Sir,

With reference to G.O. No 411-L 3.3.96 received introduction of Provident Fund into this District I have the honor to remark that in my opinion the following paras of rules operate harshly and should be revised. L. D. servants are discouraged and looked down upon sufficiently at present, and it was thought that the scheme would encourage them to do better work in every way; the alteration of the two rules as under would be no doubt a concession which would be very encouraging to the departmental officers.

Rule 12. para 1. If the officer resigns with the permission of the President Dt Board he should be entitled to the benefit of the fund.

Rule 16. Lapsed bonuses should go to the credit of the fund and not to the Board. The Board freely give the bonuses and it would, I am sure not object to the fund benefitting, as I know this is the case in some other districts in which the fund rules are in force; I think that it is only just and equitable that it should be in force here. The bonuses we get are all we have to look forward to and the small amount should not be grudged the fund. The above are merely suggestions and I do not wish Government or you to will take them in any other light than put forward in all good faith. I do not either wish that the scheme should be deferred

From J. TWIGG, Esq., President, District Board, Madura, to the Chief Secretary to Government, dated 28th April 1896, Ref. on C. No. 167.

In reference to the notification containing the draft rules proposed by Government in connection with the establishment of a Provident Fund for the benefit of the Local Fund employés of this district, embodied in G.O., No. 411 L., dated 3rd March 1896, I have the honour to forward herewith, for the consideration of Government, copy of letter, No. 86-P., dated 20th April 1896, of the District Board Engineer, Madura, requesting that Rules 13 and 16 may be altered in favour of the servants so that such of the employés as resign under permission of the President may get the benefit of the bonus fund, and that lapsed bonuses may go to the credit of the fund instead of to the credit of the board. I must add that, in my opinion, the alterations proposed are not advisable.

ENCLOSURE.

From W. E. UNDERWOOD, Esq., District Board Engineer, Madura, to the President, District Board, Madura, dated 20th April 1896, No. 86-P.

With reference to G.O., No. 411 L., dated 3rd March 1896, regarding introduction of Provident Fund into this district, I have the honour to remark that in my opinion the following paragraphs of rules operate harshly and should be revised. Local Fund servants are discouraged and looked down upon sufficiently at present, and it was thought that this scheme would encourage them to do better work in every way; the alteration of the two rules as under would be, no doubt, a concession which would be very encouraging to the departmental officers:—

Rule 13.—If the officer resigns with the permission of the President, District Board, he should be entitled to the benefit of the fund.

Rule 16.—Lapsed bonuses should go to the credit of the fund and not to the board.

The board freely give the bonuses, and it would, I am sure, not object to the fund benefiting, as I know this is the case in some other districts in which the fund rules are in force; I think that it is only just and equitable that it should be in force here. The bonuses we get are all we have to look forward to, and the small amount should not be grudged the fund.

The above are merely suggestions and I do not wish Government or you will take them in any other light than put forward in all good faith. I do not, either, wish that the scheme should be deferred if Government do not agree. However, I trust that they will kindly consider the above, as otherwise the two paragraphs would operate harshly on subscribers who would deserve to benefit.

I trust the scheme will operate from the commencement of current official year if possible.

ORDER—No. 1056 L., dated 8th June 1896.

In the Government Order read above, the draft rules framed for the establishment of a Provident Fund for the benefit of the Local Fund employés in the Madura district were circulated for general information and criticism under section 145 of the Local Boards Act. The District Board Engineer, Madura, suggests alterations in two of the rules, but the President of the District Board considers that they are not advisable. In reference to the notification containing the draft rules proposed by Government in connection with the establishment of a Provident Fund for the benefit of the Local Fund employés of this district, embodied in G.O., No. 411 L., dated 3rd March 1896, I have the honour to forward herewith, for the consideration of Government, copy of letter, No. 86-P., dated 20th April 1896, of the District Board Engineer, Madura, requesting that Rules 13 and 16 may be altered in favour of the servants so that such of the employés as resign under permission of the President may get the benefit of the bonus fund, and that lapsed bonuses may go to the credit of the fund instead of to the credit of the board. I must add that, in my opinion, the alterations proposed are not advisable.

ENCLOSURE.

From W. E. UNDERWOOD, Esq., District Board Engineer, Madura, to the President, District Board, Madura, dated 20th April 1896, No. 86-P.

With reference to G.O., No. 411 L., dated 3rd March 1896, regarding introduction of Provident Fund into this district, I have the honour to remark that in my opinion the following paragraphs of rules operate harshly and should be revised. Local Fund servants are discouraged and looked down upon sufficiently at present, and it was thought that this scheme would encourage them to do better work in every way; the alteration of the two rules as under would be, no doubt, a concession which would be very encouraging to the departmental officers:—

Rule 13.—If the officer resigns with the permission of the President, District Board, he should be entitled to the benefit of the fund.

Rule 16.—Lapsed bonuses should go to the credit of the fund and not to the board.

The board freely give the bonuses, and it would, I am sure, not object to the fund benefiting, as I know this is the case in some other districts in which the fund rules are in force; I think that it is only just and equitable that it should be in force here. The bonuses we get are all we have to look forward to, and the small amount should not be grudged the fund.

The above are merely suggestions and I do not wish Government or you will take them in any other light than put forward in all good faith. I do not, either, wish that the scheme should be deferred if Government do not agree. However, I trust that they will kindly consider the above, as otherwise the two paragraphs would operate harshly on subscribers who would deserve to benefit.

I trust the scheme will operate from the commencement of current official year if possible.

ORDER—No. 1056 L., dated 8th June 1896.

In the Government Order read above, the draft rules framed for the establishment of a Provident Fund for the benefit of the Local Fund employés in the Madura district were circulated for general information and criticism under section 145 of the Local Boards Act. The District Board Engineer, Madura, suggests alterations in two of the rules, but the President of the District Board considers that they are not advisable. No other objections or suggestions having been received, the draft rules are now finally confirmed, and the following notification will be published in the *Fort St. George Gazette* in English and in the *Madura District Gazette* in English and Tamil:—

9. The funds of the Provident Institution shall be deposited in the Government treasury to the credit of the District Board and any sum not required for the current expenses of the year

shall, at the beginning of the year following, be invested in Government securities or in debentures issued by the Municipal corporations of the three Presidency towns or by the Port Trusts of Calcutta, Bombay, Karachi and Rangoon, or in such others as Government may from time to time specially authorise.

10. The account opened in the name of each subscriber shall show—

(1) the amount of his subscriptions with interest thereon;
(2) his share of the bonus given by the District Board and of other sums credited by reason of lapses, &c., with interest thereon; and
(3) the amount of all sums withdrawn.

11. On opening his account in the fund each subscriber shall furnish to the President of the District Board a certificate in the annexed form under his signature, giving the name and address of one or more persons to whom he desires that, in the event of his death, the whole or any portion of the amount due to him from the fund should be paid, and may at any time revise this certificate, and all certificates in force shall be duly registered and recorded in the President's office.

12. The account of each subscriber shall be closed—

13. When a subscriber's account is closed under clause (1) of the above rule, he shall be paid only his subscriptions and interest thereon; when it is closed under clause (2) or (3), then he in the one case, or the persons specified in the certificate referred to in Rule 11 in the other, shall be paid also—

NOTE.—Service for bonus counts from the date of first contribution to the Provident Institution and includes time spent on privilege leave.

14. From and out of the amount standing to the credit of any subscriber the President shall have power to recover and pay to the District or Taluk Board the amount of any claim the Board may have against such subscriber, and may allow withdrawals with the sanction of Government.

15. At the end of each year, or on the closure of an account under Rule 12, the account of each subscriber shall be credited as interest with a sum equal to a percentage of its opening balance, which shall be less than the rate obtained on the investments made under Rule 9 by $\frac{1}{4}$ per cent.

16. The bonuses forfeited under Rule 13 will be credited to the head "Miscellaneous," and the balance available under this head, after debiting to it the charges incurred on account of the Provident Fund establishment and after reserving a sum equal to the probable amount of such debits for the next three years, will lapse to the Board.
