No. 144

18th June 1896

From
The Chairman,

The Chief Secretary
to Government,
Fort Saint George.

Sir,

I have the honor to submit herewith a copy of the resolution of the Municipal Council regarding the splitting of the appointment of Municipal Sanitary Inspector into two. The late Sanitary Inspector Veerayya Devara was in office for nearly 30 years and died on the 4th of March last. He held two offices viz. (1) that of Public Works Inspector, for which he was paid at the rate of Rs 25 per mensem under Grant I — (1) and (2) that of Sanitary Inspector, for which he was paid Rs 25 under Grant III 5. (a)(1). The appointment having now fallen permanently vacant the Council is of opinion that the appointment should be split into two and that two different individuals should be appointed, one on a salary of at least Rs 35 a month and another on Rs 25, because considering the increasing work of the Municipality one individual cannot properly attend to, and efficiently discharge, the various duties attached to the office. The proposal of the Council, however, involves an additional expenditure of Rs 10 a month, which the Council think necessary to incur. One of the two appointments should carry with it a salary of at least Rs 35 because the pay should be sufficiently attractive in order that competent persons may care to take it up and because there should be a provision for the officer to maintain a horse. The other appointment should be on at least Rs 25 to induce respectable persons to take it up and to make the officer realize the responsibility resting on him.

In submitting the Budget Estimate of the Municipality for 1890-91 the Council pointed out the necessity for appointing a special Inspector on Rs 10 for improving the private scavenging system but as the Government could not for want of funds sanction the appointment, it has not been possible to improve the system with the present insufficient staff. In this connection I have also to submit that in reviewing the Administration reports of this Municipality the Government has been pleased to observe that several warrants issued for the collection of taxes were allowed to remain unexecuted at the end of the year. This was for the most part owing to there having been only one responsible officer, viz the Sanitary Inspector, to whom the important work of executing warrants could be entrusted. This defect will be remedied to a very great extent and improvements can be effected in the private scavenging system if the present proposal of the Council should meet with the approval of Government because there will then be two responsible officers on decent salaries between whom the out-door work of the Municipality can be apportioned.

3. Under these circumstances I have the honor to request you will be pleased to obtain the sanction of Government for the appointment of two individuals on Rs 35 and Rs 25 a month, as proposed, which would involve in the present year, supposing the appointments to be made in July, an additional expenditure of about 80 Rs.

4. I beg further to submit another resolution of the Council regarding the employment of three additional totties for cleaning public latrines. In his remarks on the Kurnool Municipal Budget for 1896-97 the Sanitary Commissioner observed that the number of totties employed in the Municipality to clean public latrines

was insufficient and that at least a dozen more should be engaged as early as possible.

In para 4 clause (4) of Government Order No: 403. M, dated 11 March 1896, Government were pleased to draw the attention of the Council to the above remarks of the Sanitary Commissioner. As the Council is not at present in a position financially to employ so many as twelve additional toties, the Municipal Council has resolved to employ only three additional toties at present. More toties will be employed as suggested when funds permit. The employment of three additional toties on 8 Rs each from July next will involve an additional expenditure of Rs 192 in the present year. I have therefore the honor to request you will also be pleased to obtain the sanction of Government for the employment of three additional toties on 8 Rs each.

5. The usual application for allotment of funds required by the Municipal Council accompanied by a proposition statement showing the strength and emoluments of the existing establishment and the proposed changes are herewith submitted.

I have the honor to be
Sir
Your most obedient Servant

T. Chidambarampillai

The following business was transacted:—

1. Read Government Order No. 403 M. Local and Municipal dated 11th March 1896 reviewing the budget for 1896-97.

Recorded with the remarks that three additional toties be employed at present as suggested by the Sanitary Commissioner. The Council regrets that for want of funds they are not in a position to employ more toties or to make provision for the improvements suggested by the Sanitary Commissioner.

5. Read Chairman's Memorandum regarding the arrangements to be made owing to the death of the permanent Sanitary Inspector.

The Council thinks that there should be two Inspectors one on Rs. 35 and another on Rs 25. This entails an additional expenditure of Rs 10 a month. The Government should be requested to sanction the additional expenditure.
