Sir,

I am submitting herewith copy of District Board's resolution to $\frac{82}{18.5.96}$ I have the honor to request that Government will be pleased to sanction the writing off from the accounts of 6700 and 140 cubic feet of metal missing in the quarries at Kovilangulam and Pikulam and 4450 cubic feet and 570 cubic feet of gravel missing in the Thembakulam and Kovilangulam quarries all valued at about Rs 167-12-11. The materials referred to were collected at the close of 1892-93 with a view to afford labour to coolies. The wastage of gravel - 2 per cent in Kovilangulam quarry and of metal - 1 per cent in Pikulam quarry is insignificant and is attributed by the District Board Engineer to shrinkage and loss by carting over rough ground. The large wastage, however, in Kovilangulam and Thembakulam quarries amounting to 20 and 16 per cent respectively cannot be entirely accounted for thus, even after making every possible allowance, and possibly I fear to overmeasurement and over payment. The District Board Engineer

1581/1900

who has personally inspected the quarries,
considers that after this lapse of time
further enquiry would lead to no result,
and the Board agrees with him, and
requests permission to write off the
amounts. The two overseers concerned
in the collection have since been dis-
missed on other grounds.
