No 60 Office of Sanitary Engineer

Fort St George 9th January 1896

J. A. Jones Esqre Mem: Inst

C.E. F.R.S.E

Sanitary Engineer to Govt

To

The Chairman of the

Municipal Council

Saidapet

Sir

With reference to G.O. No 2073 M.

of 9th December 1895, I have the honor

to request that you will be good

enough to take charge of the

Water-works and staff from

1st proximo as soon as can be

conveniently arranged. The

Municipal Council will now

be responsible for the pumping

operations for the supply of

wood, stone, and repairs. The Engines will be inspected twice annually by the Boiler Inspector, but no other assistance will be given.

2. It may however be advantageous to the Municipality for this department to have on record the weekly statements of pumping, fuel Consumption &c so that professional knowledge maybe available to you when you require it and to guard against increased fuel Consumption. I therefore request that these records may be furnished weekly.

3. There are a few items of work still to be done and the Drivers quarters are just being begun. These &c Municipality will complete with the aid of a Gaisty, and Key will be handed over on completion.

I have &c

Copy of letter No 60 d. d. 9.1.96 from the Secretary Engineer

List of water works staff with their respective work attended by them daily.

No.	Names	Rank	Particulars of work attended by everyone	Remarks.
1.	E. Thomas	Head Turn Cock	Inspecting the fountains, Valves, Hydrants, air Valves & Relief Valves &c in No. 3 & 4 Division of the pipe lines as shown in the enclosed plan & reporting any defects that he may observe for early attention & flushing the Hydrants Every week.	A. Pay Rs 12 Each
2.	E. Samuel	do.	do. do. in 1 and 2 Divisions	
3.	Madurai Naicken	Fitter	Attending to the different repairs of the fountains, Stop Cocks &c and replacing the washers, Rings, Pins and Handles &c worn out and broken in 3 & 4 Divns & also attending to any emergent accident which is occurring.	B. Pay Rs 12 Each
4	Munuswamy Naicken	do	do. do. in 1 & 2 Division	
5	Nayana	Turn Cock	Shutting & opening the necessary Valves, Stop Cocks, cleaning & oiling & packing the joints & glands of the Valves & Stop Cocks & to have them always in working order & also repairing the pipe lines	
6	K. Samuel	do.	in No. I Div. do. do. do. do.	C. Pay Rs 7 Each
8	Veeraraligam	do.	in III Div. do. do. do. do.	
9	Kristnan —	Cleaner	in IV Div. do. do. do. do.	
10	Chengamalam	do.	Attending the cleaning of the fountains daily & to remove the filthyness Every day also while washing the fountains Every week in No. II Div. do. do. do.	
11	Lyavoo Pillay —	do.	in II Div. do. do. do.	
12	Mahalingam —	do.	in III Div. do. do. do.	
13	Sivasoamy —	Filter cleaner	in IV Div. do. do. do.	
14.	Lyasamy —		Carrying the fitters tools & accompanying them & also oiling the nuts of the taps & cleaning the fountains & assisting the fitters in their work by holding the heavy portions of the fountain Valves &c	D. Pay Rs 6 Each

Note. A- As I found their works are merely inspecting I Consider that their services are needless in my humble opinion unnecessary and recommend for the abolition of the posts.

B- As I found the fitters are doing more responsible works in Consideration of the poor salary they get some encouragement (such as one increment of Rs 3) are absolutely necessary to their present pay which I request to bring to the favourable Consideration of the Chairman Hr. Council, & to pass favourable orders.

N.B.— I beg to bring to the kind Consideration of the Chairman Hr. Council, that at present no lascars have been provided to me and thereby I felt great inconvenience in the last accident of leakage in East main street which you are aware of in getting all my men to attend to the works before day break. So I beg to suggest that 2 Lascars on Rs 5 each may be provided for from the Savings effecting by the abolition of the posts of Head Turn Cocks which leaves a balance saving of Rs 8 after providing for all the above suggestions.

proposition statement submitted to Government regarding certain changes in the water-works out-door Establishment.

With great deference to the views expressed by Government the Council is of opinion that the management of the water-works has in no wise suffered by the not filling up the vacancies in the offices of two Turn Cocks. The Council therefore requests Government to reconsider its order and sanction the arrangements proposed.

FROM

The Hon. K. Kalyanasundaram Ayar Avl.

CHAIRMAN,

MUNICIPAL COUNCIL,

TANJORE.

To

The Chief Secretary,

TO GOVERNMENT,

Fort St. George.

MADRAS.

Thro. the Divisional Officer,

TANJORE.

SIR,

With reference to the Order of Government dated 11th May 1896 No. 816 M. Mis:, I have the honor to make the following report with an extract from the resolution passed by the Council on the subject on the 27th Instant (Ex: A)

2. As soon as the Council took charge of the water-works, I sent an order to the Overseer, who had been appointed by the Sanitary Engineer to the responsible place of principal officer to superintend the works, asking him to give me full

details of the work expected to be done by the men under him (Exhibit B). He sent me a detailed list (Exhibit C) in which he recommended the abolition of the places of two Jum-Cocks (1 and 2 in the list) on the ground that they were merely doing inspection work, and proposed some other changes also. The subject was placed before the Council and it passed a resolution sanctioning the arrangements contained in the proposition ~~statement~~ submitted with my letter recorded in the G.O. under reference.

3. In the meanwhile one of the Jum Cocks, whose places had been proposed to be abolished resigned his place on the ground of his having secured an appointment in the South Indian Railway and his resignation was accepted. The other Jum Cock had on his application been appointed Fireman in the place of a person who had resigned.

4. Now with regard to the arrangements proposed by the Council, none of those which required affirmative action have been yet given effect to. They await the sanction of Government. But the resolution of the Council has been respected by me to this extent, viz that I have refrained from filling up the two places of Jum Cocks rendered vacant

in the manner stated in paragraph (2) above.

5. The Water-works have been managed for the last three months and more with the reduced establishment and with great deference to the opinion expressed by Government in paragraph 1. of the Order in question, the Council and myself are of opinion that the up-keep of the works has in no wise suffered.

6. In the circumstances detailed above, I have the honor to request that Government will be pleased to reconsider the order in question and to accord its sanction to the arrangements proposed by the Council. One item in the proposition stated deserves special consideration viz the provision of a tascar to the Water-works Overseer. That Officer has to attend to the supervision of the works in the whole town, and is at present without a peon to obey his call or to send for fitters and others in cases of emergency.

7. I trust that in view of the facts stated Government will also be satisfied that there is nothing wrong in my action in not having filled up the places of the Sum Cooks.

8. Lastly with regard to the

Complaint of the Sanitary Engineer
quoted in the Order under reference,
I have the honor to state that so
far as I am aware no examination
qualifications of a technical character
have been prescribed for any
of the servants employed on the
water-works and that I suppose,
is the reason why not one of the
existing servants from the Head
Driver downwards, all of whom
were appointed when the works
were under the Sanitary Engineer,
has passed any technical examination.
It is true the Head and assistant
Drivers and the Waterworks Overseer
possess testimonials to their having
had some training in practical work,
but the Dan Cock E. Samuel whom
I appointed to the place of fireman
also produced some testimonials to
his having had some experience in the
work of a fireman. The Government will
therefore see that there was nothing wrong
in my having followed in this inauguration
instance the rule adopted by the
Sanitary Engineer in the case of so many
important appointments.

9. It may be said that I might
have consulted the Sanitary Engineer
before making any arrangements in
connection with the water-works, but
in a letter (Exhibit D) to me dated
9th January 1896 No. 60 which he addressed
to me shortly after his proposal to
have an additional assistant

was disallowed by Government,
he had distinctly told me that
the Engines would be inspected
twice annually by the Boilers
Inspector but no other assistance
would be given, and I therefore
thought it useless to ask for
advice which I know would
not be given.

I have the honor to be
Sir
Your most obedient Servant

H. Kaye Lamb
Chairman
