FOR ORDERS.

In the Government order
quoted by the President, the
Government declined to sanc-
-tion the sales of certain lands
on the grounds that ^{in five cases} they do not
form part of the actual road
-way and cannot therefore
be held to vest in the Municipal
Commissioners under Sec 233
of act I of 1884, and that in
two others the grant of the lands
would reduce the width of the
street to an inconvenient extent.
It is not understood what
"definite rules" on the subject
are required by the President
nor will it be easy for the
Revenue Department to
furnish the Commissioners
now with a list of all lands
not vested in the Commission
as

as desired by them. It is
submitted that the President
may be informed accordingly
In G.O. 476 in the Sept
4/6/96 of survey has been asked, thus
the R.D., to carefully mark the limit
of Govt. Municipal land. When this
has been done, the Presd's letter
will be answered. He may therefore be
told that no definite answer can
be given to him until the survey
is completed.

What is the simplest way with the
6.6.96 to tell the Presd. that instructions
to the course of the survey
is complete. I am sure that
and that when the survey is completed
a list of the description for wheels
he asks under the function to him
