furnished, as the Council held that its duties had been carried out by the occupiers of the land, and that nothing more was required on its part. The Public Works Department or the Sanitary Engineer may be asked to prepare proper estimates and plans on receipt of which reference may be made to the Cochin Darbar [illegible].

WWD
2.4.96

Hm.

The Resident may be asked to move the Darbar to have the swamp reclaimed: & then we can consider what they say.

If ultimately any contribution is paid from Mun. revenues it will be paid thro the Cl.

G. R. 9/4/6

The Municipal Council has then no need to trouble itself with the question of reclaiming the part of the swamp in Joseph's possession. The only question now to be considered is whether the Cochin Govt. should not be addressed regarding the necessity for reclaiming its portion of the swamp with a view to improve the sanitary condition of the Cochin Municipality. The total cost of reclaiming the swamp has been estimated at Rs 4865-14-0 but as only half the work remains to be carried out the cost would only be about Rs. 2433. The Cochin Darbar may be asked to pay this, or perhaps half the amount, the other half being paid by the Council or Provincial, as the Municipality is chiefly benefited by this reclamation. The Sanitary Board were not satisfied with the estimate but wanted further information which has not been

furnished

This decision was confirmed by the Govt. in G.O. No. 875 dated 13th September 1893. It was not communicated to Bhagavantan. It is clear however that after the decision of the Commissioners Bhagavantan was entitled only to the portion of the swamp declared to be in British territory. He is dead, but one Joseph is now in possession of Bhagavantan's portion of the swamp, having obtained a transfer of it from Bhagavantan's heirs. This part of the swamp has been already partially reclaimed by the occupiers, and Joseph has undertaken to reclaim the rest within a year. The Dy. Collector reports that on this understanding he has settled the swamp (the portion in British territory) in his name.

So far as this port. is concerned. What his rights under the Cochin Darbar may be we cannot presume to say.
G.V.R.
7-4-6

funds as the Municipal Council had no funds to meet it. As it appeared that a private individual had preferred a claim to the swamp the Collector of Malabar was requested to report how this claim had been disposed of. The second current read above is his reply.

From the Dy. Collector's report submitted by the Collector with his reply it appears that the whole of the swamp was in 1865 settled by the British Govt. in favour of one Bhagavantan as it was then thought that the whole of the swamp belonged to this Govt. Subsequently in consequence of the Cochin Govt. having claimed a portion of the swamp as belonging to it, and of the claim preferred by Bhagavantan to the whole, the matter was referred to two Commissioners who settled the question by dividing the swamp equally between the two Governments.

This

LOCAL AND MUNICIPAL DEPARTMENT.

Sir,

With reference to the proposal of the Sanitary Engineer that the Eravelli Swamp should be reclaimed and that the Cochin Government might be called upon to contribute towards its cost, Government were pleased to direct in G. O. No. 293 M dated 15th February 1892, that definite information as to the cost of the work of reclamation should be furnished before any proposal for joint action be made to that Government

Para 3

2. Plans and Estimates approximating to Rs 4865 for the whole work were accordingly prepared in 1892 but before they could be submitted to Government a private individual put in a claim in this office, alleging that the whole swamp had been leased by him from the British Government. The matter was therefore referred by the then Chairman to the local Deputy Collector, which resulted in the appointment of Commissioners by the British and Cochin Governments for the settlement of the dispute as to the ownership of the Swamp. The Commissioners decided that a straight line dividing the Swamp equally between the two Governments, should form the boundary between the respective territories. This was ratified by Government in G. O. No. 815 R dated 13th September 1893.

Erevally Swamp Filling Works.

Specification of works and materials to be used

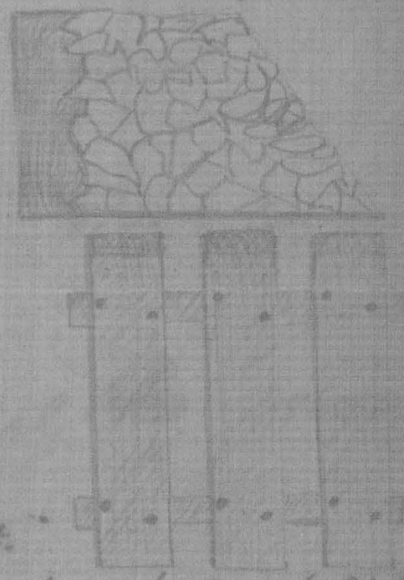
It is proposed to fill up the swamp with mud and sand to a level of one foot above the highest tide leaving a canal in the middle 15 feet wide between the boundary of the two territories and its banks reveted with granite.

The materials should as far as practicable be taken from the bed of the Calvetty Canal with the object of deepening it all along and from the proposed Canal in the middle of the swamp to a depth of 3 feet at low tide. Surplus materials will be obtained from the river.

Revetment to be of granite stones constructed upon mangoe planks rising to one foot above the hight of the highest tide which will be indicated by a datum pile, having four feet breadth at the base and two feet on the top with a batter of three inches to the foot on the facing of the revetment as per sketch.

Mangoe planks not less than 8 feet in length 1 foot broad and 1½ inches in thickness, 3 planks to be laid on battens 6 feet apart having a space of 6 inches between the planks, as per sketch and nailed.

Cora Cutta or Hard mud backing to be constructed on the land side of the Revetment 28 inches in breadth and to be on a level with the top of the revetment.



Filling. The materials to be used are mud and sand. Oister shells, dead vegetation and rubbish will on no account form part of the filling.

Cochin.

Sir,

I beg to report that I have Completed the inspection and measurement of the Erevelly swamp with a view to ascertain the cost of filling the same, leaving a Canal in the mid-stream, and beg to submit herewith a **Sketch Map** showing the position of the swamp **Specification** to Carry out the work and **Estimate** of Cost amounting to **Rs 4,865-14-0**. The demarkation stones of the boundary between the two territories lately placed by the Revenue Survey Department is shown in the map marked Guided by these marks, and local enquires, I have ascertained the line of boundary, ~~which~~ by the way, is the course of the mid-stream discharging water from the Sirkar territory drains. The proposed Canal of 15 feet width must necessarily run on the same line, and it has been advantageously placed there in the map, forming a definite and clear boundary. The Revetment of this Canal on the Sirkar side and the part of the swamp to be filled on that side is the same area as on the British side. It has therefore a great deal facilitated the apportioning of cost on either parties which is exactly half the sum of the whole cost.

I beg to remain

Sanitary Board Office

Proceedings of the Sanitary Board No. 2304 dated 15th August 1895

Present.

Surgeon Lieut. Col. W. G. King M.B., C.M., D.P.H. Sanitary Commissioner for Madras.

J. A. Jones Esqr. Mem. Inst. C.E. F.R.S.E. Sanitary Engineer to Govt.

Read letter No. 197 dated 2d August 1895 from the Chairman, Municipal Council, Cochin forwarding for approval plan and an estimate amounting to Rs. 4865- for the reclamation of the Irravelli Swamp.

Resolved that the Chairman be informed that further information is required before the Sanitary Board can give opinion or advice.

2. Proper estimates and a specification for t work ought to be sent also cross sections over the Sw shewing the filling to be done – the place whence the fr earth is to be obtained ought to be stated.

3. The Chairman will be requested to state whether the Canal through the Swamp is a necessity and whether it cannot be diverted.

4. The drainage of properties near the Swamp will probably be interfered with owing to the filling. The Chairman will be requested to report on this poi also.

Chairman

Office of Municipal Coun

No 282 Walajapet,
7th June 1896.

From,
M. R. Ry.
C. Venkatasubrayalu Reddi Garu
Chairman, Municipal Council
Walajapet.

To
The Chief Secretary to Government
Local and Municipal Department,
Fort Saint George,
Madras.

Sir,

In reference to Memorandum of Government No. 387 / 25-3-96, I have the honor to submit herewith statements IV A & IV B.

2. No Quarters have been provided for the Hospital Assistant and it is not likely to be done in the near future. The Council has no Office of its own for want of funds and the office is located in an unwholesome and inconvenient rented building. No compensation or house rent has been provided for in the budget as the Hospital

Assistant now lives beyond 200 yards of the Dispensary.

I have the honor to be,
Sir,
Your most Obdt. Servt,

Chairman.

No 282

Enclosure — 1.

Subject

Submitting statements IV A & IV B in connection with the Budget for 1896-97 & stating that no compensation or House rent has been provided for to the Hospl. Asst. as he lives beyond 200 yards of the Dispensary.

N
Misc.

Order No. 1037 Mun. Dt. 20/6/96

Statements IV A and IV B for 1896-97 have not been prepared in accordance with the instructions issued in G.O. No. 2008 on dated 7th Dec. 1892. Revised statements should be submitted as soon as possible.

2. It is desirable that the Hospital Assistant should be required on payment of house-rent to live within 200 yards of the dispensary.
