipts and charges are now estimated at Rs. 4,21,110 and Rs. 4,73,740, respectively, against Rs. 3,94,620 and Rs. 4,16,420, anticipated in the sanctioned budget. The increase in the receipts occurs chiefly under tolls and miscellaneous debt accounts, and that in the charges under Grants I and III and miscellaneous debt accounts. The alterations in the salaries of the teachers of the schools at Lalpet, Seplanattam, Kavanur, Bhuvanagiri, Palaiyamcottah, Puliangudi, Vriddhachalam, and Kattumailar under the Chidambaram taluk board, referred to in paragraph 38 of the President's letter, are approved with retrospective effect up to 31st March 1896.

Budget Estimate for 1896–97.

3. *Receipts.*—The receipts for the ensuing year are placed at Rs. 4,07,500 against Rs. 4,21,110 in the revised estimate, the decrease under miscellaneous debt accounts being partly met by an increase under house-tax.

4. *Charges.*—(1) The probable charges are put down at Rs. 4,32,740 against Rs. 4,73,740 in the revised estimate, the decrease under Grants I and II and miscellaneous debt accounts being partly met by an increase under the reserve.

(2) *Grant I.*—No expenditure should be incurred on any of the new works provided for in the budget until the plans and estimates are sanctioned by competent authority. The revision of the Local Fund Engineering establishment, proposed in paragraph 28 of the President's letter, is sanctioned. The allotment for communications is only Rs. 1,50,370, or Rs. 38,920 less than in the revised estimate, and Rs. 31,670 less than the minimum prescribed in G.O., No. 1686 L., dated 14th September 1895. This deficiency should, as far as possible, be supplied by subsequent allotments from the reserve.

(3) *Grant II.*—The additions to, and alterations in, the educational establishments referred to in paragraphs 31, 37, 38 and 40, the classification of the primary schools, proposed in paragraph 36, and the revision of the establishment of the primary school at Tyagadrug and the entertainment of a teacher on Rs. 7 for the Hindustani school at that place, which are shown in the proposition statement, but not referred to in the President's letter, are sanctioned. Proposals for the revision of the establishments of the secondary schools, referred to in paragraph 32, will be awaited. The suggestion of the Director of Public Instruction in paragraph 3 of his letter read above will be referred to the taluk boards for consideration.

(4) *Grant III.*—The proposed expenditure under this grant is Rs. 1,210 in excess of the revised estimate and Rs. 13,380 above the actuals for 1894-95. This is unsatisfactory in face of the orders of Government to reduce expenditure under other grants in order to provide sufficient allotments for communications. The provision of Rs. 600 for "Medical books" will be reduced to Rs. 150. The allotments proposed for conservancy establishments maintained in non-union villages should be carefully scrutinized, especially charges on account of sweepers, an expenditure which, unless adequately supervised, is frequently money wasted. The alterations in the medical establishments proposed in paragraph 44 are sanctioned, with the exception of the entertainment of a waterman for each of the dispensaries at Panruti and Nellikuppam, the necessity for which has not been explained. The suggestions of the Surgeon-General in paragraph 5 of his letter read above will be referred to the local boards for consideration. The proposals for revising the vaccine establishment, contained in paragraph 49, should be reconsidered by the district board in the light of the remarks of the Sanitary Commissioner in paragraph I of his letter read above. The additions to, and alterations in, the sanitary establishments, referred to in paragraphs 51 and 52, and the entertainment of a tank watchman on Rs. 3 at Vadakkunandal, which is shown in the proposition statement, but not referred to in the President's letter, are sanctioned. The reduction in the number and salaries of the choultry and bungalow servants, proposed in paragraphs 54 and 55, the increase in the pay of the servant of the Verayur choultry, which is shown in the proposition statement, but not referred to in the President's letter, and the abolition of the post of servant in the Kaludur bungalow, for which a proposition statement should have been submitted, are approved. Under contribution to Provincial services for the medical college, sanitary inspection and medical reserve staff, the actuals of the previous year will be repeated, as required in G.O., No. 641 L., dated 2nd April 1887. The provision made for lighting the unions under the Tindivanam taluk board and those of Nellikuppam, Ulundurpettai and Kallakurichi will be allowed to stand on the understanding that the necessary funds are allotted by the taluk boards, as required by section 142 of the Local Board's Act, but it is observed that the expenditure on lighting has increased from Rs. 2,587 in 1894-95 to Rs. 4,290. The attention of the District Board is drawn to paragraph 41 of G.O., No. 2324 L., dated 29th November 1895, with the remark that this allotment should be reduced.

(5) *Grant IV.*—The increase of Rs. 10 in the pay of the head clerk of the District Board's office, proposed in paragraph 57, is approved.

5. *Reserve and balance.*—The reserve calculated at 10 per cent. of the estimated receipts, excluding those appertaining to endowment and union funds, should be Rs. 37,700. The budget as revised by Government closes with a balance of Rupees 23,940, of which Rs. 6,690 appertain to unions and Rs. 3,290 to endowed institutions leaving Rs. 13,960, or 3·7 per cent. of the receipts, available for general purposes.

~~Extract from the Proceedings of the~~ District Board, South Arcot, passed at a meeting held on the 7th December 1895.

No 1 Read the Local Fund Budget estimate of this District for the official year 1896-97.

Ordered, The Budget is passed subject to the following remarks.

(1) District Board (1) Grant I.

The District Board sees no necessity to make any change as regards the pay of the 2nd, 3rd and 5th clerks and the menial of the District Board Engineer's office. The entertainment of a Record keeper on Rs15 and a mashalchi and Sweeper on Rs6 is sanctioned, one avenue cooly being abolished. The District Board considers that instead of two clerks on Rs20 in the District Board Engineer's office, one on Rs20 will suffice; the other clerk on Rs20 being made third clerk in the Assistant Engineer's office on the same pay. One of the two clerks on Rs15 in the Assistant Engineer's office will be transferred to the District Board Engineer's office on the same pay. As regards Lascars the Board sees no reason to alter existing arrangements.

(2) Grant II.

The carpentry and sanscrit classes of the Villupuram Middle school will be abolished from 1st April next. The Board is not at present in a position to consider the proposal that a commercial class may be opened in the above school. As regards the middle schools in general, the Board resolves that all of them should be required to be self-supporting in accordance with existing orders of Government, with effect from 1st April 1896. The Board resolves to curtail the expenditure in each Middle School by reduction of salaries to the extent of its receipts, the reduction to be carried out proportionately. Half the savings thus effected will be devoted to the increase of Punchama and

Mahomedan education and the other half devoted to Grant I. The educational authorities will be requested to give effect to this policy and to submit proposals by the 31st January 1896.

As regards the Sessional schools the Board resolved to maintain only two of these schools during 1895-97 the savings effected by the abolition of the third school being devoted partly to the increase of primary education and partly to the improvement of communications.

Vaccine Department:- The Board is in favour of having three Deputy Inspectors of vaccination two on Rs 40 each and one on Rs 30.

Grant II.

In consideration of the good services of the Clerk of the District Board's office, the Board is willing to recommend his pay being raised to Rs 40 a month as personal concession. It sees no reason to alter the existing arrangements.

(2)

(3) Construction of the Cuddalore bridge.

(5) The District Board is prepared to guarantee one-third of the total cost of the work and trusts that Government will be pleased to contribute one-third also.

(6) Read letter dated 4th instant No 576 from the Chairman Municipal Council, Cuddalore, requesting the District Board to contribute one-half of the cost (estimated at Rs 3850) of an Hospital for women and children, proposed to be established at Cuddalore. The District Board will gladly contribute half the cost of maintaining the proposed hospital. As regards a contribution towards the construction of the buildings it understands that Rajah Sir Savalay Ramasawmy Mudaliar, K.C.I.E., is prepared with his wonted liberality to meet the total cost of the buildings. The District Board trusts that Government will present the site required and is of opinion that the new Hospital should be called after the name of its munificent donor and placed under a committee composed of Rajah Sir Savalay Ramasawmy Mudaliar K.C.I.E. as Patron or President, the District Medical and Sanitary officer as Vice President and 6 members, three of whom shall be members of the Municipal Council and three of the District Board.

(b) Tindivanam Taluq Board.

(1) Grant II.

The Board sanctions the abolition of the gymnastic teacher of the Valavanur and Kolianur schools as the teachers themselves give gymnastic instruction. The Board is not in favour of the Taluq Boards proposal to discontinue the purchase of the "Maharani" and Unakacheruvamani magazines.

The Board fully approves of the re-classification of schools recommended by the Taluq Board and considers that it should be adopted throughout

the District. It is of opinion that in the case of Kahomedan and Puncham schools the minimum pay of a teacher should be Rs6.

(2) Grant III

The Board sanctions the Taluq Board's proposals to increase the pay of the Tindivanam Hospital Toti by one rupee, to fix the pay of all tank watchmen in the Unions at Rs5 and reduce the pay of similar ~~grade~~ servants in Non-Union villages from Rs3-8-0 to Rs3, to reduce the number of sweepers in the Tindivanam, Villupuram and Trinomaley Unions and at Valavanur, Gingee and Vanoor and employ more Totis instead, to abolish the scavengering mastry at Vanoor, to reduce the pay of the Tindivanam Bungalow watchman to Rs6, of the one at Valudavoor to Rs3-8-0 and of the Gingee choultry servant to Rs3 and to establish an Union at Valavanoor. The Board strongly recommends the constitution of Valavanoor as an Union, house-tax at full rates to be levied with effect from 1st April 1896.

As regards sweepers, the Board is of decided opinion that they should be abolished throughout the District as far as possible and replaced by scavengers.

(3) Chedambaram Taluq Board.

Grant II.

As regards the Taluq Board's proposal to reduce the number of teachers in the Punnalum school, to abolish the Headmaster of the Valayamadevi school, to reduce the pay of the teachers at Laulpet, Seplanatham and Kavanur schools and to raise the pay of Puncham School teachers to Rs8, the District Board is of opinion that the reclassification of schools referred to above should be adhered to. The Board sanctions the proposal to transfer the school at Komaramangalam to Nakkiravandangudi (the Headmaster of the school being transferred to Pulyangudi), to utilize the provision for the Headmaster of the Mangalur school for establishing a Puncham school at Keppeir, to transfer the school at Mathur to Kilmiangalam and the Hindustani school at Vridhachelam to Mangalampet, to abolish the post of the Bhumangiry school and to purchase the "Vivekachintamani" magazine for the primary schools.

Grant III.

The proposal to abolish the watchman of the Porto Novo dispensary, to appoint 2 sanitary maistries (one for each taluq) on Rs16 in lieu of the present maistry on Rs25 and lascar on Rs5, to increase the number of sweepers in the Tittagudy and Punnalum Unions, and to entertain 1 Toti for the latter Union, to entertain an assistant maistry and bill Collector for the Mannargudi Union, one sweeper and an

Assistant maistry and bill collector for the Portonovo Union, one Toti and one maistry and bill collector for the Bhuvanagiry Union and 2 sweepers for the Sreemushnam Union is sanctioned. The District Board would only appoint scavengers and not sweepers, as far as possible. The abolition of the monigars of Mangalam and Chatiatope Choultries and the reduction of the pay of the sweepers of Vedhachelam, Chatiatope and Mangalam Choultries is also sanctioned. The proposal to fix the maximum pay of tank watchmen at Rs3 and retain on the same pay those who are now paid Rs2-8-0 is not approved by the District Board. It considers that Rs3 should be paid to all tank watchmen. The District Board is unable to come to the Taluq Boards assistance in the matter of entertaining midwives for the Streemushnam and Pillaiperumanallur dispensaries.

(4) Cuddalore Taluq Board.

Grant III.

The proposal to abolish the post of the Kurumchipady dispensary and to entertain a Toti for the Kurumchipady Union is approved. The Board is not in favour of the proposal to entertain a trained sanitary Inspector for the Cuddalore Taluq on Rs30+15 and to raise the pay of the clerk and the attender of the Taluq Boards office. The District Board sanctions an additional allotment of Rs2500 to the Taluq Board for works.

(5) Tirukoilore Taluq Board.

Grant II

The opening of a Mahomedan school at Sankarapuram and the transfer of the school at Veerasholapuram to Kusbah Karani (to be maintained as a Pariah school) are sanctioned. As regards the proposal to increase the pay of the Headmasters of the Kandachipuram and Kalamarudur schools and of the teacher now attached to the Veeraskolapuram school and to transfer the 2nd masters of the Perungiyur and Sembrampet schools to the schools at Kandachipuram and Kalamarudur, the District Board has already expressed its opinion as to the method of paying the teachers.

Grant III.

The abolition of the assistant surgery Coaly at Sankarapuram is sanctioned. As regards the proposal to place the Hospital at Tirukoilore and Kallakurichy in charge of 2nd class Hospital Assistants, the Board is unwilling to sanction any alterations

in the existing arrangements. The entertainment of three additional Ladies for the Tourkoilone Union is sanctioned, but the proposal to raise the pay of tank watchmen to Rs 4 is not approved.

Grant IV.

The proposals as regards the Taluq Boards' office establishment are not approved. The District Board sanctions the purchase of the Civil Account Code, Civil Service Regulations, Educational Rules, and Local Fund rates.

Reply

The following works appear to have been omitted by an oversight from the Jamabandi copy of Statements III A & III B. It is requested that they may be added to the Statements:

Cuddalore Taluq Board:

III A: Forming a cart track from 3rd Quarter 12th mile of the road from Tirupapuliyur to Kandavanpalaiam to Marudur by Pakkam .. Rs 500 (The estimate is under preparation).

III B. Salary of Avenue-watering coolies on District Board roads in the Cuddalore Taluq - Rs 660 (This is a District Board work).

A Hindustani teacher on Rs 7 is now attached to the School. But in the Budget for 1896-97 it is proposed to open a separate School with this teacher as its head. This proposal is shown in the proposition statement recently submitted.

The Tindivanam Taluq Board proposes to abolish the Veriyar tope watchman and to pay the choultry watchman of the same place Re 1 more than what he is now paid, for looking after both the tope and the choultry. The Chidambaram Board considers that a Servant for the Kalvedur Bungalow is unnecessary and has accordingly made no provision for him. These particulars were not given in the Taluq Board Presidents' Budget covering letters, but have since been elicited. The omission is herewith supplied. The only ~~Pucka~~ pucka markets are those at Tirukoilur & Panruti. It is requested that the following revised figures may be adopted in Statement I A for 1896-97 as against "Markets and Fairs & Fees":—

	Tindivanam T Board.	Chidam Do.	Cuddalore Do.	Tirukoilur Do.	Total.
Already Submitted. Markets Rs	—	—	10	250	260
Already Submitted. Fees & Fines Rs	3305	1420	220	1315	6260

These and similar mistakes and omissions will be carefully avoided in future.

This reply is submitted in the form of a statement so that it may serve for ready reference. The delay in its submission is due to the fact that some of the facts herein given have had to be elicited from the Taluq Boards concerned.

Revised Estimate for 1895-96.

2. The current receipts and charges are now estimated at Rs.4,21,110 and Rs.4,73,740 respectively against Rs.3,94,620 and Rs.4,16,420, anticipated in the sanctioned budget. The increase in the ~~receip~~ receipts occurs chiefly under tolls and miscellaneous debt accounts, and that in the charges under Grants I and III and miscellaneous debt accounts. The alterations in the salaries of the teachers of the schools at Lalpet, Seplanattam, Kavanur, Bhuvanagiri, Palaiyamcottah, Puliangudi, Vriddhachalam and Kattumailar under the Chidambaram Taluk Board, referred to in para.38 of the President's letter, are approved with retrospective effect up to 31st March 1896.

Budget Estimate for 1896-97.

3. Receipts. The receipts for the ensuing year are placed at Rs.4,07,500 against Rs.4,21,110 in the revised estimate, the decrease under miscellaneous debt accounts being partly met by an increase under house tax.

4. Charges. (1) The probable charges are put down at Rs.4,32,740 against Rs.473740 in the revised estimate, the decrease under Grants I and II, and miscellaneous debt accounts, being partly met by an increase under the reserve.

(2) Grant.I. No expenditure should be incurred on any of the new works provided for in the budget until the plans and estimates are sanctioned by competent authority.

The revision of the Local Fund Engineering establishment, proposed in para.28 of the President's letter is sanctioned.

(3) Grant II. The additions to and alterations in the educational establishments referred to in paras.31, 37, 38, and 40 the classification of the primary schools proposed in para.36 ~~are sanctioned~~ and the revision of the establishment of the primary school at Tyagadrug and the entertainment of a teacher on Rs.7 for the Hindustani school at that place which are shown in the proposition statement, but not referred to in the President's letter, are sanctioned. Proposals for the revision of the establishments of the secondary schools referred to in para.32 will be awaited. The suggestion of the Director of Public Instruction in para.3 of his letter read above will be referred to the Taluk Boards for consideration.

(4) Grant III. The alterations in the medical establishments proposed in para.44 are sanctioned with the exception of the entertainment of a waterman for each of the dispensaries at Panruti and Nellikuppam, the necessity for which has not been explained. The suggestions of the Surgeon General in paras 4 and 5 of his letter read above will be referred to the Local Boards for consideration. The proposals for revising the vaccine establishment, contained in para.49 should be reconsidered by the District Board in the light of the remarks of the Sanitary Commissioner in para.1 of his letter read above. The additions and alterations in the Sanitary establishments

The allotment for communications is only Rs 150,370, or Rs 38,920 less than in the revised estimate + Rs 31,670 less than the minimum prescribed in G.O. 1680 L, 14.9.31. This deficiency should be supplied by subsequent allotments from the reserve. (as far as possible)

The proposed expenditure under this grant is Rs 1210 in excess of the revised estimate, + Rs 13,380 above the actual for 1894-95 + 2 boats as unsatisfactory in parts. The orders of Govt. to reduce expenditure under this grant in order to provide sufficient allotments for communications have been entirely disregarded in this case. The Dt. Bd. should therefore reconsider the budget estimate under this grant, & see whether considerable reductions cannot be made, especially with reference to the allotments sanctioned for Conservancy establishments maintained in non-union villages. These should be carefully scrutinized, especially charges on account

The provision of Rs 600 for "Medical books" will be reduced to Rs 150

(adequately supervised is frequently)

establishments, referred to in paras.51 and 52 and the entertainment of a tank watchman on Rs.3 at Vadakkuvandal, which is shown in the proposition statement, but not referred to in the President's letter, are sanctioned. The reduction in the number and salaries of the choultry and bungalow servants, proposed in paragraphs 54 and 55, the increase in the pay of the servant of the Verayur choultry which is shown in the proposition statement, but not referred to in the President's letter, and the abolition of the post of servant in the Kaludur bungalow, for which a proposition statement should have been submitted, are approved. Under contribution to Provincial services for the Medical college, Sanitary Inspection and Medical Reserve Staff, the actuals of the previous year will be ~~repea~~ repeated, as required in G.O., No.641 L., dated 2nd April 1887. The provision made for lighting the Unions under the Tindivanam Taluk Board and those of Nellikuppam, Ulundurpettai and Kalakurichi will be allowed to stand on the understanding that the necessary funds are allotted by the Taluk Boards, as required by section 142 of the Local Boards Act.

but it is observed that ~~apart~~ the expenditure on lighting has increased from Rs 2587 in 94-95 to Rs 4290. The attention of the Dt. Bd. is drawn to para 41 of G.O. 2324 L, 29.11.95, with the remark that this allotment may be reduced.

(5) Grant IV. The increase of Rs.10 in the pay of the Head clerk of the District Board's office, proposed in para.57, is approved.

5. Reserve and balance. The reserve calculated at 10 per cent of the estimated receipts, excluding those appertaining to endowment and union funds, should be Rs.37,700. The budget as revised by

Government

Government closes with a balance of ~~Rs.~~
Rs.23,~~490~~ 940, of which Rs.6,690 appertain to unions and Rs.3,290 to endowed institutions leaving Rs.13,~~510~~ 960 or 3.~~8~~ 7 per cent of the receipts available for general purposes.
