No. 27 TRICHINOPOLY 28th May 1896.

FROM, Mhkhy P. S. Singaravelu Pillai Avergal
CHAIRMAN,
Municipal Council,
TRICHINOPOLY.

TO,
The Chief Secretary to Government,
Local and Municipal Department,
FORT ST. GEORGE.

Through the by *Collector of Trichinopoly.*

SIR,

I have the honor to submit for sanction of the Government certain byelaws framed by the Municipal Council.

2. The water supply scheme is approaching completion and the supply has actually begun. It has to be regulated not only in the interests of the public but arrangements have to be made for providing house service to private dwellings. The Council have accordingly resolved to adopt the twelve byelaws which are in force in the Cuddapah Municipality, and have already met with the approval of Government.

3. Two other byelaws were also made by the Council and these are proposed with the object of preventing danger to life which is likely to be

caused by the reckless manner in which certain carts are loaded and driven along the public roads in the Cantonment. Cartmen who bring into the town bamboos, Cadjan leaves, straw, posts, wood and other materials have so much of these materials projecting beyond the carts that they are generally unable to steer clear of horses and bullocks. Lately a cartdriver bringing Cadjan leaves into the town had so much of it projecting beyond the bandy that when he attempted to drive to the side the leaves hit the back of a horse attached to a dog-cart and it bolted to the great danger of the people walking in the road along which the horse gallopped. A similar accident happened again a few days after and the lives of a lady and gentleman were in jeopardy.

4. With a view to alleviate the occurrence of such accidents, the Council have framed a byelaw prohibiting such carts from using the Cantonment roads only, between 4 P. M and midnight.

5. The other byelaw disallows the use on the animals and carriages of bells, rings or other ornaments & articles which produce sound, along the public roads and are therefore for obvious reasons equally objectionable.

I have the honor to be,

Sir,

Your most obedient Servant,

T. V. Annaswamy

Chairman.

SUBJECT.

Submitting for favour of sanction of Government certain bye-laws framed by the Municipal Council.

Endt. memo. 1247/Re 96 d. 3/6/96

Submitted to the Collector.

2. The Bye-laws about water works are recommended for sanction.

3. The last two bye-laws proposed by the Municipal Council about the regulation of wheeled traffic appear to go beyond the provision of the Municipal act though it may be argued that they fall under Clause IV to Section 255 of the act.

4. The accidents of the kind alluded to are very rare; the carts laden with Bamboo etc are equally rare. If the nuisance complained of increases to any appreciable extent, the magistracy and the Police can interfere. If the Byelaw is considered legal and necessary, the time may be limited between 4 and 9 P.M. and extended to the whole Town instead of the Cantonment alone.

5. The last Bye-law prohibiting the use of bells etc on animals is very objectionable. They are put on to warn off pedestrians. The use of such bells is on the decrease and is not likely to cause danger.

Submitted.

2. I approve of the bye laws relating to the Water supply, & also of that relating to laden carts, except that "9 P.M." might be substituted for "midnight," ~~as~~ few carriages are out in the Cantonment after that hour & the risk of accident must be but very slight.

For orders

The bye law relating to carts laden with bamboos etc is quite reasonable, as these carts constitute a serious danger in roads where there is other wheeled traffic. Submit that the bye laws as amended by the Collr. may be sanctioned one relating to bells is useless & oppressive to a certain extent, in that it needlessly curtails the liberty of the subject, & may be isallowed.
