Office of the District Medical
and Sanitary Officer
Cuddapah 17th December 1895.

From,

Surgeon Major A. J. O'Hara I. M. S.
District Medical and Sanitary Officer,
Cuddapah.

To,

The Chairman,
Municipal Council,
Cuddapah.

Sir,

In reply to your endorsement No 968
dated 12th December 1895. on Extract from
Government order No 1724 M. dated 23rd October 1895
I have the honor to state that on reference to the
Hospital books and records, it was found that
although the number of inpatients treated was
less in 1894-95 than in the preceding year, yet
there were more lung diseases treated in 1894-95
than in the preceding year, as will be seen from
the following figures:—

Diseases of the lungs.	In patients. 1893-94.	1894-95.
	33	51.

All lung diseases are more or less ex-
hausting diseases, they require more extras and medical
comforts, than is generally given to ^{other} patients.
There were also 12 more major operations during

1894-95 than in preceding year.
This therefore will explain why the diet charges
to some extent for 1894-95 were greater than
the year 1893-94.
I have further to state that the Contractors
rates for 1894-95 were increased for all the
diets and extras usually given and used
for inpatients.

I have &c.
Signed, A. J. O'Hara.
Surgeon Major I. M. S.
Dist. Med. & Sanitary Officer

Office of the District Medical and Sanitary Officer,
Cussapah dated 18th December 1895

From

Surgeon Major A. J. O'Hara I. M. S.

District Medical & Sanitary Officer.

Cussapah

To

The Chairman

Municipal Council

Cussapah

Sir,

In reply to your endorsement No 968 dated
12th December 1895 on Extract from Government —
order No 1724 M, dated 23rd October 1895, regarding
Eurasian Midwife, I have the honor to state
that the work of the Eurasian midwife is entirely
inside the Hospital. She is in charge of the female ward
and all the Female inpatients. She attends to all the
Female outpatients. She has charge of the ^{all} Hospital
Bedding and clothing and looks after the diets of
the Female ward.

All cases of labor brought to the Hospital are
attended by her.

Besides the Eurasian midwife, there is another
native midwife and 2 pupil midwives. These
attend to the labor cases outside, as they are al-
ways called in, in preference to the Eurasian
midwife

Dated 10 January 1896.

No.

Enclosure

From *M. K. S. Adikavulu Naidu Jamm B.A. B.C. &c.*
Chairman, Municipal Council,
Cuddapah.

To

The Chief Secretary to Government
Local and Municipal Department.
Fort Saint George.

Sir,

In reply to para 3 (3) of G.O. No 1724 in
dated the 23rd October 1895, I have the honor to
state that, for want of Keen Competition, the sale
proceeds of night soil and street sweepings for
1894-95 were less than in the previous year when
the bidder sustained great loss on account of the
unusually high price at which he purchased
the manure.

(2) As observed in para 4 (3) of the G.O., the cost of dieting in patients increased in 1894-95 owing to an increase in the number of Lung diseases treated and also in the major operations as compared with the preceding year. The Lung diseases were found to be more or less exhausting diseases and required more extra and

and medical comforts.

(3) Copies of the reports received on the subject referred to in para 4 from the District Surgeon in the Municipal Hospital are enclosed.

Your most obedt servt

Cephaenanthus
to Laiman.
