Forwarded with the
request that the limits of
the Municipality may be
extended as proposed.

2. The Suburb of Rajahmundry
known as Aryapuram should
most certainly be included
in the Municipality.

3. This suburb has been
built on Jerojati and
Inam lands, and if included
in Municipal limits the
extents occupied by roads
etc. will have to be subdivided
and transferred to village
site.

MUNICIPAL OFFICE, RAJAHMUNDRY

No 391

DATED. 9th April 1896.

From

Mr. N. S. Durgaprasadarayudu

The Chairman, Municipal Council,

Rajahmundry.

To

The Chief Secretary to Government

Local & Municipal Department

MADRAS.

Through the Sub-Collector Godavery.

Sir,

In submitting herewith a copy of the Council's resolution dated 25.1.1896 by which it has been resolved to extend the Municipal limits, I have the honor to state that the Council first resolved on a report of a Sub-Committee, on 27th July 1895, to extend the Northern limits of the town so as to include the narrow strip of land up the river west of the river bank to Pandiri Mahadevadas Choultry, and also resolved to entertain three additional persons to watch the river side to prevent the water of the river

river from being polluted. On 25th October 1895, I sent a letter to Government through the Divisional Officer, with the necessary plan and draft notification. The Sub-Collector forwarded it to the District Collector, recommending the sanction of the Council's proposals on the 2nd November 1895. But the District Collector returned it with the suggestion that, when the Council was extending the boundary to the north, it would be best to extend the limits so as to include Aryapuram (Kisterpetta) in accordance with a petition received and referred by him to the Council. The Sanitary Commissioner having also advised the Municipality to include it within the Municipal limits, the Council thereupon resolved on 27.11.1895 to include it within the Municipal limits, and the Aryapuram Committee consented to hand

22
to hand it over to the Municipality on certain conditions which were accepted by the Council (vide copies enclosed). The Council thought it desirable at the same time to revise all the boundaries, in order that the vacant space adjoining the town where nuisance is likely to be committed, might be included within the Municipality, and accordingly it resolved on 25.1.1896 to extend the northern limits so as to include Aryapuram and the vacant land to the east of it, and at the same time revise all the other boundaries which do not materially alter the old limits (vide copy of resolution enclosed). A plan prepared in accordance with the Council's resolution and approved of by the Council at its meeting on 29.2.1896 is submitted for the information of Government. Owing to the extension of the northern limit, it has become

become necessary to add a portion
of the old IV ward to the III ward,
and to include under the IV ward,
the portion now brought under the
Municipality, as per plan enclosed.
The necessary notification of the bound-
aries of the Municipality and of the
wards as proposed, is enclosed for
publication in the Fort Saint George
Gazette.

I therefore request that you will
be pleased to move the Government to
sanction the extension and revision of
the Municipal limits, and of its divi-
sion into wards as resolved by the Council.

I have the honor to be,

Sir,

Your most obedient servant.

Infaloringaprasadavoyudhi.
Chairman.

READ. Proposals to extend the Municipal
limits.

Resolution No. 1993 dated 25.1.96.

The Municipal limits will be extended so
as to include Asterpetta (Aryapuram) and
the few houses and fields to the east of
the Eastern road, the proposed western boundary
extending one mile into the river, the northern
boundary being the Pinugala Panta and
a line eastwards therefrom to the Komthou-
da road and the Rajanagaram Toll gate,
(the Pinugala Panta and the Kambala tank
being included), the eastern and southern
boundaries being a line joining the Raja-
nagaram Toll gate and the Dowlaswaram
road where the Railway line crosses it,
and thence a westwardly line to one
mile.

mote into the river, the rail road being included.

The 3rd ward will be extended so as to include all the part of the town on the western side of the middle line of the main road and its continuation and that to the south of the nulla that is in Diaterpetta, Diaterpetta and the other portion now included towards the north of the town will form the 4th ward, together with what will be still left under the old 4th ward, after the extension of the 3rd, the other portions now included within the municipal limits will be included under the ward which they adjoin.

The Council does not think it necessary to extend the Municipal limits to the north further than is now resolved and so as to include the narrow strip on the river side between Pandiri Mahademande's Chaulky and the Pinzgala Punt. In view of this bit

but not being included, the Council
does not think it necessary to sub-
tain 3 additional river watchers budgeted
for but only two of them.

9. Under the present circumstances the
Committee is of opinion, that in pur-
suance of the request of the Municipal
Council of Rajahmundry, the Petta might
be handed over to the said Municipa-
lity, but with the following reservations,
viz:—

(A) No dead bodies appertaining to the
town should be allowed to pass through
any of the Petta roads and that the funeral
processions of the town should proceed by
the old routes.

(B) The management of the Petta now in
the hands of the Committee should be
taken by the Municipal Council.

(C) The Municipal Council should pay

annually the proportionate revenue tax on the land occupied by roads and the drainage.

(D) The Municipality should undertake all the liabilities of the Committee transferred to itself including those of the protective fund and of Government revenue.

(E) The Municipality should issue sale-deeds to the fully paid up siteowners and other site-owners who are not in arrears on account of the revenue tax.

(F) The Municipality should not interfere with respect to the sites granted by the Committee for a temple and a school-hall, reading-room or library.

(G) The Secretary is authorized to draft a reply with the above reservations and forward the same to the Rajahmundry Municipality and if the

6th
said Municipality accepts the Petta with the said reservations the Secretary is instructed to hand over all papers, records, monies, in his possession to the said Chairman and take receipt therefor.

The Secretary is also instructed to report to the Chairman, that some papers, records, and monies now in the possession of late Secretary's widow Mrs. Lakshmi Kantam belonging to the Petta be taken from her by the said Chairman.

Draft Notification.

In pursuance of the notification published in G.O. No. 656. M. Rocab and Municipal dated 25th May 1894 defining Municipal limits and in accordance with the provisions of section 4 of Madras Municipalities Act IV of 1884, the Right Honorable the Governor in Council is pleased to declare hereby that the boundaries of the Rajahmundry Municipality in the Godavery District shall ^{from the date of this notification} for the purposes of the said act be constituted as follows:-

North:- A line drawn from the northern point of Peenugula Punta eastwards to the Korkonda Road and the Rajanagaram Toll-gate; the Peenugula Punta and the Kumbala Tank being included and the same line extending westwards one mile into the river.

East:— A line drawn from the Raganazaram Toll gate to the Dowleswaram road where the Railway bund crosses it.

South:— A line drawn from the point where the Railway bund crosses the Dowleswaram Road to a point one mile into the river, the Rail road being included.

West:— A line drawn from the above point to the western extremity of the northern boundary.

2. From a petition received on 1-5-96 from the Manager, Sri Bharati Press, Rajahmundry, it appears that the oil factories existing in Chyapusa are a constant source of nuisance to the public, and there seems to be no other means of controlling them except by including the hamlet within the Municipal limits. This is an important suburb, or rather, extension of the town, and requires all the municipal services which it does not now enjoy.
