PROCEEDINGS OF THE BOARD OF REVENUE

(REVENUE SETTLEMENT, LAND RECORDS AND AGRICULTURE).

READ—the following letter from the Collector of Nellore, to the Secretary to the Board of Revenue (Revenue Settlement, Land Records and Agriculture), dated 1st April 1896, No. 1330-Ver. :—

I have the honour to forward the programme of famine relief works for 1896–97 with statements A, B, C.

2. The aggregate provision made amounts to Rs. 21,85,010, which is estimated to be sufficient to provide employment for a period of three months to 20 per cent. of the total population of the district, against 16·4 per cent. in the previous programme.

3. Most of the road works have not been brought under sanction, as the District Board Engineer has expressed his inability to prepare estimates in the absence of necessary establishment (*vide* this office letter No. 3206-Ver., dated 8th December 1895).

RESOLUTION—dated 27th April 1896, No. 75.

The abstract of the programme of famine relief works for 1896–97, received from the Collector of Nellore, will be submitted for the information of Government.

2. The programme provides for the construction of the four unsanctioned irrigation works noted on the margin at an estimated cost of 2·05 lakhs, and for repairs to the existing irrigation works and roads to cost 3·57 and 10·99 lakhs, respectively; for works intended to improve the supply of drinking water to cost 2·87 lakhs and other miscellaneous works 2·36 lakhs. The last item includes the small sum of Rs. 19,460 proposed to be advanced under the Land Improvement Loans Act. The total provision amounts to Rs. 21,85,010 and the works are estimated to be sufficient to provide employment for three months for just 20 per cent. of the population of the district. It is observed that, in the taluks of Kanigiri and Atmakúru and in the Darsi division, the provision made is sufficient for only from 10 to 12 per cent. of the population in them, while in the Ongole and Gudur taluks and in the Venkatagiri division it can meet only about 16 per cent. of the population. The Collector is requested to see that the provision in these tracts is amplified. No provision has been made for repairing the four P.W.D. works in Kanigiri and one such work in Udayagiri said to be out of order, nor for any land improvements to be executed with the aid of State loans, except in the Ongole and Kandukur taluks. These items should receive attention when preparing the next year's programme.

At the end of statement A, the Collector mentions four additional irrigation works roughly estimated to cost Rs. 45,000, as likely to be available for famine relief, if necessary.

		Cost. Rs.
Ongole taluk—		
Janakaveram, Pangalur tank	...	20,000
Kanigiri taluk—		
Tank at Mogilicherla	... ...	30,000
Udayagiri taluk—		
Mekerlabanda reservoir	... ...	28,975
Nellore taluk—		
Nellore tank supply	... ...	1,26,000
Total	...	2,04,975

3. Detailed estimates are stated to be ready for about half the estimated cost of the works, exclusive of the land improvement works for which no estimates are required.

4. As regards the large irrigation and other works shown in the programme, it is observed that more than two-thirds of these are unsanctioned, while estimates are ready for only 23 per cent. of the cost of the latter. The attention of the Chief Engineer for Irrigation will be invited to this point with the request that the Board may be informed of the steps taken by the P.W.D. to meet the wishes of the Government of India communicated in its circular letter read in G.O., No. 596, Revenue, dated 11th August 1894.

Regarding the preparation of estimates for the road works proposed, it is hoped that effect will be given to the arrangement suggested in the concluding portion of the Collector's letter, dated 8th December 1895, No. 3206-Ver., recorded in B.P., Mis. No. 6952, dated 18th December 1895.

5. *Statement A.*—(*a*) From the remarks in the last column of this statement, it would appear that detailed estimates are not ready for the new irrigation work in Ongole or for the "special repairs to Nagulagunta at Venkatagiri" in the Venkatagiri division. If this is correct, the entry against these works in the column showing the amount of detailed estimate should have been blank.

(*b*) The total amount of detailed estimates for the miscellaneous works in Kanigiri is entered as Rs. 13,713, but the correct total is Rs. 12,713. This would also necessitate the correction of the corresponding entry in column 27 of form C against this taluk into 15,577.

(*c*) The total of the detailed estimates of road works in the Podili division is erroneously entered as Rs. 46,000 instead of Rs. 46,600.

(*d*) A total at the end of the entries of each taluk and a district total at the end should have been given in this statement. This omission should be supplied in future.

Statement B.—The total numbers of irrigation works in and out of repair in the district are entered in this statement as 384 and 220, respectively, while they are shown to be 835 and 91 in the jamabandi statement No. 15. This large variation requires explanation.

Statement C.—The entry of "9" in column 9 of this statement against small works in Kandukur is obviously a mistake for "19," which is the correct figure according to statements A and B.

6. The errors noticed above have been rectified in the statements submitted to the Board and the Collector is requested to carry out the necessary corrections in his office copies and to see that similar mistakes do not recur.

(A true Copy and Extract.)

(Signed) P. RAJARATNA MUDALIAR,
Secretary.

To the Secretary to Government, Revenue Department,
with copy of Board's Proceedings, Mis No. 6952,
dated 18th December 1895.

" Chief Engineer for Irrigation.
" Collector of Nellore.
