MUNICIPAL OFFICE, RAJAHMUNDRY

No 91

DATED. 9th April 1896.

From *MR. B. Suba Durgaprasadarayudu*
The Chairman, Municipal Council,

Municipal Dept.

Rajahmundry.

To

The Chief Secretary to Government

Local & Municipal Department

MADRAS.

Through the Sub-Collector Godavery.

Sir,

In submitting herewith a copy of the Council's resolution dated 25.1.1896 by which it has been resolved to extend the Municipal limits, I have the honor to state that the Council first resolved on a report of a Sub-Committee on 27th July 1895, to extend the Northern limits of the town so as to include the narrow strip of land up the river west of the river bund to Pandiri Mahadeva da's Choultry, and also resolved to entertain three additional persons to watch the river side to prevent the water of the river

river from being polluted. On 25th October
1895, I sent a letter to Government
through the Divisional Officer, with the
necessary plan and draft notification.
The Sub-Collector forwarded it to the
District Collector, recommending the sanc-
tion of the Council's proposals on the
2nd November 1895. But the District
Collector returned it with the suggestion
that, when the Council was extending
the boundary to the north, it would be
best to extend the limits so as to in-
clude Aryapuram (Pisterpetta) in
accordance with a petition received
and referred by him to the Council.
The Sanitary Commissioner having also
advised the Municipality to include it
within the Municipal limits, the Council
thereupon resolved on 27-11-1895 to include
it within the Municipal limits, and the
Aryapuram Committee consented to
hand

to hand it over to the Municipality
on certain conditions which were
accepted by the Council (vide copies
enclosed). The Council thought it de-
sirable at the same time to revise
all the boundaries, in order that the
vacant space adjoining the town where
nuisance is likely to be committed, might
be included within the Municipality, and
accordingly it resolved on 25-1-1896 to
extend the northern limits so as to include
Aryapuram and the vacant land to the
east of it, and at the same time revise
all the other boundaries which do not ma-
terially alter the old limits (vide copy
of resolution enclosed). A plan prepared
in accordance with the Council's resolution
and approved of by the Council at its
meeting on 29-2-1896 is submitted for the
information of Government. Owing to the
extension of the northern limit, it has
become

become necessary to add a portion
of the old IV ward to the III ward,
and to include under the IV ward,
the portion now brought under the
Municipality, as per plan enclosed.
The necessary notification of the bound-
aries of the Municipality and of the
wards as proposed, is enclosed for
publication in the Fort Saint George
Gazette.

I therefore request that you will
be pleased to move the Government to
sanction the extension and revision of
the Municipal limits, and of its divi-
sion into wards as resolved by the Council.

I have the honor to be,

Sir,

Your most obedient servant.

Chairman.

READ. Proposals to extend the Municipal
limits.

Resolution No. 198 dated 25.1.96

The Municipal limits will be extended so
as to include Raterpatta (Aryapuram) and
the few houses and fields to the east of
the Eastern road, the proposed western boundary
extending one mile into the river, the northern
boundary being the Pinugala Panta and
a line eastwards therefrom to the Korum-
da road and the Rajanagararam toll gate,
(the Pinugala Panta and the Kambala tank
being included), the eastern and southern
boundaries being a line joining the Raja-
nagararam toll gate and the Dowlasaram
road where the Railway line crosses it,
and thence a westwardly line to one
mile.

into the river, the rail road being included.

The 3rd ward will be extended so as to include all the part of the town on the western side of the middle line of the main road and its continuation and that to the south of the nalla that is in Pisterpetta, Pisterpetta and the other portions now included towards the north of the town will form the 4th ward, together with what will be still left under the old 4th ward, after the extension of the 3rd, the other portions now included within the municipal limits will be included under the wards which they adjoin.

The Council does not think it necessary to extend the municipal limits to the north further than is now proposed and so as to include the narrow strip on the river side between Pandiri Mahademas's Choultry and the Pirugala Punt. In view of this

but not being included, the Council does not think it necessary to sustain 3 additional river watchers but only two of them.
