MUNICIPAL COUNCILLORS' OFFICE,

TRICHINOPOLY *23rd April* 1896.

No.

FROM, *M R Rg P S Singaradachai Mui anergal*

CHAIRMAN,

Municipal Council,

TRICHINOPOLY.

To,

The Chief Secretary to Government,

Local and Municipal Department,

FORT ST. GEORGE.

Through the Collector of Trichinopoly.

SIR,

I have the honor to inform the Government that the Sanitary Board prepares and circulates to the Municipal Councils Standard designs of buildings of a Sanitary nature and that in some cases of these designs, the estimates of materials are also given while it is not the case in others. When I requested the Sanitary Engineer to Government to supply the omission observed in the case of a design for an abattoir, he refused to comply with my request, alleging that his office was overburdened with work.

2. The Council keeps being

to request the Government to move the Sanitary Engineer to furnish schedule of quantities or detailed estimates for all his standard designs. The works are of an highly elaborate and intricate nature and unless the designs are accompanied by such estimates and specifications, they cannot possibly be undertaken and finished to satisfaction by such P.W. subordinates as are in the service of the Municipality. Besides if uniformity is the object, it will be best secured only by a standard estimate. If necessary the Council is prepared to contribute towards the cost of any establishment which may be found necessary to do this.

3. A Copy of the resolution of the Council is herewith submitted.

I have the honor to be

Sir,
Yours most obedient

Veisham 29/4
Chairman

Extract from the Proceedings of the Municipal Council, Trichinopoly passed at the meeting held on the 16th of April 1896.

Present.

M. R. Ry. P. S. Lingarajulu Pillai Esq.	Chairman

Para 5. Read Letter No. 984 from the Sanitary Engineer to Government informing that the Sanitary Board has framed an estimate for abattoirs as the circumstances and cost of materials at each place are different with the endorsement

of the Chairman thereon saying that
it will be consistent with uniformity
if standard estimates are framed
and circulated to correspond with
standard designs.

The Government be requested to
have the Sanitary Engineer to furnish
schedule of quantities (detailed estimates)
for all the standard designs. The muni-
cipality is prepared to pay its quota of
expenses for doing

No. 1534

GOVERNMENT OF MADRAS.

OFFICE OF SANITARY ENGINEER,
Fort St. George, 16 May 1896.

Local & Municipal Dept.
CURRENT No. 1458

From
J. A. JONES, Esq., MEM. INST. C.E., F.R.S.E.,
SANITARY ENGINEER TO GOVERNMENT,

To
The Chief Secretary to Government,
Local and Municipal Department.

Sir,

With reference to Assistant Secretary Mr. Phillip's
endorsement No. 549 of 15th. May 1896, I have the honor to
inform you that the designs issued are essentially type de-
signs.

2. In issuing certain of these designs such as la-
trines, the quantities of the materials are inserted as the
type is likely to be adopted in its entirety but in drawings
such as slaughter houses, it is ordinarily noted that the
design is for a certain population & that it is to be in-
creased or decreased according to circumstances.

3. With regard to the particular plan in question
this note does not appear but the plan nevertheless is sui-
table as it stands only for a particular population.

4. Similarly with wells, no two wells will be sunk to
the same depth & therefore estimates for the type as drawn
would be of little use.

5. The plan referred to by the Chairman is by no
means an intricate one but at his express request he has
been already furnished with an estimate from this office.

6. I think Government may advisedly leave it to the
Sanitary Engineer to decide which type drawings shall have
estimates framed & supplied with them, on the understanding
that

that for such types, are likely to be adopted as they appear in
the design abstract, estimates will be given on the plans.

I have the honor to be

Sir,

Your most obedient servant

Sanitary Engineer to Government

 Enc. 1 C. No. 1336 M

Subject.

Submitting his remarks
 regarding the preparation of
 detailed & abstract estimates
 for all type designs of the
 Sanitary Board required
 by the Local Boards and
 Municipalities.

For orders.

For orders. Submitted that
 The San. Engr's suggestion in
 para. 6 of his letter may be
 approved. His letter may be
 communicated to the Chairman
 M.C. Trincomopoly

WSD It would be a bad
 plan I would suggest
 if a small estate to
 be paid by contributions from
 L Bd. & Municipalities and
 employees in the S.E.'s Office to
 draw plans & make out estimates
 for works of the ordinary kind
 but which local Bd. or Mun-
 icipalities may require
 4/6/96

This will suffice,
 at all events for the
 present, I think
