To

THE CHIEF SECRETARY TO GOVERNMENT
LOCAL AND MUNICIPAL DEPARTMENT,
MADRAS.

Sir,

I have the honor to submit here-
with for the Sanction of Government a
proposition Statement and an application
for allotment of funds for the entertain-
ment of additional staff required for
working out the rules contained in G. O.
dated 26th June 1895, No 1028 h, for Combat
the epidemic of Cholera which has made
its appearance in the town. The rules
above referred to are being carefully
and strictly worked out as far as
funds permit. The town which is a
Scattered

Scattered one, has been divided into four circles and as the epidemic prevails in all the circles, a preventive Staff Consisting of four maistries, four peons and 8 toties on Rs 8, 5 & 7 each respectively was employed by the Council. One Division Inspector on Rs 30 + 10 (house or jutha allowance) was also employed and the Sanitary Commissioner for Madras has been requested by wire to send a trained man for the post. The preventive Staff will be maintained until the epidemic totally disappears from the town, but as it cannot be said for what exact period it will be required, a lump sum of Rs 500 which will be sufficient to meet the charges for about 3 months, is entered in the accompanying application.

The Council has also resolved to appoint as a temporary measure, i.e., till Cholera subsides four more watchmen on

on Rs 4 each to guard the public springs during nights to prevent contamination therein. There are at present four Springs with one watchman for each and it is found impossible to make one man watch a spring both day and night. The local Hospital Assistant is of opinion that the public Springs should be specially watched during nights.

A Copy of the Council's resolution on the Subject accompanies.
