D Swaminatha Pillai was a student of mine for three years at the Kumbakonam College. He is a good Engish Scholar and has an exceptionally good knowledge of Sanskrit. In his particular Subject, Physical Science he was always at the top of his class. His general conduct was always excellent.

D. Swaminatha Pillai was a student of this College for a period of four years from 1883 — 1886. He took a very good position in the 1st class at the F. A. Examination of 1884. In the B. A. Examination of 1886-7 he secured a place in the second class in the Language Branch of the Examination; the results for the Second part or Optional Branch have not yet been published; but he is, I believe, likely to secure a good position. He would undoubtedly have stood much higher in his Language Branch if his health had permitted him to study very hard, for he was one of the best students in my English classes, remarkable for his very neat, careful and accurate work + possessing considerable facility of idiomatic expression. During the period of my connections with the College his conduct was always excellent.

Mr. D. Swaminatha Pillai has been one of my Science pupils for the last two years. His work for the whole of this time has given me great satisfaction. He has never condescended to "cram," but has tried hard to master the difficulties of his subject from a pure love of accurate knowledge. I examined him in the recent B.A. Examinations and placed him at the head of my list. His manners are courteous & gentle, and whatever work he undertakes will, I am quite sure, be done in a praiseworthy manner. It has been a great pleasure to me to help him in developing his own mind, and I look forward to his future career with confidence.

Mr D. Swaminatha Pillai, B.A. having asked me for an expression of my opinion regarding him as an acting assistant of the Municipal High School, Mayavaram, I cannot do better than quote what I said in writing to the chairman about him on a former occasion.

"He (Mr D. Swaminatha Pillai) is a graduate of the Kumbakonam College with Science for Optional Subject, in which he passed with distinction and which he handles with efficiency and practical ability all his own, with Sanskrit for Optional Language which is rare in a non Brahmin graduate, and with a knowledge of Tamil which does him credit. All these three qualifications found in a single individual, are, I need hardly say of great advantage to the Institution. With but a short service of over 6 months in the School, he has already become a popular and successful teacher. He has been discharging his duty thoroughly to my satisfaction, his conduct having been uniformly good. The staff of this Institution will receive a valuable acquisition in him, if he could be given a permanent footing"

Sir,

In submitting herewith the application from Mr. D. Saminadha Pillai for a vacancy in this Institution, I beg to invite your attention to the excellent testimonials of character, ability and efficiency as a teacher he holds from such respectable gentlemen as Messrs. G. H. Stuart, J. B. Bilderbeck, and others. He is reported to be "a good English Scholar", possessing "a considerable facility of idiomatic expression" and "an exceptionally good knowledge of Sanskrit", "rare in a non-Brahmin graduate". In

Physical Sciences he was always at "the top of his class" and in the B.A. Examination he was placed by the examiner at the head of his list; and he handles Sciences "with efficiency and practical ability all his own." He is further certified to be "a popular and successful teacher" and to have evinced "a praise-worthy zeal in the discharge of his duties." He is said to be "a man of excellent character and quiet gentlemanly manners."

2. I beg to bring to your notice that a person of this description will be a valuable acquisition to this Institution. At present the three graduates higher up are not Science men, their optional language being only Tamil, so that it is absolutely necessary that all future appointments should be made from among Science and Sanskrit men.

3. The place of the 2nd Assistant fell vacant so long ago as February last and in spite of all endeavours, it has not been possible to secure the services of a Science Sanskrit L.T.

4. In these circumstances, though Mr D. Saminadha Pillai who has had 3 years' service in the Department is not technically qualified, he may be recommended to the Government for being appointed an Assistant master on Rs 50. on condition of his passing the L.T. Degree Examination or undergoing training in the Teachers' College in the coming year.

5. In conformity with what is required in G.O. No. $\frac{1360}{5-7-93}$ the Sanction of the Government for his appointment in this Institution shall have to be obtained with reference to his antecedents stated in para 3 of his application.

From the Inspector General of Registration, Madras, dated 24th May 1893, T. No 1382.

Order, dated 5th July 1893 No 1360.

The Sub Registrar D. Swaminatha Pillai must be dismissed. The second, third & fourth charges of corruption the Government regards as proved. The sub Registrar was also guilty of serious irregularities in admitting to registration after they had been materially altered, the release deed which forms the subject of the first case & the document No 2417 of 1891, referred to in the second case. His relations with Kandasami Mudali, also, were, considering their respective positions, of the most improper character & the frequency with which that person was allowed to appear as identifying witness is sufficient proof of the sub. Registrars indifference to his duties.
