NOTE FOR THE Assistant Secretary.
current No 1483 L.

With reference to the first portion of the draft order, it is submitted that there has been no omission in this case, as the orders reviewing the District Boards' budgets are usually despatched to the officers concerned only after they have been printed with the Appendices Complete, the Presidents of District Boards alone being furnished with advance copies either in manuscript or in proof. The order reviewing the Malabar budget was received finally from the Press on the 13th May and despatched to the Surgeon-General on the 16th Idem. The Superintendent, Govt. Press, has been recently called upon to explain

great delay which has occurred in printing the District Boards' budgets for 1896-97. In future, however, it is proposed to send these orders to the Surgeon-General also in Manuscript or proof as is done in the case of Presidents.

C.S. 7/11/96
 This explanation of the delay is, I think, satisfactory. The person has been very dilatory in printing. The explanation is unsatisfactory. The order may stand, as certainly there was an omission to supply the S.G. with the advertisement 16th May, altho' the omission was caused by carrying out the ordinary practice which 18.6.96

OFFICE OF SURGEON-GENERAL

WITH THE GOVERNMENT OF MADRAS,

No. 7/113

Notarized 19 May 1896.

From

SURGEON-MAJOR-GENERAL C. SIBTHORPE, F.R.C.P.I.,

SURGEON-GENERAL WITH THE

GOVERNMENT OF MADRAS,

To

THE HON'BLE THE CHIEF SECRETARY TO GOVERNMENT,

Local and Municipal DEPARTMENT

SIR,

I have the honor to state that in March last I was casually informed by the Medical Missionary at Jammamadu in the Cuddapah District that Government had ordered the abolition of the Local Fund dispensary at that station, along with some others in the District. This news caused me considerable surprise as only a month before the medical Budget of the District had passed through my hands and no such proposal appeared to be in contemplation. In fact I could not persuade myself to believe in the correctness of the information until G.O No: 434 Local & Municipal dated the 7th March 1896 was received by me on the 27th April.

2. A similar but more striking instance occurred in the Malabar District. Petitions were received in my office protesting against the abolition of certain dispensaries and the District Medical and Sanitary Officer applied for instructions for the disposal of the medical subordinates who were displaced, but I had no idea by whom and under what circumstances the dispensaries were closed. In fact to this day I am not in receipt of the Orders of Government on the subject-although the dispensaries appear to have been closed on the 31st March.

3. Government will observe that in both these instances I was placed in rather a difficult position, I had

had

had either to withdraw Medical Subordinates from their -----
stations without sufficient authority, or to defer their dis-
posal until the receipt of proper orders which meant consi-
derable delay and payment of salary from provincial funds---
without work.

4. I bring these facts to notice to show how dif-
ficulties are likely to arise by this Department not being
previously consulted in such matters as has hitherto been the
practice or at least by its not receiving the decisions or--
wishes of Government in time for action.

I have the honor to be,

Sir,

Your most obedient servant,

C. H. M. S.
