Madras & proved a tedious failure
and the Act has now been repealed.
The objections which in 1891 existed
against the form of taxation
still hold. The chief objections
— and a very serious one — that
I am aware of is that it
hits the poor a deal harder
than the rich & well to do. To
make an extra pay at all
one must be necessary of
life: luxuries alone will
never pay. It is grain, salt,
firewood and such things which
must be the subject of any
alteration of anything is to
be for out of it.

I submit that the proposal should
be negatived and not placed
before the Legislative Dept.

Order No 1237 min. 23-7-96
The Govt. sees no reason to
reconsider G.O. No 1000 dt 8/2.7.91
in which a committee with all members
arrived at a careful consideration of the question
of introducing a new tax as a means
of raising revenue. The question was
discussed at length and it was decided that
no further action was warranted.

FOR ORDERS.

The current raises a question which has been considered before and which was dropped mainly owing to the strong opposition with which it was met.

The Cocanada Council was one of those which in 1891 disapproved of the imposition of an octroi. It has now turned round partly because the revised scale of the tax on salt and pepper and the enhancement of the rates on houses and an increased water tax has been provided in the amending bill.

I got up the original papers on the subject of octroi in order that they might see what was then said. They are tied in a bundle with red tape and placed beneath this.

The tobacco octroi was tied in

Forwarded. I am unfortunately in favor of octroi duties as they allow too much scope for speculation & oppression. The proposal also comes too late. I believe from discussion in connection with the revision of the District Municipalities Act as I understand the revised Act has been passed by the Madras Legislative Council and is awaiting the approval of H. B. the Viceroy in Council.

No. 256

MUNICIPAL OFFICE,
Coanada 26th Oct 1896.

We have now to maintain 17 miles
of road-way and since the opening up of
the East Coast Railway line, the demands
against the Municipality vastly increased.
The cart traffic has been immense,
in so much that it is now necessary
to construct the important roads
with stone material & water them
constantly. The gravel on the roads
is soon powdered into dust and
the afternoon winds carry off clouds
of gravel sand leaving the roads
bare & broken. The application for loan
to put the roads in order was not
sanctioned by Govt and it is impossible
to maintain the roads in good repair
with the present sources of our income.

Sir

I remember having once received
a communication from Govt. inquiring the
opinion of the Council as to the advisability
of imposing octroi duties within the muni-
cipality and I believe that the Council
resolved against such imposition mainly
on the ground that in the collection of the
duty ~~from~~ by the municipal servants
there would be much room for
peculation and general oppression.

Chairman

Resolved that the Government
be requested to amend the Municipal
Act, so as to empower the Municipal
Councils to impose an octroi duty on goods
or merchandise, subject to such condi-
tions and limitations as may be fixed
by the Council. (Chairs G. Venkataratnam
R. Rustomsing and B. Venkataratnam
dissenting. Mhky. R. Rustomsing wants
to exempt articles of food and drink and
Mhky B. Venkataratnam wants to
confine the power to taxing oil seeds only.)
