No. M., JUNE 1896.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following paper :—

From M.R.Ry. T. RÁJAGÓPÁLA NÁYUDU Garu, Chairman, Municipal Council, Dindigul, to the Chief Secretary to Government (through the Sub-Collector and the Collector of Madura), dated 28th May 1896, No. 56.

I have the honour to submit the report on the administration of the Dindigul Municipality for the year 1895–96, together with the marginally-noted enclosures.

(1) Annual statements.
(2) Copies of the Educational statements, Nos. I—IV, furnished by the Assistant Inspector of Schools, Madura and Tinnevelly Division.
(3) Copies of the Educational statements, Nos. I—IV, furnished by the Inspectress of Girls' Schools, Southern Circle.
(4) Copy of Dr. Chester's report on the working of the Mission dispensary at Dindigul.
(5) Copy of Miss Higgins' report, forwarded by Dr. Reeves, on the working of the Women and Children's dispensary at Dindigul.
(6) Copy of Council's Resolution, No. 1, dated 25th May 1896.

I.—CONSTITUTION OF THE COUNCIL.

2. The council as constituted on the last day of the year under review was twelve strong. Of these twelve members, three were Europeans, of whom, two were Government nominees and the other—the Divisional officer and the only official on the council—was an ex-officio councillor. The native members, all elected, were non-officials.

3. I have been continuing as Chairman since 5th March 1895, when I assumed charge of the office.

4. No election took place in the year.

5. Thirty-five meetings, eighteen ordinary and seventeen special, were actually held during the year against thirty-six in the year previous. Two meetings had to be adjourned for want of a quorum owing to excessive rain ; and the average attendance of councillors at each meeting was 7·68. The Sub-Collector was present at four meetings.

II.—RECEIPTS.

6. The year commenced with an opening balance of Rs. 7,780–3–6, including which the total receipts amounted to Rs. 98,389–0–11 against Rs. 1,11,010, the revised estimate, and Rs. 34,099–10–10, the actuals of 1894–95. The falling off below the estimate in spite of the comparatively smaller amounts under taxes on arts, buildings, &c., left uncollected, is due, to a large extent, to the non-adjustment in the accounts of the council of the balance of Government grant drawn by the Sanitary Engineer to Government on account of water works put in hand at the commencement of the year and now very near completion. The loan and grants from Government for the above works, in addition to the relatively larger receipts under almost all the other items, notwithstanding the larger opening balance of the previous year, contribute, for the greatest part, to the visible increase over the actuals of the said year. Detailed explanations of such variations are given severally against each head below.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following paper :—

From M.R.Ry. T. RÁJAGÓPÁLA NÁYUDU Garu, Chairman, Municipal Council, Dindigul, to the Chief Secretary to Government (through the Sub-Collector and the Collector of Madura), dated 28th May 1896, No. 56.

I have the honour to submit the report on the administration of the Dindigul Municipality for the year 1895–96, together with the marginally-noted enclosures.

(1) Annual statements.
(2) Copies of the Educational statements, Nos. I—IV, furnished by the Assistant Inspector of Schools, Madura and Tinnevelly Division.
(3) Copies of the Educational statements, Nos. I—IV, furnished by the Inspectress of Girls' Schools, Southern Circle.
(4) Copy of Dr. Chester's report on the working of the Mission dispensary at Dindigul.
(5) Copy of Miss Higgins' report, forwarded by Dr. Reeves, on the working of the Women and Children's dispensary at Dindigul.
(6) Copy of Council's Resolution, No. 1, dated 25th May 1896.

I.—CONSTITUTION OF THE COUNCIL.

2. The council as constituted on the last day of the year under review was twelve strong. Of these twelve members, three were Europeans, of whom, two were Government nominees and the other—the Divisional officer and the only official on the council—was an ex-officio councillor. The native members, all elected, were non-officials.

3. I have been continuing as Chairman since 5th March 1895, when I assumed charge of the office.

4. No election took place in the year.

5. Thirty-five meetings, eighteen ordinary and seventeen special, were actually held during the year against thirty-six in the year previous. Two meetings had to be adjourned for want of a quorum owing to excessive rain ; and the average attendance of councillors at each meeting was 7·68. The Sub-Collector was present at four meetings.

II.—RECEIPTS.

6. The year commenced with an opening balance of Rs. 7,780–3–6, including which the total receipts amounted to Rs. 98,389–0–11 against Rs. 1,11,010, the revised estimate, and Rs. 34,099–10–10, the actuals of 1894–95. The falling off below the estimate in spite of the comparatively smaller amounts under taxes on arts, buildings, &c., left uncollected, is due, to a large extent, to the non-adjustment in the accounts of the council of the balance of Government grant drawn by the Sanitary Engineer to Government on account of water works put in hand at the commencement of the year and now very near completion. The loan and grants from Government for the above works, in addition to the relatively larger receipts under almost all the other items, notwithstanding the larger opening balance of the previous year, contribute, for the greatest part, to the visible increase over the actuals of the said year. Detailed explanations of such variations are given severally against each head below.

A.—Receipts from Taxation.

7. *Tax on Arts.*—Out of the total demand of Rs. 2,294 under this head, Rs. 1,798 were collected, Rs. 20 written off as irrecoverable, leaving a balance of Rs. 476—less than a fifth of the demand as finally settled—uncollected, as this tax was levied for the first time and as there were various difficulties in the way of making more prompt collections.

	Rs.	A.	P.
Actuals of 1894–95	*Nil.*		
Revised estimate for 1895–96 ..	2,000	0	0
Actuals of 1895–96	1,798	0	0

8. *Tax on Buildings.*—The principles upon which the annual rental of buildings is estimated are shown in detail in note to statement I. Out of the current demand of Rs. 5,949–5–6, Rs. 5,240–10–6 were collected, Rs. 11–6–6 remitted on account of vacant houses, Rs. 45–9–6 on account of poverty, and a balance of Rs. 651–11–0 left uncollected. Of the total arrear demand of Rs. 1,199–8–6, Rs. 929–1–6 were collected, Rs. 64–7–6 written off, leaving an uncollected arrear balance of Rs. 205–15–6 relating to the years 1892–93, 1893–94 and 1894–95. The total collections under this head amounted to Rs. 6,169–12–0, of which As. 8 were refunded, against Rs. 5,989–4–5 in the previous year.

	Rs.	A.	P.
Actuals of 1894–95	5,989	4	5
Revised estimate for 1895–96 ..	6,530	0	0
Actuals of 1895–96	6,169	4	0

9. *Tax on Lands.*—In pursuance of Council's Resolution No. 3, dated 12th November 1894, vacant house-sites are assessed at one anna for every 80 square yards. Wet and garden lands and dry lands were, as usual, assessed at double and treble the Government assessment respectively. The result of the revision of the register of cultivable lands was reported to Government in this office letter No. 357, dated 20th February 1896. The total current demand amounted to Rs. 478–9–0, of which Rs. 84–12–6 were collected and As. 7 written off as irrecoverable, leaving a balance of Rs. 393–5–6. Of the arrear demand of Rs. 289–13–6, the collections amounted to Rs. 141–6–0, and the uncollected balance to Rs. 148–3–6, As. 4 only being written off. The total extent of land assessed was 835 acres and 25 cents. The large balance, both arrear and current, is due partly to the revision of taxes on cultivable lands late in the year, and partly to the laxity in the preparation of the original registers of taxes on vacant house-sites, especially with reference to the actual owners, &c. Steps will be taken in the current year to rectify the register. Further, the three bill collectors had also to collect arts tax levied newly in the year under review in addition to the usual taxes.

	Rs.	A.	P.
Actuals of 1894–95	183	11	0
Revised estimate for 1895–96 ..	300	0	0
Actuals of 1895–96	226	2	6

10. *Tax on Vehicles.*—The decrease below the actuals of 1894–95, which includes arrears of previous year, is due to a slight fall in the number of vehicles and to some arrears that yet remain to be realized. The increase over the revised estimate calls for little or no remarks as it is small.

	Rs.	A.	P.
Actuals of 1894–95	361	8	0
Revised estimate for 1895–96 ..	310	0	0
Actuals of 1895–96	318	0	0

11. *Tax on Animals.*—The fall below both the revised estimate for 1895–96 and the actuals of 1894–95 is due to small outstanding arrears yet to be realized and to the fact that the figure for 1894–95 includes arrears of previous years.

	Rs.	A.	P.
Actuals of 1894–95	1,341	8	0
Revised estimate for 1895–96 ..	1,000	0	0
Actuals of 1895–96	854	0	0

12. *Tax on Carts.*—The levy of this tax, at Rs. 4 per cart per annum, enhanced the receipts over those of last year, while the decrease below the revised estimate is due to the non-payment of taxes, for the second half-year, by some dust-cart contractors within the year.

	Rs.	A.	P.
Actuals of 1894–95	776	0	0
Revised estimate for 1895–96 ..	1,400	0	0
Actuals of 1895–96	1,365	0	0

Coercive Processes.—Appendix A to statements IV-A and IV-B shows the number of cases in which coercion was resorted to for the realization of tax on arts, buildings, lands, vehicles and animals. Two thousand and two warrants, involving a sum of Rs. 2,197–7–0, were issued during the year against 1,552 for Rupees 1,200–0–6 in the year previous. Including warrants that remained unexecuted at the beginning of the year, the total number amounted to 3,302, covering a sum of Rs. 3195–15–6, against 3,779 for recovery of Rs. 3,361–6–9 in 1894–95. Of these, 200 warrants for Rs. 192–3–6 were cancelled on account of remissions sanctioned by the council. The number of warrants that were executed within the year and that effected a realization of Rs. 2,020–8–0 was 2,037, of which in 1,957 cases a sum of Rs. 1,921–12–0 was recovered before distraint, in 55 Rs. 65–4–6 were realized before the sale of the property distrained, and the sale of distrained property in the remaining cases effected a recovery to the council of Rs. 33–7–6.

The number of warrants that remained unexecuted at the close of the year was 1,065, covering Rs. 983–4–6, against 1,300 for the recovery of Rs. 998–8–6 in 1894–95. Prosecutions were not had recourse to, for recovery of taxes from defaulters.

14. *Tolls.*—The six toll-gates were leased out for Rs. 10,800 against Rs. 9,600 in the previous year. The increase is due to keen competition at the annual sale. One-third of the receipts under this head was, as usual, paid as contribution to the District Board, Madura. There was no occasion for the repair or construction of toll-gates and to the printing of tickets, &c., and hence no expenditure was incurred under this head; but five toll-boards, each at a cost of Rs. 9, were prepared during the year and given to the contractor to be placed at each of the toll-gates.

	Rs.	A.	P.
Actuals of 1894–95	6,403	3	4
Revised estimate for 1895–96 ..	7,200	0	0
Actuals of 1895–96	7,200	0	0

15. *Incidence of Taxation.*—The average incidence of taxation including tolls amounted to As. 14–2, and excluding tolls to As. 8–6, per head of the population, against As. 11–11 and As. 6–10, respectively, in 1894–95. That of the tax on arts alone was As. 1–5 per head.

B.—Miscellaneous Receipts.

16. *Realization under Special Acts.*—Licenses issued under Act II of 1888 alone fetched the sum noted in the margin as in the year previous.

	Rs.	A.	P.
Actuals of 1894–95	50	0	0
Revised estimate for 1895–96 ..	50	0	0
Actuals of 1895–96	50	0	0

17. *Revenue derived from Municipal property.*—The increase over the actuals of 1894–95 is due to enhanced receipts under rent of lands, avenue receipts and fees from the travellers' bungalow, though there was a slight fall in each of these items below the revised estimate. Of the total demand, both current and arrear, of Rs. 484 under rent of lands, Rs. 409–4–0 were collected, As. 12 remitted, and Rs. 74 have yet to be realized.

	Rs.	A.	P.
Actuals of 1894–95	551	11	6
Revised estimate for 1895–96 ..	700	0	0
Actuals of 1895–96	657	12	4

18. 4 (*b*) The fall below the figure of the revised estimate is due to no lands having been sold in the year under review. The decrease under both *b* (ii) and (iii) is immaterial and requires no explanation.

	Rs.	A.	P.
Actuals of 1894–95	44	1	9
Revised estimate for 1895–96 ..	180	0	0
Actuals of 1895–96	29	4	8

19. 4 (*c*) The want of a rubbish depôt for the 5th and the 6th wards to store street refuse and night-soil and want of competition at the sale of the latter contributed to the falling off below both the actuals of 1894–95 and the revised estimate for 1895–96. The street refuse and night-soil was sold for Rs. 47, of which only a sum of Rs. 26, with interest thereon,

	Rs.	A.	P.
Actuals of 1894–95	86	0	0
Revised estimate for 1895–96 ..	50	0	0
Actuals of 1895–96	26	5	5

was realized within the year. The Collector of the district has been addressed on the subject of acquisition, under the Act, of sites selected by the council for a rubbish and night-soil depôt and a burial-ground.

20. 4 (*d*) The enhanced receipts, as compared with the actuals of 1894–95 and the revised estimate for 1895–96, is due to the steady increase in the strength of the municipal high school, from which Rs. 1,916–12–0 were realized as school-fees against Rs. 1,745–14–0 in the previous year. The receipts from the Muhammadan salary-result school amounted to Rs. 56–14–3 against Rs. 62–12–9 in 1894–95. No fees were collected from the Panchama salary-results school as in previous years, while the staff has been increased in accordance with the suggestions of the Assistant Inspector of Schools, Madura.

	Rs.	A.	P.
Actuals of 1894–95	1,808	10	9
Revised estimate for 1895–96	1,930	0	0
Actuals of 1895–96 ..	1,973	11	3

	Rs.	A.	P.
Actuals of 1894–95	1	2	0
Revised estimate for 1895–96	10	0	0
Actuals of 1895–96	6	0	0

21. (4) (*e*) Sale of medicines at the women and children's dispensary fetched Rs. 6 against Rs. 1–2–0 in the last year.

22. 4 (*f*) Receipts from the four markets and the two slaughter-houses of the municipality exhibit an increase—due to brisk competition at the annual sale—over the actuals of the year previous. The increase over the revised estimate is due to the departmental collection of fees from the Mosque-lane bazaars, to the re-sale of their contract on the 2nd January 1896, and to the receipt of interest from the contractors for non-payment of kist on the due date. The markets and the slaughter-houses are, as usual, being supervised by the sanitary inspectors. The same rate of fees continued to be levied at the weekly market and at the slaughter-houses as in preceding years. Deducting charges incurred in connection with the markets under Grant I 2 (*b*) and 2 (*c*) and Grant IV 2 (1), the net receipts therefrom amounted to Rs. 4,485–2–7 against Rs. 3,050–2–2, and those from the slaughter-houses to Rs. 705–14–7 against Rs. 552–8–7 in 1894–95.

	Rs.	A.	P.
Actuals of 1894–95	4,837	3	11
Revised estimate for 1895–96..	5,290	0	0
Actuals of 1895–96	5,327	11	0

23. 4 (*g*) Non-realization of the full amount under this head is due to the uncertain nature of the sources of the receipts, such as erecting Governor tatties, pandals and depositing building materials, &c., for all of which no fixed demand could be raised. The number of prosecutions instituted under section 189 of the Municipal Act was 13 against 47 last year. In regard to the depositing of building materials on road side and the erection of pandals, &c., payment of fees in advance was insisted upon in the year under review.

	Rs.	A.	P.
Actuals of 1894–95	439	9	8
Revised estimate for 1895–96 ..	460	0	0
Actuals of 1895–96	409	10	2

24. (4) (*h*) Enhanced receipts over both the revised estimate for 1895–96 and the actuals of 1894–95, as compared with which especially the increase is conspicuous, speak highly of the hearty co-operation on the part of the police in the prosecution of cases for committing nuisance.

	Rs.	A.	P.
Actuals of 1894–95	139	0	6
Revised estimate for 1895–96 ..	400	0	0
Actuals of 1895–96	410	8	10

25. (5) (*a*) The figure for the year under review represents the current grants on account of education and hence the falling off far below the actuals of 1894–95, which include arrear grants of previous years. The decrease below the revised estimate is due to overestimate in salary grants.

	Rs.	A.	P.
Actuals of 1894–95	965	0	7
Revised estimate for 1895–96 ..	630	0	0
Actuals of 1895–96	597	9	3

26. (5) (*a*) (iii) The vast difference, as per margin, between the actuals of 1895–96 and those of the year preceding includes Rs. 133–13–6 realized in the year under review from a chattram endowment for water-supply purposes and Rs. 29,000, part of the Government grant towards the water-supply scheme, actually brought to the books of the municipality against Rs. 40,000, the total Government grants of the revised estimate. The balance of Rs. 11,000 out of the said total grant of Rs. 40,000 has been drawn by the Sanitary Engineer to Government, but they have not been adjusted in the accounts of the municipality. He has been requested to furnish vouchers for the amount drawn and spent by him.

	Rs.	A.	P.
Actuals of 1894–95	267	11	0
Revised estimate for 1895–96.	40,130	0	0
Actuals of 1895–96	29,133	13	6

27. (5) (*b*) (ii) Rs. 600, the actuals of the year under review, include balance of contribution for 1894–95 from the taluk board drawn this year and Rs. 300 for 1895–96 out of a total contribution of Rs. 600 sanctioned as per G.O., Mis. No. 731 L., dated 20th April 1896. The difference between the revised estimate for and the actuals of 1895–96 is to be explained by the fact that the contribution towards the dispensary from the taluk board was originally calculated at Rs. 800, half the actual expenditure incurred. The balance of contribution for 1895–96, *i.e.*, Rs. 300 remains to be realized.

	Rs	A.	P.
Actuals of 1894–95	438	11	10
Revised estimate for 1895–96.	1,100	0	0
Actuals of 1895–96	600	0	0

28. (6) (*a*) The increase over the actuals of 1894–95 is consequent on the rise in the number of houses brought under the private scavenging system, the figures being 327 on the 31st March 1896, against 201 on the corresponding date of the year preceding. Thus it will be seen that 11·9 per cent. of the houses assessed to tax on buildings were scavenged by the municipal agency. Efforts are being made to make the private scavenging system more appreciated so as to admit of its further extension. Out of the current demand of Rs. 477 under this head, Rs. 450–12–0 have been realised and Rs. 26–4–0 remain uncollected, of which a sum of Rs. 12 is due on account of the Sub-Collector's office. The difference between the revised estimate for and the actuals of the year under review is so small that it needs no explanation. One hundred and six notices against 79 last year were issued to persons to keep filthy premises in a sanitary condition.

	Rs.	A.	P.
Actuals of 1894–95	285	10	0
Revised estimate for 1895–96 ..	460	0	0
Actuals of 1895–96	450	12	0

29. (6) (*b*) The figure for 1895–96 comprises Rs. 4–7–6, amount of overpayment recovered from a contractor and As. 13, fees for numbering carts, &c., against As. 2 in 1894–95. A civil suit was instituted against Syed Mahomed, normal student, for refund of stipends received by him from the municipality while under training, and it was decided in favour of the council. The amount was not recovered in the year and the pleader has been requested to execute the decree against him. So that, the amount may be recovered with costs at a very early date. This explains the difference between the revised estimate for and the actuals of 1895–96.

	Rs.	A.	P.

Revised estimate for 1895–96 ..	30	0	0
Actuals of 1895–96	*Nil.*		

31. (*d*). There were no receipts in the current year under this head.

was realized within the year. The Collector of the district has been addressed on the subject of acquisition, under the Act, of sites selected by the council for a rubbish and night-soil depôt and a burial-ground.

20. 4 (*d*) The enhanced receipts, as compared with the actuals of 1894–95 and the revised estimate for 1895–96, is due to the steady increase in the strength of the municipal high school, from which Rs. 1,916–12–0 were realized as school-fees against Rs. 1,745–14–0 in the previous year. The receipts from the Muhammadan salary-result school amounted to Rs. 56–14–3 against Rs. 62–12–9 in 1894–95. No fees were collected from the Panchama salary-results school as in previous years, while the staff has been increased in accordance with the suggestions of the Assistant Inspector of Schools, Madura.

Actuals of 1895–96	6	0	0

21. (4) (*e*) Sale of medicines at the women and children's dispensary fetched Rs. 6 against Rs. 1–2–0 in the last year.

22. 4 (*f*) Receipts from the four markets and the two slaughter-houses of the municipality exhibit an increase—due to brisk competition at the annual sale—over the actuals of the year previous. The increase over the revised estimate is due to the departmental collection of fees from the Mosque-lane bazaars, to the re-sale of their contract on the 2nd January 1896, and to the receipt of interest from the contractors for non-payment of kist on the due date. The markets and the slaughter-houses are, as usual, being supervised by the sanitary inspectors. The same rate of fees continued to be levied at the weekly market and at the slaughter-houses as in preceding years. Deducting charges incurred in connection with the markets under Grant I 2 (*b*) and 2 (*c*) and Grant IV 2 (1), the net receipts therefrom amounted to Rs. 4,485–2–7 against Rs. 3,050–2–2, and those from the slaughter-houses to Rs. 705–14–7 against Rs. 552–8–7 in 1894–95.

	Rs.	A.	P.
Actuals of 1894–95	4,837	3	11
Revised estimate for 1895–96 ..	5,290	0	0
Actuals of 1895–96	5,327	11	0

23. 4 (*g*) Non-realization of the full amount under this head is due to the uncertain nature of the sources of the receipts, such as erecting Governor tatties, pandals and depositing building materials, &c., for all of which no fixed demand could be raised. The number of prosecutions instituted under section 189 of the Municipal Act was 13 against 47 last year. In regard to the depositing of building materials on road side and the erection of pandals, &c., payment of fees in advance was insisted upon in the year under review.

	Rs.	A.	P.
Actuals of 1894–95	439	9	8
Revised estimate for 1895–96 ..	460	0	0
Actuals of 1895–96	409	10	2

24. (4) (*h*) Enhanced receipts over both the revised estimate for 1895–96 and the actuals of 1894–95, as compared with which especially the increase is conspicuous, speak highly of the hearty co-operation on the part of the police in the prosecution of cases for committing nuisance.

	Rs.	A.	P.
Actuals of 1894–95	139	0	6
Revised estimate for 1895–96 ..	400	0	0
Actuals of 1895–96	410	8	10

25. (5) (*a*) The figure for the year under review represents the current grants on account of education and hence the falling off far below the actuals of 1894–95, which include arrear grants of previous years. The decrease below the revised estimate is due to overestimate in salary grants.

	Rs.	A.	P.
Actuals of 1894–95	965	0	7
Revised estimate for 1895–96 ..	630	0	0
Actuals of 1895–96	597	9	3

26. (5) (*a*) (iii) The vast difference, as per margin, between the actuals of 1895–96 and those of the year preceding includes Rs. 133–13–6 realized in the year under review from a chattram endowment for water-supply purposes and Rs. 29,000, part of the Government grant towards the water-supply scheme, actually brought to the books of the municipality against Rs. 40,000, the total Government grants of the revised estimate. The balance of Rs. 11,000 out of the said total grant of Rs. 40,000 has been drawn by the Sanitary Engineer to Government, but they have not been adjusted in the accounts of the municipality. He has been requested to furnish vouchers for the amount drawn and spent by him.

	Rs.	A.	P.
Actuals of 1894–95	267	11	0
Revised estimate for 1895–96.	40,130	0	0
Actuals of 1895–96	29,133	13	6

27. (5) (*b*) (ii) Rs. 600, the actuals of the year under review, include balance of contribution for 1894–95 from the taluk board drawn this year and Rs. 300 for 1895–96 out of a total contribution of Rs. 600 sanctioned as per G.O., Mis. No. 731 L., dated 20th April 1896. The difference between the revised estimate for and the actuals of 1895–96 is to be explained by the fact that the contribution towards the dispensary from the taluk board was originally calculated at Rs. 800, half the actual expenditure incurred. The balance of contribution for 1895–96, *i.e.*, Rs. 300 remains to be realized.

	Rs	A.	P.
Actuals of 1894–95	438	11	10
Revised estimate for 1895–96.	1,100	0	0
Actuals of 1895–96	600	0	0

28. (6) (*a*) The increase over the actuals of 1894–95 is consequent on the rise in the number of houses brought under the private scavenging system, the figures being 327 on the 31st March 1896, against 201 on the corresponding date of the year preceding. Thus it will be seen that 11·9 per cent. of the houses assessed to tax on buildings were scavenged by the municipal agency. Efforts are being made to make the private scavenging system more appreciated so as to admit of its further extension. Out of the current demand of Rs. 477 under this head, Rs. 450–12–0 have been realised and Rs. 26–4–0 remain uncollected, of which a sum of Rs. 12 is due on account of the Sub-Collector's office. The difference between the revised estimate for and the actuals of the year under review is so small that it needs no explanation. One hundred and six notices against 79 last year were issued to persons to keep filthy premises in a sanitary condition.

Actuals of 1895–96	450	12	0

29. (6) (*b*) The figure for 1895–96 comprises Rs. 4–7–6, amount of overpayment recovered from a contractor and As. 13, fees for numbering carts, &c., against As. 2 in 1894–95. A civil suit was instituted against Syed Mahomed, normal student, for refund of stipends received by him from the municipality while under training, and it was decided in favour of the council. The amount was not recovered in the year and the pleader has been requested to execute the decree against him. So that, the amount may be recovered with costs at a very early date. This explains the difference between the revised estimate for and the actuals of 1895–96.

was realized within the year. The Collector of the district has been addressed on the subject of acquisition, under the Act, of sites selected by the council for a rubbish and night-soil depôt and a burial-ground.

20. 4 (*d*) The enhanced receipts, as compared with the actuals of 1894–95 and the revised estimate for 1895–96, is due to the steady increase in the strength of the municipal high school, from which Rs. 1,916–12–0 were realized as school-fees against Rs. 1,745–14–0 in the previous year. The receipts from the Muhammadan salary-result school amounted to Rs. 56–14–3 against Rs. 62–12–9 in 1894–95. No fees were collected from the Panchama salary-results school as in previous years, while the staff has been increased in accordance with the suggestions of the Assistant Inspector of Schools, Madura.

31. (*d*). There ... the current yea... ...ad. ...ear

III.—Expenditure.

32. The charges of the municipality amounted to Rs. 69,106-4-9 including Rs. 11,122-4-9 under advances against Rs. 1,05,500, the revised estimate for 1895-96, and Rs. 26,319-7-4, the actuals of last year. The decrease below the estimate is due to a large extent to the non-utilization in full of the allotments under Grants I (1) (*d*), II, III and IV and the enhanced expenditure over the actuals of 1894-95 is consequent on the conspicuously larger outlay on Grant I (1) (*d*) especially and also on Grant V, notwithstanding the smaller expenditure under the other grants. Detailed explanations of these variations are given below.

33. *Grant I, Public Works*—(1) *New Works.*—A large outlay on the water-supply scheme now in progress and increased expenditure under communications contributed to the enormous increase over the actuals of 1894-95 while, owing to the non-completion of the water-works within the year, a smaller amount, as compared with the revised estimate for 1895-96, was spent during the year under report. A new well was sunk at Tatthamperumalpatti near the race course for which a part-payment of Rs. 17-2-1 was made in the year. A sum of Rs. 256-15-8 was spent in forming roads at Mounseypuram; Rs. 139-3-11 in constructing one vent tunnel in the north end of Muniyappan Kovil lane at Nagalnyakkanpatti, while the construction of a tunnel in the east end of Gopalasamudram tank cost Rs. 31-7-11—Rs. 18-9-10 were paid as allowance to the percentage maistry, Rs. 6-13-9 in connection with communications, Rs. 10-10-1 for building, and Rs. 1-2-0 for drainage works done last year.

	Rs.	A.	P.
Actuals of 1894-95	1,728	6	3
Revised estimate for 1895-96..	80,710	0	0
Actuals of 1895-96	34,122	7	11

34. (2) *Repairs*, (3) *Establishment*, (4) *Tools and Plant, &c.*—The decrease below the revised estimate is very small, while that below the actuals of 1894-95 is owing to the comparatively smaller amount spent under Buildings—repairs and repairs to works in spite of the increased expenditure under (*d*) Water-supply, (i) Repairs to works, machinery, &c. The amount allotted under Communications—repairs was Rs. 2,770, of which Rs. 2,658-1-11 were utilized, leaving a balance of Rs. 111-14-1, savings effected in the sale of the contracts. The total expenditure under this head and Grant I (1) (*a*) was 43·2 per cent. of the revenue derived from tolls. Statement II-A furnishes details as to the total extent of roads, streets and lanes maintained by the council, which amounted to 22 miles 4 furlongs and 216 yards against 22 miles 40 yards last year. Of these, 16 miles 6 furlongs and 79 yards were metalled or gravelled and the rest unmetalled. The condition of the main roads, streets and some lanes is generally good. Some of the roads require mending as the trenches dug therein by the water-works contractor for laying pipes were not properly filled up. There are some streets and lanes also that require metalling and gravelling. Rs. 118-7-6 spent under building repairs against Rs. 714-8-4 last year include Rs. 8-15-0 for whitewashing the office building and repairing its floor, Rs. 43-5-9 in repairing the tiled shed in the Mosque-lane bazaars, while the repair of the damaged portions of the latrine in Koravers' street, transferred from new works to repairs, cost Rs. 55-10-0. Rs. 10-8-9 were paid for maistry allowance for works done last year and the year under report. This explains the excess above the revised estimate. Drains in three lanes and in the daily market were constructed at a cost of Rs. 225-7-1 including maistry allowance and the establishment for flushing drains cost Rs. 752-15-10. Repairs to wells including deepening, removing silts, and cleaning and rebuilding the side walls of the fort together with maistry allowance paid, cost Rs. 807-10-4 against [illegible] 1894-95. The outlay on establishment under (*d*) Water-supply stationary and differs very little from the allotment under the This, together with the amount spent under contingencies, amounted against Rs. 267-4-10 last year. Public Works establishment and ools, &c., cost Rs. 817-14-6 against Rs. 786-12-7 in 1894-95 and e amount allotted for the purpose in the revised estimate.

	Rs.	A.	P.
Actuals of 1894-95	6,844	3	7
Revised estimate for 1895-96.	5,660	0	0
Actuals of 1895-96	5,653	6	9

35. *Grant II, Education.*—The High school establishment and its contingencies cost Rs. 2,899-14-3 against Rupees 2,938-6-2 in 1894-95 and the allotment of Rs. 3,000 in the revised estimate. This, together with the small falling off below both the revised estimate for 1895-96 and the actuals of the preceding year under (ii) (*a*) Fixed payments, (*c*) Contingencies and (4) Results grants, explains the difference in the figures as per margin. The net cost of the Municipal High school to the council, after deducting receipts, such as school-fees, salary and other grants of the year under review alone, amounted to Rs. 452-2-3 against Rs. 337-2-7 in 1894-95 after deducting from the total expenditure, school-fee receipts and grants of 1894-95 together with arrear grants of the previous year drawn in 1894-95. None of the seven students sent up for the Matriculation examination in the year under review came out successful. In the Lower Secondary examination out of nine presented, seven passed—complete test two, three in the compulsory subjects and one optional, and two in the compulsory subjects only. There is a steady increase in the strength of the Upper and the Lower Secondary departments of the High school. The number on rolls on the 31st March 1896 was 35 in the Upper Secondary and 63 in the Lower Secondary departments against 24 and 53 in 1894-95. From the fee income of the Muhammadan salary-result school it may be observed that the strength of that institution was on the decrease. The Muhammadan and Panchama salary-result schools cost the council Rs. 717-4-5 against Rs. 759-2-1 in 1894-95. The net cost of the former to the council was Rs. 466-8-7 against Rs. 554-8-1 in the year previous, and that of the latter Rs. 250-11-10 against Rs. 204-10-3. The Muhammadan salary-result school is fairly equipped with the necessary furniture, while the Panchama school is wanting in this respect. Steps will be taken at a very early date to supply this and similar wants and encouragement will be afforded in the next year to primary education in general, and to Panchama education in particular. The short expenditure is due to savings effected in the salaries of the teachers of the Muhammadan salary-result school, while the amount paid as results stipends has remained almost the same as that of last year. The results of the Primary school examination in the Muhammadan salary-result school were good: six out of six presented having passed in the year under review against two out of four in 1894-95. The results of the examinations in the lower standards of the two salary-results schools, conducted by the departmental officers, have been remarked to be good, and those of the aided results schools to be fair. Rs. 1,458-0-6, that is, nearly the whole allotment of Rs. 1,460 of the revised estimate for 1895-96, were utilized in the payment of results grants to nine aided schools against Rs. 1,555-2-0 paid to eleven schools in the year preceding. Of the said results grants of Rs. 1,458-0-6, Rs. 226-12-10 were paid to a lower secondary school and Rs. 1,231-3-8 to primary schools. Though there was a decrease of two aided schools this year, the total strength in all the aided schools does not seem to have been affected thereby. The total number of boys under instruction in the municipal and the aided schools has remained almost the same as in the year previous. The number of technically qualified teachers in employ in the municipal and the aided schools has been remarked by the Assistant Inspector of Schools to be on the advance. The charges under inspection amounted to Rs. 259-6-1 against an allotment in the revised budget for 1895-96 of Rs. 260 and Rs. 260-2-5, the actuals of the last year. The miscellaneous charges amounting to Rs. 149-10-3 were within the budget allotment of Rs. 150 against Rs. 163-1-0 in 1894-95. The results of the examinations in the Government Girls' school have been reported to be very good. I had also various opportunities of watching the progress of this institution and I am glad to observe that it is gradually rising in strength and popularity. I would respectfully solicit that the Government would be pleased to provide the institution with a better and a permanent accommodation of its own. Statements V-A and V-B annexed hereto furnish the other details as to the state of the aided, the unaided, and the municipal schools. 23·2 per cent. of the receipts from taxation, markets and rents was spent on education, against 28 per cent. in the year preceding.

	Rs.	A.	P.
Actuals of 1894-95	5,741	2	5
Revised estimate for 1895-96..	5,760	0	0
Actuals of 1895-96	5,541	2	9

36. *Grant III, Sanitation*—(1) *Hospitals and Dispensaries.*—The increased expenditure in connection with the Women and Children's dispensary consequent on the payment of the arrear charge allowance sanctioned as per G.O., Mis. No. 965 M., dated 11th June 1895, to the apothecary and increase of pay sanctioned by Government to the compounder and the midwife in G.Os., Mis. No. 841 M., dated 17th May 1895, and Mis. No. 1250 M., dated 2nd August 1895, respectively, added to the payment made in the year under report, for medicines purchased last year for the Women and Children's dispensary and the American Mission Dispensary under the management of Dr. Chester swelled the charges over the actuals of 1894–95. The decrease below the estimate is due to the non-payment within the year of the cost of medicines purchased this year for the use of the Women and Children's dispensary. From the apothecary's report for the year —a copy of which is herewith submitted—it will be observed that out of a total number of 14,970 patients treated at the dispensary, 6,120 were women and 8,850 children against 4,194 women and 6,041 children out of 10,235 cases treated last year. As the building in which the dispensary was located was not sufficiently commodious, another rented building adjoining it has been added on to it. The usual contribution of Rs. 455 was paid to the Mission dispensary under the control of Dr. Chester, the necessary statistics in regard to which are furnished in Statement XII and in his report hereto subjoined. The difference between the figures as in his report and those given in the statement mentioned above is to be explained by the fact that the former as usual relate to the calendar year and the latter to the official. There was an unusually large number of cases of fever and dysentery owing to an exceptionally hot weather in the year under review, while there were no cases of cholera. Otherwise, the health of the town was good. No woman was sent up for medical training from Dindigul in 1895–96.

Actuals of 1895–96	2,621	15	8

37. (2) (*a*) *Contribution to Provincial Funds.*—Nearly the same amount as in the year previous was paid as contribution for Medical College in the year under report, while that paid for sanitary inspection is a little more than half the amount paid in 1894–95, which included contributions of 1893–94 also. This explains the decrease below the actuals of 1894–95, and the increase above the revised estimate for 1895–96 is due to the payment of more than treble the amount estimated for towards Medical College. A sum of Rs. 17 against Rs. 20 allotted and Rs. 13 actually paid in 1894–95 was paid as contribution in respect of Medical Reserve Staff and Rs. 2 including the subsequent payment of Re. 1 as per letters, Ref. on C. No. 610, dated 14th February and 18th March 1896, of the Deputy Collector in charge of Treasury, Madura, were paid as contribution towards Cutlers' establishment.

	Rs.
Actuals of 1894–95	295
Revised estimate for 1895–96	130
Actuals of 1895–96	231

38. (3), *Vaccination.*—The appointment in the month of April 1895 of an acting second class vaccinator and of the present incumbent in August of the same year on a salary of Rs. 10 per mensem in the place of the first class man on a monthly salary of Rs. 18, deceased, and the close scrutiny of expenditure under contingencies contributed to the reduction of charges both below the revised estimate for 1895–96 and the actuals of 1894–95. The number of operations performed rose to 1,009 against 969 in the year preceding. Of these, 727 were infants below one year of age and 282 above that age against 676 and 293, respectively, in 1894–95. The number of successful vaccinations in the case of infants and adults was 721 and 259 against 670 and 280, respectively, in the last year. The total number of births registered during the year was 805 and that of successful vaccinations 721, which bears to the former a percentage of 89·5. More than 99 per cent. of the number of operations performed on infants below one year of age and 91·8 of that on adults proved successful in the year under review. All the operations were carried

	Rs.	A.	P.

Revised estimate for 1895-96 ..	400	0	0
Actuals of 1895–96	370	7	7

on with animal lymph; 97·1 per cent. of the total number of operations with animal lymph was successful. The cost of each successful case was As. 6–1 against As. 8–1 in 1894–95. The total number of prosecutions instituted for failure to have children vaccinated came up to 377 against 145 last year. As in 1894–95 no operations were performed by the Medical subordinates in the year under report. Vaccination is placed under the supervision of Dr. Chester, Medical officer in charge of the American Mission Dispensary.

39. (4) *Vital Statistics.*—Reduced charges under contingencies explain the difference between the figures in the margin. Out of the total number of births registered, 442 against 516 last year were males and 363 against 423 were females. There were 274 cases of death of males and 197 of that of females against 233 and 225, respectively, in the year previous. The number of deaths from cholera, small-pox, fever, dysentery, diarrhœa and other causes was *nil*, 3, 99, 58 and 311 against 10, *nil*, 74 and 374 from other causes, respectively, last year. The birth and death rates were respectively 39·8 and 23·3 per mille of the population against 46·5 and 26·5 in 1894–95. Eleven notices were issued for prosecution for failure to register births and deaths, but no prosecutions were instituted.

	Rs.	A.	P.
Actuals of 1894–95	194	1	10
Revised estimate for 1895–96 ..	200	0	0
Actuals of 1895–96	183	4	4

40. (5) *Conservancy.*—The comparatively smaller allotment and the still smaller outlay under (*a*) (ii) is due to keen competition at the annual sale of the contract for the supply of dust carts and the non-presentation by certain contractors of their bills for payment within the close of the year, respectively. Savings and retrenchments effected in the contractor's bills for violations of the terms of contract also contributed to a certain extent to the reduction of charges under this head. The charges under establishment while exhibiting an increase of Rs. 3–10–4 over the allotment have risen considerably over the actuals of the last year in consequence of the appointment in the year of two sweepers each on Rupees 4–8–0 per mensem and one scavenger on Rs. 3 per mensem. These particulars are given in statement II-B. Two more private scavenging toties were appointed in the year and this accounts for the enhanced expenditure under private scavenging establishment over that of last year; and the slight decrease below the revised estimate, due to fines and stoppages, is immaterial. The number of latrines in the town was nineteen, of which seventeen were with mud wall enclosures and two built of corrugated iron. There were in the year fifteen dust carts, five night-soil carts and six sewage hand carts. The number of night-soil and rubbish depôts remained the same as in the year previous. With regard to the sites selected for use as a municipal rubbish depôt and a Muhammadan burial-ground, the Collector has been addressed in view to acquiring the lands under the Act. Under contingencies Rs. 18–13–3 were spent against Rs. 100 allotted as per revised estimate for 1895–96 and Rs. 138–15–2, the actuals of 1894–95. Tools and implements to the value of Rs. 47–8–0 were purchased in connection with the sanitation of the town; but they were not paid for within the year; hence the decrease far below the budget allotment as revised.

	Rs.	A.	P.
Actuals of 1894–95	5,594	4	1
Revised estimate for 1895–96..	5,210	0	0
Actuals of 1895–96	4,879	10	0

41. *Grant IV* (1) *Lighting.*—Owing to keen competition at the sale, the expenditure fell far below the actuals of 1894–95. The lighting of the town under the contract system was found to be growing more and more unsatisfactory and it was consequently brought under departmental management from the 17th February 1896 to the close of the official year at the contractor's risk and on the council's responsibility from the 1st April 1896. Sanction for this has been accorded in G.O., Mis. No. 559 M, dated 27th March 1896; hence the excess expenditure over the allotment under this head. This excess has been made good from the contractor's deposit amount lodged in the office by way of adjustment in the final settlement of his accounts with the municipality.

	Rs.	A.	P.
Actuals of 1894–95	1,251	10	9
Revised estimate for 1895–96 ..	1 040	0	0
Actuals of 1895–96	1,098	2	4

The council observes with pleasure that the departmental management of lighting during these days has proved a success. There were used sixty-seven cast iron posts, twenty-four iron wall brackets and seventy-eight stone posts as in the year previous. The addition of some more lamps is under contemplation of the council for which due provision has been made in the budget for 1896–97 and approval of the same by Government obtained.

42. (2), (4), (5), (6), (9).—Shorter outlay as compared with the allotment for 1895–96 and the actuals of the year previous in respect of (2), (4), (5), 9 (ii) and (v) partially set off by a slight increase under 6 (*b*) and (9) (iii)—printing charges — accounts for the reduced expenditure in the year under review. The charges in connection with the travellers' bungalow amounted to Rs. 142–15–6 against Rs. 166–3–9 in the year preceding, while the receipts therefrom aggregated to Rs. 99–8–0 in 1894–95.

	Rs.	A.	P.
Actuals of 1894–95	889	15	0
Revised estimate for 1895–96 ..	760	0	0
Actuals of 1895–96	674	14	4

43. *Grant V, Supervision and Management.*—Enhanced expenditure under this head is due to excess charges over the actuals of the previous year in respect of (*b*) (*c*) (*d*) and (*e*), though counterbalanced by a slight decrease under (*a*), due to fines and savings. The appointment of additional and temporary peons to help bill-collectors in the collection of taxes and the remission of fines imposed in the year preceding and that under review contributed to the increase under this head. Increased expenditure over that of last year under (*c*) collection of tolls — contingencies — was due to the preparing of five toll-boards each at a cost of Rs. 9 — *vide* paragraph 14 *supra*. A proportionate part of this sum of Rs. 45 spent in this connection was by oversight not deducted in the contribution on account of tolls paid to the district board, Madura. The excess thus paid will be recovered at a very early date.

	Rs.	A.	P.
Actuals of 1894–95	1,912	5	5
Revised estimate for 1895–96 ..	2,070	0	0
Actuals of 1895–96	2,115	2	5

44. *Repayment.*—A sum of Rs. 491–5–11 was paid as interest up to 31st December 1895 on Rs. 33,000 borrowed from Government as per Accountant-General's bill, dated 3rd December 1895.

45. In addition to the advances—permanent—with the Head Clerk (Rs. 20), the Headmaster, Municipal High School (Rs. 5), the Medical officer in charge of vaccination (Rs. 30), an advance of Rs. 5 was made in the year to the Apothecary, Women and Children's Dispensary; and the other advances comprise the following:—

(1) A sum of Rs. 70–12–0 entrusted with the Government Pleader, Madras, in connection with second Appeal Suit No. 480 of 1895 on the file of the High Court;

(2) Rs. 27–14–0 advanced to a pleader at Madura in connection with the law suit against Syed Mahomed, normal student;

(3) Rs. 100 advanced to the Supervisor, Dindigul Water-works;

(4) Rs. 10,893–10–9 to the Sanitary Engineer to Government for water-works;

(5) Rs. 25 advanced to a councillor for expenses in connection with lighting contingencies.

IV.—Closing Balance.

46. The closing balance rose above the revised estimate by Rs. 23,772–12–2, which is accounted for chiefly by savings effected under Grants I and IV inclusive, in consequence of non-utilization in full of the allotments under these heads, partially counterbalanced by short receipts below the allotments under tax on arts, buildings, lands, animals and non-realization of the full amount of Government grant for water-works.

	Rs.	A.	P.
Actuals of 1894–95	7,780	3	6
Revised estimate for 1895–96	5,510	0	0
Actuals of 1895–96	29,282	12	2

General remarks.—I am glad to mention that I had the hearty co-operation of many of the ward councillors, of whom M.R.Rys. K. Anantanarayana Aiyar, S. P. Muttu Nayakkar and M. Arogyam Pillai deserve special mention.

Annual Concise Medical Report for 1895-96

1. Public health particularly good, except in the latter part of the year; there were many cases of fever, and influenza too, that lasted for a short time only.

2. *Vital Statistics.*—There have been a good many cases of accidental drowning.

	Births.	Deaths.
Males	442	274
Females	363	197
Total ..	805	471

3. *Sanitation.*—The place on the whole is clean, the main roads and streets are in good order, the bazaar roads and street are more or less filthy and contain on either side a great deal of rubbish and fæcal matter, the drains running along them and into which house-drains empty their contents are seldom free from stagnant sewage. The municipal wells, especially the Gopalsamuthram well, are protected against contamination. The private wells are those that need repairs, mostly all of them being without parapets. The water-works are in rapid progress, and, if a success, will remove the difficulty in obtaining good water. The water mostly everywhere is low and dirty.

4. *Vaccination* is compulsory and is done by a second-class municipal vaccinator under the American Mission dispensary.

5. A dispensary for caste and gosha women.

(*a*) A small rented building with one hall in which prescribing and compounding are carried on. Two small dark rooms used as store-rooms and a courtyard in which dressings are done in the open.

(*b*) Building is in good order.
(*c*) Furniture in good order.
(*d*) Inspection report on gosha dispensary at Dindigul dated 28th July 1895.

I. With reference to circular No. 17, of 25th July 1894, I have carried out the inspection, and have issued the following orders to the medical officer in charge:—

List of instruments and furniture to be kept in stock book.
Expenditure of permanent advance to be accounted for in detail.

Miss Higgins is to indent for —

(1) British Pharmacopœia.
(2) Clinical Manual for India.
(3) Waring's Bazaar Medicines.
(4) Madras Nursing Manual.

This is a very useful institution, the daily average attendance is now more than 100 and has been more than 70 for the past six months.

II. I have made the following recommendations in writing to local authorities:—

The building is much too small.
There is not nearly sufficient room for compounding and dressing.
There is a very scanty supply of furniture.
Two chairs are required and a table for examining patients.

I sent a midwife from Madura to work in the dispensary and towns. Miss Higgins reports that this woman is of great assistance to her in the dispensary.

As the dispensary is partly maintained by the Local Fund, nearly one half expenses are defrayed by them. I recommend that the Local Fund Board hand this midwife over to the institution.

She also attends confinement cases in the town.
One dozen stoppered bottles are required.
Two dozen small stoppered bottles are also required.

III. The following recommendations made in the last report still remain uncomplied with:—

Regarding the insufficient accommodation.

Dindigul,
28*th July* 1895.

(Signed) F. C. REEVES, Surgn.-Major,
District Medical and Sanitary Officer.

Visited the dispensary, which seems to be highly appreciated and growing in favour with the people and the town.

Average attendance daily (120).

The building in use is much too small for the purpose; in fact, there is hardly room for the tables and almirahs and there is no room provided for examining patients. A larger building is absolutely necessary.

DINDIGUL,
10*th September* 1895.

(Signed) C. MALLINS, Surgeon-Major,
Ag. Deputy Sanitary Commissioner.

Visited the dispensary with the District Medical and Sanitary Officer, the Chairman, T. Rajagopaul Naidu, and Mr. Moothu Naiker, one of the councillors. I am pleased to see that Miss Higgins' services are being appreciated. The attendance since she opened the dispensary in September 1893 was 34, in 1895 it averaged daily 64, in September 1895 it averaged 96 with a maximum of 122 on the 10th.

The dispensary has been such a success that I hope the municipality and the district board will see their way to erect a standard-plan out-patient dispensary and one or two small huts or cottages for caste or gosha women.

DINDIGUL,
15*th October* 1895.

(Signed) C. SIBTHORPE, Surgeon-Major-Genl.,
Surgn.-Genl. with the Govt. of Madras.

Visited the dispensary. Accommodation very inadequate. Work done under such disadvantages deserves extra credit.

DINDIGUL,
12*th November* 1895.

(Signed) J. K. BATTEN,
President, Taluk Board.

---

(1) The following recommendation of the Surgeon-General with the Government of Madras has not been complied with:—

The erection of a standard-plan out-patient dispensary with one or two small huts or cottages for caste and gosha women. Instead of which a small building was erected to the south of the former building which is in use in addition since the 17th April 1896.

(2) The books Nos. 2, 3 and 4 recommended by the District Medical Officer to be procured happened to be out of stock whenever applied to Messrs. Higginbotham & Co., Madras, for the same.

The local fund board refused the institution the privilege of retaining the services of the midwife. She was transferred to Nattam.

(*e*) Rupees 6 by the sale of medicines.

Women	6,120
Children	8,850

25*th May* 1896. (Intld.) M. H.

(*f*) Fourteen thousand nine hundred and seventy patients were treated against 10,235 in the previous year, of which 4,194 were women and 6,041 were children.

New and old patients totalled 29,509 (on leave for one month).

(*g*) Nil.

(*h*) Major operations 29, minor operations 537, all cured.

(*i*) Establishment sufficient and efficient.

(*j*) One midwife attached to the dispensary since 18th June 1895. She conducted thirty-eight cases.

(*k*) One hundred and twenty-three patients were treated at their houses, caste, custom and prejudice preventing most of them from attending the dispensary.

(*l*) *General Remarks.*—There is no private room for examining patients. The limited accommodation is greatly felt even by the patients attending.

DINDIGUL,
4*th May* 1896.

(Signed) M. HIGGINS,
Apothecary.

II No. 2858.

Forwarded to the Chairman, Municipal Council, Dindigul.

MADURA,
11*th May* 1896.

(Signed) F. C. REEVES,
Dist. Medl. and Sanitary Officer.

Cir. A. Dis. No. 4.

Forwarded.

2. *Paragraph* 5.—The decrease in the number of meetings attended by the Sub-Collector as compared with previous years is due to the fact that in previous years the Sub-Collector was himself the chairman.

Paragraph 28.—The Rs. 12 due by the Sub-Collector's office has just been sanctioned by Government.

Paragraph 34.—The roads are in as good order as can be expected during the laying down of water pipes. But, as remarked by the District Medical and Sanitary Officer, the state of the side drains in the bazaars leaves much to be desired. The moveable dust-bins, especially in outlying parts of the town, need looking after. They frequently are upset and rubbish is deposited anywhere.

3. I consider the accommodation for the Women and Children's Dispensary to be insufficient and unsuitable, even after the recent additions.

(Signed) J. K. BATTEN,
Ag. Sub-Collector.

2*nd June* 1896.

Submitted.

(Signed) J. TWIGG,
Collector.

11*th June* 1896.

Hospitals

Annual Report of the Dindigul Dispensary for the Dindigul Municipal Council.

There were treated, at the Dindigul Dispensary, in the year under review, 10,495 new cases, or those coming for the first time, and a total of 23,661 old and new cases, which represent the number of prescriptions written.

Of the new cases, 5574 were males, and 4921 females. Of these, 6147 were medical, 3221 surgical 195 both medical and surgical and 932 cases of vaccination performed by the Municipal Vaccinator.

Among the cases, there were 74 Europeans; 47 Eurasians; 3467 Native Christians; 21 Mahommedans, and 5884 Hindus.

There were 99 maternity cases, and 238 In-cases. The patients came from 699 different villages.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following paper :—

From M.R.Ry. T. RÁJAGÓPÁLA NÁYUDU Gáru, Chairman, Municipal Council, Dindigul, to the Chief Secretary to Government (through the Sub-Collector and the Collector of Madura), dated 28th May 1896, No. 56.

I have the honour to submit the report on the administration of the Dindigul Municipality for the year 1895–96, together with the marginally-noted enclosures.

(1) Annual statements.
(2) Copies of the Educational statements, Nos. I—IV, furnished by the Assistant Inspector of Schools, Madura and Tinnevelly Division.
(3) Copies of the Educational statements, Nos. I—IV, furnished by the Inspectress of Girls' Schools, Southern Circle.
(4) Copy of Dr. Chester's report on the working of the Mission dispensary at Dindigul.
(5) Copy of Miss Higgins' report, forwarded by Dr. Reeves, on the working of the Women and Children's dispensary at Dindigul.
(6) Copy of Council's Resolution, No. 1, dated 25th May 1896.

I.—CONSTITUTION OF THE COUNCIL.

2. The council as constituted on the last day of the year under review was twelve strong. Of these twelve members, three were Europeans, of whom, two were Government nominees and the other—the Divisional officer and the only official on the council—was an ex-officio councillor. The native members, all elected, were non-officials.

3. I have been continuing as Chairman since 5th March 1895, when I assumed charge of the office.

4. No election took place in the year.

5. Thirty-five meetings, eighteen ordinary and seventeen special, were actually held during the year against thirty-six in the year previous. Two meetings had to be adjourned for want of a quorum owing to excessive rain ; and the average attendance of councillors at each meeting was 7·68. The Sub-Collector was present at four meetings.

II.—RECEIPTS.

6. The year commenced with an opening balance of Rs. 7,780–3–6, including which the total receipts amounted to Rs. 98,389–0–11 against Rs. 1,11,010, the revised estimate, and Rs. 34,099–10–10, the actuals of 1894–95. The falling off below the estimate in spite of the comparatively smaller amounts under taxes on arts, buildings, &c., left uncollected, is due, to a large extent, to the non-adjustment in the accounts of the council of the balance of Government grant drawn by the Sanitary Engineer to Government on account of water works put in hand at the commencement of the year and now very near completion. The loan and grants from Government for the above works, in addition to the relatively larger receipts under almost all the other items, notwithstanding the larger opening balance of the previous year, contribute, for the greatest part, to the visible increase over the actuals of the said year. Detailed explanations of such variations are given severally against each head below.

A.—Receipts from Taxation.

7. *Tax on Arts.*—Out of the total demand of Rs. 2,294 under this head, Rs. 1,798 were collected, Rs. 20 written off as irrecoverable, leaving a balance of Rs. 476—less than a fifth of the demand as finally settled—uncollected, as this tax was levied for the first time and as there were various difficulties in the way of making more prompt collections.

	Rs.	A.	P.
Actuals of 1894–95	*Nil.*		
Revised estimate for 1895–96 ..	2,000	0	0
Actuals of 1895–96	1,798	0	0

8. *Tax on Buildings.*—The principles upon which the annual rental of buildings is estimated are shown in detail in note to statement I. Out of the current demand of Rs. 5,949–5–6, Rs. 5,240–10–6 were collected, Rs. 11–6–6 remitted on account of vacant houses, Rs. 45–9–6 on account of poverty, and a balance of Rs. 651–11–0 left uncollected. Of the total arrear demand of Rs. 1,199–8–6, Rs. 929–1–6 were collected, Rs. 64–7–6 written off, leaving an uncollected arrear balance of Rs. 205–15–6 relating to the years 1892–93, 1893–94 and 1894–95. The total collections under this head amounted to Rs. 6,169–12–0, of which As. 8 were refunded, against Rs. 5,989–4–5 in the previous year.

	Rs.	A.	P.
Actuals of 1894–95	5,989	4	5
Revised estimate for 1895–96 ..	6,530	0	0
Actuals of 1895–96	6,169	4	0

9. *Tax on Lands.*—In pursuance of Council's Resolution No. 3, dated 12th November 1894, vacant house-sites are assessed at one anna for every 80 square yards. Wet and garden lands and dry lands were, as usual, assessed at double and treble the Government assessment respectively. The result of the revision of the register of cultivable lands was reported to Government in this office letter No. 357, dated 20th February 1896. The total current demand amounted to Rs. 478–9–0, of which Rs. 84–12–6 were collected and As. 7 written off as irrecoverable, leaving a balance of Rs. 393–5–6. Of the arrear demand of Rs. 289–13–6, the collections amounted to Rs. 141–6–0, and the uncollected balance to Rs. 148–3–6, As 4 only being written off. The total extent of land assessed was 835 acres and 25 cents. The large balance, both arrear and current, is due partly to the revision of taxes on cultivable lands late in the year, and partly to the laxity in the preparation of the original registers of taxes on vacant house-sites, especially with reference to the actual owners, &c. Steps will be taken in the current year to rectify the register. Further, the three bill collectors had also to collect arts tax levied newly in the year under review in addition to the usual taxes.

	Rs.	A.	P.
Actuals of 1894–95	183	11	0
Revised estimate for 1895–96 ..	300	0	0
Actuals of 1895–96	226	2	6

10. *Tax on Vehicles.*—The decrease below the actuals of 1894–95, which includes arrears of previous year, is due to a slight fall in the number of vehicles and to some arrears that yet remain to be realized. The increase over the revised estimate calls for little or no remarks as it is small.

	Rs.	A.	P.
Actuals of 1894–95	361	8	0
Revised estimate for 1895–96 ..	310	0	0
Actuals of 1895–96	318	0	0

11. *Tax on Animals.*—The fall below both the revised estimate for 1895–96 and the actuals of 1894–95 is due to small outstanding arrears yet to be realized and to the fact that the figure for 1894–95 includes arrears of previous years.

	Rs.	A.	P.
Actuals of 1894–95	1,341	8	0
Revised estimate for 1895–96 ..	1,000	0	0
Actuals of 1895–96	854	0	0

12. *Tax on Carts.*—The levy of this tax, at Rs. 4 per cart per annum, enhanced the receipts over those of last year, while the decrease below the revised estimate is due to the non-payment of taxes, for the second half-year, by some dust-cart contractors within the year.

	Rs.	A.	P.
Actuals of 1894–95	776	0	0
Revised estimate for 1895–96 ..	1,400	0	0
Actuals of 1895–96	1,365	0	0

13. *Coercive Processes.*—Appendix A to statements IV-A and IV-B shows the number of cases in which coercion was resorted to for the realization of tax on arts, buildings, lands, vehicles and animals. Two thousand and two warrants, involving a sum of Rs. 2,197–7–0, were issued during the year against 1,552 for Rupees 1,200–0–6 in the year previous. Including warrants that remained unexecuted at the beginning of the year, the total number amounted to 3,302, covering a sum of Rs. 3195–15–6, against 3,779 for recovery of Rs. 3,361–6–9 in 1894–95. Of these, 200 warrants for Rs. 192–3–6 were cancelled on account of remissions sanctioned by the council. The number of warrants that were executed within the year and that effected a realization of Rs. 2,020–8–0 was 2,037, of which in 1,957 cases a sum of Rs. 1,921–12–0 was recovered before distraint, in 55 Rs. 65–4–6 were realized before the sale of the property distrained, and the sale of distrained property in the remaining cases effected a recovery to the council of Rs. 33–7–6.

The number of warrants that remained unexecuted at the close of the year was 1,065, covering Rs. 983–4–6, against 1,300 for the recovery of Rs. 998–8–6 in 1894–95. Prosecutions were not had recourse to, for recovery of taxes from defaulters.

14. *Tolls.*—The six toll-gates were leased out for Rs. 10,800 against Rs. 9,600 in the previous year. The increase is due to keen competition at the annual sale. One-third of the receipts under this head was, as usual, paid as contribution to the District Board, Madura. There was no occasion for the repair or construction of toll-gates and to the printing of tickets, &c., and hence no expenditure was incurred under this head; but five toll-boards, each at a cost of Rs. 9, were prepared during the year and given to the contractor to be placed at each of the toll-gates.

	Rs.	A.	P.
Actuals of 1894–95	6,403	3	4
Revised estimate for 1895–96 ..	7,200	0	0
Actuals of 1895–96	7,200	0	0

15. *Incidence of Taxation.*—The average incidence of taxation including tolls amounted to As. 14–2, and excluding tolls to As. 8–6, per head of the population, against As. 11–11 and As. 6–10, respectively, in 1894–95. That of the tax on arts alone was As. 1–5 per head.

B.—Miscellaneous Receipts.

16. *Realization under Special Acts.*—Licenses issued under Act II of 1888 alone fetched the sum noted in the margin as in the year previous.

	Rs.	A.	P.
Actuals of 1894–95	50	0	0
Revised estimate for 1895–96 ..	50	0	0
Actuals of 1895–96	50	0	0

17. *Revenue derived from Municipal property.*—The increase over the actuals of 1894–95 is due to enhanced receipts under rent of lands, avenue receipts and fees from the travellers' bungalow, though there was a slight fall in each of these items below the revised estimate. Of the total demand, both current and arrear, of Rs. 484 under rent of lands, Rs. 409–4–0 were collected, As. 12 remitted, and Rs. 74 have yet to be realized.

	Rs.	A.	P.
Actuals of 1894–95	551	11	6
Revised estimate for 1895–96 ..	700	0	0
Actuals of 1895–96	657	12	4

18. 4 (*b*) The fall below the figure of the revised estimate is due to no lands having been sold in the year under review. The decrease under both *b* (ii) and (iii) is immaterial and requires no explanation.

	Rs.	A.	P.
Actuals of 1894–95	44	1	9
Revised estimate for 1895–96 ..	180	0	0
Actuals of 1895–96	29	4	8

19. 4 (*c*) The want of a rubbish depôt for the 5th and the 6th wards to store street refuse and night-soil and want of competition at the sale of the latter contributed to the falling off below both the actuals of 1894–95 and the revised estimate for 1895–96. The street refuse and night-soil was sold for Rs. 47, of which only a sum of Rs. 26, with interest thereon,

	Rs.	A.	P.
Actuals of 1894–95	86	0	0
Revised estimate for 1895–96 ..	50	0	0
Actuals of 1895–96	26	5	5

was realized within the year. The Collector of the district has been addressed on the subject of acquisition, under the Act, of sites selected by the council for a rubbish and night-soil depôt and a burial-ground.

20. 4 (*d*) The enhanced receipts, as compared with the actuals of 1894–95 and the revised estimate for 1895–96, is due to the steady increase in the strength of the municipal high school, from which Rs. 1,916–12–0 were realized as school-fees against Rs. 1,745–14–0 in the previous year. The receipts from the Muhammadan salary-result school amounted to *Rs. 56–14–3 against Rs. 62–12–9 in 1894–95. No fees were collected from the Panchama salary-results school as in previous years, while the staff has been increased in accordance with the suggestions of the Assistant Inspector of Schools, Madura.*

	Rs.	A.	P.
Actuals of 1894–95	1,808	10	9
Revised estimate for 1895–96	1,930	0	0
Actuals of 1895–96	1,973	11	3

	Rs.	A.	P.
Actuals of 1894–95	1	2	0
Revised estimate for 1895–96	10	0	0
Actuals of 1895–96	6	0	0

21. (4) (*e*) Sale of medicines at the women and children's dispensary fetched Rs. 6 against Rs. 1–2–0 in the last year.

22. 4 (*f*) Receipts from the four markets and the two slaughter-houses of the municipality exhibit an increase—due to brisk competition at the annual sale—over the actuals of the year previous. The increase over the revised estimate is due to the departmental collection of fees from the Mosque-lane bazaars, to the re-sale of their contract on the 2nd January 1896, and to the receipt of interest from the contractors for non-payment of kist on the due date. The markets and the slaughter-houses are, as usual, being supervised by the sanitary inspectors. The same rate of fees continued to be levied at the weekly market and at the slaughter-houses as in preceding years. Deducting charges incurred in connection with the markets under Grant I 2 (*b*) and 2 (*c*) and Grant IV 2 (1), the net receipts therefrom amounted to Rs. 4,485–2–7 against Rs. 3,050–2–2, and those from the slaughter-houses to Rs. 705–14–7 against Rs. 552–8–7 in 1894–95.

	Rs.	A.	P.
Actuals of 1894–95	4,837	3	11
Revised estimate for 1895–96..	5,290	0	0
Actuals of 1895–96	5,327	11	0

23. 4 (*g*) Non-realization of the full amount under this head is due to the uncertain nature of the sources of the receipts, such as erecting Governor tatties, pandals and depositing building materials, &c., for all of which no fixed demand could be raised. The number of prosecutions instituted under section 189 of the Municipal Act was 13 against 47 last year. In regard to the depositing of building materials on road side and the erection of pandals, &c., payment of fees in advance was insisted upon in the year under review.

	Rs.	A.	P.
Actuals of 1894–95	439	9	8
Revised estimate for 1895–96 ..	460	0	0
Actuals of 1895–96	409	1	2

24. (4) (*h*) Enhanced receipts over both the revised estimate for 1895–96 and the actuals of 1894–95, as compared with which especially the increase is conspicuous, speak highly of the hearty co-operation on the part of the police in the prosecution of cases for committing nuisance.

	Rs.	A.	P.
Actuals of 1894–95	139	0	6
Revised estimate for 1895–96 ..	400	0	0
Actuals of 1895–96	410	8	10

25. (5) (*a*) The figure for the year under review represents the current grants on account of education and hence the falling off far below the actuals of 1894–95, which include arrear grants of previous years. The decrease below the revised estimate is due to overestimate in salary grants.

	Rs.	A.	P.
Actuals of 1894–95	965	0	7
Revised estimate for 1895–96 ..	630	0	0
Actuals of 1895–96	597	9	3

26. (5) (*a*) (iii) The vast difference, as per margin, between the actuals of 1895–96 and those of the year preceding includes Rs. 133–13–6 realized in the year under review from a chattram endowment for water-supply purposes and Rs. 29,000, part of the Government grant towards the water-supply scheme, actually brought to the books of the municipality against Rs. 40,000, the total Government grants of the revised estimate. The balance of Rs. 11,000 out of the said total grant of Rs. 40,000 has been drawn by the Sanitary Engineer to Government, but they have not been adjusted in the accounts of the municipality. He has been requested to furnish vouchers for the amount drawn and spent by him.

	Rs.	A.	P.
Actuals of 1894–95	267	11	0
Revised estimate for 1895–96.	40,130	0	0
Actuals of 1895–96	29,133	13	6

27. (5) (*b*) (ii) Rs. 600, the actuals of the year under review, include balance of contribution for 1894–95 from the taluk board drawn this year and Rs. 300 for 1895–96 out of a total contribution of Rs. 600 sanctioned as per G.O., Mis. No. 731 L., dated 20th April 1896. The difference between the revised estimate for and the actuals of 1895–96 is to be explained by the fact that the contribution towards the dispensary from the taluk board was originally calculated at Rs. 800, half the actual expenditure incurred. The balance of contribution for 1895–96, *i.e.*, Rs. 300 remains to be realized.

	Rs	A.	P.
Actuals of 1894–95	438	11	10
Revised estimate for 1895–96.	1,100	0	0
Actuals of 1895–96	600	0	0

28. (6) (*a*) The increase over the actuals of 1894–95 is consequent on the rise in the number of houses brought under the private scavenging system, the figures being 327 on the 31st March 1896, against 201 on the corresponding date of the year preceding. Thus it will be seen that 11·9 per cent. of the houses assessed to tax on buildings were scavenged by the municipal agency. Efforts are being made to make the private scavenging system more appreciated so as to admit of its further extension. Out of the current demand of Rs. 477 under this head, Rs. 450–12–0 have been realised and Rs. 26–4–0 remain uncollected, of which a sum of Rs. 12 is due on account of the Sub-Collector's office. The difference between the revised estimate for and the actuals of the year under review is so small that it needs no explanation. One hundred and six notices against 79 last year were issued to persons to keep filthy premises in a sanitary condition.

	Rs.	A.	P.
Actuals of 1894–95	285	10	0
Revised estimate for 1895–96 ..	460	0	0
Actuals of 1895–96	450	12	0

29. (6) (*b*) The figure for 1895–96 comprises Rs. 4–7–6, amount of overpayment recovered from a contractor and As. 13, fees for numbering carts, &c., against As. 2 in 1894–95. A civil suit was instituted against Syed Mahomed, normal student, for refund of stipends received by him from the municipality while under training, and it was decided in favour of the council. The amount was not recovered in the year and the pleader has been requested to execute the decree against him. So that, the amount may be recovered with costs at a very early date. This explains the difference between the revised estimate for and the actuals of 1895–96.

	Rs.	A.	P.
Actuals of 1894–95	2	2	0
Revised estimate for 1895–96 ..	130	0	0
Actuals of 1895–96	5	4	6

	Rs.	A.	P.
Actuals of 1894–95	*Nil.*		
Revised estimate for 1895–96..	33,000	0	0
Actuals of 1895–96	33,000	0	0

30. (7) (*b*) Rs. 33,000 represents the amount borrowed from Government in the year for water-works.

	Rs.	A.	P.

Revised estimate for 1895–96 ..	30	0	0
Actuals of 1895–96	*Nil.*		

31. (*d*). There were no receipts in the current year under this head.

was realized within the year. The Collector of the district has been addressed on the subject of acquisition, under the Act, of sites selected by the council for a rubbish and night-soil depôt and a burial-ground.

20. 4 (*d*) The enhanced receipts, as compared with the actuals of 1894–95 and the revised estimate for 1895–96, is due to the steady increase in the strength of the municipal high school, from which Rs. 1,916–12–0 were realized as school-fees against Rs. 1,745–14–0 in the previous year. The receipts from the Muhammadan salary-result school amounted to Rs. 56–14–3 against Rs. 62–12–9 in 1894–95. No fees were collected from the Panchama salary-results school as in previous years, while the staff has been increased in accordance with the suggestions of the Assistant Inspector of Schools, Madura.

	Rs.	A.	P.
Actuals of 1894–95	1,808	10	9
Revised estimate for 1895–96	1,930	0	0
Actuals of 1895–96	1,973	11	3

21. (4) (*e*) Sale of medicines at the women and children's dispensary fetched Rs. 6 against Rs. 1–2–0 in the last year.

	Rs.	A.	P.
Actuals of 1894–95	1	2	0
Revised estimate for 1895–96	10	0	0
Actuals of 1895–96	6	0	0

22. 4 (*f*) Receipts from the four markets and the two slaughter-houses of the municipality exhibit an increase—due to brisk competition at the annual sale—over the actuals of the year previous. The increase over the revised estimate is due to the departmental collection of fees from the Mosque-lane bazaars, to the re-sale of their contract on the 2nd January 1896, and to the receipt of interest from the contractors for non-payment of kist on the due date. The markets and the slaughter-houses are, as usual, being supervised by the sanitary inspectors. The same rate of fees continued to be levied at the weekly market and at the slaughter-houses as in preceding years. Deducting charges incurred in connection with the markets under Grant I 2 (*b*) and 2 (*c*) and Grant IV 2 (1), the net receipts therefrom amounted to Rs. 4,485–2–7 against Rs. 3,050–2–2, and those from the slaughter-houses to Rs. 705–14–7 against Rs. 552–8–7 in 1894–95.

	Rs.	A.	P.
Actuals of 1894–95	4,837	3	11
Revised estimate for 1895–96..	5,290	0	0
Actuals of 1895–96	5,327	11	0

23. 4 (*g*) Non-realization of the full amount under this head is due to the uncertain nature of the sources of the receipts, such as erecting Governor tatties, pandals and depositing building materials, &c., for all of which no fixed demand could be raised. The number of prosecutions instituted under section 189 of the Municipal Act was 13 against 47 last year. In regard to the depositing of building materials on road side and the erection of pandals, &c., payment of fees in advance was insisted upon in the year under review.

	Rs.	A.	P.
Actuals of 1894–95	439	9	8
Revised estimate for 1895–96 ..	460	0	0
Actuals of 1895–96	409	1	2

24. (4) (*h*) Enhanced receipts over both the revised estimate for 1895–96 and the actuals of 1894–95, as compared with which especially the increase is conspicuous, speak highly of the hearty co-operation on the part of the police in the prosecution of cases for committing nuisance.

	Rs.	A.	P.
Actuals of 1894–95	139	0	6
Revised estimate for 1895–96 ..	400	0	0
Actuals of 1895–96	410	8	10

25. (5) (*a*) The figure for the year under review represents the current grants on account of education and hence the falling off far below the actuals of 1894–95, which include arrear grants of previous years. The decrease below the revised estimate is due to overestimate in salary grants.

	Rs.	A.	P.
Actuals of 1894–95	965	0	7
Revised estimate for 1895–96 ..	630	0	0
Actuals of 1895–96	597	9	3

26. (5) (*a*) (iii) The vast difference, as per margin, between the actuals of 1895–96 and those of the year preceding includes Rs. 133–13–6 realized in the year under review from a chattram endowment for water-supply purposes and Rs. 29,000, part of the Government grant towards the water-supply scheme, actually brought to the books of the municipality against Rs. 40,000, the total Government grants of the revised estimate. The balance of Rs. 11,000 out of the said total grant of Rs. 40,000 has been drawn by the Sanitary Engineer to Government, but they have not been adjusted in the accounts of the municipality. He has been requested to furnish vouchers for the amount drawn and spent by him.

	Rs.	A.	P.
Actuals of 1894–95	267	11	0
Revised estimate for 1895–96.	40,130	0	0
Actuals of 1895–96	29,133	13	6

27. (5) (*b*) (ii) Rs. 600, the actuals of the year under review, include balance of contribution for 1894–95 from the taluk board drawn this year and Rs. 300 for 1895–96 out of a total contribution of Rs. 600 sanctioned as per G.O., Mis. No. 731 L., dated 20th April 1896. The difference between the revised estimate for and the actuals of 1895–96 is to be explained by the fact that the contribution towards the dispensary from the taluk board was originally calculated at Rs. 800, half the actual expenditure incurred. The balance of contribution for 1895–96, *i.e.*, Rs. 300 remains to be realized.

	Rs	A.	P.
Actuals of 1894–95	138	11	10
Revised estimate for 1895–96.	1,100	0	0
Actuals of 1895–96	600	0	0

28. (6) (*a*) The increase over the actuals of 1894–95 is consequent on the rise in the number of houses brought under the private scavenging system, the figures being 327 on the 31st March 1896, against 201 on the corresponding date of the year preceding. Thus it will be seen that 11·9 per cent. of the houses assessed to tax on buildings were scavenged by the municipal agency. Efforts are being made to make the private scavenging system more appreciated so as to admit of its further extension. Out of the current demand of Rs. 477 under this head, Rs. 450–12–0 have been realised and Rs. 26–4–0 remain uncollected, of which a sum of Rs. 12 is due on account of the Sub-Collector's office. The difference between the revised estimate for and the actuals of the year under review is so small that it needs no explanation. One hundred and six notices against 79 last year were issued to persons to keep filthy premises in a sanitary condition.

	Rs.	A.	P.
Actuals of 1894–95	285	10	0
Revised estimate for 1895–96 ..	460	0	0
Actuals of 1895–96	450	12	0

29. (6) (*b*) The figure for 1895–96 comprises Rs. 4–7–6, amount of overpayment recovered from a contractor and As. 13, fees for numbering carts, &c., against As. 2 in 1894–95. A civil suit was instituted against Syed Mahomed, normal student, for refund of stipends received by him from the municipality while under training, and it was decided in favour of the council. The amount was not recovered in the year and the pleader has been requested to execute the decree against him. So that, the amount may be recovered with costs at a very early date. This explains the difference between the revised estimate for and the actuals of 1895–96.

Actuals of 1895–96	*Nil.*		

31. (*d*). There were no receipts in the current year under this head.

III.—EXPENDITURE.

32. The charges of the municipality amounted to Rs. 69,106-4-9 including Rs. 11,122-4-9 under advances against Rs. 1,05,500, the revised estimate for 1895-96, and Rs. 26,319-7-4, the actuals of last year. The decrease below the estimate is due to a large extent to the non-utilization in full of the allotments under Grants I (1) (*d*), II, III and IV and the enhanced expenditure over the actuals of 1894-95 is consequent on the conspicuously larger outlay on Grant I (1) (*d*) especially and also on Grant V, notwithstanding the smaller expenditure under the other grants. Detailed explanations of these variations are given below.

33. *Grant I, Public Works*—(1) *New Works.*—A large outlay on the water-supply scheme now in progress and increased expenditure under communications contributed to the enormous increase over the actuals of 1894-95 while, owing to the non-completion of the water-works within the year, a smaller amount, as compared with the revised estimate for 1895-96, was spent during the year under report. A new well was sunk at Tattamperumalpatti near the race course for which a part-payment of Rs. 17-2-1 was made in the year. A sum of Rs. 256-15-8 was spent in forming roads at Mounseypuram; Rs. 139-3-11 in constructing one vent tunnel in the north end of Muniyappan Kovil lane at Nagalnayakkanpatti, while the construction of a tunnel in the east end of Gopalasamudram tank cost Rs. 31-7-11—Rs. 18-9-10 were paid as allowance to the percentage maistry. Rs. 6-13-9 in connection with communications, Rs. 10-10-1 for building, and Rs. 1-2-0 for drainage works done last year.

	RS.	A.	P.
Actuals of 1894-95	1,728	6	3
Revised estimate for 1895-96..	80,710	0	0
Actuals of 1895-96	34,122	7	11

34. (2) *Repairs*, (3) *Establishment*, (4) *Tools and Plant, &c.*—The decrease below the revised estimate is very small, while that below the actuals of 1894-95 is owing to the comparatively smaller amount spent under Buildings—Repairs and Repairs to works in spite of the increased expenditure under (*d*) Water-supply, (i) Repairs to works, machinery, &c. The amount allotted under Communications—repairs was Rs. 2,770, of which Rs. 2,658-1-11 were utilized, leaving a balance of Rs. 111-14-1, savings effected in the sale of the contracts. The total expenditure under this head and Grant I (1) (*a*) was 43·2 per cent. of the revenue derived from tolls. Statement II-A furnishes details as to the total extent of roads, streets and lanes maintained by the council, which amounted to 22 miles 4 furlongs and 216 yards against 22 miles 40 yards last year. Of these, 16 miles 6 furlongs and 79 yards were metalled or gravelled and the rest unmetalled. The condition of the main roads, streets and some lanes is generally good. Some of the roads require mending as the trenches dug therein by the water-works contractor for laying pipes were not properly filled up. There are some streets and lanes also that require metalling and gravelling. Rs. 118-7-6 spent under building repairs against Rs. 714-8-4 last year include Rs. 8-15-0 for whitewashing the office building and repairing its floor, Rs. 43-5-9 in repairing the tiled shed in the Mosque-lane bazaars, while the repair of the damaged portions of the latrine in Koravars' street, transferred from new works to repairs, cost Rs. 55-10-0. Rs. 10-8-9 were paid for maistry allowance for works done last year and the year under report. This explains the excess above the revised estimate. Drains in three lanes and in the daily market were constructed at a cost of Rs. 225-7-1 including maistry allowance and the establishment for flushing drains cost Rs. 752-15-10. Repairs to wells including deepening, removing silts, and cleaning and rebuilding the side walls of the fort tank, together with maistry allowance paid, cost Rs. 807-10-4 against Rs. 570-2-1 in 1894-95. The outlay on establishment under (*d*) Water-supply remained almost stationary and differs very little from the allotment under the revised estimate. This, together with the amount spent under contingencies, amounted to Rs. 272-13-7 against Rs. 267-4-10 last year. Public Works establishment and the purchase of tools, &c., cost Rs. 817-14-6 against Rs. 786-12-7 in 1894-95 and Rs. 830, the amount allotted for the purpose in the revised estimate.

	RS.	A.	P.
Actuals of 1894-95	6,844	3	7
Revised estimate for 1895-96.	5,660	0	0
Actuals of 1895-96	5,653	6	9

35. *Grant II, Education.*—The High school establishment and its contingencies cost Rs. 2,899-14-3 against Rupees 2,938-6-2 in 1894-95 and the allotment of Rs. 3,000 in the revised estimate. This, together with the small falling off below both the revised estimate for 1895-96 and the actuals of the preceding year under (ii) (*a*) Fixed payments, (*c*) Contingencies and (4) Results grants, explains the difference in the figures as per margin. The net cost of the Municipal High school to the council, after deducting receipts, such as school-fees, salary and other grants of the year under review alone, amounted to Rs. 452-2-3 against Rs. 337-2-7 in 1894-95 after deducting from the total expenditure, school-fee receipts and grants of 1894-95 together with arrear grants of the previous year drawn in 1894-95. None of the seven students sent up for the Matriculation examination in the year under review came out successful. In the Lower Secondary examination out of nine presented, seven passed—complete test two, three in the compulsory subjects and one optional, and two in the compulsory subjects only. There is a steady increase in the strength of the Upper and the Lower Secondary departments of the High school. The number on rolls on the 31st March 1896 was 35 in the Upper Secondary and 63 in the Lower Secondary departments against 24 and 53 in 1894-95. From the fee income of the Muhammadan salary-result school it may be observed that the strength of that institution was on the decrease. The Muhammadan and Panchama salary-result schools cost the council Rs. 717-4-5 against Rs. 759-2-4 in 1894-95. The net cost of the former to the council was Rs. 466-8-7 against Rs. 554-8-1 in the year previous, and that of the latter Rs. 250-11-10 against Rs. 204-10-3. The Muhammadan salary-result school is fairly equipped with the necessary furniture, while the Panchama school is wanting in this respect. Steps will be taken at a very early date to supply this and similar wants and encouragement will be afforded in the next year to primary education in general, and to Panchama education in particular. The short expenditure is due to savings effected in the salaries of the teachers of the Muhammadan salary-result school, while the amount paid as results stipends has remained almost the same as that of last year. The results of the Primary school examination in the Muhammadan salary-result school were good: six out of six presented having passed in the year under review against two out of four in 1894-95. The results of the examinations in the lower standards of the two salary-results schools, conducted by the departmental officers, have been remarked to be good, and those of the aided results schools to be fair. Rs. 1,458-0-6, that is, nearly the whole allotment of Rs. 1,460 of the revised estimate for 1895-96, were utilized in the payment of results grants to nine aided schools against Rs. 1,555-2-0 paid to eleven schools in the year preceding. Of the said results grants of Rs. 1,458-0-6, Rs. 226-12-10 were paid to a lower secondary school and Rs. 1,231-3-8 to primary schools. Though there was a decrease of two aided schools this year, the total strength in all the aided schools does not seem to have been affected thereby. The total number of boys under instruction in the municipal and the aided schools has remained almost the same as in the year previous. The number of technically qualified teachers in employ in the municipal and the aided schools has been remarked by the Assistant Inspector of Schools to be on the advance. The charges under inspection amounted to Rs. 259-6-1 against an allotment in the revised budget for 1895-96 of Rs. 260 and Rs. 260-2-5, the actuals of the last year. The miscellaneous charges amounting to Rs. 149-10-3 were within the budget allotment of Rs. 150 against Rs. 163-1-0 in 1894-95. The results of the examinations in the Government Girls' school have been reported to be very good. I had also various opportunities of watching the progress of this institution and I am glad to observe that it is gradually rising in strength and popularity. I would respectfully solicit that the Government would be pleased to provide the institution with a better and a permanent accommodation of its own. Statements V-A and V-B annexed hereto furnish the other details as to the state of the aided, the unaided, and the municipal schools. 23·2 per cent. of the receipts from taxation, markets and rents was spent on education, against 28 per cent. in the year preceding.

36. *Grant III, Sanitation*—(1) *Hospitals and Dispensaries.*—The increased expenditure in connection with the Women and Children's dispensary consequent on the payment of the arrear charge allowance sanctioned as per G.O., Mis. No. 965 M., dated 11th June 1895, to the apothecary and increase of pay sanctioned by Government to the compounder and the midwife in G.Os., Mis. No. 841 M., dated 17th May 1895, and Mis. No. 1250 M., dated 2nd August 1895, respectively, added to the payment made in the year under report, for medicines purchased last year for the Women and Children's dispensary and the American Mission Dispensary under the management of Dr. Chester swelled the charges over the actuals of 1894–95. The decrease below the estimate is due to the non-payment within the year of the cost of medicines purchased this year for the use of the Women and Children's dispensary. From the apothecary's report for the year —a copy of which is herewith submitted—it will be observed that out of a total number of 14,970 patients treated at the dispensary, 6,120 were women and 8,850 children against 4,194 women and 6,041 children out of 10,235 cases treated last year. As the building in which the dispensary was located was not sufficiently commodious, another rented building adjoining it has been added on to it. The usual contribution of Rs. 455 was paid to the Mission dispensary under the control of Dr. Chester, the necessary statistics in regard to which are furnished in Statement XII and in his report hereto subjoined. The difference between the figures as in his report and those given in the statement mentioned above is to be explained by the fact that the former as usual relate to the calendar year and the latter to the official. There was an unusually large number of cases of fever and dysentery owing to an exceptionally hot weather in the year under review, while there were no cases of cholera. Otherwise, the health of the town was good. No woman was sent up for medical training from Dindigul in 1895–96.

	Rs.	A.	P.
Actuals of 1894–95	1,385	12	9
Revised estimate for 1895–96 ..	3,070	0	0
Actuals of 1895–96	2,621	15	8

37. (2) (*a*) *Contribution to Provincial Funds.*—Nearly the same amount as in the year previous was paid as contribution for Medical College in the year under report, while that paid for sanitary inspection is a little more than half the amount paid in 1894–95, which included contributions of 1893–94 also. This explains the decrease below the actuals of 1894–95, and the increase above the revised estimate for 1895–96 is due to the payment of more than treble the amount estimated for towards Medical College. A sum of Rs. 17 against Rs. 20 allotted and Rs. 13 actually paid in 1894–95 was paid as contribution in respect of Medical Reserve Staff and Rs. 2 including the subsequent payment of Re. 1 as per letters, Ref. on C. No. 610, dated 14th February and 18th March 1896, of the Deputy Collector in charge of Treasury, Madura, were paid as contribution towards Cutlers' establishment.

38. (3), *Vaccination.*—The appointment in the month of April 1895 of an acting second class vaccinator and of the present incumbent in August of the same year on a salary of Rs. 10 per mensem in the place of the first class man on a monthly salary of Rs. 18, deceased, and the close scrutiny of expenditure under contingencies contributed to the reduction of charges both below the revised estimate for 1895–96 and the actuals of 1894–95. The number of operations performed rose to 1,009 against 969 in the year preceding. Of these, 727 were infants below one year of age and 282 above that age against 676 and 293, respectively, in 1894–95. The number of successful vaccinations in the case of infants and adults was 721 and 259 against 670 and 280, respectively, in the last year. The total number of births registered during the year was 805 and that of successful vaccinations 721, which bears to the former a percentage of 89·5. More than 99 per cent. of the number of operations performed on infants below one year of age and 91·8 of that on adults proved successful in the year under review. All the operations were carried

on with animal lymph; 97·1 per cent. of the total number of operations with animal lymph was successful. The cost of each successful case was As. 6–1 against As. 8–1 in 1894–95. The total number of prosecutions instituted for failure to have children vaccinated came up to 377 against 145 last year. As in 1894–95 no operations were performed by the Medical subordinates in the year under report. Vaccination is placed under the supervision of Dr. Chester, Medical officer in charge of the American Mission Dispensary.

39. (4) *Vital Statistics.*—Reduced charges under contingencies explain the difference between the figures in the margin. Out of the total number of births registered, 442 against 516 last year were males and 363 against 423 were females. There were 274 cases of death of males and 197 of that of females against 233 and 225, respectively, in the year previous. The number of deaths from cholera, small-pox, fever, dysentery, diarrhœa and other causes was *nil*, 3, 99, 58 and 311 against 10, *nil*, 74 and 374 from other causes, respectively, last year. The birth and death rates were respectively 39·8 and 23·3 per mille of the population against 46·5 and 26·5 in 1894–95. Eleven notices were issued for prosecution for failure to register births and deaths, but no prosecutions were instituted.

Actuals of 1895–96	183	4	4

40. (5) *Conservancy.*—The comparatively smaller allotment and the still smaller outlay under (*a*) (ii) is due to keen competition at the annual sale of the contract for the supply of dust carts and the non-presentation by certain contractors of their bills for payment within the close of the year, respectively. Savings and retrenchments effected in the contractor's bills for violations of the terms of contract also contributed to a certain extent to the reduction of charges under this head. The charges under establishment while exhibiting an increase of Rs. 3–10–4 over the allotment have risen considerably over the actuals of the last year in consequence of the appointment in the year of two sweepers each on Rupees 4–8–0 per mensem and one scavenger on Rs. 3 per mensem. These particulars are given in statement II-B. Two more private scavenging toties were appointed in the year and this accounts for the enhanced expenditure under private scavenging establishment over that of last year; and the slight decrease below the revised estimate, due to fines and stoppages, is immaterial. The number of latrines in the town was nineteen, of which seventeen were with mud wall enclosures and two built of corrugated iron. There were in the year fifteen dust carts, five night-soil carts and six sewage hand carts. The number of night-soil and rubbish depôts remained the same as in the year previous. With regard to the sites selected for use as a municipal rubbish depôt and a Muhammadan burial-ground, the Collector has been addressed in view to acquiring the lands under the Act. Under contingencies Rs. 18–13–3 were spent against Rs. 100 allotted as per revised estimate for 1895–96 and Rs. 138–15–2, the actuals of 1894–95. Tools and implements to the value of Rs. 47–8–0 were purchased in connection with the sanitation of the town; but they were not paid for within the year; hence the decrease far below the budget allotment as revised.

	Rs.	A.	P.

41. *Grant IV* (1) *Lighting.*—Owing to keen competition at the sale, the expenditure fell far below the actuals of 1894–95. The lighting of the town under the contract system was found to be growing more and more unsatisfactory and it was consequently brought under departmental management from the 17th February 1896 to the close of the official year at the contractor's risk and on the council's responsibility from the 1st April 1896. Sanction for this has been accorded in G.O., Mis. No. 559 M, dated 27th March 1896; hence the excess expenditure over the allotment under this head. This excess has been made good from the contractor's deposit amount lodged in the office by way of adjustment in the final settlement of his accounts with the municipality.

Revised estimate for 1895–96 ..	1 040	0	0
Actuals of 1895–96	1,098	2	4

The council observes with pleasure that the departmental management of lighting during these days has proved a success. There were used sixty-seven cast iron posts, twenty-four iron wall brackets and seventy-eight stone posts as in the year previous. The addition of some more lamps is under contemplation of the council for which due provision has been made in the budget for 1896–97 and approval of the same by Government obtained.

42. (2), (4), (5), (6), (9).—Shorter outlay as compared with the allotment for 1895–96 and the actuals of the year previous in respect of (2), (4), (5), 9 (ii) and (v) partially set off by a slight increase under 6 (*b*) and (9) (iii)—printing charges — accounts for the reduced expenditure in the year under review. The charges in connection with the travellers' bungalow amounted to Rs. 142–15–6 against Rs. 166–3–9 in the year preceding, while the receipts therefrom aggregated to Rs. 99–8–0 in 1895–96 and Rs. 94–8–0 in 1894–95.

	Rs.	A.	P.

Actuals of 1895–96	674	14	4

43. *Grant V, Supervision and Management.*—Enhanced expenditure under this head is due to excess charges over the actuals of the previous year in respect of (*b*) (*c*) (*d*) and (*e*), though counterbalanced by a slight decrease under (*a*), due to fines and savings. The appointment of additional and temporary peons to help bill-collectors in the collection of taxes and the remission of fines imposed in the year preceding and that under review contributed to the increase under this head. Increased expenditure over that of last year under (*c*) collection of tolls — contingencies — was due to the preparing of five toll-boards each at a cost of Rs. 9 — *vide* paragraph 14 *supra*. A proportionate part of this sum of Rs. 45 spent in this connection was by oversight not deducted in the contribution on account of tolls paid to the district board, Madura. The excess thus paid will be recovered at a very early date.

	Rs.	A.	P.
Actuals of 1894–95	1,912	5	5
Revised estimate for 1895–96 ..	2,070	0	0
Actuals of 1895–96	2,115	2	5

44. *Repayment.*—A sum of Rs. 491–5–11 was paid as interest up to 31st December 1895 on Rs. 33,000 borrowed from Government as per Accountant-General's bill, dated 3rd December 1895.

45. In addition to the advances—permanent—with the Head Clerk (Rs. 20), the Headmaster, Municipal High School (Rs. 5), the Medical officer in charge of vaccination (Rs. 30), an advance of Rs. 5 was made in the year to the Apothecary, Women and Children's Dispensary; and the other advances comprise the following:—

(1) A sum of Rs. 70–12–0 entrusted with the Government Pleader, Madras, in connection with second Appeal Suit No. 480 of 1895 on the file of the High Court;

(2) Rs. 27–14–0 advanced to a pleader at Madura in connection with the law suit against Syed Mahomed, normal student;

(3) Rs. 100 advanced to the Supervisor, Dindigul Water-works;

(4) Rs. 10,893–10–9 to the Sanitary Engineer to Government for water-works;

(5) Rs. 25 advanced to a councillor for expenses in connection with lighting contingencies.

IV.—Closing Balance.

46. The closing balance rose above the revised estimate by Rs. 23,772–12–2, which is accounted for chiefly by savings effected under Grants I and IV inclusive, in consequence of non-utilization in full of the allotments under these heads, partially counterbalanced by short receipts below the allotments under tax on arts, buildings, lands, animals and non-realization of the full amount of Government grant for water-works.

	Rs.	A.	P.
Actuals of 1894–95	7,780	3	6
Revised estimate for 1895–96	5,510	0	0
Actuals of 1895–96	29,282	12	2

General remarks.—I am glad to mention that I had the hearty co-operation of many of the ward councillors, of whom M. R. Rys. K. Anantanarayana Aiyar, S. P. Muttu Nayakkar and M. Arogyam Pillai deserve special mention.

ENCLOSURE.

ANNUAL Concise Medical Report for 1895–96.

1. Public health particularly good, except in the latter part of the year; there were many cases of fever, and influenza too, that lasted for a short time only.

2. *Vital Statistics.*—There have been a good many cases of accidental drowning.

	Births.	Deaths.
Males	442	274
Females	363	197
Total ..	805	471

3. *Sanitation.*—The place on the whole is clean, the main roads and streets are in good order, the bazaar roads and street are more or less filthy and contain on either side a great deal of rubbish and fæcal matter, the drains running along them and into which house-drains empty their contents are seldom free from stagnant sewage. The municipal wells, especially the Gopalasamudram well, are protected against contamination. The private wells are those that need repairs, mostly all of them being without parapets. The water-works are in rapid progress, and, if a success, will remove the difficulty in obtaining good water. The water mostly everywhere is low and dirty.

4. *Vaccination* is compulsory and is done by a second-class municipal vaccinator under the American Mission dispensary.

5. A dispensary for caste and gosha women.

(*a*) A small rented building with one hall in which prescribing and compounding are carried on. Two small dark rooms used as store-rooms and a courtyard in which dressings are done in the open.

(*b*) Building is in good order.

(*c*) Furniture in good order.

(*d*) Inspection report on gosha dispensary at Dindigul dated 28th July 1895.

I. With reference to circular No. 17, of 25th July 1894, I have carried out the inspection, and have issued the following orders to the medical officer in charge:—

List of instruments and furniture to be kept in stock book.

Expenditure of permanent advance to be accounted for in detail.

Miss Higgins is to indent for —

(1) British Pharmacopœia.
(2) Clinical Manual for India.
(3) Waring's Bazaar Medicines.
(4) Madras Nursing Manual.

This is a very useful institution, the daily average attendance is now more than 100 and has been more than 70 for the past six months.

II. I have made the following recommendations in writing to local authorities:—

The building is much too small.
There is not nearly sufficient room for compounding and dressing.
There is a very scanty supply of furniture.
Two chairs are required and a table for examining patients.

I sent a midwife from Madura to work in the dispensary and towns. Miss Higgins reports that this woman is of great assistance to her in the dispensary.

As the dispensary is partly maintained by the Local Fund, nearly one half expenses are defrayed by them. I recommend that the Local Fund Board hand this midwife over to the institution.

She also attends confinement cases in the town.

One dozen stoppered bottles are required.

Two dozen small stoppered bottles are also required.

III. The following recommendations made in the last report still remain uncomplied with:—

Regarding the insufficient accommodation.

(Signed) F. C. REEVES, Surgn.-Major,
District Medical and Sanitary Officer.

DINDIGUL,
28*th July* 1895.

Visited the dispensary, which seems to be highly appreciated and growing in favour with the people and the town.

Average attendance daily (120).

The building in use is much too small for the purpose; in fact, there is hardly room for the tables and almirahs and there is no room provided for examining patients. A larger building is absolutely necessary.

(Signed) C. MALLINS, Surgeon-Major,
Ag. Deputy Sanitary Commissioner.

DINDIGUL,
10*th September* 1895.

Visited the dispensary with the District Medical and Sanitary Officer, the Chairman, T. Rajagopala Nayudu, and S. P. Muttu Nayakkar, one of the councillors. I am pleased to see that Miss Higgins' services are being appreciated. The attendance since she opened the dispensary in September 1893 was 34, in 1895 it averaged daily 64, in September 1895 it averaged 96 with a maximum of 122 on the 10th.

The dispensary has been such a success that I hope the municipality and the district board will see their way to erect a standard-plan out-patient dispensary and one or two small huts or cottages for caste or gosha women.

(Signed) C. SIBTHORPE, Surgeon-Major-Genl.,
Surgn.-Genl. with the Govt. of Madras.

DINDIGUL,
15*th October* 1895.

Visited the dispensary. Accommodation very inadequate. Work done under such disadvantages deserves extra credit.

(Signed) J. K. BATTEN,
President, Taluk Board.

DINDIGUL,
12*th November* 1895.

---

(1) The following recommendation of the Surgeon-General with the Government of Madras has not been complied with:—

The erection of a standard-plan out-patient dispensary with one or two small huts or cottages for caste and gosha women. Instead of which a small building was erected to the south of the former building which is in use in addition since the 17th April 1896.

(2) The books Nos. 2, 3 and 4 recommended by the District Medical Officer to be procured happened to be out of stock whenever applied to Messrs. Higginbotham & Co., Madras, for the same.

The local fund board refused the institution the privilege of retaining the services of the midwife. She was transferred to Nattam.

(*e*) Rupees 6 by the sale of medicines.

Women	6,120
Children	8,850

(Intld.) M. H.

25*th May* 1896.

(*f*) Fourteen thousand nine hundred and seventy patients were treated against 10,235 in the previous year, of which 4,194 were women and 6,041 were children.

New and old patients totalled 29,509 (on leave for one month).

(*g*) Nil.

(*h*) Major operations 29, minor operations 537, all cured.

(*i*) Establishment sufficient and efficient.

(*j*) One midwife attached to the dispensary since 18th June 1895. She conducted thirty-eight cases.

(*k*) One hundred and twenty-three patients were treated at their houses, caste, custom and prejudice preventing most of them from attending the dispensary.

(*l*) *General Remarks.*—There is no private room for examining patients. The limited accommodation is greatly felt even by the patients attending.

(Signed) M. HIGGINS,
Apothecary.

DINDIGUL,
4*th May* 1896.

II No. 2858.

Forwarded to the Chairman, Municipal Council, Dindigul.

(Signed) F. C. REEVES,
Dist. Medl. and Sanitary Officer.

MADURA,
11*th May* 1896.

Cir. A. Dis. No. 4.

Forwarded.

2. *Paragraph* 5.—The decrease in the number of meetings attended by the Sub-Collector as compared with previous years is due to the fact that in previous years the Sub-Collector was himself the chairman.

Paragraph 28.—The Rs. 12 due by the Sub-Collector's office has just been sanctioned by Government.

Paragraph 34.—The roads are in as good order as can be expected during the laying down of water pipes. But, as remarked by the District Medical and Sanitary Officer, the state of the side drains in the bazaars leaves much to be desired. The moveable dust-bins, especially in outlying parts of the town, need looking after. They frequently are upset and rubbish is deposited anywhere.

3. I consider the accommodation for the Women and Children's Dispensary to be insufficient and unsuitable, even after the recent additions.

(Signed) J. K. BATTEN,
Ag. Sub-Collector.

2*nd June* 1896.

Submitted.

(Signed) J. TWIGG,
Collector.

11*th June* 1896.

ORDER—No. 1213 M., dated 18th July 1896.

The receipts and charges of the Dindigul Municipality for 1895–96 are compared below with the budget and revised estimates for the year and the actuals of 1894–95:—

	Actuals, 1894–95.	Budget estimate, 1895–96.	Revised estimate, 1895–96.	Actuals, 1895–96.
