GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

Read—the following paper:—

From M.R.Ry. A. PUSHPANATHA PILLAI Avargal, B.A., Chairman, Municipal Council, Salem, to the Chief Secretary to Government (through the Head-quarters Deputy Collector), dated Salem, 27th May 1896, No. 709.

I have the honour to report on the working of the Salem Municipality during the official year 1895–96.

2. *Administrative Changes.*—During the year under report, there have been some important changes in the administration of this municipality. With reference to G.O., Mis. No. 2023 M., dated 24th December 1894, the municipal council having agreed to the proposal of Government to have a paid official Chairman for this municipality on trial for three years on a salary of Rs. 250 per mensem, I was appointed as paid Chairman and I took charge of this municipality on the 8th August 1895 from the ex-officio Chairman who had charge of the office till then. My appointment was sanctioned by Government in G.O., Mis. No. 921 M., dated 31st May 1895. Two of the official councillors were appointed by Government and one of the non-officials was re-appointed and another was re-elected.

I.—Constitution of the Municipal Council.

3. On the 31st March 1896, the municipal council consisted of twenty members, the maximum sanctioned strength; of these, five were officials and fifteen non-officials, four Europeans and sixteen natives (including four Muhammadans). Ten non-official councillors were elected by the rate-payers, while the rest were appointed by Government.

4. During the year under report, one contested municipal election was held on the 21st December 1895 in the 4th ward to fill up a vacancy caused by the termination of the period of appointment of one of the elected councillors. The total number of registered voters of that ward was 760. The number of voters who actually went to the poll was 361, which gives a percentage of 47·5.

5. The total number of meetings held during the year was 31 against 33 in the previous year. The number of meetings adjourned for want of a quorum was two against three in the preceding year. The average attendance at each meeting is compared below with that of previous year:—

	1894-95.	1895-96.
Officials	2·5	2·2
Non-officials	6·5	9·8
Total ..	9·0	12·0

It is satisfactory to note that there has been considerable increase in the attendance of the non-officials. Owing to pressure of official business Mr. F. S. Mullaly, Superintendent of Police, Salem, who was one of the official councillors, was able to attend but one meeting, and he resigned his seat in January 1896. This fact accounts partly to the slight falling off in the attendance of the officials.

II.—Receipts.

A.—Receipts from Taxation.

6. *Tax on Arts, &c.*—(*a*) *Arrears.*—The total amount of arrear demand at the beginning of the year was Rs. 2,059–14–0, of which Rs. 1,315–6–0, or 65·0 against 67·1 per cent. of the previous year, was collected, Rs. 392–8–0 was remitted by the council on appeal, and Rs. 352 was written off the accounts after due verification by the ward councillors and myself. The balance outstanding at the close of the year was *nil.*

7. (*b*) *Current.*—The arts-tax registers were revised during the year under report by myself with the assistance of the division councillors. The current demand as originally assessed by the Chairman was Rs. 12,740; of this, Rs. 1,122–8–0 was remitted by the council on appeal. The finally-settled demand was Rs. 11,617–8–0, which shows a decrease of Rs. 406 as compared with that of last year. Out of the settled demand of the previous year, Rs. 361–8–0 was remitted by the council on appeal after the close of the previous year, so that the net decrease was only a small sum of Rs. 44–8–0. The reason for this decrease is that during the year under report the amount remitted by the council on appeal was considerably larger than that of last year. The amount collected was Rs. 11,608, or 99·9 against 87·0 per cent. of the previous year; the balance left uncollected at the close of the year was only Rs. 9–8–0, which has been subsequently collected.

This is [illegible]

8. The tax on arts is levied from all classes of the schedule. The number of persons assessed under each class of the schedule and the aggregate amount of the assessment under each class are given in Statement IX-A. Four thousand nine hundred and eighty persons are assessed at Rs. 11,617–8–0. The incidence per head was Rs. 2–5–4 against Rs. 2–7–9 of the previous year.

9. *Tax on Buildings*—(*a*) *Arrears.*—The arrears of tax on buildings outstanding at the commencement of the year amounted to Rs. 1,496–4–8; of this sum, Rupees 1,306–0–11 was realized, Rs. 48–13–0 was remitted by the council on appeal. Rs. 122–4–9 was written off the accounts, the defaulters concerned being paupers and in some cases the houses having become ruined. Rs. 19–2–0 was remitted by the Chairman for vacant houses under section 72 of the Act. The balance at the close of the year was *nil.* The percentage of collections on arrear demand was 87·3 against 91·3 of the previous year.

10. (*b*) *Current.*—The house-tax registers having been revised during the year 1894–95, those for the year under report were corrected with reference to subsequent additions, alterations and improvements. The current demand, as originally fixed by the Chairman, was Rs. 19,551–2–0; of this, Rs. 76–4–0 was remitted by the council on appeal. The demand finally settled was Rs. 19,474–14–0, which shows a net increase of Rs. 33–13–0 over that of last year. The collections amounted to Rupees 19,325–3–0, the percentage being 99·2 against 94·0 of the previous year; Rs. 84–2–0 was remitted by the Chairman on account of vacant houses under section 72. The balance outstanding at the close of the year was Rs. 65–9–0, most of which has subsequently been realized. Nine thousand nine hundred and fifty-seven houses were assessed to the tax on buildings out of a total number according to the census of 1891 of 12,815, the total number of houses on the municipal registers out of the number according to the census of 1891 being 11,000. The incidence per house was Rupees 1–15–4 against Rs. 1–15–4 of the previous year.

11. *Tax on Lands*—(*a*) *Arrears.*—The arrear demand at the beginning of the year was Rs. 454–1–11, of which Rs. 409–1–0, or 90·0 against 79·6 per cent. of the previous year, was collected, Rs. 7–4–4 was remitted by the council on appeal, and Rs. 37–12–7 was written off the accounts as irrecoverable. The balance at the close of the year was *nil.*

12. (*b*) *Current.*—During the year under report the land-tax registers were thoroughly revised and the tax has been levied at 7½ per cent. on the annual rental value of each land, as instructed by Government in G.O., No. 466 M., dated 19th March 1895, as Government took objection to the acreage rate of 1 rupee per acre of nunja or garden and 8 annas per acre of punja lands which was in force till the close of the official year 1894–95. The current demand, as originally assessed by the Chairman, was Rs. 1,382–14–9; of this Rs. 55–7–6 was remitted by the council on appeal. The demand finally settled was Rs. 1,327–7–3, which shows a net increase of Rs. 13–13–6 over that of last year. The collections amounted to Rs. 1,270–7–10, the percentage being 95·7 against 78·2 of the previous year. The balance outstanding at the close of the year was Rs. 56–15–5; of this Rs. 16–7–5 has subsequently been realized.

13. At the request of the Collector of Salem the submission to him of a monthly statement showing the demand, collection and balance under all items having fixed demand has been discontinued.

14. *Tax on Vehicles with Springs and Tax on Animals and Carts without Springs.*—The increase as compared with the actuals of last year under these items was mainly due to better and constant supervision exercised over this branch this year than in the previous years. Registers have been maintained showing the vehicles, animals, &c., chargeable.

15. *Coercive Processes.*—The number of warrants of all kinds issued during the year was 599 against 4,566 in 1894–95; adding to this the unexecuted warrants of 1894–95, the total was 1,602, of which 1,580 were executed and cancelled within the year, leaving 22 to be disposed of in the current year. The total amount covered by the warrants issued during the year was Rs. 1,783–1–11 against Rs. 9,094–5–6 in 1894–95, and the amount recovered was Rs. 3,361–13–5; property was sold in only one case against eleven in the previous year, and As. 5 realized. The number of prosecutions instituted during the year was 231 against 530 in 1894–95. The duty of executing the warrants was assigned to the bill collectors themselves. The fall in the number of processes issued during the year under report is mainly due to the strict supervision exercised over the bill collectors, whose work was strictly reviewed. Whenever they grew lax or found difficulty in making collections, I assisted them to a considerable degree by undertaking the collections myself. There was therefore no necessity for the issue of a large number of processes as in the previous year.

16. *Tolls.*—Tolls are levied at three-fourths of the maximum rates. There are fifteen toll-gates which were leased out to contractors during the year under report. The collections credited to municipal funds after deducting the local fund share due to the district board amounted to Rs. 8,088–7–3, against Rs. 7,999–1–8, the actuals of 1894–95. The increase was due to the higher bids offered at the time of sale of the farms. The current gross demand under tolls (excluding the amount of interest of As. 9 realized) was Rs. 10,110, the whole of which was realized. The one-fifth share of tolls due and paid to the District Board, Salem, amounted to Rs. 2,022 (excluding the amount of interest).

17. *Incidence of Taxation.*—The total income from taxation was Rs. 49,505–13–6 including, and Rs. 41,417–6–3 excluding, tolls. The average incidence per head of the population was As. 11–8 in the former, and As. 9–9 in the latter, case, against As. 12–5 and As. 10–6, respectively, in 1894–95. The incidence for the Presidency in 1894–95 was As. 13–10 and As. 10–6.

B.—Miscellaneous Receipts.

18. *Avenue Receipts.*—Under this head the amount collected was Rs. 282–1–2, against the revised estimate of Rs. 200, and Rs. 165–11–0, the actuals of 1894–95. The increase was due to the higher bids offered at the time of sale of the avenue produce.

19. *Sale-proceeds of Night-soil, Street-refuse, &c.*—The realizations under this head amounted to Rs. 93–12–0, against the revised estimate of Rs. 150, and Rs. 300–8–4, the actuals of 1894–95. The decrease was chiefly due to the fact that there was no great demand for it during the year under report. The several years' accumulations of all the rubbish depôts in the town, as well as the daily collection of the rubbish in all the divisions, have been sold in the current year to a contractor for three years at the rate of Rs. 295 per annum.

[illegible]

20. *Fees from Educational Institutions.*—The receipts under this head amounted to Rs. 7,970–5–10, against the revised estimate of Rs. 8,000, and Rs. 7,971–15–11, the actuals of 1894–95.

21. *Income from Markets.*—During the year under report all the markets were leased out to contractors. The current demand under this head amounted to Rs. 2,295, of which Rs. 10 was remitted by the council at its meeting held on the 12th March 1896. The net demand was Rs. 2,285, the whole of which was realized. There are at present four markets as in the previous year. A new one was constructed at Ammapet during the year under report and it has been leased out from the current official year. These have been frequently used by the public and are kept clean and in good order. The site to be acquired for the Jubilee market proposed to be constructed to the west of the taluk cutcherry has been approved by the District Board, Salem, and steps will be taken for its construction as soon as funds are available for the same. The total receipts from the four markets above referred to amounted to Rupees 2,335. Deducting expenditure on construction, repairs, maintenance, and establishment and contingencies, which amounted to Rs. 634–4–8, the net income from markets was Rs. 1,700–11–4.

22. *Income from Slaughter-houses.*—The current collections under this head amounted to Rs. 1,697–10–6, against Rs. 2,237–14–0, the actuals of 1894–95, which included the arrears of previous year. There are at present five slaughter-houses, all of which were leased out. During the year under report a new slaughter-house was constructed at Ammapet and it has been leased out from the current official year.

23. *License Fees.*—The receipts under this head amounted to Rs. 1,462–12–3, against the budget grant of Rs. 1,300, and Rs. 1,339–4–5, the actuals of 1894–95. The increase was due to the fact that the arrears of last year were realized during the year under report by prosecution before the Bench of Magistrates, Salem, and to the strict supervision that was exercised, by which many cases of omissions to take out licenses were detected in the course of the year.

24. *Cart-stand Fees.*—The total receipts under this head amounted to Rupees 1,430–11–2, against the budget grant of Rs. 1,380, and Rs. 1,406–10–4, the actuals of last year. The increase was due to the fact that higher bids were offered at the time of sale of the municipal cart-stand.

25. *Fines under Municipal and other Acts.*—A sum of Rs. 1,649–7–5 was realized under this head, against the budget grant of Rs. 1,200, and Rs. 1,309–14–7, the actuals of 1894–95.

26. *Grants and Contributions from Government—*(i) *Education Grants for Buildings.*—A sum of Rs. 900 was drawn from Provincial funds on account of the Salem Town school-house which was acquired and taken possession of during the year under report, and the school which was hitherto held in a rented building has been removed to this new building. The grant of Rs. 341–0–4 due for the Shevapet Town school-house, referred to in paragraph 27 of the last year's report, will be drawn in the current official year.

27. *Grants for Municipal Schools.*—Some of the teachers of the Salem College having obtained the L.T. degree, the scale of grant sanctioned for them has been raised by the Director of Public Instruction, Madras. The income under this head therefore amounted to Rs. 2,603–3–4, as compared with Rs. 2,261–15–8, the actuals of last year.

28. *Private Scavenging.*—The number of houses served by the private scavenging agency on the last day of the year was 555, the amount of fees collected was Rs. 648–8–3, and the charges incurred were Rs. 772–10–1, against 551, Rs. 608–10–9 and Rs. 723–13–2, respectively, in 1894–95. The system has been in force in all the divisions of the town. The current demand under this head was Rs. 629–12–3, the whole of which was realized during the year under report. There is much scope for improvement in this branch, and I shall pay my particular attention to it during the current official year.

29. *Opening Balance, &c.*—The year opened with a credit balance of Rupees 12,388–14–5, and the current receipts amounted to Rs. 73,326–1–9, against Rs. 70,710 and Rs. 75,220, respectively, anticipated in the budget and revised estimates of the year, and Rs. 75,290–11–2, the actuals of 1894–95. The decrease as compared with the last year is mainly due to the decrease in the amount realized under the tax on buildings and lands, income from markets and slaughter-houses.

III.—EXPENDITURE.

30. The total expenditure amounted to Rs. 74,056–8–3, against Rs. 80,010 anticipated in the revised estimate, and Rs. 74,199–9–1 incurred in 1894–95. It was distributed among the several grants as noted below :—

—	1894–95.			1895–96.			Percentage for 1895–96.
	RS.	A.	P.	RS.	A.	P.	
Grant I, Public Works	17,211	11	0	15,845	0	0	21·4

Advances and Refunds, &c.	699	8	0	553	4	0	0·7
Total ..	74,199	9	1	74,056	8	3	100·0

The net decrease as compared with the figures of 1893–94 occurs mainly under Grants I and III.

31. *Grant I, Public Works—*(1) *New Works—*(a) *Communications.*—The sum of Rs. 49–6–5 shown under this head relates to the causeway near Fischer anicut referred to in paragraph 33 of the last year's report.

32. *Buildings.*—The charges incurred under this head amounted to Rs. 2,954–0–8 against the revised estimate of Rs. 5,220. The decrease was chiefly due to the following causes :—

(1) The plans and estimates regarding the extension of the Municipal College, Salem, and a permanent cholera shed attached to the Municipal Hospital, Salem, provided for in the revised estimate, are still under revision and consideration.

(2) No site was available for constructing a school-house for Parayas at Kichipolium. Arrangement has, however, been made for acquiring a new site under the Act in the current year. During the year under report three zinc-sheet latrines were newly put up; and the Shevapet school-house, which was completed last year, was paid for.

33. *Water-supply.*—During the year under report, Mr. R. E. Ellis visited Salem and pointed out to the Public Works Department the site where a trial well has to be sunk at the foot of the Namamalai hill in connection with the investigation of the water-supply scheme for this town, the plan and estimate for which have since been sanctioned in G.O., Mis. No. 600 M., dated 1st April 1896. There was no necessity for sinking a new well in the fort as there is sufficient water. For the above reasons the charges incurred under this head amounted to Rs. 53–10–9 against the budget estimate of Rs. 2,200.

34. *Drainage.*—The consideration of the scheme for the drainage of this town is postponed *sine die* by the Sanitary Engineer to Government.

35. (2) *Repairs—*(a) *Communications.*—The expenditure on the repair of the town roads was Rs. 4,131–11–5, against the budget grant of Rs. 4,000 and Rs. 3,997–10–9, the actuals of 1894–95. The percentage of expenditure on the net income from tolls was 51·1 against 49·9 in 1894–95. With regard to the general condition of the roads in the town, the remarks of the Sanitary Commissioner, who inspected the town in November 1895, are quoted below :—

> "*Roads.*—Certain of those newly made were in excellent order, and have evidently been made with care. The majority of the old roads, however, are in a very indifferent state. In a very considerable proportion of the town, roads do not exist."

20. *Fees from Educational Institutions.*—The receipts under this head amounted to Rs. 7,970–5–10, against the revised estimate of Rs. 8,000, and Rs. 7,971–15–11, the actuals of 1894–95.

21. *Income from Markets.*—During the year under report all the markets were leased out to contractors. The current demand under this head amounted to Rs. 2,295, of which Rs. 10 was remitted by the council at its meeting held on the 12th March 1896. The net demand was Rs. 2,285, the whole of which was realized. There are at present four markets as in the previous year. A new one was constructed at Ammapet during the year under report and it has been leased out from the current official year. These have been frequently used by the public and are kept clean and in good order. The site to be acquired for the Jubilee market proposed to be constructed to the west of the taluk cutcherry has been approved by the District Board, Salem, and steps will be taken for its construction as soon as funds are available for the same. The total receipts from the four markets above referred to amounted to Rupees 2,335. Deducting expenditure on construction, repairs, maintenance, and establishment and contingencies, which amounted to Rs. 634–4–8, the net income from markets was Rs. 1,700–11–4.

22. *Income from Slaughter-houses.*—The current collections under this head amounted to Rs. 1,697–10–6, against Rs. 2,237–14–0, the actuals of 1894–95, which included the arrears of previous year. There are at present five slaughter-houses, all of which were leased out. During the year under report a new slaughter-house was constructed at Ammapet and it has been leased out from the current official year.

23. *License Fees.*—The receipts under this head amounted to Rs. 1,462–12–3, against the budget grant of Rs. 1,300, and Rs. 1,339–4–5, the actuals of 1894–95. The increase was due to the fact that the arrears of last year were realized during the year under report by prosecution before the Bench of Magistrates, Salem, and to the strict supervision that was exercised, by which many cases of omissions to take out licenses were detected in the course of the year.

24. *Cart-stand Fees.*—The total receipts under this head amounted to Rupees 1,430–11–2, against the budget grant of Rs. 1,380, and Rs. 1,406–10–4, the actuals of last year. The increase was due to the fact that higher bids were offered at the time of sale of the municipal cart-stand.

25. *Fines under Municipal and other Acts.*—A sum of Rs. 1,649–7–5 was realized under this head, against the budget grant of Rs. 1,200, and Rs. 1,309–14–7, the actuals of 1894–95.

26. *Grants and Contributions from Government*—(i) *Education Grants for Buildings.*—A sum of Rs. 900 was drawn from Provincial funds on account of the Salem Town school-house which was acquired and taken possession of during the year under report, and the school which was hitherto held in a rented building has been removed to this new building. The grant of Rs. 341–0–4 due for the Shevapet Town school-house, referred to in paragraph 27 of the last year's report, will be drawn in the current official year.

27. *Grants for Municipal Schools.*—Some of the teachers of the Salem College having obtained the L.T. degree, the scale of grant sanctioned for them has been raised by the Director of Public Instruction, Madras. The income under this head therefore amounted to Rs. 2,603–3–4, as compared with Rs. 2,261–15–8, the actuals of last year.

28. *Private Scavenging.*—The number of houses served by the private scavenging agency on the last day of the year was 555, the amount of fees collected was Rs. 648–8–3, and the charges incurred were Rs. 772–10–1, against 551, Rs. 608–10–9 and Rs. 723–13–2, respectively, in 1894–95. The system has been in force in all the divisions of the town. The current demand under this head was Rs. 629–12–3, the whole of which was realized during the year under report. There is much scope for improvement in this branch, and I shall pay my particular attention to it during the current official year.

29. *Opening Balance, &c.*—The year opened with a credit balance of Rupees 12,388–14–5, and the current receipts amounted to Rs. 73,326–1–9, against Rs. 70,710 and Rs. 75,220, respectively, anticipated in the budget and revised estimates of the year, and Rs. 75,290–11–2, the actuals of 1894–95. The decrease as compared with the last year is mainly due to the decrease in the amount realized under the tax on buildings and lands, income from markets and slaughter-houses.

III.—EXPENDITURE.

30. The total expenditure amounted to Rs. 74,056–8–3, against Rs. 80,010 anticipated in the revised estimate, and Rs. 74,199–9–1 incurred in 1894–95. It was distributed among the several grants as noted below :—

—	1894–95.			1895–96.			Percentage for 1895–96.

Total ..	74,199	9	1	74,056	8	3	100·0

The net decrease as compared with the figures of 1893–94 occurs mainly under Grants I and III.

31. *Grant I, Public Works*—(1) *New Works*—(*a*) *Communications.*—The sum of Rs. 49–6–5 shown under this head relates to the causeway near Fischer anicut referred to in paragraph 33 of the last year's report.

32. *Buildings.*—The charges incurred under this head amounted to Rs. 2,954–0–8 against the revised estimate of Rs. 5,220. The decrease was chiefly due to the following causes :—

(1) The plans and estimates regarding the extension of the Municipal College, Salem, and a permanent cholera shed attached to the Municipal Hospital, Salem, provided for in the revised estimate, are still under revision and consideration.

(2) No site was available for constructing a school-house for Parayas at Kichipolium. Arrangement has, however, been made for acquiring a new site under the Act in the current year. During the year under report three zinc-sheet latrines were newly put up ; and the Shevapet school-house, which was completed last year, was paid for.

33. *Water-supply.*—During the year under report, Mr. R. E. Ellis visited Salem and pointed out to the Public Works Department the site where a trial well has to be sunk at the foot of the Namamalai hill in connection with the investigation of the water-supply scheme for this town, the plan and estimate for which have since been sanctioned in G.O., Mis. No. 600 M., dated 1st April 1896. There was no necessity for sinking a new well in the fort as there is sufficient water. For the above reasons the charges incurred under this head amounted to Rs. 53–10–9 against the budget estimate of Rs. 2,200.

34. *Drainage.*—The consideration of the scheme for the drainage of this town is postponed *sine die* by the Sanitary Engineer to Government.

35. (2) *Repairs*—(*a*) *Communications.*—The expenditure on the repair of the town roads was Rs. 4,131–11–5, against the budget grant of Rs. 4,000 and Rs. 3,997–10–9, the actuals of 1894–95. The percentage of expenditure on the net income from tolls was 51·1 against 49·9 in 1894–95. With regard to the general condition of the roads in the town, the remarks of the Sanitary Commissioner, who inspected the town in November 1895, are quoted below :—

> " *Roads.*—Certain of those newly made were in excellent order, and have evidently been made with care. The majority of the old roads, however, are in a very indifferent state. In a very considerable proportion of the town, roads do not exist."

The repairs of smaller streets and lanes in some of the divisions of the town no doubt deserve greater attention, and necessary provision has been made in the budget for 1896–97.

36. (*b*) *Buildings.*—As most of the mud and stone-walled latrines and other buildings were repaired during the year under report, the expenditure under this head amounted to Rs. 2,687–8–6, against the revised estimate of Rs. 2,890 and budget grant of Rs. 2,000.

37. (*d*) *Water-supply*—(i) *Repairs to Works, &c.*—Owing to the great scarcity of water, especially at the commencement of the year under report, the Arisipalayam tank and several other wells in the town were deepened and repaired. The charges under this head, therefore, amounted to Rs. 3,547–8–6, against the budget grant of Rs. 300 and the revised estimate of Rs. 3,660.

38. *Tools and Plant and other Stores.*—The expenditure under this head amounted to Rs. 42–14–9 against the budget grant of Rs. 230. During the year under report no new tools and plant were purchased. This accounts for the decrease as compared with the expenditure of 1894–95, which amounted to Rs. 232–8–0.

39. *Grant II, Education*—(i) *Training Schools.*—During the year under report only two teachers were under training till July 1895 in the Government Training School, Salem. Both of them have passed their examinations. The charges under this head amounted to Rs. 52–9–3, against Rs. 628–10–0, the actuals of 1894–95.

40. *Municipal Schools on Salary System*—(*a*) *Establishment.*—The expenditure under this head amounted to Rs. 12,055–12–2 against the revised estimate of Rs. 12,090. The third assistant's place in the Salem Municipal College and in the Shevapet Town school was vacant for some time during the year under report. This accounts for the small decrease as compared with the actuals of 1894–95, which amounted to Rs. 12,123–12–11. The number of pupils on the rolls of the Salem College on the 31st March 1896 was 274 against 267 at the close of 1894–95. The results of the public examinations are compared with that of the previous year as shown below :—

The net cost of the Salem Municipal College as compared with 1894–95 was as follows :—

41. *Salary-result System Schools—Fixed Payments.*—The expenditure under this head amounted to Rs. 3,116–13–10, against the budget grant of Rs. 3,140. During the year under report the scale of establishment of the municipal salary-result schools was revised, and the two Paraya schoolmasters were paid throughout the year. This accounts mainly for the increase as compared with the actuals of 1894–95, which amounted to Rs. 2,856–3–5. During the year under report the Shevapet Mariamman Covil Street school was abolished from the 1st August 1895, owing to its very poor strength and to the existence of several other rival schools in close proximity to it. There are fourteen schools on this system against fifteen in the previous year. Of these, four are purely Muhammadan schools and two are Panchama schools.

42. *Result Grants to Salary-result System Schools.*—The outlay under this head amounted to Rs. 833–10–2, against the budget grant of Rs. 850, and Rs. 948–12–9, the actuals of 1894–95. During the year under report, the result-grant was distributed once for all proportionately to the earnings of all the schools put together in the case of ordinary schools, as recommended by the Assistant Inspector of Schools, Coimbatore division, in lieu of 75 per cent. of the amount earned hitherto paid. The Shevapet Mariamman Covil Street school having been abolished, no grant was paid to it. This accounts chiefly for the decrease of outlay as compared with that of last year.

43. *Salary Grants.*—A sum of Rs. 487–8–1 was paid from January 1895 on account of salary grant for the lower secondary department of the London Mission High School, Salem, during the year under report, agreeably to the resolution of the council passed at its meeting held on the 27th June 1895.

44. *Result Grants to Aided Schools.*—The number of schools at the commencement of the year was twenty-one. One school was newly opened and three were closed during the year before the grant examination. The number of schools on the last day of the year was nineteen. All the nineteen schools which were registered for examination were examined, against twenty-one in the previous year. The amount of grants paid to them was Rs. 764–7–0 against the budget grant of Rs. 800. Over-earned grants not exceeding their net cost were paid to some of the aided schools, as recommended by the Director of Public Instruction, Madras. The results grants are paid to aided schools at the maximum rates.

45. (6) *Inspection*—(*b*) *Municipal Inspectors.*—There is a supervisor on a salary of Rs. 20 per mensem to supervise the municipal primary schools in the town. His work during the year under report was, on the whole, fair.

46. The total expenditure on education was Rs. 19,093–12–4 ; deducting income from provincial grants Rs. 3,603–0–10 and school-fees Rs. 7,970–5–10, total Rupees 11,573–6–8, the net cost was Rs. 7,520–5–8. The percentage of net expenditure on education to total income from taxation and other revenue apart from taxation except school-fees (Rs. 59,232) was 12·7 against 13·6 in 1894–95. A copy of the statements prescribed in G.O., No. 885 L., dated 15th April 1891, and received from the Assistant Inspector of Schools, Coimbatore division, is herewith submitted.

47. *Grant III, Sanitation and Medical Services*—(1) *Hospitals and Dispensaries*—(*a*) *Establishment.*—The outlay under this head amounted to Rs. 2,305–9–5, against Rs. 2,316–6–0, the actuals of 1894–95. During the year under report a third-class hospital assistant has been posted to Ammapet branch dispensary and the place of the senior hospital assistant attached to the Municipal Hospital, Salem, was vacant for some time. These facts chiefly account for decrease as compared with the budget grant of Rs. 2,450.

48. (*b*) *Medicines and Supplies.*—The charges under this head amounted to Rs. 1,251–15–3, against the budget estimate of Rs. 1,350, and Rs. 1,648–8–2, the actuals of 1894–95. As there was some delay in the previous year in the receipt of supply of medicines from Messrs. Burgoyne, Burbidges & Co., London, certain medicines had to be purchased from the local fund reserve stock. Import duty and cost of exchange had also to be paid for the medicines supplied by the above firm. But during the year under report, they were received in time. These facts chiefly account for the decrease as compared with the actuals of 1894–95.

49. (*c*) *Diet of Patients and* (*d*) *Sundries and Contingencies.*—The charges under these two heads were less than the budget estimate and the actuals of 1894–95, as the hospital contractor did not submit his bill for diet and contingent charges for February 1896 till the end of the year.

The repairs of smaller streets and lanes in some of the divisions of the town no doubt deserve greater attention, and necessary provision has been made in the budget for 1896–97.

36. (*b*) *Buildings.*—As most of the mud and stone-walled latrines and other buildings were repaired during the year under report, the expenditure under this head amounted to Rs. 2,687–8–6, against the revised estimate of Rs. 2,890 and budget grant of Rs. 2,000.

37. (*d*) *Water-supply*—(i) *Repairs to Works, &c.*—Owing to the great scarcity of water, especially at the commencement of the year under report, the Arisipalayam tank and several other wells in the town were deepened and repaired. The charges under this head, therefore, amounted to Rs. 3,547–8–6, against the budget grant of Rs. 300 and the revised estimate of Rs. 3,660.

38. *Tools and Plant and other Stores.*—The expenditure under this head amounted to Rs. 42–14–9 against the budget grant of Rs. 230. During the year under report no new tools and plant were purchased. This accounts for the decrease as compared with the expenditure of 1894–95, which amounted to Rs. 232–8–0.

39. *Grant II, Education*—(i) *Training Schools.*—During the year under report only two teachers were under training till July 1895 in the Government Training School, Salem. Both of them have passed their examinations. The charges under this head amounted to Rs. 52–9–3, against Rs. 628–10–0, the actuals of 1894–95.

40. *Municipal Schools on Salary System*—(*a*) *Establishment.*—The expenditure under this head amounted to Rs. 12,055–12–2 against the revised estimate of Rs. 12,090. The third assistant's place in the Salem Municipal College and in the Shevapet Town school was vacant for some time during the year under report. This accounts for the small decrease as compared with the actuals of 1894–95, which amounted to Rs. 12,123–12–11. The number of pupils on the rolls of the Salem College on the 31st March 1896 was 274 against 267 at the close of 1894–95. The results of the public examinations are compared with that of the previous year as shown below :—

41. *Salary-result System Schools—Fixed Payments.*—The expenditure under this head amounted to Rs. 3,116–13–10, against the budget grant of Rs. 3,140. During the year under report the scale of establishment of the municipal salary-result schools was revised, and the two Paraya schoolmasters were paid throughout the year. This accounts mainly for the increase as compared with the actuals of 1894–95, which amounted to Rs. 2,856–3–5. The Shevapet Mariamman Covil Street school having been abolished, no grant was paid to it. This accounts chiefly for the decrease of outlay as compared with that of last year.

43. *Salary Grants.*—A sum of Rs. 487–8–1 was paid from January 1895 on account of salary grant for the lower secondary department of the London Mission High School, Salem, during the year under report, agreeably to the resolution of the council passed at its meeting held on the 27th June 1895.

44. *Result Grants to Aided Schools.*—The number of schools at the commencement of the year was twenty-one. 45. (6) *Inspection*—(*b*) *Municipal Inspectors.*—There is a supervisor on a salary of Rs. 20 per mensem to supervise the municipal primary schools in the town. His work during the year under report was, on the whole, fair.

46. The total expenditure on education was Rs. 19,093–12–4; deducting income from provincial grants Rs. 3,603–0–10 and school-fees Rs. 7,970–5–10, total Rupees 11,573–6–8, the net cost was Rs. 7,520–5–8. The percentage of net expenditure on education to total income from taxation and other revenue apart from taxation except school-fees (Rs. 59,232) was 12·7 against 13·6 in 1894–95. A copy of the statements prescribed in G.O., No. 885 L., dated 15th April 1891, and received from the Assistant Inspector of Schools, Coimbatore division, is herewith submitted.

47. *Grant III, Sanitation and Medical Services*—(1) *Hospitals and Dispensaries*—(*a*) *Establishment.*—The outlay under this head amounted to Rs. 2,305–9–5, against Rs. 2,316–6–0, the actuals of 1894–95. During the year under report a third-class hospital assistant has been posted to Ammapet branch dispensary and the place of the senior hospital assistant attached to the Municipal Hospital, Salem, was vacant for some time. These facts chiefly account for decrease as compared with the budget grant of Rs. 2,450.

48. (*b*) *Medicines and Supplies.*—The charges under this head amounted to Rs. 1,251–15–3, against the budget estimate of Rs. 1,350, and Rs. 1,648–8–2, the actuals of 1894–95. 49. (*c*) *Diet of Patients and* (*d*) *Sundries and Contingencies.*—The charges under these two heads were less than the budget estimate and the actuals of 1894–95, as the hospital contractor did not submit his bill for diet and contingent charges for February 1896 till the end of the year.

The total cost of this institution was Rs. 519-5-0 against Rs. 526-8-9, the actuals of 1894-95.

[illegible]

61. *Travellers' Bungalow.*—The number of travellers who halted at the bungalow was 88 against 69 in 1894-95, and the rent realized from them amounted to Rs. 288-8-0 against Rs. 147 in 1894-95. The total charges of the bungalow including the cost of repair of the building, &c., were Rs. 286-1-5. The net cost to the municipality was Rs. 2-6-7. With reference to G.O., No. 564 L., dated 12th March 1891, I have to report that the condition of the bungalow is good and the necessary furniture and other articles have been supplied.

62. (9) (iv) *Compensation for Lands.*—A sum of Rs. 2,315 has been paid as compensation for lands required for the purpose of burial and burning grounds at Annadánapatti, Kitchipalayam and Koomarasamipatty. These lands having been put in possession of the municipality towards the close of the year, they will be opened for use at an early date.

63. (9) (v) *Other Items.*—The outlay under this head amounted to Rs. 902-1-2 against the revised estimate of Rs. 800 and Rs. 606-8-1, the actuals of 1894-95. During the year under report arrears of rent due for the building occupied by the Salem Literary Society and for the land used for the slaughter-house at Ammápéttai were paid. Arrangements were made for trapping monkeys and sending them away from the town. The law charges incurred were larger than those of the previous year. The expenditure was, therefore, greater than that of 1894-95. The details for the amount of outlay are noted below :—

	RS.	A.	P.
Cost of gunpowder supplied, wadding expenses of the gun and gunner's pay	189	0	6
Town criers' pay	42	0	0
Law charges	295	3	0

Painting and numbering ten tickets	51	12	5
Land revenue assessment paid for the municipal lands	97	4	3
Cost of trapping monkeys and sending them away from the town	71	13	0
Total ..	902	1	2

64. *Grant V, Supervision and Management—(a) General Establishment*—(ii) *Inspection.*—The charges incurred under this head amounted to Rs. 1,716-2-0 against Rs. 332, the actuals of 1894-95. The increase was due to the fact that, during the year under report, a paid official Chairman, on a salary of Rs. 250 per mensem, was appointed for this municipality from August 1895, as already stated in paragraph 2 *supra.*

65. (*d*) *Office Contingencies other than* (*b*) (ii).—The amount of expenditure under this head was Rs. 647-5-11 against the budget grant of Rs. 810 and Rs. 890-4-0, the actuals of 1894-95. The decrease was mainly due to the fact that, during the year under report, the stationery and other articles were moderately and economically purchased.

66. *Advances Recoverable.*—The subjoined table gives particulars of advances made and recovered during the year :—

	RS.	A.	P.
Balance on the 31st March 1895	941	2	0
Advances made in 1895-96	1,779	8	0

67. *Pensions and Gratuities.*—During the year under report a gratuity of Rs. 270 was paid to T. Amirtham Pillai, late cashier, Municipal Office, Salem, and this was sanctioned in G.O., Mis. No. 669 M., dated 23rd April 1895.

IV.—CLOSING BALANCE, DEBTS, &C.

68. *Closing Balance.*—Deducting the total expenditure of Rs. 74,056-8-3 from the total receipts including the opening balance Rs. 85,715-0-2, the closing balance was Rs. 11,658-7-11. This amount, together with the deposit balance in cash, corresponded with the balance to the credit of the Municipal fund in the Salem Huzur Treasury as noted below :—

69. *Municipal Accounts.*—During the year under report, the accounts of this municipality for the year 1894-95 were audited by Mr. C. Brito, Assistant Inspector of Local Fund Accounts. He considered the account work to have been conducted satisfactorily on the whole as concluded on the last occasion. The accounts for 1895-96 have not as yet been audited.

70. *General Remarks.*—A statement showing the excess expenditure over the sanctioned allotment for the year under certain items is herewith submitted. It is requested that the excess expenditure may be admitted, as most of the expenditure had to be incurred towards the close of the year, and it was not possible to obtain sanction for the additional allotments required before the close of the year.

71. A copy of the resolution of the council passing the report is herewith submitted.

2. The Divisional Officer who was not in office during the year has not remarked on the state of the roads, but I found them fair except the main bazaar road which was not repaired till the last month of the year. There was great delay in spreading and traffic was seriously interfered with for a long time in the narrowest part of the bazaar. I also had to point out to the Chairman the delay in repairing the causeway near the Fisher's anicut damaged by floods and though I was told in February the estimate had been passed, I find to my surprise the causeway is still impassable to wheeled traffic. The inconvenience to the towns-people is and has been very considerable for months now.

2. In consequence of the ~~inefficiency~~ unsatisfactory condition of the administration in previous years, a full-time salaried Chairman was appointed during ~~that year~~ under review. Thirty-one meetings were held by the municipal Council against thirty-three in 1894-95. There was a marked improvement in the average attendance of the non-official members, ~~which was satisfactory~~, but that of the officials declined slightly, owing in part to the circumstances explained in para. 5 of the Chairman's report, ~~and was indifferent~~. One seat was filled by election during the year after a contest, at which 47.5 per cent of the voters concerned attended the poll.

3. Receipts:— The original demand of the tax on arts and professions exceeded that of the previous year by Rs 294; but in consequence of ~~the liberal~~ remissions amounting to no less than 8.8 per cent of the Chairman's assessments which were granted by the municipal Council on appeal, there was a decline of Rs 406 in their demand. Such heavy remissions as those referred to above indicate either incorrect ass

by the Chairman or ~~undue leniency~~ indiscriminate remissions on the part of the Council – ~~most probably the~~ the latter seems the more probable, ~~for~~ as the incidence of the tax was still far below the general average for municipalities in 1894-95. It is also observed that although there was ~~been~~ an increase of 142 in the total number of persons assessed, the assessees under ~~the~~ classes II, IV, V & VI ~~have~~ declined. This is the third year in succession in which it has been pointed out to the Council that this tax has not been properly assessed, ~~but~~ and it is very unsatisfactory that notwithstanding these repeated remarks no improvement has resulted. The Council & the Chairman must make earnest endeavours in the current year to realize a more adequate revenue from this source. The registers of the tax on lands were revised during the year, but the net demand under this tax and under the tax on buildings remained almost stationary.

(2) Notwithstanding the ~~comp~~ great decrease in the number of ~~resort that was had to~~ coercive ~~measures~~ processes issued, e current collections under the principal taxes and the arrear collections r the tax on lands showed a ed & very satisfactory improvement on those of the s year, which is very ~~[illegible]~~ satisfactory.

The percentage of arrears ~~realization~~ realized to demand under the taxes on carts and buildings declined owing mainly to the fact that arrears amounting to Rs 744 and Rs 190 respectively were written off as irrecoverable. It is however gratifying to note that the old outstandings under all these heads have been fully adjusted. ~~and the~~ The Govt feel assured that the Chairman will ~~Chairman will be requested to~~ see that matters do not relapse into their former unsatisfactory state.

(3) The receipts from the taxes on vehicles, animals & carts, ~~from~~ license fees and ~~fines~~ fines under municipal and other acts again showed an increase, but there was a decline in the income from the sale of sweepings and from markets and slaughter-houses, which in the case of markets has not been explained. As

regards the former it seems somewhat remarkable that though there was no demand during the year for ~~[illegible]~~ sweepings a contractor has since been found who is prepared to pay Rs 295 per annum for three years for it.

(4) It is to be regretted that notwithstanding the remarks of Govt in para 3(4) of G.O. No 673 M dated 19th October 1895, the private scavenging system made but little progress during the year under review. The number of houses served (555) was only at

for res

five per cent of those assessed to the tax on buildings, and the Service was again worked at a loss of Rs 124 to the municipal Council. There is admittedly considerable scope for further improvement, and as it is not equitable that the cost of ~~a~~ this ~~private~~ Service should be met out of the taxs collected from the general body of ratepayers, the Chairman should spare no pains to render the system self-supporting by extending it throughout the town and by raising the rates of fees, if necessary.

4. Expenditure (1) Public works:- A market and a slaughter-house costing respectively Rs 355 and Rs 575 were constructed during the year and a sum of Rs 1023 was spent on the improvement of the Shevapet Town School. The total outlay on communi-cations amounted to Rs 4181 or 51.7 per cent of the net municipal income from tolls and the town roads are stated by the Collector to have been, with one exception, in fair order. The Chairman's attention will be drawn to the Collector's remarks in para. 2 of his Endorsement, and he will requested to give his immediate attention to the matter.

(2) Education:- The net expenditure on Education was Rs 8,421 or 17 per cent of the receipts from taxation, and more than three fourths of this sum was devoted to primary education. The municipal Council continued to maintain a second grade College and two primary Schools on the Salary System, but the number of primary Schools on the Salary-result System was fourteen or one less than in the previous year. The attendance at the College remained practically unaltered, but that at the primary Schools taken together showed an improvement. ~~There were no results~~ The results of the ~~First in Arts and~~ Matriculation examinations were good, but those of the First in Arts examination, though better than in 1894-95, were not satisfactory.

Judging from the results of the departmental examinations the primary Schools ~~also~~ appear to have worked well on the whole.

The municipal Council also aided one Secondary School with Salary grants and nineteen primary Schools, against twenty-one in 1894-95, with result grants. No information has been furnished regarding the working of the Salary grant School — an omission which should be supplied in future reports. There was a decline in attendt on the rolls of the Schools, but the grant exam
