IV Resolution.

As Educational matters are not adequately represented in Local Boards and as the Inspecting Officers now appointed for the purpose seldom find time to attend the meetings of the Boards, this Conference suggests that a seat should be set apart for a non official belonging to the Educational Department.

V. Resolution

As the present leave rules promulgated by Presidents of Local Boards are very oppressive to Board Teachers, this Conference requests that Inspecting school Masters be empowered to grant casual leave for three days and the sub Assistant Inspector of schools for five days subject to the approval of the President concerned.

VI Resolution.

The pension rules lately brought into force in the Local Fund Department have been very oppressive to many of the old Local Fund Servants. This Conference urges the necessity of giving such servants who were in the service at the time of the introduction of the rules the option of paying or not paying the contribution.

VII Resolution.

This Conference views with apprehension the proceedings of some of the Taluk Boards of this District proposing to reduce the salaries of some of the Board Teachers and records with strong protest against such a measure as the salaries already in force are at a minimum.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following paper :—

Petition from the Secretary, District Teachers Association, Godavari, dated 10th. May 1896.

I respectfully beg to state that a Majority of the Teachers in this District both in the Board and Private Schools, seeing their grievances not represented to Government by the Educational authorities, held the First Conference at Rajahmundry on 2nd. and 3rd. January 1896, so as to ensure a proper redress, that this conference passed some resolutions after mature consideration with a view to bring them to the notice of Educational authorities and the Government the purpose of which effects the Government little in pecuniary point of view but would properly remunerate the teachers for their services in training up the student population, and that this Conference by thus submitting an extract of such resolutions to the Educational authorities and Government, have reposed confidence in Government that they would take immediate action to give effect to these Resolutions.

I therefore, on behalf of the conference, humbly request your honour will be pleased to bring these resolutions to your honour's kind perusal and consideration and confirm them
