Order No. 1134 Lmin 8/19-6-96

The Government cannot interfere with the discretion of the District Board in the matter of composition for tolls under section 87(2) of the Local Boards Act.

2. The President of the District Board of Malabar will be requested to state whether it is true that there are two local fixed toll gates between the municipalities of Cannanore and Tellicherry, a distance of 14 miles, as alleged in Mr. Pereira's letter to the Executive Engineer, West Coast Division, No. 107 dated 2nd May 1896, and if so, whether there are any special circumstances to justify this arrangement.

Board

Boards to be transferred.

Referring to the rules in the P.S. Regulation, it is particularly laid down that the travelling allowance claimable should cover toll & other charges. — I can hardly realize that Government intend that its subordinates should be called upon to pay enhanced rates on account of tolls in every district so transferred during the year. Nor do I think the Government are aware that its Executive Subordinates are exposed to such heavy taxes from the President of the Board for repairing and maintaining its own roads.

I am therefore of humble opinion that in the interest of Government you should represent this matter to the Chief Engineer through the Superintending Engineer of the circle.

Supervisor's Office
Cannanore 2nd May 1896
Mr. J. Pereira
Superintendent W.D.
The Executive Engineer
West Coast Division

To: The Sub-Divisional Officer
Wynad Sub-Division
Sir,

In continuation of my letter n.s.c. of 29 April 1895, (Copy enclosed), I beg to enclose a letter received by me from the President District Board, Malabar, in reply to my application for toll pass for the year 1896-97.

This refusal of granting pass, has naturally resulted in my having to pay all the toll passes during my daily tour.

In the majority of districts, this payment does not, perhaps, fall so very heavy on the subordinates, as in Malabar, especially on the Coast Road.

For instance on the much frequented road between Cannanore and Tellicherry, a distance of 14 miles, the following tolls are claimed for a pony and cart with bullo:-

1. On the 3rd mile, Municipal Toll 0-6-0
 2. On the 7th mile, District Board Toll 0-6-0
 3. On the 13th mile, ———— 0-6-0
- Total Rs 1-2-0

Having paid the Municipal Toll, half yearly in advance, I enclose 31 receipts of Tolls paid by me during the month of April on the District Board Tolls.

You will see from the above that I have to pay daily

No. 258 S
11/7/96
Wynad
f. Pereira
7-5-96
Executive Engineer
Cannanore

Rs 1-2-0 out of Rs 2 my daily allowance as Supervisor.

This payment falls heavy on me, and should I continue to travel as frequently as I have been doing, for the interest of my work, I beg to submit I should be travelling at a disadvantage.

I beg therefore to reiterate you will kindly represent this difficulty to the Superintending Engineer, with a view to the Chief Engineer being addressed on the points put forward in my letter which are summarily as follows:-

1. That a Composition fee as regards granted to the Subordinates in the neighbouring districts of South Canara, Nilgiris and Coimbatore, be also allowed to those in Malabar.

2. That a refund of fees paid be made in cases of transfer to other district during the year.

3. That in the event of a reasonable Composition fee not being feasible, a refund of tolls paid be granted under the Travelling Allowance rules.

I beg to remain

Sir,
Your most obedt. Servt.
