*Through the District Board Engineer, Madura,
and the President, District Board, Madura.*

HONORED SIR:—

I beg leave to approach Your Honor with the following lines in the hope that they will be duly considered when orders are passed on the proposals of the President, District Board, for the appointment of Supervisors newly created consequent on the formation of the Periyakulam Sub-Division.

2. I have put in a service of 16 years in the Department; passed the Overseer's Test from the Civil Engineering College, Madras, which qualifies me for all appointments of Upper Subordinates in the D. P. W.; and by continuous good, hard and honest work won the good will and esteem of the several gentlemen under whom I had the opportunity of serving from time to time. As regards my abilities, the testimonials appended will speak for themselves I was holding the appointment of Acting 1st Grade Overseer on Rs. 70 and have been recommended temporarily for the Supervisor's place.

3. But, to my sad disappointment, I am given to understand that an unpassed Overseer is recommended for a Permanent Supervisor's place on Rs. 100 and another unpassed outsider from the Tinnevely District for a similar place on Rs. 120 to 140 and the proposals are before the Government awaiting sanction.

4. I am not aware of any circumstances against me. On the other hand, the Assistant and District Board Engineers have on more occasions than one recorded their high appreciation of my services. I submit that it is nothing but irony of fate that a hard-working and faithful servant of the Madura District Board with an unstained service of 16 years and with the necessary qualifications and experience for the post should be passed over and unpassed men given the appointments; and I have, therefore, ventured to make this representation in the anguine hope that the Government will kindly take into consideration the above circumstances and confer on me either of the appointments, and thus protect a

I have much pleasure in certifying to the professional ability of T. Venkatarama Iyer, Overseer in the L. F. Department. I have known him four years, and his services were entirely satisfactory. He is good at figures, and carries out his works promptly. I have never had reason to complain of the state of his roads. He is honest and hard-working and I hope to hear of his promotion before long. I give him this certificate on leaving L. F. employ and hope it may be of use to him.

TESTIMONIALS.

CIVIL ENGINEERING COLLEGE, MADRAS.

Certificate No. 776 Dated the 5th of June 1878.

Name T. Venkatarama Iyer.

Race Hindoo Age 20 years and 8 Months.

Qualified for the Grade of Overseer, P. W. D., under para 13, of Public Works Notification dated 2nd March 1860, and G.O. No. 1237, dated 14th May 1872.

Passed at the College.

(Sd.) H. T. ROGERS,
Lieut. Col. R. E.,
Principal, C. E. College.

I have much pleasure in certifying that Venkatarama Iyer, Local Fund Overseer, Palni Taluq, while I was in charge of the Dindigul Circle as Engineer, discharged his duties to my entire satisfaction, and is deserving of being placed in the same position, as regards salary and travelling allowance, as the Overseers of the other Taluks in the Circle.

Dindigul, }

(Sd.) A. MAC ARTHUR.

Mr. Venkatarama Iyer, Overseer, Palni Taluq, joined this Sub-division last February, and I can truly say that my experience of his talents and services has been most satisfactory.

He is a well educated, intelligent, and a remarkably quiet steady man. His acquirements as a Surveyor and Estimator, independent of his more advanced Scientific and Mathematical knowledge, render it necessary that he should obtain promotion to a higher sphere of employment.

He heads the first place in my estimation among the Overseers of this Sub Division.

Dindigul, }

(Sd.) WILLIAM EWING,
Sub Divisional Officer,
Dindigul Sub Division.

I have much pleasure in certifying that, during the last nine months that Mr. T. Venkatarama Iyer has been under my orders as Local Fund Overseer in Palni Taluq, Madura District, he has given me good reason to be satisfied with his work; he is energetic and tries to please his superiors. From the assistance he has given me in the preparation of surveys, plans and estimates, he has shown that he is conversant with that branch of his profession. I shall be glad to hear of his success.

Note of the Vice President, Taluq Board, Palni, on the state of roads in the Taluq.

The roads are generally in good order, excepting that from Palni to Vialur. For this there was no sufficient allotment hitherto and a fair sum has been allotted this year for its maintenance. The very important road No. 31 (Dindigul to Palni) was set right beautifully well and the L. F. Overseer Mr. Venkatarama Iyer has taken all exertions in the matter. But for him and the prompt measures taken by the Assistant Engineer, the road would have continued to be as it was formerly.

The L. F. Supervisor
Periyakulam Sub Division

The District Board Engineer,
Madura.

Sir,

In accordance with my personal request made to you on the evening of the 25th inst, I beg to submit herewith a petition addressed to Government and request you will be kind enough to forward the same to the President at your early convenience.

Yours truly
Ch. J. Venkatarama
L. F. Supervisor
Periyakulam Division

No 329 P.
1-6-96 (True Copy)

Forwarded to the President D. B. Board
Madura. The Quotier is a clever man but very slow and I consider easy as Contractors. A failing common throughout the Ramnad Division

He is slow in the submission of Estimates and the result is that the whole Department gets a bad name. Lately by dint of heavy pressure, the Quarters and Superintendents have been drafting Estimates, but for the last year, the Dist Engineer himself has had all the work. Unless new blood is put into the Department the old hands will not learn that promotion cannot come without work, however clever he may be.

~~However clever he may be~~, Mr. A. W. Woolridge the Supervisor referred to has been as acting Supervisor for a long time and works hard. He was originally in the D. P. W. proper and his services were transferred to this Department on the introduction of Local Funds. He has heavy claims and has done well.

With regard to the Immensely Man Mr. J. Wilson recommended, I find that Brahmin Superintendents will not properly attend to the Cumbum Valley or Ghāt Roads, in fact this very man who is sent temporarily to Periyakulam when told that I wanted him to go to Kodzkanal and push on the well work there, as there is a water famine, Cried off and made excuses. These men shirk work whenever there is fever or cold result a bad name and grow against the

department.

Mr. J. Wilson will work on the other hand with pleasure in the Cumbum Valley and on the Ghats; a man of this kind is essential to the District, now that the District Asst. Engineer's appointment has been done away with. Mr. Wilson has been a Supervisor in District.
