From

President

To,

The Chief Secretary to Government.
Local and Municipal Department
Madras.

Sir,

I have the honour to report, that proposals
for the establishment of additional toll-bars in the
Gudalur Taluk were considered by the District Board
at its meeting held on the 18th March 1896, in purs-
uance of the suggestion made in para 3 of G. O.
no. 2418 R. S. No. dated 12th December 95, and a copy
of the Resolution passed is attached.

2. The Board is in favour of the establishment
of two new toll-gates which, it believes, will be
very remunerative, and a draft notification defining
the situations of these gates is submitted for the
approval of Government, if approved, for publication
in the Fort St. George Gazette.

3. The Establishment of the new gate at Gudalur
on the Mysore Gudalur Karkurghat Road at

D
the point of its junction with the Gudalur Sultan's Battery Road, in the 14th Mile 6th Furlong, will necessarily involve the abolition of the toll-gate existing at present at the 1st Mile of the Gudalur Sultan's Battery Road which was established there under notification No: 729 in the Fort St. George Gazette dated the 29th October 95. But this was instead of a previously existing toll. Therefore only one new toll is really made.

4. The enclosed sketch gives the positions of the toll-gates, present and proposed.

5. Tolls will be levied, as at present, at maximum rates laid down in Schedule B, appended to the Madras Local Boards' Act V of 1884.

6. I had not returned to duty when the present proposals were passed. They will, I think, certainly lead to an increased revenue, but I must observe that in fact one and not two new tolls are established and that the returns are not likely to come up to the expenditure on these through lines of communication, the upkeep of which is none the less necessary to the general provincial scheme of communications, as well as to the requirements of the District.

I have the honour to be
