SIR,

I have the honor to forward for the orders of Government letter No 964 dated 23rd March 1896 from the Chairman, Negapatam Municipal council, requesting Sanction to lease out a certain lane in Nagore. The lane has admittedly not been in use for a number of years. The Chairman was therefore requested to state how it could be regarded as municipal property, and the Head Assistant Collector was requested to report after personal inspection whether the lane is municipal property or not, and how it was registered in the Land Registers.

2. The Chairman in reply says that all streets, lanes etc whether used as such or not vest in the municipal council under Section 23 of the act. This is incorrect. Section 23 vests only "public streets" in the municipal Council. The Head Assistant Collector reports that in the Pymash account the lane is registered as தெரு (street) but that in the settlement accounts it is included in Survey No 112 as fural inam punja.

3. It appears to me that the Council's title to the land is very doubtful, and that their proposal to conserve it against nuisances by leasing it, although original, is ~~not~~ likely to be effective. I would recommend therefore that the proposal be negatived, and that the Council be informed that they must establish their claim to the land against the man in whose name it has been registered at the recent —
