Memo

I beg to bring to the notice of the Salary Board the large balances in hand of the Maricudi & Chatrams. We closed the year 1895-96 with a balance in hand of Rs 175/4. The expenditure for the year 1896-97 as budgeted for is Rs 15250, and for the incomplete works of 1895-96 we require Rs 600 in round numbers. The revenue of 1896-97 is budgeted at Rs 8540, ^{plus} ~~less~~ find from the Chatram Jamabandi that we are likely to realize not less than Rs 10,000. The financial position of the Chatram will stand thus

Opening balance of 1896-97	Rs 175/4
Estimated receipts	10,000
Total	275/4
Estimated Expenditure	15250
Probable closing balance	1226/4

Allowing Rs 7000 as a closing balance, we
 can safely invest Rs 5000. I propose this
 investment as an insurance against
 famine, for if a famine comes on we
 shall require Rs 10,000 for keeping up the
 Chattram. I propose that we start with the
 sum of Rs 5000, and invest not less than
 Rs 1000 every year till we get Rs 10,000 at least
 in hand to tide us over any bad seasons

No. 51

To

The President

District Board

Sir,

Madurai

I have the honor to submit
a copy of my memorandum dated 11th May 1896,
proposing to invest a sum of Rs 5000 of the
Marikudi and Nuthencudal Chutrams
funds as an insurance against famine,
and also a copy of the Taluk Board's
Resolution dated 11th May 1896, No 100, approving
of my proposal.

2/ I think it absolutely necessary that the
Chutrams should have a safe investment of
at least Rs 10,000 to fall ^{back} upon in
bad years. In bad years our revenues

Alm.

Will be almost nil, and the normal annual expenditure on the chutrams will be about Rs 7000, and the sum of Rs 10,000 is the smallest amount that can be considered necessary as an insurance against famines.

3. The chutrams have now entered on an era of what may be called financial prosperity. Several of the tanks have been repaired at large cost within the last 2 years, and an estimate for Rs 7000 has been sanctioned for another of our large tanks. All this has brought about an increase of Revenue.

4. Even making ample provision for the improvements to the chutrams and the repair of our few remaining tanks, I think that the Saluk Board can safely

safely lay by Rs 5000 at once to start the famine Insurance Fund, and it can budget for Rs 1000 every year under this head. I do not think that ordinarily it is necessary that the chutram closing balances in the Treasury need exceed Rs 5000. You will see from my memo that after investing the sum of Rs 5000 and providing for all expenses of 96-97 I expect the chutrams to close with a balance of Rs 7000.

5. I think that the best form of investment will be the purchase of Government Pro-notes through the Accountant-General. I solicit the favour of your approval and that Government may be moved to sanction the Saluk Board's proposal.

I have the honor to be,
Sir,

Your most obedient Servant,

To

The Chief Secretary to Government,
Local and Municipal Department,
Madras.

Sir,

In forwarding herewith letter
from the President of the Ramanad Taluk
Board No. 51 of 29.5.96, with its enclosures, I
have the honor to request that Government
will be pleased to accord sanction
for investing a sum of Rs 5000 out
of the funds of Narikudi and Mutha-
ival Chattram, in Government
securities. The Taluk Board proposes
to invest this sum for the present and
to supplement it by allotments of
Rs 1000 every year till the fund amounts
to Rs 10000 in all, as an insurance to
fall back upon in bad years. I re-
commend the proposal, as the Chattram
funds can well afford to save
the sum.
