Sir,

Adverting to your endorsement, dated the
14th instant, No 136, communicating to me

of the 24th December 1894, I have the
honour to point out that nothing more remains
to be paid for this year on account of the

payable prescribed the rate of .50 per cent
calculated on the actuals of 1892-'93, and it
does not lay down, as assumed by the
Accountant-General, that what has been
entered at this rate in the year's Budget and
revised estimates wherein it is necessary to adopt
round figures, shall be paid as contribu-
tion.

3. It will be observed from the sub-
joined figures that in previous years too, the
contribution was paid according to the rate
fixed by Government for each year, without
reference to the Budget-figure:-

Year	Budget figure	Contribution paid.
1889-'90	Rs 410	Rs 461.
1890-'91	400	284
1891-'92	260	257

1893-'94	260	258

4. You will, of course, forward this
letter to the Accountant-General, in

order that if in spite of the foregoing
explanation, that Officer should hold that
the Budget-figure should be adhered to for
the payment of the contribution and, ^{not,} as was
hitherto done, the calculation made according to
the rate fixed by Government, he may
refer the matter for the orders of Government,
forwarding, along with his communication, copies

this Municipality as calculated at .50 per
cent on the actual receipts (Rs 39216-11-0)

Sir,

I have the honour to submit the following
matter for the orders of Government:-

Under G. O. dated 23^d December 1893,
No 2867 L, the Contribution payable by this
Municipality on account of Controlling esta-
blishments at the Presidency for the year 1894-95
amounts to Rs 196. But the Accountant
General has claimed Rs 200 which is the
amount entered in the Budget in round figures.

*
vide Enclosure I.

In reply to my contention
that according to the rate fixed by Government

as

as well as to the Concluding sentence of

paragraph 4(6) of G.O. dated 3^d March
1894, No 255 M, reviewing the budget, only Rs 196

* vide Enclosure II. are due, that Officer states

that what has been fixed by Government,
at the nearest multiple of 10 in the budget,
must be paid. This does not seem to be
Correct, as in previous years, the payment

* vide Enclosure III. has been made according
to the actual calculation based on the prescribed

* vide Enclosure IV. rate. But the Accountant-General

* States that "under G.O. dated 7th December
1891, No 3059 L, the proper amount of Contribu-

tion payable by District Boards and
Municipalities is that fixed by Government

in the estimates of these local bodies and
therefore the Municipal Council of Mangalore

is

is liable to pay the amount of Contribution

* No 2007. by the Government Orders referred to or by
precedent, a special order of Government is
solicited.

It is distinctly preferable to make

arrived at by calculation has hitherto

some years, notably 1890-91, the difference
was very considerable.

Provided that, in making the
entry in the revised budget, the Govt.
