Enclosure.

SIR,

Adverting to the Budget Estimate
of the Tiruvannamalai Municipality
for 1896-97, I have the honour to offer
the following remarks on the allotments
therein made for vaccination and
Conservancy:—

Recording with
(1) A vaccinator on Rs 7 per mensem
is proposed to be employed. The pay
offered would secure the services
of a Probationer, who would in
all likelihood be unskilled and
inexperienced. In view of the
possible introduction of com-
pulsory vaccination into the
town at no distant date, and
of the attention which should
be paid in preparing the returns
prescribed by G.O. No. 1502 M, dated
19th October 1894, and in working

the compulsory clauses of the Act to any degree of satisfaction, I would recommend the appointment of a 1st class vaccinator on Rs 15 per mensem.

(2). The provision for conservancy is 21 per cent of the anticipated receipts and is, I consider, very much underestimated. Considering the importance of the town as a place of pilgrimage and the scene of a very largely attended annual festival and fair, I cannot agree with the Council in thinking that a Sanitary Inspector on Rs 15, assisted by a mistry on Rs 10, will at all suffice for the sanitary supervision of the town. I would recommend the entertainment of a certificated Inspector on Rs 45 + Rs $7\frac{1}{2}$, horse allowance, with 4 peons to work under his orders. The menial staff as detailed in Statement II-B consists of 5 toties and 20 sweepers. For the population of the town, there ought to be not less than 25 toties and 13 sweepers at work. For the removal of excreta

and

and rubbish there ought to be 4 night soil carts of 16 cub. feet ^{each} and 7 rubbish carts each of 27 cub. feet.

I have the honour to be,
Sir,
Your most Obedt. Servant,

W. Massey.

Surgeon Lt Col,
Sanitary Commissioner.
