PROCEEDINGS OF THE BOARD OF REVENUE
(REVENUE SETTLEMENT, LAND RECORDS AND AGRICULTURE).

READ—the following letter from A. C. TATE, Esq., Acting Collector of Cuddapah, to the Secretary to the Commissioner of Revenue Settlement and Director of the Department of Land Records and Agriculture, dated 28th March 1896, Dis. No. 1228-Rev.:—

I have the honour to submit, herewith, statements A, B and C of the Famine Programme for the official year 1896–97.

2. The programme contains provisions for works as follows:—

	No.	Cost. Rs.
1. Construction of new irrigation works	26	7,93,892
2. Repairs to existing irrigation works	685	5,47,880
3. Forest fencing works	34	1,18,320
4. Construction of new roads	69	3,28,449
5. Repairs to the existing roads	126	8,16,196
6. Improvement of drinking water-supply	16	26,945
7. Other miscellaneous works including land improvements by the aid of State loans	2,448	1,66,467

The provision made for 1895–96 is given below:—

	No.	Cost. Rs.
1. Construction of new irrigation works	12	5,50,346
2. Repairing the existing irrigation works	631	4,43,425
3. Forest fencing works	43	1,28,320
4. Construction of new roads	66	3,39,113
5. Repairs to the existing roads	116	7,77,086
6. Improvement of drinking water-supply	12	26,090
7. Other miscellaneous works, including land improvements by the aid of State loans	2,474	1,65,067

From the above, it will be seen that there is an increase in items Nos. 1, 2, 5 and 6 and decrease in the remaining items. As regards the decrease in item No. 3, the District Forest Officer says that he cannot account for the variation owing to his want of experience of the district. Copy of statement D received from the Local Fund Engineer is herein enclosed for Board's information in regard to decrease in items Nos. 4 and 7.

3. The total provision amounts to Rs. 27,98,149 against Rs. 24,29,447 of 1895–96, and the works are sufficient to provide employment for three months for 24·74 per cent. of the population of the district.

4. In accordance with the orders of the Board on the programme for 1895–96, the provision made in the taluks of Pulivendla, Madanapalle, Vayalpad, Ráyachóti and Kadiri has been amplified and now exceeds the required minimum.

5. Works, plans, &c., for which are not in a forward state of preparation, have been shown as supplemental at the end of statement A and omitted altogether from statement C as pointed out by the Board in its Proceedings, No. 147, dated 7th June 1895.

6. Estimates are reported to be ready for works to cost Rs. 11,53,248, or 41 per cent. of the total provision excluding land improvements for which no estimates are prepared. The reason for the decrease in this respect is due to the expenditure of a large amount on Sagiléru project.

RESOLUTION—dated 23rd April 1896, No. 72.

The abstract of the programme of Famine Relief Works for 1896–97 received from the Collector of Cuddapah will be submitted for the information of Government.

2. In his letter read above, the Collector gives an abstract of the various classes of works with the amounts involved, together with the numbers and the percentage of the population for which they would be sufficient to provide employment. The percentage exceeds the prescribed minimum in all taluks. At the end of statement A, a supplemental list of six new irrigation works is added without any estimate of their cost. It is presumed that these are works still under investigation. There are also four such new irrigation works in the Jammalamadugu taluk appearing in the body of statement A; these should have been included in the supplemental list above referred to.

3. Estimates are reported to be ready for only 37 per cent. of the cost of the unsanctioned large works, and for about 41 per cent. of the total provision, excluding the land improvement works. Endeavours should be made to get estimates prepared for a greater number of large works. It is observed that the sums entered against the large works under Public Works Department include expenditure to be utilised on skilled labour. In these and similar cases, the Collector has roughly calculated the number of persons that could be employed on famine relief with half the cost provided for such works. It is also noted that the proportion of large works brought under sanction is very small. The attention of the Collector will be invited to the instructions contained in paragraph 2 of the Government of India letter in Board's Proceedings, No. 360, dated 6th September 1894, and he will be requested to furnish, as early as possible, the information referred to therein.

4. *Statement A.*—(*a*) The sum of Rs. 2,550, being the detailed estimate of two major tanks in the Sidhout taluk which are shown as "sanctioned" in column 3 of this statement and also in statement C, is entered erroneously under "not sanctioned" in column 4. The necessary corrections have been made in this office.

(*b*) Under III—Road Works—a sum of Rs. 6,280 is entered as the estimated cost of 13 minor works. Here the entry of "13" is obviously a mistake for "3."

Statement B.—(*a*) Several new projects appear in this statement, which should not have found a place in it.

(*b*) The totals of the Revenue Department works at the foot of columns 4 and 5 of this statement are incorrect. Again, the total numbers of works in and out of repair according to this statement appear to be 2,047 and 646, respectively; while 2,684 and 124 are the corresponding entries in jamabandi statement No. 15 for fasli 1304 submitted by the Collector.

(*c*) The reconstruction of Tatimakula oddu anikat of Peddatippasamudram in Madanapalle, for which a sum of Rs. 6,000 is provided in the programme, is exhibited as repair to an existing P.W.D. work in this statement, but it is shown as a new work in form C.

These discrepancies should be explained.

Statement C.—The amounts in column 27 against the "large unsanctioned" works and "small" works in the Proddatur taluk, and against "small works" in Pulivendla should, according to statement A, be Rs. 57,894, Rs. 4,520 and Rs. 6,957, respectively, instead of Rs. 53,672, Rs. 5,832 and Rs. 5,155. The necessary corrections have been made in this office and should be carried out in the office copies of the Collector's statements.
