Sir,

In G. O. 501 L. his, dated 14th March 1896
Government sanctioned my proposal to place
Mr. C. A. Poyson, Local and Assistant
Engineer in charge of the duties of the Local
and Engineer from the date of Mr. Chester's
departure until the arrival of his successor.
Mr. Chester departed on the 10th March 1896,
and Mr. Parker has not yet arrived (though
I expect him immediately). Mr. Poyson has
thus done the duties of the Local and Engineer
for nearly 3 months, which is a much longer
period than I anticipated when I made the
proposal.

Sir,

In G. O. 501 L. his, dated 14th March 1896

Government sanctioned my proposal to place
Mr. C. A. Pogson, Local and Assistant
Engineer in charge of the duties of the Local
and Engineer from the date of Mr. Chester's
departure until the arrival of his successor.
Mr. Chester departed on the 10th March 1896,

proposal. In present circumstances he
can draw only 10 percent of the pay of the Local
Fund Engineer and no increase of travelling
allowance, unless Government should give
special sanction. His own pay is only Rs 175
and travelling allowance Rs 2 per diem.

The work required of him during these 3 months
has involved considerably greater responsi-
- bility than his ordinary duties, and he has
worked with a fair amount of zeal and
incurred extra expenses. The extra pay to
which he is entitled amounting to Rs 50 per
mensem, appears to me to be an inadequate
remuneration for his work and expenses.

I have the honor to request therefore that Govern-
- ment may be pleased to appoint him as
acting Local Fund Engineer for the period
during which he has been or may be in
charge of the duties of the Local Fund
Engineer. In that case he would, I
believe, be entitled to 20 percent of the
pay of the Local Fund Engineer and
travelling

travelling allowance at Rs. 4 per diem
as allowed to the Engineer.

I have the honor to be,

Res.

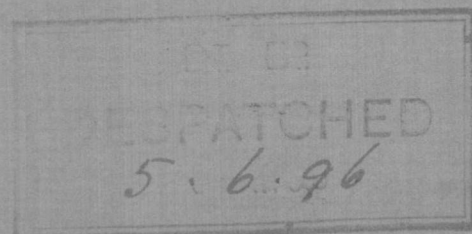

Yours most obedient servant,

C. S. D. G. and
